It had now been some months since I started my adventures with my sisters-in-law and I could say those were some of the most exciting and sexually fulfilling times I've ever had. It was great having three women looking after and taking care of me. Of course, I also took care of them, making sure that I kept them all happy and satisfied.

It was also a challenge having sex with all of them as I had to make sure none of them knew what I was doing. There were times when I almost got caught but somehow managed to work my way out of jams. Nonetheless, I derived some sort of excitement from the imminent danger of being outed by the other sisters.

Mary and I continued our wild escapades. She seemed to be so much into me and had stopped seeing other guys since we started. As the months went on, our sexcapades started to get hotter, sort of like real-life porn movies. She was very adventurous and was willing to do a lot of things which I only saw in movies. I also had my first anal sex experience with her. Although I enjoyed it, I can't say it's something I'd like to do often.

Anne, on the other hand, preferred more conventional and sweeter lovemaking sessions. The most daring she would do was to give me a blowjob which she seemed to enjoy. Other than that, my times with Anne were probably some of the most tender times I've had with a woman. She like the whole thing to build up. Foreplay, kissing, touching some fellatio and cunnilingus then on to actual lovemaking.

I was settled into this routine and couldn't ask for more. Or so I thought.

One long weekend, my wife had to travel out of town for her job. She's an event organizer and had a corporate event to do. She was taking her mother with her as she would help out from time to time with the business. She would be leaving on that Friday and coming back on Sunday evening.

A myriad of possibilites swam around my head concerning my two gorgeous sisters-in-law. We would have the house all to ourselves for a couple of days and I was already salivating at all the sex to be had for the weekend.

As luck would have it, Mary had to go out-of-town as well for a bridal shower for one of her friends. She'd be out for the weekend too. Anne wanted to go home to their parents' house to do some household chores since their mom would be with my wife on her trip. It now looked like my dreams of a sinful weekend would go up in smoke.

That Friday afternoon, I took my wife and mother-in-law to the airport, Mary to the bus station and Anne back to her folks' place. I decided to go home and see what can be done. Getting home, I called

a couple of buddies to see if they wanted to go out and do some men stuff. Again, luck conspired against me and they all had something or other to do.
Finally resigned that I had a boring weekend ahead of me, I decided to catch up on some reading and do some surfing on the internet, hoping to do some shopping. Going up the stairs to our room, I spotted Mary's room and had the compulsion to go in. Opening the door, I could smell her perfume wafting throughout, bringing back some memories of our time in that room. I slowly walked towards her closet and opened it. I opened the underwear drawerand saw the sexy panties she would wear to seduce me. I took out a red item which turned me on particularly and held it to my nose. While I knew it was clean, I could just smell a hint of her womanhood on the panty.
I felt my cock stiffen a bit as more memories of all the sex we were having assailed my mind. I started stroking myself and decided to masturbate. Out of instinct, I closed the door to Mary's room before anything else. I dropped my pants and boxers and laid on Mary's bed. One hand clutching the panties to my nose and the other on my manhood, I started the rhythmic tug. I started to fantasize about having sex with Mary.....
"Oh shit!" I suddenly heard a voice. I quickly got up and covered myself to see who it was. At the doorway was Mary.
"Mary?! What are you doing here? I thought you'd be out of town by now," I asked startled.
"I wanted my sisters to think I'd be away too so I could go back here and be with youfor the weekend," she replied sheepishly. "I just wanted to surprise you."
Scratching my head, I answered, "Well, you did that now, didn't you?"
"What were you doing?" she questioned me with a sly smile.
"What do you think I was doing. I was jacking off on your undies. I was a bit horny and decided to help myself relieve some of the pressure," I jokingly said.
"You want to do that by yourself or do you want me to help you?"
"What do you think?" I replied.
With that, she walked towards the bed and set aside the pillow I used to cover myself up with. She took of my t-shirt and pushed me to lie down on the bed. Walking to her make-up table, she grabbed a bottle of her massage oil and went back to the bed and started pouring a bit on my cock. With her right hand, she took it and started to stroke it up and down while her left hand reached for my balls and started to play around with it. The viscosity of the oil made her stroking all the more enjoyable. I now had my eyes closed and was moaning quietly. If nothing else, Mary knew how to pleasure a man.
This went on fora few minutes and I could feel the first strains of ejaculation from my balls. I was enjoying what Mary was doing but wanted desperately to come inside her instead of on her hands.
"Take off your clothes, " I whispered hoarsely.
"Had enough of my handiwork?" she smiled back.
"Yup, I want to go on to other things."
She stood up and slowly unbuttoned her blouse. As it slid to the floor, we unhitched her tight jeans, revealing a lace panty which showed off her shaved pussy. She reached behind to unlock her bra and

as they came off, her pretty little nipples were stiff from anticipation. I sat up from the bed and pulled her towards me, grabbing the garters of her underwear. I tugged them down and was now face-to-face with her pink womanhood.

My right hand came to them and I slowly traced the line of her pussy, coming to rest at her clitoris. I slowly worked my finger inside the crack to touch her pearl. Finding it, I gently rubbed and circled around which induced a moan from Mary. Still standing in front of me, her eyes were closed, tongue licking her lips. She was getting wet and I could feel her juices lubricatng her labia. Her legs were now shaking and her hands were playing with her nipples, slowly squeezing them.

With both hands, I pulled apart I lightly pulled apart the skin covering the clit and my tongue made its way towards it. I felt the bulge on my tongue and proceeded to play my tongue around her. She grabbed my hair in ecstasy and mumbled how good it felt. She was thrusting her pelvis towards my mouth while my hands made their way to her tight butt and squeezed.

"I want to lie down, Joe. I can't stand anymore," she moaned.

I stopped what I was doing and helped her to lie down. As I made my way on top of her, I gently spread her legs open to see her beautiful pussy in all its glory. The pink labia was now glistening in a mixture of her juice and my saliva.

Excited by this sight, I started to kiss her thighs, making my way towards her pussy. Reaching them at last, my tongue began to play with her labia, flicking in and out. She was soft and wet, writhing around in pleasure.

Now unable to control myself, I pushed off from her pussy teased her while placing my cock's head just outside her labia. She begged me to put it in and start fucking her. Without warning, I thrust my cock insider her. She gave off a loud groan, grabbed my butt and started pulling it toward her. I could now fully feel her, the hot and slippery insides, streaming with her juices.

"You make me so hot!" she blurted out. "I can feel you inside me, Joe! Fuck me harder!"

Being an obedient man, I proceeded to pump violently, slamming my cock inside her while holding both her legs up in a V position. Her hands were now clinging to the bedpost, squeezing hard. The bed made loud creaks, swaying with the motion of our rugged lovemaking.

"Get on all fours," I gruffly instructed her.

"Do me in the ass, Joe!" she implored.

"I'd rather come in your pussy," I shot back.

"Just put it in my pussy just before you come. I just want to fuck me in the butt for a few minutes," she begged.

"Alright."

As she got on all fours, I grabbed the bottle of oil on her bedside table and poured a bit on her ass to lubricate it. I took hold of my cock and gingerly set to enter her anus. I spread the oil around to make sure it wouldn't hurt her when I entered. Very slowly, I pushed it in, ever so gently, feeling if Mary was uncomfortable. But she took it all in, arching her back in pleasure. We did it for a few minutes until I felt I was coming and told her that I wanted her pussy now.

I pulled out and inserted myself in her waiting gates and proceeded to pump vigorously once more.

We were very hot by this time and all I could think of was unloading my come inside Mary. I told her I would be coming very soon and asked if she was too.
"Yes, yes!" she exclaimed. "I'm ready!"
"I'm coming, Mary! I'm coming....AAAAAARRRGGGHHH!!!"
And with that, I shot a big load inside my sister-in-law. In turn, I felt her tremble and slowly turn limp. Her arms gave way and she was laid on her belly, with my still inside. I pulled out gently which gave both of us a shot of excitement. I could feel our wetness on the back of her thighs and on the sheets. I laid back, pulled her towards me and had her lie on my chest while I continued to caress her ass.
"That was great, Joe," she smiled at me. "But that's just Round One. We still have a couple of days to do more damage."
Looking at her, "we might have to tear down the whole house after we're done."
"I don't care," she whispered. "As long as we have the next few days together just doing this."
"I'm glad you surprised me," I said.
"So am I."
We fell asleep in each other's arm and had slumbered fitfully....
Until I opened my eyes and saw Anne standing in the doorway, with her mouth agape. Looking at the naked forms of her sister and I.
