My Boyfriend and I engage in a sexual activity for the first time

My boyfriend and I are both juniors in high school. We've been dating for quite and we love each other very much. We recently turned seventeen and are both virgins. It was a Friday night when he decided to spend the night with me. My mother let him in and he made his way up to my room.

"Baby," Akeem said from outside my door. I instantly recognized the voice that made me wet with his sexy deep tone.

"Come in!" I replied in a seductive voice.

Akeem came in and locked the door behind him. He preferred to have privacy. The last time we were play fighting, he had just got on top of me and pinned me down when my mom walked in.

I leaped off my bed and jumped onto him. He grabbed my ass with one hand and my back with the other. "OH MY FUCKING GOD!" I exclaimed and right before I could finish my sentence, our lips drastically met.

Finishing my sentence I said, "I couldn't focus in school all week because I was thinking about you."

"Neither could I Nicola! Just thinking about you kept making my cock rise!"

While I was still in Akeem's arms, he sat on the edge of the bed, held me tight and told me how much he loved me.

"Hey! I can feel your manhood pressing against my pussy," I said.

"You're wet, aren't you?"

"Maybe!" I replied with a devilish grin on my face as I seductively gazed into his beautiful almond eyes.

"LOVEBIRDS!" My mom called out to us. She was going to the grocery store to get us dinner. Since my dad was living with his new wife and was living his new life, he hardly saw me. I really didn't care what he thought about my boyfriend.

"Baby, let's watch a scary movie," Akeem insisted as I snapped out of my thoughts.

"No, I am scared of them," I replied.

"Frightened that the "BOOGEYMAN" will come get you? Ahahaha!" Akeem said. He always liked to tease me so I can step up to his challenge; but sometimes it made me emotional because I don't know whether he's serious or joking.

"FINE!! Let's watch it in the living room!"

I went to get some junk food and when I returned, Akeem was laying on my couch as the movie started. He opened up his arms welcoming me to cuddle with him when SPLASH! I knocked over a can of soda! The movie scene made me so scared that I buried my face into Akeem's chest breathing heavily.

"Ahahahaha..." He laughed.

"Baby, it's OK, you're safe here in my arms."

About 45 minutes passed and my mother had returned. She said that on her way to the store, she had run into a group of her girlfriends who convinced her to go out.

"But mom, we're hungry!" I exclaimed.

"You're such a fat ass, Nicola! But don't worry, I picked up some buffalo wings, pizza, and garlic rolls on my way back and it's sitting on the counter."

"Thanks mom."

"Thanks Ms. M!"

Hours passed and my gorgeous mother was leaving for a full night of fun.

"I'll see you guys later! no wild party and NO SEX! But just in case it happens, PLEASE USE A

CONDOM!"

We both laughed as she locked the door behind her. As usual, Akeem and I started to tickle each other and it led into a play fight. We rolled around the living room floor and kissed a couple of times while catching our breaths. He tugged on my tank top and my nipple was partially exposed but showed how hard it had become.

Somehow Akeem managed to get my nipple into his mouth, sucking it furiously in no time while he massaged the other with his thumb and forefinger.

"Oh my God!, Baby don't stop!"

I saw the bulge in his pants and immediately grew ten times as horny as I was before. He picked me up and literally ran to my bedroom with me in his arms. There, he put me on his lap and started rubbing me with his manhood. Things were moving just a little too fast for me, but I was enjoying the way his cock was stimulating my clit so I didn't complain.

"Mmmmmmmmmmm! You're making me so horny!"

But just as I was having fun, he stopped.

"AKEEM! WHY ARE YOU TEASING ME?" I demanded.

"Nicola, I want you to want more! I'm so turned on by you right now, but I can't continue this if we're not going all the way."

"Wow!" was all that I could think of. I didn't know what to say.

"Baby, can we go all the way? I'm just really fucking horny and I want, NO I NEED your wet pussy surrounding my dick right now," he said.

I was really shocked, but we both knew that this was what I wanted as well. The way he looks at me and makes me feel is just so unbelievable!

"Ok baby. But please be gentle at first so I can pass through the pain and get used to the feeling of your manhood being deep inside of me."

"Whatever you say, sexy."

He gently took off my pants, shirt, and unhooked my bra. Then, after kissing and caressing every inch

of my body, he bit one side of my blue lace panties and pulled them down with his mouth. I found it so hot that it made me tingle in between my thighs.

I returned the favor. I pulled his shirt over his head and left it covering his face. I kissed him from his sexy ass V-line and found my way up to his lips. With one hand, I attempted to unbuckle his belt when I was stopped in my own tracks.

"Hey! Hey! Hey! Let me handle this!"

He rolled me over so that he was on top and kissed my soft pink lips passionately for seconds at a time while he kicked off his pants.

"Baby, before we go through with this, I want you to know that I'm not forcing you to do anything you don't want to. If you want me to stop I'll stop and we can try again whenever you're ready. I love you."

"I love you too baby and I want this as badly as you do. So Akeem?"

"Yes beautiful?"

"Make love to me! Take me to a place that I've never been before. Take me to cloud nine! Make me climax!"

We were so aroused that we decided to go through with the penetration and leave the oral for later. With the lights dimmed and the mood set, we were ready to take off. He was about to insert the head of his dick into my pussy while laying in missionary position when I yelled, "WAIT! What are you doing?! You didn't put on the condom yet!"

"Urggg! Don't worry baby I'll pull out! And besides, I heard it feels way better without it anyway."

The way he said it almost made me cum.

That was it. There was no going back or taking all of this back. It was happening now and nothing would change it.

"Ready baby?"

"Hell fucking yes!" I exclaimed.

The tip of his cock slowly started to penetrate my cunt. The pain on my face was so intense. I guess

when he realized it- he stopped.

"Jesus Christ baby, I told you you can say when to stop! But you're so tight. Look at what you've done to me!"

I looked down at his full eight inch cock and saw the pre-cum gliding down his shaft. This made me even hornier. Akeem got up and lay beside me.

He spread my legs open and said, "I guess I should have warmed you up first!" He inserted one finger into my wet pussy, moving it in a slow motion before speeding up the pace.

"OUCHHH! Mmmmmmmm baby that hurts!" I cried when Akeem added a second finger.

"I'm sorry, I'm just trying to get you loose enough so I can slide easily into you. Just hang in there baby."

"MMMMMMMMMMMM IM TRYING!"

"Oh my God baby, you're so tight!!"

"Please don't stop, Akeem!" And just as he added a new finger....

"FUCKKKK!"
