This is the story that my friend told me about her and her father,

It was a Thursday night, I did my usual thing, sit at the computer, which is in the living room, my mum and dad always wanted to keep an eye on me even though I was 16 at this point, they did not trust the internet.

My mum was at tonight at bingo with her friends, but my dad was at home sitting watching the football on TV, so instead of going upstairs I sat downstairs as I liked being round my father, I often fantasized about him and me, I knew it was wrong but I couldn't help it, I wasn't popular at school just a few friends, and I only ever kissed one guy, but that turned out to be a prank so I didn't really trust any boys apart from my father who I knew loved me and who I knew I could trust.

I had never tried to seduce my father, but I couldn't help but lay in bed sometimes and think about him and me doing things, having fun, having sex, it turned me on, I always got wet but I never ever masturbated, I thought that would be impure, and I wished for the day that my father could take that away from me.

As I sat at the computer and logged onto the same teen chat room I always went on, looked at the same people on their who left the same messages to other people, Hi, do you want to meet up and have sex?, Do you want to watch me on cam?, Do you want to trade pics?, these messages always popped up at me from other people but I ignored them. Then something strange happened, a boy came online, his name was incestboy-uk-17, I started chatting to him, he told me that him and his sister used to do things together, I told him about me wanting my dad, I looked around and saw that my dad was still watching the TV, not having any clue about what I was talking about. The conversation with incestboy-uk-17 grew, I told him about what I wanted my dad to do to me, how I wanted to make love to him, give each other oral sex, let him teach me, then Incestboy told me that I should tease my dad.

I looked shocked at the screen for a while, but I knew that, that was what I was going to do, I took off all my clothes until I got to my underwear, my dad turned around and noticed that this and asked what I was doing, I replied , saying.

“I’m too hot.”

“Okay bunny.” He said

I waited for my dad to look at me, he did, but he didn’t dare come over to me, so incestboy told me that I should go totally naked, I undid my bra, gently tugged my panties down and off my body altogether, then my dad shouted

“What are you doing bunny, you can’t be like that in front of me, it’s not right you’re not a little girl anymore.”

“I’m really hot daddy, I don’t mind being naked in front of you.” I replied .

I sat their waiting, my pussy wet, for ages I waited, I then realised that nothing was going to come of this, so I was about to put my clothes back on and go upstairs, then I felt a hand come from behind me, I turned and looked, it was my father. I smiled with delight, my dad didn’t waste any time, he went straight for my pussy, sticking his fingers right into, it was slightly painful, but not too much, the computer flashed a message, it was from incestboy asking what was going on, I quickly typed in g2g, bye, my dad has his fingers inside me.

With that my dad started thrusting his fingers inside me, my hymen split, and blood dropped onto his fingers and the onto the floor, the pain went away, all that was left now was pleasure, I lay myself onto the floor with my legs open looking down at daddy fingering me, the pleasure oh the pleasure was so good, I had felt nothing like this before. I lay there thinking I have missed out on so much if this is what masturbation feels like, but I was still delighted that it was my daddy, my father who was doing this to me for the very first time. I screamed in delight, my body started shaking; I was having an orgasm, my very first orgasm.

Daddy pulled his fingers away from me, smiled, I smiled back still shaking from my orgasm, then this was it, my dad stood up, dropped his pants with his nine inch penis sticking out, this is what I wanted, the thoughts in my head all this time, it was more than that, it was better than those thoughts, he guided it into me, asking me.

“If I was alright, if this is what I wanted.” He said in his father tone of voice, I knew he loved me, I knew I wanted this, I smiled and replied

“Yes daddy.”

With that he thrust his penis inside of me, slowly, carefully, like the virgin daughter I was, he pumped it into me, my walls of my vagina became wet, tights, he looked at me, I screamed, I said.

“Harder, harder, harder fucking harder” he responded by saying

“Is this what you wanted?”

Pumping his penis inside me harder, faster, I screamed. I started shaking again, this was better than the orgasm I had from when he masturbated me, much more. I still screamed, we had been at it for ages now, I had, had multiple orgasms on my first try, on my try with my daddy, but now I was becoming exhausted, tired, and my dad couldn’t take it any longer, he told me he was about to come, I said.

“Come in me, please, please I want this.”

He did, he collapsed onto me, we kissed, passionately, looked at each other, then went upstairs into my bed.

The best thing about hearing this story from my best friend was that when she told me, I got turned on, I began thinking about her, and touching her as she told me, in the end she let me play her daddy for a while.
