“Actually mom, I was just about to get out.” I smile then back up to Jack and whisper “join me”. I get out and walk in with mom then go straight up to my room…

I stripped and lay quickly in bed. It was a good 20 minutes until I heard a knock on my door. I suspected he was trying to get his hard on to go away before he got out of the pool so mom wouldn’t see. “Can I come in?” I heard Jack whisper.

“Of course.” I smiled and pulled the covers up to my chin not wanting him to see my nakedness. He came over and sat on the edge of the bed not looking at me for a minute. He eventually looked at me and smiled.

“You have no idea how horny I was…” I heard him say as he lay on his side on top of the covers facing me. “It took forever to get my erection down enough to walk past mom to come up here.” I smiled.

“So you wanna tell me exactly were we left off.” I smiled sexy as he climbed on top of me and slowly bent to kiss me. I slid the cover down a little and wrapped my arms around his neck. He used a hand to pull down the covers past my boobs so he could play with them.

Once we broke our kiss, breathless, he moved down and sucked a tit in his mouth. A little moan escaped my lips as I ran my fingers through his hair. He nibbled on my tits and swirled his tongue around it while he pinched and played with the other. I was so wet I had to slide my hand down under the cover and gently play with my clit which instantly gave me an orgasm since I was so horny to begin with.

He quickly realized that I had just cum and pulled down the covers all the way exposing my hand against my shaven pussy. He moved my hand and gasped a little. “I hadn’t realized how grown up you’ve become lil sis.” I smiled as he slowly bent his head to my pussy.

I felt his hot breath and moaned slightly. “Can I lick it?” I nodded and he needed no more clarification. He instantly started feasting on it like he hadn’t had a meal in days. My hand started roughly pinching my tits and I wrapped my legs around his head.

“Uh! That feels so good Jack!” Being a virgin I had never been eaten out. I was very innocent for the most part so this was a big leap for me. If it had been anyone except my brother, I don’t think I would have been ready but I trusted my brother.

He started fingering me while violently sucking my clit and I just couldn’t hold it in anymore. “Oh fuck Jack! I’m gonna cum!” I didn’t give much warning. I instantly came all over his face and he gladly licked it up like a nursing puppy dog.

Breathing hard I pulled him up and watched as he gently kissed my chest while my breathing slowly went back to normal. I started getting up and he got on him back. “My turn,” I said as I lowered myself to his dick.

I licked up the shaft and gently held the balls in one hand. I was very inexperienced but seemed to get the hang of it quickly according to his moans. I slowly slid his cock down my throat, not taking much at first then taking more and more.

I was deep throating him now. Squeezing his balls harder and harder. He grabbed my head and started fucking my throat. Moaning louder he yelled, “Holy shit! I’m cumming Amy!!!” I prepared my throat as I felt the hot thick streams of cum his the back of my throat. I swallowed loving the taste. Wanting more, I kept sucking, milking his cock for all its worth.

We both lay there breathless as I imagine his cock in my pussy. I look at him, “Jack…”

He looked at me, “Yeah?”

“Please… please fuck me…” I didn’t have to ask him twice. Within seconds he was in between my legs positioning his cock at my entrance.

“Are you sure sis?” I nodded and he slowly slid his cock in. I moaned out of pain when he hit my hymen. “Are you ready?”

“Break it.” He had to put some force behind it but he was gentle. I bit my lip to keep from screaming. A little tear escaped from the side of my eye.

He bent down and kissed the tear away, “Are you OK? Do you want me to stop?”

“Just give me a minute.” I said softly then nodded. He slowly pulled out then slid back in. His thrusts slowly got faster. Our moans became louder and louder. “Dammit Jack, that feels so good! Don’t stop!” He thrusts became deeper and faster. Feeling his balls slap against my pussy. He bent down and kissed me. I wrapped my arms around his neck and pulled him closer and kissed him passionately. When the kiss broke we both looked at each other and realized this was more then just sex. He kissed me again this time trailing down to my tits and sucking one in his mouth nibbling it. I ran my fingers through his hair and started thrusting my hips against his dick.

Jack slammed into me one last time and my pussy started convulsing around his cock and arched my back. “Jack!!!!! I'M CU-CU- CUMMING!!!!
