When Cherise and Sam arrive, Stacey comforts her long-time friend ... by fucking her brains out!

As soon as Cherise and Sam arrived, Stacey sent the boys off to the liquor store while the two women began to catch up. Cherise breezed through telling her friend about Luke's betrayal and the way things had kept going south at her latest job, and then she confessed that she'd missed Stacey terribly throughout the years, and Stacey might or might not have shed a few tears at her friend's anguish. Cherise tried to act blasé, but it was evident Luke's behavior had made her a little bit bitter towards life and love. Stacey wanted to change her friend's mind, and she did that the only way she knew how.

"Cherry, baby... do you remember that night when we drank too much Boone's Farm?" Stacey was sitting beside her friend on the cozy loveseat Stacey and Greg had bought a few weeks back. Cherise was straddling the two seat cushions, and it felt good to be in her friend's presence again. She felt at home.

At Stacey's question, Cherise let out a surprised laugh, and nodded. "You were the first girl I'd ever done anything with, you know that?" Cherise whispered. Her hands were nervously running up and down her legs, and she was pretending to straighten up her skirt that'd been inching upward all night. "Yeah?" Stacey asked, not able to keep her eyes off her friend's sexy flesh that she kept unconsciously baring.

Cherise cleared her throat quietly, and turned to stare into her friend's lovely eyes. Stacey swooped in and finally took her chance. Their lips touched and it was like a fire that'd been kept at bay now blazed wildly between the two friends. Stacey's tongue darted out to lick and suck at Cherise's lower lip, and Cherise let out a quiet moan of ecstasy. Stacey grinned, loving the feel of their breasts mashed together, Cherise's bust a bit bustier, and her own were pretty big. "Cherry, I have waited so long to touch you and suckle these tits. Do you wanna try it again? I haven't been with any girl you and I fucked, you know." Her words came out rushed, breathless and giddy all at the same time. Cherise's eyes were glittering with desire, and Stacey stood to lead her to the master bedroom.

The room was lit dimly, and Stacey led her friend to the king-sized bed she had been sharing with

Greg and Greg alone... until now. "Did Sam treat you well, honey?" she whispered in her friend's ear before delving her tongue inside.

Cherise could barely keep her thoughts straight, Stacey's tongue was driving her mad. "Y-yes, Stacey. Sam was a complete - ummf- gentlemen." Stacey moved from just below Cherise's ear to the place her pulse beat against her neck's soft, sweet-smelling skin. "He fucked me so good, Stace. You have no idea!"

Stacey smiled against her friend's flesh. "Oh, I think I have an idea or two. Greg lets me play around with his friend from time to time, Cherry. I know Sam's tongue is masterful. Did you like what he did for you, baby?" Stacey was easing her friend's clothes off, and thought to leave Cherise's skirt on. She liked the way it looked so innocently seductive on her sexy little body. When Stacey finally had her breasts in her hands and she began suckling on her nipples,

Cherise felt herself relaxing, and all the pain and heartache that Luke had left in his wake was forgotten at last. This was exactly what she needed and wanted. "Yes, Stacey! Suck my nipples hard! No one sucks my titties as well as you." Stacey just sucked harder at her friend's praise, raking her teeth along the hardened peaks and biting every once in a while.

Stacey pulled Cherise's skirt up and pet her glistening pussy. "You want my tongue here, baby? You wanna let me lick you out, too?" Stacey asked before bending in front of her friend and getting lost under her sexy skirt. Just as she was about to push two fingers in the pussy before her, she heard the quiet snick of the front door being opened and closed. Cherise tensed, but Stacey blew on her clit and held her hips in place. "Don't worry hon, Greg wants to play with you tonight, too. If that's ok?" Stacey asked as she eased her fingers inside Cherise's snatch.

"YES!" Cherise moaned loudly, fairly shouting her acceptance.

The boys were giggling like little schoolgirls in Greg's living-room. On the way to the liquor store, Sam took the opportunity to tell everything he'd done to Stacey's sexy friend, and the both of them were sporting raging hard-ons. It was music to their ears, hearing the girls were playing together quite nicely in Greg's bedroom. "You want to see what your wife's doing to her friend, man?" Sam asked, his eyes roving the other man's aroused body. Sam and Greg were each bisexual, and they occasionally enjoyed each other's bodies. Stace didn't mind at all, in fact... when the boys played with each other was when Stacey's cunt was the wettest. Greg didn't waste any time shucking his jeans and boxers, and stripping out of his t-shirt. Sam followed his buddy's lead and then they both headed for the master bedroom.

When Stacey finally decided to step away from her friend's pussy and let her see that they had

company, Sam and Greg were hovering in the doorway, not wanting to disturb the love-fest too much. “Greg, honey... you want to taste this pussy?”

Greg looked into Cherise’s semi-embarrassed gaze and couldn’t help the grin that played at his lips. “Cherise, baby... do you want me to fuck you tonight? Sam told me what a great lay you were.” At his words, and at the sight of the men’s thick pricks begging for her, Cherise couldn’t say no. She had never indulged in an orgy before, but it was never too late to learn.

Cherise was somewhat taken aback when she saw the two men before her grab each other’s cocks as their tongues met for an erotic kiss. She looked at Stacey for assurance, and smiled when she saw where Stacey’s fingers were. Stacey had one hand’s fingers shoving in and out of her pussy, making little wet noises in the otherwise quiet room. Her other hand was supporting her right boob and Cherise was surprised to see that Stacey could fit her own nipple in her mouth. It made her pussy tingle just watching her friend in action, never mind the shocking display of masculine foreplay going on before their very eyes. She didn’t hesitate now, and began to finger her own cunt, rubbing the copious amounts of girlcum all over her pussyfolds.

Meanwhile, Sam was in heaven as Greg slurped and sucked at his thick cock. He had been a little wary to make it evident exactly how close he was with Stacey’s husband to Cherise, but the last time he checked, Cherise’s legs were spread wide so she could masturbate to them. Greg’s mouth was a pro at sucking cock, but Sam wanted to fuck his wife and his wife’s friend again before the night was through, so he gently pulled his friend away from his prick and knelt beside Stacey on their bed.

“Greg, fuck my friend’s hot pussy!” Stacey ordered, before gobbling up Sam’s cock. Her mouth wasn’t as knowledgeable as her husband’s was, but he liked it all the same. He looked over at Cherise, and grabbed Stacey’s hair, roughly pounding her mouth with his dick and watched his friend fuck Cherise’s beautiful pussy.

Greg’s dick was a bit more narrow than Sam’s, but it was also a tad longer than his. Just the right size to reach to the very back of her cunt. He kept forcing his way inside her until he found a home for himself, and then he forcefully rammed his way in and out of her. With each forceful thrust, Cherise let out a small little moan. “Yeah, oooo, yeah Greg. That’s it. Fuck this pussy!”

Stacey was close enough to her husband and friend that she could reach over while still slurping on Sam’s prick and fondle her friend’s titties. She pinched and twisted the tender nipples harder than ever, and barreled down the length of Sam’s cock at the same time. Sam’s cock was twitching of its own accord at the back of her throat, and she didn’t want him to cum just yet, so she told him to lick her asshole. He spanked her a little at first, making it known he didn’t appreciate being told what to do, but then he complied with her demand and went to town on her little asshole. He sucked her inner

thighs before propping them on his shoulders while he buried his face in her tight little ass. His tongue circled the hole before penetrating it as deeply as possible, and Stacey's thighs tightened around his head. Greg made Cherise get on all-fours and let her tongue his wife's mouth while he plowed deep inside her clenching cunt. She sucked at Stacey's nipples, shaping and moulding the breasts in each of her hands, shouting incoherently each time Greg bottomed out in her cunt.

After a while, Stacey pulled away from Sam and took care of Cherise again. Her lips encircled Cherise's nipple and her teeth bit into her sweet skin. She snaked one hand up and down her friend's ass crack before forcefully impaling Cherise's ass with three of her slick fingers. Stacey's other hand she used to massage Cherise's clit.

Cherise was so close to her third orgasm of the day, but she wanted to taste her friend's pussy as she did so. "Stacey, let me lick you. I want to taste your girlcum so bad right now!" Stacey quickly obliged, getting herself into the sixty-nine position with Cherise. She looked up once before she plunged her fingers in the pussy before her.

Stacey's husband was getting his ass reamed by his best friend. His prick was dangling in front of her face, so she thought she'd wrap her lips around it as Cherise's tongue licked her from hood to hole. Greg shouted forcefully as his friend fucked his ass harder than ever before and he felt his wife's lips wrap around the tip of his cock, lapping up all the precum she found there. He couldn't hold out much longer, and was the first of the foursome to shoot his load. As he did so, his friend grabbed him harshly by the shoulders and rammed his thick prick all the way in his asshole.

Greg's last stream of cum splashed his wife in the tits and he made room for Sam to lean over to lick his wife clean. Sam sucked the cum down just as his cock shot the biggest load of cum of the day, deep inside Greg's asshole. He pulled out of him before his cock softened or stopped shooting, and coating his friend's ass cheeks. He told Cherise to lick Greg's ass clean, and she did so. The two girls hadn't orgasmed yet, but after licking up all the stray cum, they continued to suck at each other's clits until both of them succumbed to satisfying orgasms.

After a communal shower in Greg and Stacey's huge bath, the foursome broke open a bottle of wine and they discussed living arrangements for the coming summer. Stacey and Greg insisted on having Sam and Cherise move in, but they both backed out of it amicably. They did agree to move into an apartment together close by, though.
