Master In Training by Murry Davis

Chapter Two

The rest of that first morning with Jennifer is still a blur to me. I know we fucked ourselves silly. I had never known a woman that loved to be fucked as much as she did. I came three more times that morning. My cock was starting to feel sore from all the use it was getting. Jennifer never seemed to get enough though. She would only need a short rest before she was ready to go again.

Finally as she began to suck on my limp cock one more time, trying to bring some life into it, I tell her, "Hold on a minute, I think it's wore out."

"Not yet," she says, "you've only cum five times so far."

"Only five times!" I exclaim. "You're trying to kill me."

"I told you no man could keep up with me," she says. "I guess I've drained you."

"I guess you have," I reply.

"Then maybe it's time to find someone else that's a little fresher than you are at the moment," she

tells me. "I'm not done yet. I need more hard cock."

I'm still a little surprised when she tells me that. I had almost forgotten why she had come to me in the first place. How can I share such a beautiful piece of ass with others?

"Do you have any friends that would want to fuck me?" she asks.

I think about my coworkers at the factory and know that just about any of them would love an opportunity like this. "Well, maybe I can come up with some. Are you sure you want to do this?" I ask.

"Of course, I'm sure, didn't you hear anything I told you? I've got to get fucked. The more the merrier. What's their numbers? I'll give them a call and invite them over," she says as she reaches for the phone.

"Hold on a minute, I don't want them over here," I tell her. "If we're going to do this, we need to find a better location."

"Sure, do you have anyplace in mind?" she asks.

"Yes I do," I answer. "Give me the phone, and get dressed, were going out," I tell her.

She hands me the phone and hops out of the bed looking for her clothing. I can tell that she is very excited about the evenings possibilities.

I dial up Bob and tell him what's going on. At first he doesn't believe me, but I manage to convince him. He asks if he can bring his brother and I tell him yes, after all, she said the more the merrier. I soon call up two other coworkers and after some convincing, they agree to meet us as well.

By this time, Jennifer is dressed and waiting by the door. I realize, except for a brief glance when I saw her moving in, this is the first time I have seen her with her clothes on. She's wearing a cream colored dress that hangs to her knees. Of course, she's not wearing any panties underneath. The perfect shape of her ass is displayed like a work of art. Her top ends at the middle of her stomach. She's also not wearing a bra. She's wearing white sandals that strap across her ankles. I realize her outfit provides easy access to all of her charms.

Still nude myself, I walk over to her and bring my lips down hard against hers and probe my tongue deeply into her mouth. She happily welcomes the intrusion. Pulling away slightly and looking down at my newly revived cock, she whispers, "I thought you was drained?"

"I thought I was too," I say as she grabs my cock in her hands and slowly begins to stroke it. I was beginning to like this sex slave stuff. "Turn around," I order her. She quickly turns around and leans forward thrusting her ass toward me. Wondering just how far she will go I determined right then that I was going to fuck her ass. Pulling her skirt up to her waist, I exposed her ass to my eyes.

"Reach around and pull your ass apart, I want to fuck it," My cock is rock hard by this point. She quickly complies with my demand and I see her asshole winking up at me. Aiming my cock at the opening I slowly begin to insert it. It feels tight and warm and soon my entire cock is up her guts. It's obvious that this is not the first time she's had a cock up her ass. She didn't even cry out as I entered.

Slowly I pull out and begin to fuck her ass. She pushes back at me, urging me to go faster and harder. I comply with her unspoken request. Soon I'm fucking her ass as hard as I can. My balls are bouncing off her cunt. She begins to fondle herself as I fuck her and I can tell that she's getting ready to cum again. I feel the jism rising in my cock and know that I'm going to cum soon myself.

My god, I think to myself, what kind of woman is this. Is there anything she won't do? My thoughts are interrupted when I begin cumming furiously up into her bowels. I feel Jennifer's ass milking my cock and I know she's cumming again. She moans while she remains impaled on my cock. I pull out of her with a very audible pop. My cock is sore as hell now and I know it's going to be awhile before I'll be ready for another round. My cum begins to leak out her asshole and run down her legs. She pulls her skirt back down and faces me.

"That was nice," she says as she thrusts her tongue between my lips. "Six times now. I knew there was still some life left in that beautiful tool of yours."

I grab her ass and squeeze hard. "I guess you still haven't had enough?" I question her.

"Are you kidding? I'm only just getting started. Where are we meeting your friends?" she asks.

"My uncle has a little cottage out on the reservoir. He let's me use it this time of year for fishing. It's secluded so we won't have to worry about prying eyes," I tell her.

"Oh, I don't mind prying eyes. In fact I love it when people watch me fucking. It turns me on even more," she says.

By this time, I've gotten dressed and were both ready to go. "Well, let's go," I tell her.

We leave my apartment and begin walking toward the stairway. I notice the janitor standing near the hall window. I've seen this guy nearly every day since I moved into this place. He's a nice older gentleman. At least 60 or so I would say. Remembering what Jennifer told me about how she got a key to my place. I study him as we walk past. Jennifer blows him a kiss and bends over to flash her cum stained ass at him. He looks like he's just about ready to keel over.

"Don't you think that was a little mean?" I ask her as we near the elevator.

"He loved it," she giggles.

"Maybe so, but I still think it was a little rude of you. I should make you go back and give him another blow job," I say.

"OK," she says as she turns and begins walking back to him.

I grab her arm and pull her back. "I said I should make you. I didn't tell you to do it," I say.

"OK, whatever," she replies. "I hope you know that I will fuck anyone you tell me to," she adds.

"You've made your point," I say. "My friends are waiting."

The elevator arrives and we're soon moving out the door toward my car. She slips into the front passenger seat and rolls down the window. "I love having the wind blowing in my face," she says. "You know, I'm quite an exhibitionist. I hope you don't mind if I flash my tits along the way," she says as she pulls her top over her head, exposing her tits to anyone that looked.

Not knowing what else to do, I reach over and grab a nipple giving it a hard twist. "Sure, you flash anyone you want to," I tell her. Shaking my head, I pull out of the parking lot and head toward my uncle's cottage.

Along the way she shook her tits out my window whenever she saw a carload of men. One time she even lifted her skirt and flashed her ass at someone. I thought he was going to crash. All the while she giggled and laughed and generally had a heck of a good time.

Soon, we pulled up to the cottage. I notice a couple of cars parked in the drive and know that the guys are already here. Jennifer also notices the cars and lets out a whoop. "Alright!" she exclaimed. "I'm ready to fuck."

"Sit down," I tell her. "Put your top back on."

"Why, I'm just going to be taking it off again," she whines, but she does as I say.

"These guys are a little skeptical about all of this and I don't want to scare them off," I tell her. "Let me introduce you and help get the ball rolling."

"OK Master," she said.

I feel uncomfortable with her calling me Master, but I don't think I should correct her. "Just do as I tell you in there and everything will go fine. These are nice guys. I've known some of them for years. They won't harm you," I explain to her.

"I feel very safe with you here," she quietly tells me.

We get out of the car and walk to the front door. As we enter the cottage, I notice four men standing around the living room. I recognize three of them instantly. "Hey Bob, this must be your brother?" I ask him.

Bob is staring at Jennifer and jumps a little when he realizes I've just spoken to him. "Huh, what, oh yea. This is my brother Ted," he points in Ted's direction.

"Nice to meet you Ted," I say but Ted's face is glued on Jennifer and doesn't even hear me. "Hey Jack, Fred, glad you could make it. I'm sorry for the short notice, but its been a surprising day," Jack just grunts at me and Fred only looks in my direction briefly before turning his glare back to Jennifer. "I see you guys found the key. How long have you been here?" I ask.

"We got here about 15 minutes ago," Bob replies. "We were beginning to think you was pulling a joke on us and was fixing to leave."

"It's no joke guys. Jennifer here is the real thing, I can assure you of that. Let me introduce you. Jennifer is my new next door neighbor. She just moved in a couple of days ago. As you can clearly see, she is knock down gorgeous. She is also a self-described nymphomaniac," I continue. "She woke me up this morning by breaking into my apartment and sucking me off. I personally have fucked her cunt three times and her ass once. She's sucked me off twice. I'm wore out, but she's just getting started. She practically begged me to find some more cock for her. That's why I called you guys," with that, I reach over and pull her top over her head, exposing her breasts to them.

I've never seen four men's eyes bulge out as far as theirs did at that moment. Jack whistled under his breath and Fred was rapidly whispering to himself "Man-o-Man-o-Man-o-Man" Bob just said

"Sheeeiitt." and his brother, Ted, just stared even more intently than before.

I reach up and grab a nipple, giving it a hard twist. Jennifer moans and pushes her breast against my fingers. "You've never met anyone like Jennifer before," I tell them.

I was really getting into this. I feel power unlike anything I had ever experienced and it was intoxicating. Making sure they had a good view, I say, "Jennifer, pull down your skirt and show these guys your bare cunt." Quickly she reached for her skirt and let's it fall to her ankles. Stepping out of it, she spreads her legs slightly to give them a good view.

"Turn around and bend over. I want them to see your freshly fucked ass."

She quickly complies. Reaching over I grab her ass cheeks and pull them apart exposing her asshole to the men. "So far, I haven't discovered anything she won't do," I tell them. They look like they're about to cum in their pants from this display.

"I've had my fill of her today. I'm not sure I can get it up again so for now, I think I'll just watch," I straighten her up and turn her to face the men. "Jennifer, tell these nice men what you want from them," I command her.

With a slight giggle, she looks at them and says, "I want you to fuck me good. I want a cock in each hole, and I want it to last all night, so be sure to ration your strength. I'm going to show you guys the time of your life."

Pushing her toward them I say, "Have fun guys," and I turn to find a comfortable spot to watch the upcoming show.
