I took a step back as the door opened and the sight of Cat and Gina hit me smack in the face. Sasha held my hand and led me into the bedroom and sat me down in a chair in the corner. She knelt down and placed her head on my lap. We sat in the corner and watched the spectacle in front of us. The alcohol in my system had made me more uninhibited but this was different. This was so fucked up, so messed up, unhinged and wrong. It was brilliant!

Gina and Cat were on the bed, on all fours. I couldn't see it at first but the sight of a double ended dildo soon got my blood racing. The soft light from the lamp made the three girls look incredible. The noise and the smell were beyond anything I had experienced before. Two sexually charged animals spearing each other onto a fat dripping dildo sent my mind into shock and I couldn't speak.

This shouldn't be allowed, I remember thinking. No one man should be exposed to this much pleasure. It will become addictive.

Sasha was running her hand up and down the back of my leg as she sat at my feet like a loyal dog. My cock was slowly becoming hard as I watched Gina and Cat pump into each other. I watched Gina's face explode with orgasmic pleasure as she rocked back forth allowing her pussy to swallow the dildo. The look on her face was true pleasure, there was no exaggeration in her groaning and I could see her juices run down the inside of her legs.

"Oh god!", she moaned. "I'm so fucking wet".

An open mouthed smile and closed eyes from Gina finally pushed me into a state of total hardness. Cat was pounding back into the dildo at a faster pace than Gina. Her pert ass banging into Gina's plump behind sent waves over Gina's skin and her loud rapid pants of pleasure were sending me into a whole different world of euphoria.

The window was open slightly and I could feel the cold air rush over my body. The light from the lamp in the corner was becoming less noticeable as the sun began to rise. I looked down at Sasha's

face, her eyes were soft and her lips were moving gently as she took long drawn breaths. Her hand moved up to my cock and she softly moved her hand up and down. The smell of sex whipped round the room and I shuddered as goose bumps popped through my body.

Gina's face was pouring with sweat and she pointed over to the glass and the side, her arm jerked around as she continued to take the fat dildo that was swimming around in her pussy. Sasha got up and walked over to the glass and passed it to Gina. I watched as Gina took a sip and then threw the remaining water in her face. Gina flicked her head back, spraying water everywhere and her fist crashed into the bed as she grew closer to cumming. Sasha turned her back to Gina but before she could walk back to my lap Gina stopped her. Gina held herself up with one hand and with the other pulled Sasha in.

"Bend over Sasha", Gina ordered between moans.

Sasha looked straight at me as she bent over and backed into Gina's face. I watched her face contort as Gina's tongue delved into her. Her eyes closed and I didn't know which hole Gina's tongue was in but Sasha clearly loved it. She looked back at Gina and moaned gently.

"Lick my pussy", she whispered gently.

Gina was struggling to keep it up as her pussy gushed fluid and Cat's groaning soon turned into a sequence of pleasurable words, she was cumming. The dildo was drenched in wet fluid and the damp patch under the dildo grew bigger as it soaked up the sweet juice.

Gina was now unable to tongue Sasha's pussy. Sasha stood straight and Gina held onto her hand as she dropped her head and cried in ecstasy. Cat was still pumping and shouting as she flooded the bed with her cum. It was a sight that I would never forget. Two gorgeous girls dripping with sweat and cum as they moaned and gasped for air while their pussies throbbed and pulsed.

Sasha looked back at me with wide eyes. Gina had flopped over onto her back and pulled the dildo out. Cat followed and she sat up on her knees.

I sat with my cock staring up at me and picked my chin off the floor. Gina looked up at Sasha and smiled.

"Sorry", Gina said, "come here".

Gina wriggled back until the back of her head was hanging off the bed. She moved her arms up Sasha's legs and up to her pussy. She slowly pulled Sasha's legs apart and grabbed her ass, pulling

it forward and causing Sasha to flop forward. Gina lifted one of Sasha's legs onto the bed and pulled her ass down onto her mouth. Sasha looked back and ground her pussy into Gina's mouth. Gina licked and sucked at Sasha's perfectly formed pussy.

"Shit, you taste amazing", Gina said.

Sasha's sweet lips opened and she smiled, closing her eyes. Gina buried her tongue deep into Sasha causing her to moan deeply. Sasha's arm swung back to her ass and she gently rubbed her ass hole. Cat was still panting as she rolled off the bed. Sasha had reached over the bed and pulled a bottle of lube out. She coated her fingers and gently pushed a finger into her tight ass. Gina's tongue flapped and drilled into Sasha who was now dripping into Gina's mouth. Cat walked over to me and slowly dropped onto her knees. Her dark eyes looked up at me as she wet her lips. Her soft warm tongue slowly glided along my stomach until she flicked my cock with her tongue.

Sasha was now in full flow and she was speaking softly, telling Gina that she wanted the dildo in her. Suddenly I felt my cock engulfed in a warm wet blanket. Cat slowly lowered her mouth further down my cock. Her lips smothered my cock in saliva and her tongue lapped at my helmet. Cat was incredible; the warm suction she applied was forcing me to moan gently and I beamed as she bobbed up and down. Sasha was just about riding Gina's tongue as she reached over to the dildo. Gina caught my eye and she smiled before burying her head back into Sasha's soaking pussy. Sasha handed the dildo to Gina. Sasha's body was dripping with sweat from Gina's body heat and she looked over her shoulder to me. She bit her lip and her gorgeous eyes forced my stomach to tense slightly.

Shit, nooooo, I suddenly thought.

I couldn't help but notice that throughout this whole experience I had always kept one eye on Sasha. I was watching her as she stared at me at smiling. The smell kicked up in the room again and I took a deep breath in through my nose, savouring the sweet intense smells of raw sex. It smelt amazing.

Gina was gently rubbing the dildo onto Sasha's pussy lips whilst she looked back at Cat sucking my rock hard cock.

"Do it, fuck me", Sasha said lifting her head and pushing back.

Gina flicked her tongue onto Sasha's clit and slowly slipped the dildo into Sasha's pussy.

"Oh god, that's it, deeper", Sasha moaned.

Cat looked up at me. "Do you want my pussy? Do you want me to sit on your cock?" she asked whilst rubbing my cock.

Her eyes had softened and her mouth looked gentle. I wanted to kiss her but I couldn't take my eyes off Sasha as she soaked the dildo Gina was slipping into her pussy.

Suddenly I started to think about what I was doing, was this a one off? Was this a special club that I'd been invited into? They certainly seem to want me to enjoy myself. Let go! This is a time of no shyness or being coy. Let your fantasies flow, use them like they will use you.

I looked down at Cat she wanted me, she wanted my cock to fill her. Her eyes were still gentle after she had cum but I knew she wanted more.

I put my arms under Cat's arms and lifted her to her feet. I turned her around and led her to where Gina and Sasha were. I bent her over so her face was level with Sasha's ass. She turned round and looked at me with a smirk. She knew what I wanted to see.

Cat slowly started to lick Sasha's back. Her tongue moved down towards her ass and Sasha looked back me.

"Do you want her tongue?" I asked Sasha.

She nodded and opened her mouth. "Yes, yes I want her tongue".

Cat gently licked up Sasha's ass crack and worked her way up to her hole.

I positioned myself behind Cat. Her pussy was still wet and she was pushing back teasing me. My cock glistened as she rubbed her juice on the tip. I pulled my cock down and slowly pushed into Cat's pussy. She dropped her head and grabbed Sasha's ass with her nails. I slowly started to thrust into Cat's pussy and she started to flow. Cat began to lick Sasha's ass, deeper and deeper until Sasha flopped down on top of Gina. I continued to thump into Cat's pussy as she groaned deeply. Gina was still pushing the dildo into Sasha who was now laid flat on her back with Gina lying on her stomach. Sasha was watching me. My forehead dripped with sweat and the light from outside was now bursting through the curtains. Sasha mouthed to me "I want you".

I slowed my rhythm and pulled out of Cat. I walked round to where Sasha was laid. Gina looked up and could see my cock waving past her. She held out a hand and pulled me onto the bed. I lost all idea of my bearings as I flopped onto the bed. I closed my eyes and could feel hands everywhere. I started to pant as a warm wet feeling again consumed my cock. I opened my eyes slightly to Gina's

huge breasts bouncing up and down as she swallowed my cock into her pussy. My hand was being dragged out to the side of the bed where Cat stood. She bent over holding onto the window sill. I ploughed my fingers straight into her pussy and her body twisted and my hand soon became drenched.

I felt a hand move up my body and up to my face. It was Sasha. She wasn't trying to fuck me and I opened my eyes. She was knelt next to the bed with her head on its side. She was just staring at me. Her eyes which showed so much desire were now peaceful and she smiled softly. The moans from the 2 girls fell on deaf ears as she sank her lips into mine. I felt that feeling in my stomach again. She pulled away and slowly stroked my face.

"Are you ok?" she asked softly.

Suddenly Gina stopped. "Fuck, I can't take away any more", she shouted as she slowly pulled her body up and slipped my cock out of her pussy.

Cat was shuddering again holding onto the window sill. Her groans continued until her hand slammed onto the window. "Oh god, I'm going to cum again", Cat moaned deeply.

Again she filled my hand with her cum. Sasha hadn't moved she continued to gaze at me. I looked back.

I didn't care Cat had just cum, I didn't even look at her. I couldn't pull my eyes away Sasha

"I want you", I mouthed.

Sasha's eyes flashed in the sun light that broke through. She slowly lifted herself on to me as Gina and Cat left the bedroom and walked into the room next door. I felt Sasha stand my cock up and slowly slide onto the tip. She lowered down as slow as she could, the feeling was unreal, warm, moist. We didn't say anything. She stayed still. My cock was throbbing inside her but I didn't care. I didn't want to fuck. I wanted to hold her, just to stay like we were. I sat up and softly pushed my lips against hers. She open her mouth and she filled my lung with her sweat breathe. I put my arms around her and she copied, holding me tight. I laid back and she placed a hand on my chest. She stared deep into me as she started grinding slowly.

"I want to cum", she whispered softly.

I felt her spot rubbing over my helmet. She closed her eyes and started to breath deeply.

"Cum with me", Sasha mouthed.

I grabbed Sasha's bum and controlled her movement. Pushing and grinding as her g-spot brushed over my tip. A feeling of light headedness over came me and my body began to tense. Sasha's eye were closed and her mouth dropped as she moaned with pleasure.

I finally let go and slowly pumped into Sasha.

"Oh god that feels so good" she whispered.

Her movements slowed and her hands pressed into my chest as she released. My stomach began moist as her cum gushed from the side of her pussy and she gasped one last moan of orgasmic pleasure.

I stayed silent. Her hands stayed in my chest and she looked down. Her hand drifted across my chest. She looked back at me. A slow lingering stare. She didn't smile.

Suddenly she jumped. She stormed away from the bed. She looked pained, her eyes were wide and she was gasping for air.

"Sasha?, what's wrong?" I asked jumping out of bed.

She looked at me with her hands on her head. She turned and walked out. I heard her footsteps stamp down the stairs. I followed her into the kitchen.

"What the fuck Sasha, what's the matter? " I asked, arm held out wide.

She turned and looked at me.

"You know what's wrong!" she shouted.

She turned to the window.

"Don't tell him", she whispered.
