Most of his huge cock was buried inside the poor girl's mouth

The long wait for Christmas vacation to arrive was giving me a serious case of "blue balls".

That's not to imply that I wasn't getting any. Jason and I were tapping a pair of Norwegian twins pretty regular. Sometimes we got them mixed up and they giggled and laughed when they told us we were screwing the wrong sister. That led to an orgy of 4-way sex that had me seeing double when either of them bent over and grabbed their ankles. Then, I noticed that Olga had a little mole just above her ass crack and I could determine I was putting the meat to Olga and not her Sister, Grechen.

After that, I insisted on humping the two Sisters doggy style only, so I could keep track of who was getting my load. Jason didn't give a shit which one he was humping. That guy could get off on a hole in a fence.

Ha asked me all the time about Sue Anne and if she was going to be there for us at Christmas. I assured him my Sister was just as horny as us and would be ready for hot and heavy action over the Holidays.

We shared a dorm room together and Jason had the library chick, Madison, over to help him write an overdue report. Madison was a senior and a teacher's assistant. She was kind of mousy and always wore these terrible flats that made her ass cheeks look all droopy.

I was real surprised to see she didn't look half bad when she had her glasses off and her hair was down. She had real long hair that came halfway down her back. I knew Jason was just using her to

help him pass the course, but she didn't seem to mind. In fact, I could see her moving her bare foot up and down in Jason's crotch giving him a grade "A" erection.

If you remember from part I, Jason had a prime, super-sized cock that drove the girls wild. My sister was no exception. Madison was squeezing her breast big time giving Jason a nice cock massage with her bare foot. I knew it wouldn't be long before Jason's cock would be tickling the inside of Madison's throat with serious intent to shoot a big load into her tummy.

I almost felt sorry for the girl because I knew Jason's cock could sour a girl on future blow-jobs just because of its sheer size and the rough way he had of fucking girl's faces.

Sure enough, I had to go take a piss, and when I got back; Jason had Madison on her knees in front of him with his two hands holding her head firmly in place. Most of his huge cock was buried inside the poor girl's mouth. A good portion of his cock had to be sliding in her long delicate throat. Saliva and Jason's sticky pre-cum were already dripping down Madison's chin and onto her exposed boobs protruding in ample magnificence above her narrow waist. Her cherry red nipples were aroused and taut ready for loving.

Madison's eyes followed me as I came to stand behind Jason. I could read her need for Jason's cock and her shame at being watched by other eyes witnessing her sinking into sinful and degrading perversions not appropriate for a serious minded librarian.

My boy, Jason, put the icing on the cake by reaching down and spanking Madison's ass cheeks with a hard and heavy hand.

"Take it all in, Miss smart mouth. Open up and deep throat my cock. I know you want it."

Jason followed up by cracking his big hands all over Madison's ass. The sound of the spanking and the slurping sounds from Madison's fully stretched mouth made me as hard as a rock. I wanted to be in her mouth so bad, but I knew she had it occupied right now. I moved around behind her. Jason nodded his head at me. He was going to hold off a bit on shooting his load to give me a chance to insert my cock into Madison's pussy from behind.

Her skirt was already up, but I had to pull her panties down. I heard her gasp when she felt my fingers hook into the top of her panties. All she did was spread her legs a little wider so I could slip my dick up into her sweet little pussy with little effort. The feel of her smooth round ass cheeks on my skin made me go into a frenzy of fucking that made all three of us lose our balance and wind up in a jumble of arms, legs, asses, cocks and a pussy on the floor.

My cock had come out of Madison's pussy and I was shooting my long streams of sticky cum all over her ass and her beautiful long legs.

Jason had a good grip on Madison's hair and he pulled her mouth hard against his groin as he shot his full and heavy load deep into her lovely mouth. Madison gagged a little bit, but she swallowed as fast as she could and managed to swallow most of the load into her tummy. Only a little bit of creamy cum was visible on her lips and chin and she opened her mouth to show us a little puddle of the thick white stuff on her tongue.

We rolled on the floor laughing and playing around. I wound up kissing Madison full on the lips. She still had some of Jason's cum in her mouth, but I didn't care. The touch of her lips and the feel of her lively sensitive little tongue made me totally hard again and I slid up into her pussy with her sitting on top of me.

Jason must have seen that little brown eye staring at him. He was a kind of a guy that just can't pass up a chance to drive his cock up a girl's ass. Next thing I knew, Madison was the meat between the sandwich of Jason and me poking deep into both of her holes. I could feel Jason driving down hard into her little rectum. His huge cock was massaging my own cock buried deep inside her soft and velvety vagina. Poor Madison was being pushed and pulled from both sides. She was not certain which cock felt better. Jason's long hard cock rudely poking up deep into her pucker hole or my smaller, less invasive cock gently massaging her slick vagina with a steady motion taking her to an inevitable orgasmic release.

When she went into her shuddering orgasm, Madison clenched her well-developed vaginal lips around my pulsing cock. That was all I needed to make me shoot all of my precious load up deep into her quivering vaginal walls.

Jason could feel Madison go into the final throes of passion. Then, he sensed the release of my load into her Madison's hungry pussy. He grabbed Madison's hair and pulled her head back, releasing his load deep into her gut. His victorious lips took possession of her mouth and he pushed his long wet tongue inside her mouth. Their copious saliva mixed together into a soup of sensuous liquid. Madison drank it all down into her tummy like a fine and expensive wine.

The simple truth was that Madison was a far better lay than either of the Norwegian twins. Her pussy was sweet and tight and her sphincter muscle was well defined and able to milk cum from any male she gave her ass to. Her nipples and breast were sensuous and helped arouse men to instant erections. She had a natural ability to handle any cock with her beautiful mouth and she was submissive to most desires. The more I thought about it, she was very similar to my sister, Sue Anne.

Jason told me I was crazy. He was all hot to trot after the twins. I told him he could have the twins to himself on Saturday night and I would take Madison. He didn't even hesitate. The temptation of two blond ass holes up high in the air was like a stimulant to him. He kept me awake half the night telling me exactly how he was going to make both the twins beg for mercy. If nothing else, Jason was the most self-confident person I had ever met.

Madison asked me why Jason could not make it on Saturday night. I covered up by telling her he had to move some furniture for a cousin on the other side of town. The more I looked at Madison, the more I could see she was always trying to hide her beauty and her perfect body from casual onlookers. It was like when you open a box of unmarked candy. You just don't know what you are going to get until you take that first bite.

Madison and I went to a movie downtown. It was an old movie in black and white. The dialogue was a bit stilted but the words were memorable and romantic. We kissed forever in the balcony and she sighed and almost vibrated whenever I brushed up against her sensitive nipples. Soon, I had my fingers inside her blouse and was flicking and tweaking her delicate nipples, kissing her deep inside her mouth for a long, long time. She took my hand and put it under her short skirt. I discovered Madison was not wearing any underwear and she was already leaking major pussy juice from her juicy little slit.

When I started to run my fingers up and down her vaginal opening, she whined very softly and whispered my name in a sensuous tone of voice. I could feel her ass cheeks clenching as she pushed her wet pussy forward for my greedy fingers. I brought my fingers up to my nostrils. Her sweet scent was clinging to all my fingers. I licked some of her juice off with my tongue. Her taste was sublime. She was totally intoxicating to me.

Madison reached down with her hand and felt the outline of my erection through my trousers. My precum was already leaking and there was a little wet spot on my trousers. She opened me up and pulled out my cock holding it with both of her hands. I was afraid the touch of her delicate fingers would make me blow my load before she even got started. Madison began to stroke me slowly. At the same time, we were still kissing in deep French style and our tongues were licking each other furiously. I moaned softly a couple of times because Madison's hands were getting to me deep inside.

She broke away from our deep, long kiss and dropped her head into my lap. Her wet lips slid down the sides of my shaft. All the way down until her mouth had taken my entire shaft inside and her lips were pressing into my groin and rubbing against my pubic hair. It was just perfect even though she was not moving at all. My cock was jumping and leaking inside her mouth and I could feel the

wetness surrounding me completely. Then, she started to move up and down my shaft. I put my hand on the back of her bobbing head, but I was at a loss on how to direct her into something better. It could just not get any better than this. I am certain the girl in front of us must have heard me moan because she kept looking up at us. It seemed like she was more interested in us than she was in the movie.

I felt the cum start to bubble and rise.

I had this urge to push up deep into her mouth. With all the people around us, we had to be careful to keep our movements to a minimum. When I felt my semen begin to churn inside my sac, I knew my load would be shooting into Madison's mouth in a matter of a few short seconds. I could feel the first spurt shoot through my shaft and into her soft, wet mouth. I just kept spurting and spurting, unable to stop. I didn't know where all this creamy liquid was coming from. It was the most cum I had ever produced. I couldn't believe it was in a darkened movie getting a blow job.

Madison swallowed and swallowed. I am certain the girl in front of us could hear the slurping and the gagging and the sounds of Madison swallowing.

She licked me clean and put me away and zipped me up. We were sitting like innocent moviegoers when the lights came up at the end of the movie.

I was really surprised when the girl in front of us stood up. It was Mrs. Weissman, my studies coordinator at the University. She had caught me peeking at her panties under the table on the first day of classes. She never mentioned it to anyone, so I figured she was OK with it.

"Hello, Robbie. Don't forget we have an update Monday at 3 PM. I want to know everything you have been doing."

That sounded pretty straight forward to me. The only thing that got me was the sexy wink she gave me as she left the movie with her bored husband.

Madison clung to my arm all the way back to the dorm room. We got undressed, took a really nice shower together, and made slow, sweet love on the bed like an old, married couple. I really kind of liked it and Madison made all those little sounds that drove me bananas deep down inside.

About a week later, Madison dumped me. She told me she needed a man she could count on. I translated that into a guy with a good job and a nice bank account. It was fun while it lasted.
