Camping and swapping, summer fun

I was paired up with Laura who had the most voluptuous figure of the four which promised a fun three hours.

"I'm glad we got put together, John, yours is the only cock I haven't seen and I'm really eager to get it out and have some fun with it. This is your first swap, right?"

"Yeah, I just never thought Karen would go for it, just never."

"Well, shows you what holding three nice, new cocks in your hand will do for a woman."

"I think you're right. I hope it goes well for her."

"She's with Jeff, Alice's husband and I've had him before. Oh, she's in good hands, believe me, very good hands. His tongue, well…you may hear her screaming all throughout the campsite."

"Well, I know that's something she greatly enjoys, I hope it goes well for her, I'm sure looking forward to being with you, Laura," I told her as she opened the door and turned on some lights.

I followed her to the bed and she turned and put her arms around me and we kissed and groped for a few minutes, then, she leaned back and said, "Well, I've waited long enough to see your cock, John, let's get naked, we only have a few hours," and we were soon out of our clothes and into bed.

She was sitting there cross-legged stroking my cock with both hands.

"Nice, John, yes, I think I'm going to enjoy this very much, and I'm so ready," she murmured as she swung up over me, held my cock and eased down over it, driving it up into her then began rocking back and forth as I massaged her generous breasts.

"Oh, yeah, mmm, I was so ready. Mmm, I knew you'd be good, John. Nice and long, I love your cock. Is my pussy making it feel real good?"

"So, good, you are so tight, it's like the first fuck I ever had, she was thirteen and it took me forever to get inside her, but once I was, oh, man," I groaned as she went back and forth.

"I do pussy exercises almost every day, so it's not by accident, I work on keeping my pussy tight and toned and every cock that's ever been inside it had had a good time. It's something I pride myself on, my pussy."

"Oh, you should, it's like a teenager's, just so tight, so good."

She kept moving up and down on me, almost lifting me up off the bed when she went up, it was an awesome fuck and her boobs were firm and nice and full. I couldn't tell if she'd had them done but they sure were nice, especially when she leaned up and dropped a nipple onto my lips to suck.

This woman loved sex, that was obvious, and she loved pleasing a man with her body. And I was thrilled to be on the current receiving end of that as I lay under this sexy, voluptuous creature as she fucked me up and down.

"Mmm, mmm, mmm, feels good, mmm," she groaned. "Oh, yes, mmm, oooh, oooh, your cock…mmm, so good, yes, oh, oh, oh," she panted. "God, I'm gonna cum, ooh, OOH, OOH, AYYEE, AYYEE, AYYE, UUH, UUH, mmm, mmm, oh, mmm, good, good, oh, fuck me, mmm, so good," and she lowered down over me and kissed me, never once missing a beat fucking me up and down.

"Cum in me, John, give me your cum, baby, I want it, put it deep in my pussy, mmm, yeah," she moaned.

Well, I was just about ready to do just that, she was so tight and so good and in a minute or so, I felt that electric sensation begin to spread from the tip of my cock and shoot out all over my body as I convulsed and arched up into her as my love juice spurted and spurted deep inside her.

"Uh, uh, UH, UH, mmm, mmm, oh, so good," I moaned and she pushed down hard, driving me as deep as I could go, then twisting her hips back and forth, it was sensational, this woman was all about sex.

She dropped down over me, kissing me over and over but she never stopped moving up and down on me, it was just wonderful. I was still fairly hard and she seemed to just want more.

"Mmm, I love a new man every once in a while and you were just right, John. The end of summer and a new cock deep inside right where I want it. I'm so glad your wife decided to join in. I hope she's enjoying herself right now like I am."

Honestly, I hadn't given Karen much thought in the last hour or so, perhaps not a surprising thing considering what had been happening. I did hope she was having as good an experience as I was, this would surely make or break any future swapping we might do. If it all went wrong for her, then, well, this is the end of this kind of fun.

"I hate to say it, John, but our three hours are almost up, let me set the clock and we can do oral until our time's up," and she set the alarm and we got in a nice sixty-nine position and enjoyed the rest of our time together.

When the buzzer sounded, we knew our time together was over and we kissed one last time, and I got dressed and went back to our camper. I went in and Karen was in bed under the covers waiting for me. I quickly undressed and slid in next to her. Not a word had been spoken until we had our arms around each other. All I could think of was that she had had a horrible experience from it all.

"Well, how was it?" I asked.

"Can you just fuck me? I'll tell you all about it but right now I just want your cock in me, fuck me, John, please," she begged and I got up over her, suddenly excited that it was looking as though she'd had a good time of it. I got between her legs and she just reached down, took my cock, put the tip at her opening and pulled my hips to her. She was ready for sure.

"Mmm, god, fuck me, fuck me, John, I am so hot."

I was doing the best I could as she began to tell me of her tryst with Jeff.

"Oh, I was so nervous, well, I haven't been naked with a man, another man, since we first met and here I was standing there as he began to undress me. I even wondered if I was about to faint. He got me bare on top, then stopped and just kissed and sucked my breasts, well, you know how I love that. He really took his time, I guess he knew I was the one who didn't want to do all this."

"But you did, right? You went on with it?" I asked.

"Oh, John, yes, it was the best sex I've had in ages. Well, I mean, you're wonderful and all…"

"That's okay, hon, we've been fucking for a long time, I understand, I really do."

"Oh, thank you, mmm, just keep going, mmm. Well, so he took his time on my breasts, it was lovely, really lovely. Then, we were both soon naked and he had me on the edge of the bed, my legs up over his shoulders and he was just feasting on me. That's what it was, John, he was feasting on my pussy. God, it was so good."

"Well, no one knows better how much you love that than I do. He was good, huh?"

"Oh, yes, but it was also that it was someone new, someone I wasn't used to. God, it was so hot. I cummed three times just from that. It was wild."

"Mmm, yeah, keep moving just like that, hon, oh, that's feeling good."

"Well, I was so turned-on by that point, I just pushed him down on the bed, got up over him and jammed down on him like I was a crazy woman. Well, maybe I was. God, I fucked him like it was the last fuck I'd ever have. I don't know what he thought but he sure didn't want me to stop. Oh, and I didn't either," she laughed.

"Well, babe, you seem to still be pretty turned-on by it."

"Oh, John, just fuck me, keep fucking me. I'm so tired but my pussy is crazy. I never thought something like that was so good, so arousing. I've never been like this before."

"No, you sure haven't, I''m loving it."

"Jeff said they were staying on another night and having another swap tomorrow night. I know we'd planned on going home but do you think, well, we're in no rush, right?"

"Well, looks like you'd like a bit more fun."

"Oh, John, I'd love it, he said they make sure you get a new partner each time until everyone has had everyone else. Do you think we could stay another night?"

"Well, if we stayed two more nights, then, we could sample everyone's wares."

My god, you would think I just gave her the Hope diamond. She jerked me down and kissed me over and over, bucking under me.

"Oh, John, oh, you're the best, just the best. I'll do whatever you want. I'll suck you off any time you want, forever and ever. Oh, I love you so much. Remember, I'll suck you whenever, okay?"

"I think I'll remember that, yes. I'll see in the morning if we can keep the space here two more days. Most schools started two weeks ago so it shouldn't be a problem."

She rolled me over on my back and fucked me until I finally gave up what cum I still had left. Then, we both fell into a deep, happy sleep.

We all went to breakfast at an IHOP nearby and it didn't take long for the conversation to really get around to what had made our camping experience as fulfilling as it had been. We were able to stay on two more days (and nights which were why we were staying) and each morning we all went back to the same restaurant to rehash the highlights of the night before.

Each time I came back to our camper afterward, Karen was spread open for an enthusiastic fuck while she regaled me with the suckings and lickings and tonguings and fuckings she had given and received. I have never seen her so excited about anything.

Before we left, we all exchanged email addresses and such and have since traded stories and pictures, even a few videos.

We have met since with Sandra and Brian twice now and once with Jeff and Alice. Next month we link back up with Kevin and Laura and Karen is especially excited because she says Kevin just seems to never run out of steam. Maybe I'll ask him if he'll share his secret.

As for us? Oh, my, we now have more sex than we did after we first met. Karen hardly ever dresses around the house, if she does, it's in something skimpy and brief. She also has me undressed most of the time and seems to always want to play with her favorite toy as long as I have it out.

Oh, and she's good on her word. It gets sucked whenever I want. I don't even have to ask. Oh, she just read this and is now kneeling down under my laptop. Gotta go, talk to you later.
