From the taste of his lips…. to her soft sensual touch,
Thoughts rush her head… of passion, so much.
The spark in her heart and the glint of his eye,
On the bed…skin to skin, naked they lie.

Pent with desire, their love overflows,
Kissing his neck ….his longing so grows,
From his neck to his chest…. with her lips she does trace,
His hands free to explore within their embrace.

From the nape of her neck to the pert of her breast,
Burning intenseness grows within chest.
Breathless, elated, the need to be one,
Down his spine…. with her nails she does run,
Back arched, softly moaning, her wetness is felt,
Together they meet, together they melt.

His hardness, so deep, within her hot wet place,
In sync, thrusting gently, with pleasure on face.
In and out to the rhythm they set,
Immersed in each other and ever so wet.
Her nipples, they tingle as his tongue softly plays,
Sucking them gently with his teaser-like ways.

Faster, deeper, hotter, wetter,
Intensity heightened – can this get better?
Intensely deep, soul-mates in awe,

Of the love they gift, so pure yet so raw.

Breathing deep, chests aflame, sweat on their skin,
Just moments away from exploding.
Moans growing loud, they beg, wanting more,
Trembling deep from within their tense core.
Harder they thrust, their hearts beating fast,
Enjoying this moment right to the last.

Their nectar released, both dizzy and dazed,
The beauty of love – just simply amazed.
A kiss to her head, in his arms, inner peace,
Heart slowly calming like a pressure release.
The sparkle in eyes, both glowing so bright,
Reflecting upon their love making tonight.
