I love to continue to please my loving husband

<http://www.lushstories.com/stories/incest/a-mother-pleases-her-loving-4.aspx>

If you have read my first four stories you know that I am a loyal and devoted sub to my loving husband/master. He was such a good master and while he was away for a week long fishing tournament he instructed me to complete two tasks. One task was that I was to seduce one woman a day during my lunch break from my job. The second task was to seduce our 17 year old son and let him use his mother for his personal pleasure. I loved the tasks my husband gave me and this was one of my favorites.

Thursday Afternoon - November 8: After Laura and I returned from our lunch date we went into the ladies bathroom and checked ourselves in the mirrors and did a little fixing up for the rest of the day. I looked at Laura as she completed brushing her hair and thanked her for the wonderful time I had at lunch and then pulled her to me. Our lips met and we shared one more intense kiss before I let her go saying, "I will be expecting lunch with you at least once a week." Laura blushed as she walked out of the bathroom and I saw that my nipples were extended, poking out showing everyone my excited state. I smiled as I too exited the bathroom and headed to my office.

Once in my office I saw a bright yellow post-it note on my desk that read, "Sonya, please come see me as soon as I return to the office after lunch." It was signed by my boss Jim and I held it and smiled as I was wondering what he wanted me for after lunch as he generally came back in and just hibernated.

I looked across the hall and saw Karen at her desk and asked her if she knew when Jim had put the note on my desk and she said, "He must have just done it before you came in. He seemed to be in a big hurry but went into your office, but did not say anything to me." I now knew that Jim knew that I had seen him and his wife and the other woman coming out of the hotel and I smiled, knowing what he wanted to talk to me about.

I opened another button on my blouse and got involved in my work. I did not have to wait long as I heard the private door to Jim's office open and heard him shuffling around inside. I got up, checked

myself in the reflection of mirror in my office and went to our connecting door. Jim seemed startled as I lightly knocked on his door and entered it without waiting for him to say come in.

When I saw Jim he was blushing and gripping his fists tightly and he had large beads of sweat on his forehead. I did not push the issue as I said, "I got your note Jim, what did you need to see me about?" Jim stared at me as he looked at me then his eyes fixed on my cleavage that I wanted him to see. He started to stammer but I could not understand what he was saying so I said, "Jim, slow down, it's okay. I can be trusted as I have worked for you for 15 years now and I don't mind what you do or if you are staring at my cleavage." Jim again blushed as he turned away from me for a moment.

I said, "Jim, I do understand. I wondered why you had said something about the way I was dressed earlier and now I know."

Jim turned asking, "What do you know?"

I moved closer to Jim saying, "I know you like it when I dress sexually. I know you like to look at my cleavage and you even like to look up my short skirts when I am sitting in that chair right there." Jim was looking around his office again and I knew I had him and I moved even closer saying, "Here Jim, look at my cleavage." I pulled my blouse completely open for him and his eyes gawked at my heaving breasts in the lacy shelf bra I had on. I smiled at Jim asking, "Now, isn't that better Jim."

Jim stared at my heaving titties and I knew he wanted to see more so I pulled my blouse off my shoulders, now standing in front of him with only my bra and skirt on. Jim's emotions were running wild as he continued to stare at my breasts. I softly took his right hand and pulled it to my left breast and said, "It's ok Jim, you can touch them." Jim's fingers began to kneed my fleshy globes and he raised his other hand and began pulling and mauling my right tit. Jim's sexual hunger for me was evident in the way he continued to massage and grope at my titties.

I stood still as Jim continued to maul me and I said, "Jim, I know you want more from me don't you?" Jim looked up into my eyes and I could see the lust in them. He was about ready to explode as I said, "Jim, I can see your cock pushing your slacks out and you want to fuck me, don't you?" Jim could only nod as he felt me move closer to him and unbuckle his belt and reach into his slacks to grasp his stiff rod. Jim moaned when my fingers encased his long cock and felt his slacks and boxers slide down his legs. Jim, now naked from the waist down was ready to fuck me.

I smiled at Jim as I moved closer yet, never letting his cock go as I kissed him. Jim's lips parted and we kissed, our tongues danced together like two snakes mating. My hand slowly began to slide up and down his long cock and it felt like velvet. Jim moaned and groaned as my hand stroked him nicely and soon I felt the start of his precum coating my hand. I pulled my lips from Jim's and said,

"Ok Jim, It's time to take me and make me your office slut." Jim smiled at me as I turned around and pulled my skirt up, baring my naked ass for him and leaning over his desk.

Jim moved behind me and I felt his hands spreading the cheeks of my ass as his cock slipped between them. I felt the head of his cock touching the entrance to my pussy and I looked over my shoulder saying, "Jim, Fuck me, fuck me like a office slut should be fucked." Jim did not waist any time as his cock speared deep into my pussy and he grasped my hips. I felt him thrusting into me with great strength and knew that he wanted this fucking as much as I did.

As Jim's cock split me open and probed deep into my womb I heard his intercom ring. I looked over my shoulder and looked at Jim. He had a look of total fear on his face as the intercom buzzed again. I reached over and hit the button asking Laura what she needed and she said, "Sonya, Jim's wife is on line one, should I take a message?"

I looked back at Jim who was still fucking me shaking his head for me to say for Laura to take a message and I said, "No Laura, put the call through."

Jim looked at me in total shock and fear as he heard my words and stopped fucking me. I picked up the phone saying, "Hello Sharla, this is Sonya, Jim is busy right now but wanted me to take a message."

Sharla was pleasant as she said, "Oh thank you Sonya, I do appreciate that."

I said, "Sharla, this is my job as Jim's assistant so how can I help you?"

Sharla said, "Please tell Jim that I need him to go by the store on the way home and pick up that lotion we had talked about at lunch."

I smiled saying, as I looked over my shoulder at Jim, "I will tell Jim to go to the store and pick up that LOTION you talked about at lunch." I thought Jim was going to bust his nuts right there as he began to fuck me slowly, trying not to make any noise.

Sharla did not hang up immediately and asked, "Sonya, are you okay?"

I smiled saying, "Yes Sharla, I must have had something for lunch that is upsetting my tummy."

Sharla asked, "Where did you go to lunch?" I told her that I went with Laura to the little restaurant attached to the hotel that her, Jim and the other woman went to and I heard Sharla gasp. I knew that Sharla understood that I knew about her and Jim's noon time fun with that unknown woman.

As I looked back over my shoulder at Jim I said, "Jim, your wife wants you to pick up that lotion you talked about at lunch, do you know what lotion that is?" Jim only shook his head and I said, "No Jim, I want you to answer your loving wife." Jim was in a state of panic as I said, "Sharla, Jim is trying to figure out how to tell you he will pick up the lotion as he continues to fuck my wet pussy."

I heard Sharla shriek when she heard my words. I looked back at my boss who was still fucking into me and I said, "Jim, I want you to tell Sharla that I will be coming home with you after work and she needs to be naked and sitting in that big chair in your front room when we get home." Jim continued to look at me in fear and I said, "Now Jim, tell your hot sexy wife what I said." Jim spoke softly but I said, "No Jim, tell your wife to be ready to please you and me when we get to your house after work."

I could still hear Sharla breathing hard on the other end of the phone as Jim said, "Sharla, Sonya saw us at lunch time and I am going to bring her home for a little after work fun so please, be naked and sitting in that chair as she has instructed when we get there."

I smiled up at Jim and said, "Do you understand Sharla?"

I heard Sharla clear her voice through the intercom and then heard her softly say, "Yes, I understand Sonya."

I said, "Good, now listen as your husband fills me with his cum."

Jim was grunting as his hips were now pushing against my upturned ass and I knew that this was too much for him. He was proving to be a very weak man even though he has a very powerful position in the community and in his job. I knew that from now on he and his uppity wife would be doing anything I instructed them to do from that moment on. Jim's cock began to spurt and I pulled the intercom box closer to my face saying, "Sharla, Jim is filling me with his hot cum. Soon you will be watching him fucking me and eating his cum from my pussy and ass and even sharing it with me in a hot kiss." I knew that Sharla was masturbating by the grunts and groans coming through the intercom and I looked up at her wimpy husband saying, "See Jim, even your hot sexy slut wife loves to listen to you fucking me."

As Jim's cock softened and he pulled out of me I said, "Ok Jim, get on your knees and clean up that mess you created between my legs." Jim looked at me and hesitated, not understanding what I was saying. I said, "Jim get on your fucking knees and lick my pussy clean of your cum and make it quick."

Jim began to stutter and stammer as he said he had never done that before and I said, "Jim, now, do

you understand me?" Jim slowly got on his knees and I felt his hands on the cheeks of my, then felt his breath on my puckered anal opening.

As Jim's tongue softly touched my freshly fucked pussy I said, "Sharla, Jim is now going to lick his cum from my nasty cunt, just like you will be doing later tonight." I heard another gasp from Sharla and knew she was cumming from the intensity of mine and Jim's fucking in his office and the thoughts of what might happen later tonight. I said, "Sharla, I'm going to go now as I have to let Jim do a good job and clean my naked pussy," then cut off the conversation with her.

Jim was lapping at my pussy as I pushed back against his face, letting his mouth and tongue probe deeper into me, tasting more of his acrid cum as it seeped out of my womb. I know he was loving it as he grasped my hips and pulled me harder onto his face and I said, "Jim, I'm going to cum. I want you to drink our cum." Jim was like a mad animal as he sucked and licked at my pussy and soon he was drinking my cream like he was drinking water from a faucet. I was rocking and pushing back against his face but soon I fell over his desk, breathing hard and trying to regain my composure.

After a few minutes I stood up, pulling Jim off his knees to stand in front of me. I saw the mixture of our orgasms drying on his face and smiled at him. I looked into his eyes saying, "Ok boss, now you will let that cum stain dry on your face and remain in your office until its time to go home. Then we will both go to your house and I want your wife to see your cum covered face, do you understand?" Jim nodded his head and I knew that my boss and his wife would be my willing subjects whenever I wanted them and this would please my loving master.

Work quickly passed and I went to Jim's office to get him and I saw him sitting at his desk in a state of dismay. I smiled at him as I saw the crusty cum that had dried all over his face and said, "Ok boss, its time to go." My words awakened him and he slowly stood up and moved towards me. I took his hand and shoved it under my skirt, rubbing his fingers along my gash and watched him smile.

We locked up the office and Jim got into his convertible Mustang and I got into my Ford F-150 pick up truck and followed him to his house. I pulled into his long drive behind him and parked toward the back of his house then got out and went into the open garage door. Jim was already out of his car when I reached him and I pulled him to me and unzipped his slacks. He looked at me with questioning eyes and I said, "Jim, I want you to be stroking your cock when you walk in and see your obedient wife."

I pulled Jim toward the door that entered their residence from the garage and as we walked through the pantry and into the kitchen area we both could see the top of Sharla's head as she sat in the chair she was instructed to sit in. As we got closer we could see her naked form come into view and I pushed her husband toward her. I stood there watching them looking at each other as I slowly began

to undress saying, "Sharla, suck that nice cock while I disrobe dear and get it good and ready to fill my pussy again."

Sharla looked at me with terror in her eyes and I knew that she was afraid of what I might do if she did not follow my directions but she slowly moved her mouth toward her husbands erect cock. I watched her lips part and slip over the head of her husbands long member and then heard Jim moan in pleasure as his wife started to slide her oral cavity up and down his fleshy length.

Jim grasped Sharla's head and pulled her further down onto his cock and once I was undressed I moved over to the loving couple. My hands started to feel Sharla's breasts, her shoulder, her back and the rest of her body. Soon my hands were between her legs feeling the intense heat of her pussy. I shoved three fingers into her feeling her jump at the sudden invasion but did not stop. I looked at her saying, "Ok now Sharla, taste this sweet cunt juice of yours and tell me how much you like pussy."

Sharla pulled her mouth off her husbands throbbing cock and sucked my soaked fingers into her mouth and grunted as I insinuated that I was fucking her mouth with my fingers. She sucked and licked at my probing fingers and soon I pulled them out of her mouth asking, "How do you like your own cunt juice Sharla?"

Sharla blushed as she lowered her head saying, "I love it, it is so thick."

As Sharla sat there like an obedient slave waiting for further direction, I got on my knees in front of her. I matter of factly told her to spread her legs and then looked over my shoulder saying, "Jim, you know what your duty is" as I lowered my mouth to Sharla's sloppy cunt. I spread her cunt lips with my fingers and saw her clit extending out for attention and I captured it between my teeth and pulled on it. Sharla screamed as she felt the intense pleasure and pain but did not try to move away. I continued to nibble on her clit and soon she started to hump up against my face, trying to get more of her pussy into my mouth.

As I continued to eat Sharla's wet pussy I felt Jim's cock centered at the entrance to my pussy and I pushed back. I knew he wanted to fuck me like he had done in the office and I was going to let him have his way with me and then hover over his wifes face and have her eat her husbands cum. This thought made me very happy as I settled into a rhythm with Jim's probing cock and my pleasing of Sharla's sexual needs too.

Soon Sharla was thrashing around on the chair and I grasped her hips, pulling her deeper into my mouth. I sucked on her clit and damn near had her entire pussy inside my mouth when she exploded in her first orgasm. I felt her legs grip my head and knew that soon she would be coming again and I

relentlessly ate her sexual treasures. Sharla was now in a sexual delirium as she grasped my head harder and was thrusting against me harder than any other woman had ever done and I was loving it. I knew this hot sexy bitch would be a great fuck and soon I would be watching and feeling her sucking her husband's cum from my sloppy pussy.

Jim was grunting and moaning as his orgasm approached and he knew that soon he too would be watching his wife sucking my cunt dry of his cum and this drove him insane. I wanted this couple to be so spent when I left that they would be begging me to return to their house again and again so they could experience my sexual desires.

Jim's cock swelled and he announced his orgasm with a long, "I'm cummmmmingggggg." I felt the intense heat of his orgasmic juices as they flooded into me and I knew that he was making a huge deposit of his thick man cream deep into my womb. As his cock continued to spurt and slowly cease its injection of his cum into me I slowly reduced my attention on Sharla's clit. She was now sexually satisfied and I pulled my mouth from her red and seeping cunt passage.

As I caught my breath I stood up and had Jim sit on the sofa and then helped Sharla move over to him. I had her lay down on the sofa and put her feet on his lap as she laid face up. Sharla looked at me with questioning eyes and I said, "Baby, it's time you licked and sucked your husbands cum from my pussy just like your husband did earlier." Sharla looked at Jim, then back at me as I moved over her face and lowered my cum filled pussy down onto her. As my cunt opened a glob of Jim's cum dripped out and struck Sharla on the forehead and then she opened her mouth as my cunt covered her face.

I ground my cunt all over Sharla's face telling her to lick and suck on my clit and to drink her husbands cum and not leave a mess down there and she proved to be pretty good cunt lapper. I knew in time that she would become an excellent cunt lapper but for this first time with me, she was pleasing me nicely. As I ground my pussy down onto Sharla's face I leaned over and took Jim's flaccid cock into my mouth and tasted my juices on it. He looked at me as my head slowly bobbed up and down on his shaft, bringing it back to life.

As Sharla sucked and licked at my clit and pussy I looked up at Jim saying, "Ok Jim, now is the moment of truth. I want you to fuck my ass while your wife is eating my pussy." For a brief second I felt Sharla stop sucking and lapping at my cunt. I ground my cunt harder against her face, causing the air supply to be cut off for a moment and when I relaxed, I asked, "Do you understand Jim?" Jim knew that I had intentionally shut off the air to his wife by shoving down harder onto her face and knew that until he complied with my directions I would continue to do this to Sharla.

Jim got up and moved to the end of the sofa where he could see his wife's eyes as she was orally

pleasing me and I heard him say, "Sharla, I have to do this and I want to do this." This pleased me as I knew now that Jim was going to do something to me that he had always wanted to do to his wife.

I looked over at my shoulder saying, "By the way Jim, you will be fucking Sharla's virgin ass before I leave tonight too." Sharla jerked under me as she heard my words and I knew she again was in fear of what she may be subjugated to do tonight.

I continued to smile as I felt Jim's cock probing at my sweet asshole and then felt him starting to slide in. As his cock slowly stretched my ass muscles I said, "Sharla, take some of my cunt juice and rub it along Jims cock." I felt her hands moving between her lips and my pussy and then felt them around the back of my ass. Sharla was stroking her husbands cock as he continued to push it deeper and deeper into my stretched asshole and I knew that now she would do anything I wanted her to do.

Jim's cock was finally all the way into my ass and I knew his scrotum was dragging across the top of his wifes forehead. I ground my pussy tighter onto her face and said, "Ok Sharla, now get ready to lick my cream as your husband fucks my sweet ass.

Sharla's tongue was lapping at my pussy like a woman in need and I knew that soon she would be coughing and gagging as my cum flooded her mouth, I also knew that soon I would be feeling her lapping at my stretched asshole after her husband fills me with his cum. Jim was pounding into me wildly now and I loved the double sensations. Jim grunted as his cock burst and his cum flooded into me. Jim did not last as long as I would have liked for him to but I knew from his quick orgasm that he had never fucked anyone in the ass and was not used to the intense sensations that anal fucking can create.

As Jim pulled out of me I felt his cum dripping out of my stretched ass and I moved up into a sitting position and moved my stretched ass over Sharla's mouth. I did not give her a chance to object as I shoved my anal opening down onto her mouth and she began to panic as she knew that she was expected to lick and suck her husbands cum from my ass just like she had been doing from my pussy. Sharla's body thrashed below me as I said, "Suck it out Sharla, that is the only way you will be allowed to get up." I looked over my shoulder at Jim saying, "Tell your bitch wife to suck your cum from my ass or she will regret it."

Jim looked at me in dismay as he said, "Honey, please do as she has instructed. Please lick my cum from her ass so we can get this over with."

I smiled at Jim saying, "Oh no Jim, this is only the beginning. You and Sharla have shown me that you need sex and the wilder the better so, yes, this is just the beginning."

Sharla complied with Jim's request and I felt her tongue lapping at my anal ring and I knew she could taste the acrid flavors of his cum and my anal fluids. It was her first time too and I wanted her to completely lick me clean so that the next time she would understand without objection and do what she was instructed to do. I know that I had these two powerful people in my grasp and I knew that they would become regular players in our sexual fun.

After Sharla cleaned my ass I instructed Jim to eat me to an intense orgasm as his wife sat and watched. I talked to her saying, "Sharla, I know that you and your husband hold high positions in the church, the community and various organizations so you will continue to do what I want, when I want and your little sexual interludes at the hotel like today will be kept strictly confidential." "But, if you do not do as I want in the future you will regret that day."

Sharla looked at me with tears in her eyes as she said, "I understand Sonya and thank you for keeping our secret as well as for teaching us a new lesson in sex." I smiled at her as my orgasm gripped my soul and I came all over Jim's sucking mouth.

Jim moved away from me and I was very pleased with the both of them for their efforts and knew there was only one more thing I wanted from them tonight. I looked over at Sharla asking, "Sharla, did you like watching your husband fucking my ass?"

Sharla looked at her husband as she blushed and only nodded her head. I said, "From the look on your face you desire to feel that same intense passion I felt, so get on your knees on that couch and lean over the back please." Sharla turned her face back to me when she heard my soft words, stood up and knelt on the couch as instructed. I moved over to her, lowering my face to her sweet round ass and licked at her beautiful anal opening, soaking it with my spittle.

Once I had her sweet ass wet I instructed Jim to come over to his wife and he did. I sucked his cock also coating it with my spittle then held it in my hand as I guided it to his wife's virgin asshole. Jim looked at me as I said, "Sharla, this will be a little painful and uncomfortable at first but in time you will grow to love it as I do. Try and relax and let nature take its course."

As I continued to grip Jim's cock, he slowly pushed forward and the head began to separate his wife's tight anal ring. Soon his head was inside her and I said, "Ok Jim, stop for just a moment and let Sharla become accustomed to your size." Jim stood there, his cock pulsating and I knew he wanted to fuck his wife like a slut but I would not allow him to do this her first time.

Sharla was now slowly moving her ass backward indicating that she wanted more of her husband's throbbing member inside her and I let Jim's cock go. He understood that he needed to enter her slowly and let her set the pace until she begged him to really fuck her. Soon Sharla was humping

back harder and harder against her husband cock and I said, "Jim, now is the time to fuck your wife like the slut she wants to be."

Jim smiled at me as he gripped his wife's hips and began to thrust into her. He managed to get his entire cock into her and lasted much longer than he had when he was inside me. Jim grunted and groaned as his wife's ass squeezed his cock and I heard Sharla say, "Jim, oh please baby, fill my ass with your cum."

Jim heard his wife's plea and violently fucked into her and soon was cumming into her tight ass. He continued to thrust into her as I was pulling on my clit and driving myself to another orgasm. Then Sharla screamed as she too had an orgasm from the anal stimulation and I smiled, knowing that she was now going to be able to take her husbands cock whenever he wanted it and would love it each time.

Sharla's orgasm drove her body and mind over the edge and she collapsed onto the couch. I saw her ass, stretched and oozing her husbands cum and I leaned over and lapped gently at it, tasting both of their secretions. I did this to prove to Sharla that other women also did what she was asked to do earlier to me after her husband fucked me in my ass and she looked over her shoulder and me and just smiled.

After we all recovered from the events of the night I said my goodbyes, telling Jim that I would see him at the office in the morning then kissing Sharla passionately. As I left I looked into Sharla's eyes saying, "You are an incredible lover dear, and I look forward to a meeting with just you," then turned and walked out the door leaving Jim and Sharla standing there, naked in their home.
