Dedicated to my hot, sexy, loving lady Lover Eternal

Hey sexy love, I want to fuck you and want to suck,
Your hot lips, your nice tits have changed my luck.

Please find some time on the weekend, I need a blow job,
Unzip my pants quickly baby, watch my cock throb.

Squeezing your breasts, I shall make you horny,
Sigh, moan, scream loudly, make the night stormy.

Laying you on the floor, I am coming from top,
Spread your legs babe, I want to fuck you non stop.

Let your pussy feel my cock going in and out,
Sexual satisfaction guaranteed, you should have no doubt.

Pulling my wet cock out, dripping pussy I want to lick,
Don't you love my cock when its erect and thick ?

When you squirt and quiver, look into my eyes,
Fuck my cock with your mouth, that is my advice.

Can we be more messy, can we make love whole night?
Lets try various positions, before we see the day light.

Love and enjoy seeing your juices mixed with mine,
Lets make them sweeter with saliva and some wine.

Suck me little sucker, lick your juices off my cock,

D rink it all, show me all that you have got in stock.

Your happy cunt is saying, now fuck my ass,
Taking you to backyard to fuck you on the grass.

As your pussy and my cock perfectly align,
At every thrust, you scream “ I am yours, you are mine”
