Courtney and her brother, Chad, grew up in a modest, yet neatly kept two-bedroom home. Their mother was in the restaurant/bar industry as a server and their father was in construction. They made enough money to provide food, shelter, clothing and a few extras. They bought their two bedroom home as a starter home before Courtney and Chad were born with the idea to expand as the family grew. Unfortunately, the construction industry was not always steady so they decided to keep the comfortable payment of the two bedroom home instead of buying a larger, more expensive home.

Chad was born one year earlier than Courtney, They slept in bunk beds when they were little and shared a dresser. As the years wore on, the bunk beds came down and they each got their own twin bed. They also each got their own chest of drawers. Both Courtney and Chad appreciated that because it meant a greater amount of privacy for each of them. Even though they slept in the same room, at least they didn't have to share a common space for their clothes.

Courtney was sixteen years old when she came home from school one Thursday afternoon. Mom and dad were at work and Chad should have been with some friends. Courtney made her way to her room and as she turned the corner to enter the doorway she bumped into Chad, who was walking out of the room. Startled, Courtney stepped back and noticed Chad was naked. Even though they've tried to respect each other's privacy by dressing out of each other's sight, there have been the occasional times when they accidentally walked in on each other. Usually the one dressing covers up while the other steps out, but this time seemed different. Chad did not make an attempt to cover up and Courtney made no attempt to leave.

Courtney and Chad stood facing each other. She couldn't help but look at his tanned, toned chest and abdomen. Her gaze continued down to Chad's penis. She noticed Chad's skin was smooth and void of hair. Courtney herself shaves her pubic region and prefers the smooth look for herself. As she looked at Chad, she decided she liked the smooth look on men, too.

“Hi, sis. I didn’t expect anyone home yet,” Chad said as he stood in the doorway making no attempt to cover himself.

“I didn’t expect anyone home either,” Courtney replied as her gaze never moved above Chad’s chest.

“You know,” Courtney said as her eyes finally met Chad’s, “I was waiting for something like this to happen. I mean, we’ve shared a room since forever and I’m surprised it hasn’t happened sooner.”

“Yeah, me too,” Chad replied. “But it hasn’t been because I haven’t tried.” Chad said with a grin.

Courtney got a big grin on her face and said, “Have you been trying to see me naked?”

“Of course I have, sis! I’m a guy, aren’t I?” Chad chuckled then paused for a moment. “But it wasn’t until earlier this year when one of my friends told me he thought you were hot. I didn’t really think much about how hot you may or may not be until he made that comment. I didn’t look at you that way, you’re my sister. But now that the seed was put in my head, I started to look at you as a guy would look at you, not as a brother.”

Courtney blushed and a sheepish grin came to her face. She looked down and noticed Chad’s penis was getting a little bit larger, and harder. She looked back into Chad’s eyes and silence filled the air as they looked deep into each other’s eyes. Courtney could feel her heart pounding and butterflies form in her tummy. Chad could not control his growing cock but he didn’t care. He wanted his sister.

The silence was broken by the slamming of dad’s truck door in the driveway!

“Shit!” Chad ran back into the bedroom, grabbed his clothes and ran back out of the bedroom past Courtney and into the bathroom quickly turning on the shower. Courtney walked into the bedroom and placed her purse and book bag on her bed. She walked into the living room as dad was coming through the front door.

“Hi, daddy!” Courtney said cheerfully.

“Hi, baby!” Dad replied kissing Courtney on the cheek. “Did you just get home?”

“Yeah, but I think I’m going to go to the library to do some homework.”

“Ok. Is that Chad in the shower?” Dad asked.

“Yeah. I’ll see you later.” Courtney returned to her room to get her book bag and purse and left for the library.

Courtney didn’t have any homework; she just needed a place to think. Seeing Chad totally naked made her aroused. For the first time ever, she looked at Chad as more than just a brother. She liked what she saw and her thoughts wandered to his hardening penis as they talked in the doorway. Courtney stayed in the library for about an hour when she noticed it was getting dark, so she walked home.

Mom had gotten home and was rushing to change her clothes. She received a call from a restaurant that needed an extra server for a large dinner party. Any opportunity to make extra money was welcomed. Mom said she’d be gone until at least midnight as she ran out the door.

Dad was sitting on the couch and was finishing his microwave dinner and beer. He cleaned up and walked into his bedroom. “I have an early job in the morning so I’m going to sleep now.” He shuffled into his bedroom, closing the door behind him.

Courtney went into her room and noticed Chad was not home. She opened her drawer and got a white tank top and a pair of shorts. She walked down the hall and into the bathroom. Courtney turned on the water, stripped naked and got into the steaming shower. After showering and washing her shoulder length dark brown hair, Courtney dried herself and wiped the steam off the mirror. She looked at her nude five feet, five inch, 115 pound frame. She studied her tanned skin and the tan lines that made it appear she was still wearing her bikini. Courtney looked at her pinkaereolas at the point of her 34C breasts. She ran her hand along the smoothness of her cleanly shaven vagina. Her thoughts reflected to Chad’s words that one of his friends thought she was hot. Then she pictured Chad’s penis in her mind’s eye and her hand was no longer feeling her smooth skin. It was feeling her hardening clit. Courtney was aroused and thoughts of Chad’s penis entering her pussy now flooded her mind as she continued to rub her clit.

She was yanked back to reality by Chad knocking on the bathroom door. “Hurry up, I have to use the bathroom,” Chad whispered loudly knowing his dad was asleep.

“Be right out. I’m drying my hair,” Courtney answered. She quickly ran a towel through her hair and slipped her tank top over her head. Courtney did not wear underwear when she slept so she pulled up her short gym shorts. She looked at her breasts pushing through the tight tank top and, satisfied she looked ‘hot,’ left the bathroom.

Chad walked past her, focused on using the bathroom while Courtney walked into their bedroom and

sat on her bed. Courtney sat with her legs crossed in front of her at the ankles, similar to a meditation position. She took her new issue of *Seventeen* magazine and began to page through it. She found an article about a girl who had a crush on her cousin. While reading the article she realized she shared many of the feelings toward Chad that the girl in the article had toward her cousin. Courtney laid back with her legs still crossed and closed her eyes. Again, her thoughts were filled with Chad's penis.

Chad entered the bedroom and saw Courtney laying back. He looked up her shorts and could see her shaven pussy. Chad looked for a while and felt his dick hardening. Courtney felt Chad's presence and opened her eyes. She sat up and saw Chad looking up her shorts.

"Dad's asleep. Why don't you close the door?" Courtney said matter-of-factly. "Mom said she has to work until after midnight." Chad quietly closed the door.

Courtney said, "I believe we were talking about something earlier before dad got home. I have to say that I think you and I are on the same page. I think you're hot, although I didn't really know it until today. I had feelings I couldn't explain until today."

"I'm glad to hear you say that, sis," Chad answered. After a few moments Chad asked, "So do you want to do it?"

"Turn off the light," Courtney said as she pulled the bedcovers back and slid between her sheets.

Chad turned off the light and removed his clothes, leaving them on the floor. He pulled Courtney's sheets back and got into her bed. His partially hard cock rubbed against her soft nude body as she had removed her shorts and top. He rubbed his cock against her a few times and he immediately became erect. Courtney grasped his cock and began to slowly rub it. Chad moved his hand to Courtney's pussy and began to rub her hard clit. His finger tips found her moist opening and she was wet and ready. Courtney began to move her hips as she enjoyed Chad's touch.

Chad rolled on top of Courtney as she spread her legs.

"Just pull out before you cum," Courtney whispered. She felt as if her heart was going to jump out of her chest it seemed to beat so hard. She guided Chad's hard cock to her pussy and Chad slowly pushed it in.

"Ohhhh," Courtney cooed as Chad's stiff shaft slid in all the way to the hilt.

"Damn, Court. You're tight," Chad whispered as he began to move his hips back and forth, pumping his hard cock in and out of Courtney's tight pussy.

Courtney spread her legs wider and moved her hips in rhythm with Chad to make it easier for every bit of Chad's cock to slide deeply into her. They both began to breathe heavily while trying to keep quiet, lest their dad hear them. Chad continued to drive his cock into Courtney as he could feel his orgasm building deep inside.

"I'm ready to cum, sis," Chad whispered. Courtney told Chad to pull out and as he did, she took his cock in her hand and began to jerk him off. After several very vigorous yanks, Chad shot his load onto Courtney's belly. Chad muffled a moan as string after string of cum shot onto his sister.

"Now finger me and make me cum," Courtney whispered with urgency. Chad laid next to her and moved his hand to Courtney's pussy and pushed a finger, then two into her pussy. He moved his fingers in and out but Courtney moved her hand to her pussy and grabbed Chad's hand. She began to drive Chad's hand into her pussy harder than he was. Then with her other hand she reached down and vigorously rubbed her clit. This was all it took and Courtney had an explosive orgasm. Her face contorted as she held in a loud moan. Her body shook and her nipples stiffened.

When she was done they both collapsed, taking a few minutes to each catch their breath.

Chad got out of Courtney's bed and handed her a towel so she could wipe his cum off her belly. She then put her top and shorts back on.

Chad gave Courtney a hug and said, "I love you, sis. Thanks, this meant a lot to me."

"It meant tons to me, too, bro. Now let's get to sleep."

They both got into their respective beds and fell asleep.
