If you didn't read the first parts you should, it will make more sense if you do.

Aunt Lisa, our mom's younger sister, was staring us directly in the eye as we lay naked on my bed. What a way to get busted. We were so busy trying not to get caught by our parents that we forgot our aunt always comes to visit us the week of our birthday (only one day out of the week though, and its never the same day so we cant tell when she's coming, sneaky). There was an awkward silence for a while before she came in the room and closed the door behind her.

I was expecting her to yell at us then go tell our parents, so I thought it would be best to come clean. "Auntie Lisa please don't be mad at us for having sex, but we..."

"Shhhh," she cut me off. "I didn't walk in on you two having sex, I walked in on you making love! "It was wonderful. The way you made her feel so appreciated, so beautiful, so loved. I'd give anything to have that!"

The way she was talking made me feel a little sad for her, the funny thing is she's far from ugly. She's 33, standing at 5'7, 120 pounds, blue eyes, brown hair, a pair of 32D tits, and a wonderfully shaped ass, she could get any guy she wanted, but she became a career woman(fashion designer to be exact), and with almost every career woman, their love life takes a swan dive into the ground.

"So are you gonna tell our parents?" Rita asked a little scared.

"No I wont, I won't tell your parents on the condition that you stay off each other while I'm here, its only one day, I'm sure you can last."

We were disappointed at the price we had to pay, but relieved we were in the clear. "So what made

you come to my room in the first place Aunt Lisa?" I asked curious.

"I actually have you to thank for that," she said grinning. "I was on my way to your parents room when I saw a light go out in your room and heard a noise, so like the loving aunt I am I came to check it out, just in time to see my nephew penetrate my niece."

I looked at Rita as she sat there with her arms crossed.

"Just had to knock the lamp over didn't you" I said with a grin. She threw a pillow at my head and grinned back.

"You know why I knocked the lamp over, you tease!"

We began to stare each other down when our aunt intervened. "What did I just say you guys? That's it Rita you go back to your room and stay there and you mister you just stay right here and go to sleep!"

"Yes Aunt Lisa" we both said simultaneously. With that Rita gave me a kiss goodnight and retired to her room with my aunt leaving behind her, but before she left, she looked at me and smiled. A chill ran down my spine, but I smiled back and she closed the door. I don't know what that was all about but I sure was glad she wasn't gonna tell our parents.

The next morning at breakfast things seemed they were normal, everyone was comfortable and there were no awkward moments, so I assumed all was good.

"So how long you here for Aunt Lisa?" I asked as if I didn't already know.

"Im here till about nine or ten, I just came by to drop off your present and hang out with your parents for a while, then I gotta get back home."

"Speaking of presents, it should be outside, why don't you two go take a look," mom said eagerly.

With that we got up and went outside, sitting in the driveway with a big red bow on it was a brand new black Pontiac Grand Am.

"Wow is that our car?" Rita screamed with excitement.

"You guys bought us a car? You're the best!" I shouted as Rita and I hugged our mom and dad and our aunt. I noticed that Aunt Lisa held on a little longer and squeezed me tighter than mom and dad,

but I was so excited about the car I thought nothing of it. It had everything teenagers could want; style, sound system, sex appeal, and most important, a big back seat. It even had the new car smell!

“I told you they’d love it,” dad said.

“I’m going to take the drivers test tomorrow!” I said cheerfully. Rita and I had been taking all the drivers classes up till that point. We had been saving up for a car since we were sixteen, but now we didn’t have to buy one. Rita still has to take the written part of the test first, so she’ll get her license a day after me. Either way you look at it we had a car! By the look on Rita’s face she couldn’t wait to break it in, and neither could I. After we calmed down, we went back into the house and finished our breakfast. After we finished eating Rita asked mom to take her to the place to take her drivers test, mom didn’t look like she wanted to go, but she decided to take her.

“Randy honey can you clean up around the front and back yard please,” mom asked before she left. It was so hot outside I didn’t want to, but it was something to pass the time till Rita came back so what the hell.

“Ok mom but you owe me!”

“Sure whatever you say honey” she said going out the door. I went outside and quickly regretted agreeing to clean the yard. All the blown trash and leaves and junk, I knew I would be out there for a while. After throwing a fit and cursing under my breath I got to work.

I started in the front since there was more to do there. Halfway through it had gotten so hot I took off my shirt and started to take off my pants, but decided against it. I worked my way to the backyard raking up loose leaves and trash when an unbelievable sight walks through the back door. Aunt Lisa was coming towards me with a pitcher of lemonade in a very small two-piece bikini. I was standing there looking like an idiot with my mouth wide open, my eyes glued to the huge tits about to pop out of a bikini that’s too small for her.

“Thirsty much?”

“I could use a drink,” I responded snapping out of my daydream. I decided to take a break and sit with her as she lay out in the sun. As I took a sip of lemonade, I could feel a conversation about Rita and I coming, and I was right.

“So how long have you and Rita been, you know, seeing each other?”

I don’t know why, but I felt completely comfortable talking to her, probably because she was half-

naked. "Actually it started the day before our 18th birthday, but officially the day of. It was a weird but wonderful series of events."

"How's the sex? Do you satisfy her or are you just in it for yourself?"

"The sex is always great, and I make sure she always gets off otherwise I don't stop, and just to let you know, yes I love her, I love her more than anything, and nothing will change that!" I said telling her off a little bit.

"Wow I didn't know you felt like that," she said surprised. "I would think you'd be interested in someone a little, older," she said as she squeezed her tits together.

I knew she was trying to seduce me, and it was working. I felt my cock growing rapidly in my shorts, and there was no way to hide it. As much as I would enjoy fucking my aunt, I was faithful to Rita. Just then she sat up and started undoing her bra string, I was getting nervous because I didn't know how long I would be able to resist her. Then just in the nick of time mom, dad and Rita walked through the house into the backyard, perfect timing at its best. Knowing defeat, she left the string alone.

"Don't think this is over, you can't avoid me forever!"

I just dodged a major bullet; I then decided to get out of the house to avoid her until she left. I took a quick (literally like one minute) shower, found some suitable outdoor clothes, grabbed Rita, and yelled goodbye to anyone who heard me.

"Don't be too long honey" I heard someone say, but kept going out the door to avoid any contact with my aunt. That was a close one.

"Where are we going?" Rita said trying to keep pace with me.

"I thought we could grab a pizza, you know get out of the house for a while."

"Good because I am starving! I haven't eaten anything since breakfast."

We get to our favorite pizza parlor, Mikey's Pizza, and get a large pepperoni and sausage and sit down to eat. "So how'd your test go?" I asked making small talk.

"Boring, the test was easy but it was so long and there was nothing to do, I wish you could've come with me."

“Me too, after you guys left Aunt Lisa hit on me, you came back just in time.”

“You didn’t do anything did you?”

“Of course I didn’t, I would never do that to you.” She smiled at me, took my hand and kissed it.

“I don’t deserve you.”

“We deserve each other,” I said smiling back. She got up and hugged me and we left the parlor hand in hand. “How about we go to a movie?” I suggested.

“Ooh lets go see a chick flick!”

“Oh crap” I thought to myself, but if that’s what she wants to see then that’s what we’ll see. We get to the movies and there’s a big line, unusual for this time of day. When we get to the booth and she looks through the movies, she picked some kind of movie with the name “sex” in it; it looked like it would be a real bore(the poster had a man holding a woman in his arms crying, sucks for me) . I bought the tickets then went to be food booth and bought us popcorn, twizzlers, sour patches, and a big 42oz drink. If I would be bored, at least I wouldn’t be hungry.

We walked into the theater and noticed only six people in the room, all couples. They must have been here with their girl too. I guess everyone else came to see that new comedy that came out, well at least it was private enough that we wouldn’t be bothered if we decided to try anything I thought to myself. We sat in the back corner so we wouldn’t be bothered by the few people that were sitting in the middle and front. As the movie progressed, I realized it wasn’t that boring, I was actually getting into it. Things got especially exciting when a sex scene came on; both Rita and I were glued to the screen. The woman in the scene really took charge! She was riding the shit out of the guy she was fucking. Rita seemed to enjoy it, so much that she started rubbing her pussy. She pulled her panties to one side and began fingering herself furiously.

“Let me get that for you,” I whispered.

I sucked two of my fingers and stuck them right in her cunt. She had to cover her mouth to suppress a scream that she wanted desperately to let out. I took my fingers out of her and sucked her juices off, then stuck them back in her, this time harder. She let a little moan escape her lips, but nothing loud enough to attract attention. The area was big enough that I could kneel down in front of her, so I positioned myself right in front of her pussy and began fingering her with one hand while rubbing her clit with the other. As she alternated from looking at the scene on the screen to the scene between her legs, she began to go crazy in her chair flailing around like a madwoman. She couldn’t yell so she

began whispering her orgasm...

“Oh yes Randy right there! Hold your fingers right there! Play with my clit, squeeze it, flick it, and twirl it around your fingers! Yes Randy! You’re gonna make me cum!”

I twirled my fingers around in her to make sure I hit every area of her I could, and at the same time furiously worked her clit, which sent her over the edge. She clamped down on my fingers and gushed her juices all over my hand and arm.

“Fuck!” I’m cumming! I’m cum.....ahhhhhhhhh!” That was all I could hear as she screamed into her hand.

Her body spasmed in her chair for a good two minutes. When she came down from her high she pulled me in for a long kiss, which I eagerly returned.

“You always know how to make me feel good,” she said. I smiled at her and said “it’s my job” and put my arm around her as we watched the rest of the movie.

When we came out of the movie it was about 7:45 and I wasn’t ready to go home yet, so I decided to take her to one of my favorite relaxing spots, since it was only about a 20 minute walk from there. I stopped in a store and bought a little blanket and took her to a hill behind the park that overlooks the city. I laid out the blanket and we sat down on it to enjoy the view. We got there just as the sun was setting. There was a yellowish orange glow that covered the sky and the buildings, from where we were, it was a sight to see.

“Randy it’s so beautiful! Look at that amazing view!”

I took her hand and smiled, “I thought you’d like it.”

“I love it, you really know how to show a girl a good time on her first date.”

I thought back to all we had done since we left the house; food, entertainment, romantic scene, I paid for everything, it was a date! I hadn’t thought about it until now, but yes it was, the best date I’ve ever been on.

“What better way to end a first date than with a sunset?”

“The dates not over yet, you just lay back and let me take care of you” she said as she kissed me again. I did as she said and lay back, very excited. I knew this would be a moment we would both

always remember.

We kept our lips locked the whole time we were getting undressed. She unbuttoned my top shirt, but ripped off my muscle shirt. She had on a spaghetti strap shirt that she worked down her legs as she unhooked her bra. We both kicked off the rest of our own clothes and began feeling each other up as we lay back on the blanket. We finally broke our kiss when she kissed her way down my body and took my cock in her mouth. She started off with a slow deep motion from tip to balls, god it felt so good. As she gradually picked up speed, I was going crazy to the feeling of her tongue swirling around on my cock.

“Oh yes, Rita, keep sucking me like that! Fuck, what was that? Do that again! Dam you suck cock so good! If you keep that up I’m gonna shoot right down your throat!”

That last statement must’ve really excited her, as she looked up at me all the while still sucking my cock and increased her speed tenfold. She wanted me to cum in her mouth, and the way I was squirming, I was about to give her exactly what she wanted.

“Oh fuck Rita I’m cumming!” I screamed as I grabbed the back of her head and held it firmly on my cock as I shot load after load of cum into her mouth. She swallowed as fast as it entered her mouth, not wasting a drop.

“Fuck you taste so good Randy” she said savoring the last drop.

“Yea but you taste better, now come here so I can eat that pussy!”

“Ooh yes sir!”

She lay back with her pussy in my face. She was wetter than I’ve ever seen her. I put my nose directly on the split of her lips and inhaled in her aroma, which smelled of a sweet, musky smell of arousal, and a hint of fruit. I would soon notice that the taste is much better than the smell. I dove right into her wet snatch licking up all her juices, which tasted of sexual arousal mixed with pineapple. It was so mouth-watering good I didn’t let a single drop get away from me. She immediately began fidgeting as I massaged her titties and caressed her nipples between my fingers and tongue-fucked her pussy.

“Yes that’s it, lick me! Get your tongue all the way in there! That feels so good! Eat that pussy! Oh fuck Randy I love you so much! You always know how to get me...fuuuuuuuuuuuuuuck!

I couldn’t get enough of her. I’ve really come to love eating my sister’s pussy, especially when it

tastes this good. I must have been eating her out for a good ten minutes before I even thought about making her cum. I spread her lips to bring her clit out of its hiding place and began my assault on it, flicking, sucking, kissing, anything that would make her crazy and bring her closer to cumming, and it was working.

“Oh you little bastard! You know that’s my spot! Oh god yes! I’m gonna cum all over your face! Oh fuck fuck fuck I’m cumming! Oh god yyyeeesssss!!!”

Cum on my face she did. I was soaked, but I loved it. As she went through the motions of her orgasm I licked up the rest of her sweet juice from her pussy. By this time I was already hard again and was stroking my cock. Then out of nowhere she threw me on my back and mounted me, she always was very strong. She positioned her pussy directly over my cock, rubbed it between her lips, teasing me, and sat down on it.

We both let out a loud moan as she started to bounce up and down on my cock. I felt she was gonna snap my cock in half as hard as she was fucking me, but at the same time it felt so good. I grabbed her ass to help her keep her rhythm.

“Fuck Rita you’re so tight! If you weren’t so wet I wouldn’t be able to pull out!”

“You like that don’t you? You like being in your sisters tight pussy?”

“Fuck yeah I do! Keep fucking me like that, ride your big brothers cock!”

She leaned forward and kissed me while grinding and bouncing on me at the same time. I knew if she kept that up I would cum on the spot, so I pulled out of her and lay her on her side, got right behind her started fucking her from the spooning position. She used her arm to hold her head up and I held her leg up as I was pounding her.

“You’ve never...ugh, tried this position before...ugh.”

“I saw it in the movie and thought id try it out.”

“It feels so fucking good! Keep fucking me like this,” she moaned as I reached around and grabbed her right tit and fondled her nipple, making her moan even louder. I fucked her balls deep like this until she started shaking with a mini orgasm.

“Oh fuck Randy I want you to cum in me! I want to feel it as it pumps into me. I need you to fill your sister with your cum please!”

She was practically begging me, and who am I to turn down such a generous request. I pulled out, mounted her and shoved my cock back into her in five seconds flat. I was fucking her so hard I started seeing double, but I didn't care, it felt so good.

"That's it, fuck me harder! Ugh, ugh, ugh, I'm about to cum!"

I felt that magical feeling coming and moaned that I too was coming to give her a heads up. Just as she wrapped her legs around me and pulled me closer, I let loose all of my sperm into her. We both let out a euphoric scream and I collapsed on top of her as we both slipped into an orgasm, dazed and amazed.

We laid there for a while after we finished having sex, taking in the outdoor air and the perfect view of the city lit up with moonlight. Her head resting on my chest and my arm around her, it was a perfect ending to the perfect date. Neither of us said anything, as there was nothing to be said, we just laid there and enjoyed each others company. We could have stayed like that forever, but we knew we had to get home, so we reluctantly got dressed, wrapped up the blanket and headed home, hand in hand.

It was 10:12 when we got back to the house. Our parents car was gone as well as the Pontiac, so we figured they were taking Aunt Lisa home and the Pontiac was still at the insurance place. We ran in the house and did a quick once-over just to make sure no one was home, the house was indeed empty. Knowing what a rare opportunity this was we quickly ran up to my room so we could have sex again. The night air had made my room cold since I left my window open, so I closed it and pulled the curtains together, making the room completely dark. I cut on the night stand lamp and continued to get undressed. Rita was already naked and was on my bed when I finished undressing. She motioned me to come to her with her finger, and I quickly jumped on top of her and started kissing her. We had been making out for about five minutes when we heard someone walk in the front door.

"Shit! Mom and dad are back!"

"Quick grab your stuff and go to your room, cut off the lights and pretend like you're sleep."

She grabbed her stuff and ran out the door, about a minute later Aunt Lisa poked her head around the corner into my room, I breathed a sigh of relief and relaxed a bit.

"Oh thank god! I thought you were our parents!"

"Nope just me, they're out eating dinner, they'll be back around eleven. Are you here by yourself? Where's Rita?"

“She ran to her room, she’s pretending to be sleep,” I said laughing a little.

“Oh ok, perfect,” she said as she stepped into my room and locked the door. My smile quickly disappeared.

She took off her shirt and her bra and was standing in front of me topless. Even though her breasts were very nice I felt guilty for looking and turned away. “What are you doing?”

“You know full well what I’m doing, don’t play dumb with me!”

“I don’t think we should be doing this,” I said backing up on my bed.

“I want it, I know you want it, so come over here and lets solve each others problem, you could even pretend I’m Rita if you want.”

“But you’re not Rita, I don’t think she would like you being here either, so maybe you should just go.”

“I’m not leaving here until I’m satisfied!”

She jumped on me catching me off guard. “If you don’t give me what I want then ill tell your parents all about how you and your sister have been fucking each others brains out, and I’m sure you don’t want that to happen. Now get these pants off so you can fuck me!”

I tried to be nice, but I see I would have to be an asshole to get her out.

“Well then you’re gonna have to tell them because I’m not gonna fuck you so you need to get your stuff and get out of here!”

“You would be willing to be disowned by your parents just to avoid sex?”

“In a heartbeat! Rita and I finding out our true feelings for each other is the best thing that ever happened to me. If our parents can't accept that then we'll leave, but we'll do it together. I love her to death and I’m not gonna hurt her!”

She looked at me with a blank look. “You must be really stupid, or in love,” she said as her face turned from frustration to a smile. Now I was confused. She went to the door to unlock it and called Rita’s name out loud. “RITA!!!” she screamed. Just then Rita was at my door. “He didn’t bite, you got yourself a keeper,” she told her as she looked at me, as I was standing there confused as ever.

“I tried everything I could: blackmail, seduction, temptation, nothing worked, he’s for real.”

Rita ran and jumped on me, knocking me back on my bed. “I heard what you said, how you stood up to her and wouldn’t do anything with her, I knew I could trust you,” she said as she kissed all over my face.

“You two set me up?”

“Actually it was me that set you up; Rita just went along with it.”

“But why?” I asked trying to sit up with Rita still kissing me.

“After I walked in on you two, I wanted to know if you were for real about her, and not just saying it, so I asked her if she wanted me to test you, and she said yes.”

Maybe this is why she’s still single, so devious. “You know you could have just asked me,” I said softly to Rita.

“Yea, but I thought this would be more fun, plus you got to see Aunt Lisa breasts, which by the way are very nice.”

“Well thank you, I’m very proud of them myself,” she said a little conceded.

“So the whole thing was just a test, this, the flirting, the bathing suit thing?”

“Bathing suit?” Rita asked suspiciously.

“Yes all of it was and you passed, so I wont need to bother you with it again,” she said ignoring Rita.

Just then mom and dad came through the front door and yelled for Aunt Lisa to come on so they could take her home just as Aunt Lisa finished putting back on her bra and blouse.

“Ok you two I’m outta here, you be good ok?”

“Yes Aunt Lisa” we said together. Before she left she turned and winked at me, I wondered if was she still flirting with me, but I let it go, a little relieved she was leaving. Just then mom came around the corner.

“Me and your father are gonna take your aunt home, don’t stay up too late ok honey?”

“Ok mom, but you still owe me for cleaning up the dump of a yard.”

“Ok see you when I get back,” she said as she kissed me on each cheek then on the lips and left. She’s never done that before, but since both she and dad were leaving me and Rita alone I could care less.

We waved to them through the window as they drove off, making sure they were gone.

“What to do, what to do,” I said playfully.

“You wanna take a bath?”

As if I had to think, who in their right mind would turn down a bath with a sexy girl, even if it is your sister?

“You run the water and ill meet you there.”

“Just don’t take all day coming in.”

“Ill take as long as I want,” I said as I smacked her on the ass.

“Ooh!” she giggled as she ran up the stairs. We haven’t taken a bath together since we were kids. I was going to enjoy this.

I went to my room to clean up a bit, and then walked into the bathroom to see Rita in a tub full of bubbles. She had her head relaxed on the back of the tub with her eyes closed, so I thought id mess with her, after all we were still brother and sister. I went downstairs and filled a pitcher with cold water, tiptoed back into the bathroom and poured it all over her.

“Oooooohhhhhh you little! I’m gonna...”

“You’re gonna what?”

She looked at me but said nothing, and then she dipped under the water and came back up. “Oh come on that was funny!” I said laughing. She just looked at me and crossed her arms. “Ok I’m sorry, I wont do it again,” I told her making her feel better.

"You better sleep with one eye open, tonight, I'm gonna get you back for that!"

I got undressed and slipped in the tub behind her as she sat on my lap. We sat there making small talk until I decided to change the subject.

"That was a nice stunt you and Aunt Lisa pulled on me."

"It was, wasn't it? Haha you had no idea."

"I got a question though, what if I had slept with her, what then?"

"If you did we wouldn't be sitting in this tub," she said as she elbowed me in the stomach and smashed down on my cock which was wedged between her ass, so much that it hurt.

"Then I guess we need to take advantage of the situation."

"After that cold water stunt, I don't think so," she said teasing.

"Oh come on baby, I'm sorry, I was just trying to have a little fun that's all," I said as I wrapped my arms around her waist and kissed her neck.

"Mmmm I like it when you call me baby," she moaned in the sexiest way possible.

"I like it when you call out my name," said as I kissed her neck and started fingering her.

At first I started off slow, as to keep with the relaxing state we were in. The strawberry scented bubble bath in the hot water really relaxed our senses and put me in a state of bliss. I kissed my way around her neck and nibbled on her ear. It fell quiet in the bathroom, the only sounds being the gentle splashing of the water and the low moans of pleasure coming from Rita.

"I love you," I whispered in her ear.

"Oh god Randy I love you too, I love you so much," she whispered back.

She fell back into me moaning and bucking her hips wildly, silently begging me to go faster. I took her cue and sat her leg on the edge of the tub as I picked up speed. By now I was fingering her, playing with her nipple, and kissing her, so it was a matter of time before she gave in.

"I can't take it anymore fuck me!" she pleaded as she leaned over the edge of the tub, ass in air. I

wasted no time as I got right behind her and shoved my cock in her as far as it would go.

She let out something that sounded like a scream, moan, and grunt all rolled into one. I grabbed hold of her ass and built up a steady rhythm of fucking her.

“Ugh, ugh ugh, you like fucking me from behind don’t you? Ugh.”

With every thrust in and out of her she got a little louder. “The louder you get the harder I’m gonna fuck you!”

“UGH, UGH, UGH, THAT LOUD ENOUGH FOR YOU! UGH, FUCK!”

I started really pounding the shit out of her, so much that I could barely see my cock go in and out. I loved the way her ass jiggled every time I slammed into her, this made me slap her on the ass every few seconds which I liked, and by her screams so did she. I fucked her like this for a while before I started to catch a cramp from kneeling too long in the small tub. We stood up facing each other and I put her leg on my shoulder and continued to fuck her standing up.

“I don’t remember this position either!”

“It was in the movie too, I wanted to try it.”

From this position I was hitting her clit pretty easy, which made her vaginal walls close around my cock.

“Oh fuck its hitting my clit every time! Oh g-g-g-god I’m not gonna last much longer if you keep this up!”

I was really slamming into her, but knew I was on the brink of cumming. After five more minutes or so, we both knew it was about that time. I was first as I held on to her and pushed as deep as I could and held it there, releasing all my jizz into her. Upon feeling my sperm enter her, she broke out in her own orgasm. Though she couldn’t say anything, she shook around and made plenty of noises as she fell against the back wall. I held her up so she wouldn’t fall and watched as both mine and her cum dripped out of her pussy into the bath water below. As the effects of our orgasms wore off, we began to get our speech back.

“That was my most intense orgasm yet! I couldn’t even talk!”

“It was pretty crazy, I don’t remember ever moving that fast! Maybe it was that movie that gave me so

much energy.”

“I saw a few positions I wanna try too, but later, right now I need to sleep, you wore me out today.”

I'm not gonna lie, I felt good about myself when she said that, but I didn't get a big head, I took it in stride and let it pass. We cleaned ourselves off one more time, kissed each other a long juicy wet lipped kiss goodnight and went to bed.

I awoke to the complete darkness of my room. My clock read 3:04, and I wasn't tired, so I knew it would be a long night. I figured what better way to pass the time than to play some video games, so I popped in Call of Duty 4 and started playing. After about half an hour, I realized I had beaten all of the games I had, so I decided to go play Super Mario Bros in Rita's room. I haven't played that game since our little “incident” happened, which brought back some good memories, plus it would be nice to play it by myself without competition.

I walked into her room to find her sleep on top of her covers in her bra and panties. She looked so beautiful the way she slept with her arm over her head and her foot hanging over the edge of her bed, the moonlight from her window shining directly on her like an angel, she look so beautiful and peaceful with a smile on her face. I forgot all about the game and pulled up a chair and watched her sleep. Ever so often she'd move around a little and a little moan would escape her lips, I would get goosebumps. Then out of nowhere I heard a noise in my parent's room and got spooked, I put the chair back and ran quietly back to my room and shut the door. In my haste to get back to my room I hit my foot on my bedpost, since it was completely dark I didn't see it. I cursed out loud and tried to suppress what I could so no one would hear me as I crawled into bed. About a minute later I faintly heard the toilet flush and a door close, so I knew I was ok. I laid there about twenty minutes in silence and darkness for whoever was up to go back to sleep. Just as I was about to go back into her room, she opened my door enough to slip in and closed it right back.

I didn't want her to know I was watching her so I played it cool.

“I was about to come in your room, I was waiting for whoever used the bathroom to go back to sleep.”

Without saying a word she pulled my shorts down and took my cock in her mouth. I couldn't see anything but I was definitely feeling everything. She was sucking away like she didn't have a care in the world.

“I thought you were too worn out?”

"I just couldn't help myself," she whispered and just kept on sucking.

I could feel my load building up inside, she must have too because just then she stopped sucking me and got on top of me and slowly sat down on my cock. She let out a little moan as not to wake our parents and began bouncing up and down on me. From the way she was sitting on me I knew she was turned around with her back to me, like we had saw in the movie earlier.

"So this is one of the positions you wanted to try out huh?"

She whispered "do you like it" as she grabbed my legs and bounced faster. Indeed I did.

I was really getting into it and started fucking her back. Pretty soon she stopped moaning and started breathing heavy. Then all of a sudden she stopped fucking, turned around with my cock still in her so she faced me and started grinding on my cock. I wanted to suck her nipples but I couldn't see where they were, so I just laid back and enjoyed myself. After a while she grabbed my hands and went back to bouncing up and down on me. I thrust up to meet her as we were both fucking the shit out of each other. It wasn't long before I was whispering to her that I was about to cum. I pushed up into her and emptied what little sperm I had left into her. She squeezed my hands as her pussy walls clenched my cock and I felt her shake as her juices dripped out of her down my cock. After she stopped shaking she kissed me and whispered "goodnight" as she eased back out of the room. I was so lost in my own world I didn't even respond. She used me for a late night fling, but I loved it. When I assumed normality I felt like I was still in a dream, one of the best dreams of my life. I laid there with a big smile on my face until I eventually drifted into sleep.

I woke up at 10:17 still feeling a little of the effects of the sex I had just six hours ago. A few moments later Rita comes into my room, gets under the covers with me (we did that all the time even before we started having sex, so it wasn't weird on our parents) and just stares at me.

"What are you smiling at?"

"Just thinking about last night"

"What happened last night?"

"You remember, when you came in here and had your way with me," I grinned.

Her smile faded. "I didn't do anything. After the bath I went to my room and went to sleep all night, I just woke up ten minutes ago."

Now I was lost. "You don't remember us having sex last night?"

"After the tub no, I think I would remember that!"

"It had to be you!" I said getting serious. "Aunt Lisa went home, and the only people here were you, me, dad and....."NO FUCKING WAY!"
