*I thought I was just going to a normal pool party*

http://www.lushstories.com/stories/milf/the-pool-party.aspx

It was almost the end of school. Just ten minutes left until I would be done with school for the rest of my life. It felt good to have finally finished. I was talking to one of my friends when I got a text from my friend John. He asked me if I wanted to come over later for a pool party. I said sure!

I drove home and went inside. I grabbed my bathing suit and some sun screen. I went out to my car and started to drive to his house. As I was pulling into his house I got another text. He told me to come over around seven. It was only five but he told me I could just go into his house and that nobody was home. I decided to just go get a drink and then drive home. When I went inside I saw something out of the corner of my eye.

It was someone outside. I looked closer and realized it was his mom, Sarah. But she wasn't just sitting there, she was masturbating. I couldn't believe my eyes. She was completely naked., her boobs were so big. I had noticed a whole back that she was beautiful. Her hair was brown and she was very tall.

Sarah saw me. She jumped up and put on her bathrobe. She came inside.

"Oh my. I'm so sorry. Why didn't you knock?" She said.

"Um John told me nobody was home. I'm so sorry." I nervously said.

I was still shocked by what I had just witnessed.

"Well John isn't going to be home until seven." Sarah said.

"I will go home if you want me to." I said.

"No it's okay. Let me get you something to drink."

Sarah walked out of the room and into the kitchen. I wanted to run away, but Sarah had given me the vibe that she liked me. I didn't know how but it seemed so. I stayed on the couch. She was back in a minute.

"Here is some water. It is all I have." She told me.

"Thank you."

We didn't talk for a while. Then she broke the silence.

"Again I am so sorry you had to see me like that. You should never see your friend's mom naked." She said.

"Well, to be honest I kind of liked it. You are so pretty and your body is so hot." I told her.

"Are you serious? That is so sweet."

"It's true. You are amazing."

"Thanks and so are you."

"Well than..."

I couldn't finish my sentence. Sarah had leaned across the coffee table and kissed me. I couldn't believe it. She leaned back and looked at me. Then she came over to the couch I was on. As she walked over she dropped her robe. Her tits were the biggest ones I had ever seen. Sarah sat on me and we started to make out. She started to give me a lap dance and I started to get hard. We kissed and then I went to her tits. I kissed them and sucked on her nipples. We kissed some more then she pulled down my pants. I almost had a full erection.

"This is the biggest cock I have ever seen." She said.

She started to kiss me cock and then began to suck the head of it. She engulfed my whole penis and kept sucking it. It was the best blowjob ever.

"Can I taste your pussy now?" I asked.

"I would love it."

She took my hand and led me into the kitchen. I laid her down onto the table and I kneeled in front of it. I started to kiss her thighs and then slowly moved to her pussy. I dragged my tongue all the way from her anus to her clit, but then stayed at her clit. I moved my tongue in circles and slowly got faster and faster. I took my finger and pushed it into her warm pussy. It was so tight and wet. I continued to lick her vagina but then she told me to move to her ass.

Her ass was so round. I spit on her anus and then began to lick it. I stuck my tongue into her asshole. I started to finger her vagina. She was moaning so loud.

"Fuck my ass." She commanded.

She went over to a cabinet and pulled out some lube. It was flavored like cherry. Sarah rubbed some onto my dick and I put some on her anus. I lick it some more. Her anus was so sweet. I then pushed my cock into her ass. It was so tight. I moved it in and out. In and out. I started to get faster and faster. She was screaming with pleasure. I fucked her a bit more and then pulled my cock out. She turned around, went on her knees and started to suck me again.

"Mmmmmh, I love cherry."

She took my hand again and brought me up to her bedroom. She laid me on the bed and laid on top of me. We made out some more then she turned around and stuck her dripping pussy on my face. I began to eat her out again. Sarah began to suck my cock again. Her cum was dripping all over my body. She then moved her body so she was sitting over my dick. She took my penis and put it into her vagina. She began to move up and down along my dick. She was moaning and screaming.

Sarah climbed off my cock and I rolled her over onto her back. I stood at the edge of the bed and began to fuck her again. She was crying and arching her back. It felt amazing. I rolled her around so she was on her stomach and I kneeled I'm front of her. I started to lick her pussy and anus again. Then I put my dick back into her ass. I started to fuck her really fast. She was screaming and moaning so loud.

I pulled out my dick and put it in her pussy again. I kept fucking her. I couldn't take this any more. Sarah went on her knees and started to suck my dick again. I came all over her face. It was the best orgasm ever. She licked the cum that was dripping off my cock and she swallowed all of it that was on her.

We laid on her bed for a couple minutes.

"We better clean up before John gets home." Sarah said.

She led me into their shower and turned it on. The room started to get steamy and I began to get hard again just looking at Sarah's naked body. We climbed into the shower and I had her sit on my face again. I ate her out and she laid down and started to suck my dick again. Tw hot water felt amazing running down our bodies and her pussy tasted so delicious. I finally made her orgasm and she made me cum. We washed each others bodies then dried off and went down stairs.

"Did you have fun?" She asked.

"It was wonderful!"

John got home and I pretended is had just gotten to his house. Sarah went into the kitchen and began to cook dinner. We all sat down at the table and started to eat. I saw out of the corner of my eye that the cherry flavored lube was still on the counter. That made me start to get horny. And as I ate dinner I thought about what I had eaten on this table earlier.
