Continuing from the first part where Stacey and David were alone outside getting frisky.

They quickly looked around to make sure they were still alone before Stacey stood up, re-arranging her dress, already able to feel how wet David's hands had gotten her. She smiled at him as she grabbed his hand before they walked away from the party.

As they walked the few blocks to David's apartment, he couldn't keep his eyes off her bouncing breasts and ass as he thought about what they had done so far. He couldn't wait to find out how far she would be willing to go. As he began to picture her naked with her lips around his cock, he was suddenly brought back to reality by the sudden halt of Stacey in front of him.

He found his keys and let them both into the apartment. As soon as he closed the door he grabbed her by her hips and pushed her up against the door, kissing her passionately on the lips. One of his hands found its way to the zip to open her dress, she didn't stop him as she was lost in their kiss. She felt his hands slide up her soft arms and slowly sliding the straps of her dress off her shoulders and down her arms, and then she stood there against the door in front of her cousin in nothing but a bright red thong.

David stood back to admire the view of his now near naked younger cousin. His eyes were drawn to her firm full breasts, both nipples standing out like top hats. His eyes traveled further south to the red thong, which already had the tell tale signs of a wet patch on the front. He quickly took off his shirt and began to unzip his jeans before Stacey stepped forward holding his hands to stop him. She kissed him again and then slowly slid down his body. He could feel her soft breasts and nipples graze his bare chest as he looked down, their eyes never leaving the others. They could both see the passion, lust and want in each other's eyes.

Stacey slid her hands up his legs to his nearly opened zipper, slowly undoing it and undoing the buckle of his jeans. She slid them down, then suddenly yanked them to the floor, releasing his thick hard cock which almost slammed against her cheek. She gasped at feeling, the sudden warmth and stiffness of his manhood. "Well, well, someone's a big boy," she said as her soft warm little hands wrapped around the center of his thick cock. She swore it grew in thickness at the feel of her hand

around it, and she could feel his throbbing veins as his dick was mere inches from her lips. She teasingly blew against the tip causing it to jerk twice.

As David met her gaze he knew both him, and his throbbing almost aching penis were now at his tender hot cousin's mercy. She moved forward, softly kissing the head. He groaned, feeling her tongue flicking forward and licking up the pre-cum from the tip as he ran his hands through her hair. A sudden groan left his lips as she took the head of his dick between her warm lips, continuing her assault with her tongue against the tip. The entire time her eyes never left his face.

"Fuck, Stace, your mouth feels soo good around my dick." He groaned, as his hips thrust forward, causing more of his member to push between her lips. He could feel the warmth of her breath as she was forced to breath through her nose. She began to move her head back and forth, intoxicated by the feel and taste of her cousin's hard cock, pushing itself further into her willing mouth.

She began to suck as her head bobbed up and down on his cock, taking much of it into her mouth as her hand wrapped around the base. She began to move up and down, using her free hand to pleasure her now dripping womanhood as she felt the tip of his dick against the back of her throat.

Before long David felt himself getting close to climaxing, but he did not want to finish off so soon. He quickly moved back, removing his cock from her lips with a pop. He could see the markings of her red lipstick around his cock. He gently lifted her by the arm and kissed her passionately as he ripped her thong right off, causing a slight squeal from her at the surprise of feeling her pussy now being fully exposed.

As he pulled her close she felt his thick member pressing between her thighs; it begin jerking up and down as if he was flexing his thick, hard muscle. She couldn't help but grind herself up and down, knowing her own juices would now be covering his thick tool. David responded by grabbing her firm bare ass cheeks and lifting her up into his strong arms, carrying her over to a nearby table and lying her on it.

"Ooh, god that's cold." She cooed feeling the cold wood against her bare ass and back. David didn't reply, he simply began kissing her neck, gently nibbling as he worked his way down, using both hands to pinch her hard nipples. Kissing between her breasts and pushing his tongue against her hot smooth skin, in no time at all he had reached between her legs. He softly caressed her thighs with his lips, teasingly getting an inch or so away from her waiting womanhood, feeling the heat and breathing in her sweet scent. He moved across to the other thigh, barely touching her clit and pussy lips with the tip of his outstretched tongue. Now it was her turn to jerk with anticipation.

"FUCK! David please stop teasing me, I need to feel something in me!" she screamed.

You asked for it baby, he thought before using two fingers to open her pussy lips. Without warning, he forced his tongue hard and deep into her, causing her to scream and squeal with ecstasy and surprise at the feeling of his tongue forcing its way deep into her. She began to grind her hips up and down as she could feel his tongue expertly licking her dripping pussy, feeling him taking her sensitive clit between his lips sucking and flicking it. It drove her wild as she grabbed the back of his head and began to ride his face, soaking it with her juices, feeling her own climax building more and more.

"Oh FUCK. David I'm going to cum. FUCK FUCK FUCKKKKK!" She screamed before she clamped her thighs around his head, as her pussy clamped around his tongue. She began to orgasm hard, her cum splashing over his tongue and into his waiting mouth. He clamped his lips around her fuck hole and began to suck hard, making sure he didn't waste a single drop as he licked every drop out of her.

Her legs finally released him after her orgasm had subsided. Her chest moved up and down rapidly as she breathed, unable to believe she had just been brought to climax by her own cousin. Before she could gather her thoughts, she felt him moving between her legs and instantly felt the tip of his hard thick cock between her pussy lips. He began to push slightly more and more spreading her pussy lips. She could feel her pussy stretching the deeper he pushed.

She looked up to see him smiling at her as he lay on top of her, resting his elbows on the table either side of her head as not to allow his whole body weight on her. As the tip of his prick rested almost comfortably between her lips, he looked in her eyes. She slid one hand down to grab his firm ass as the other stroked his soft smiling face. They kissed passionately as he slowly eased his thick tool deeper and deeper between her pussy lips. She could feel him halfway inside her then he stopped. Their eyes opened as they kissed and he winked at her menacingly, before forcing the rest of his dick into her balls deep, causing her to scream between their kiss.

He held himself deep inside her, he could feel her cervix pressing against the tip of his dick, as her eyes seemed to be wide open and her eyes rolled into the back of her head. Her body jerked and shook, he could feel her pussy clamping his thick prick. He had actually brought her to climax just by forcing his prick deep and hard into her; this amazed the both of them. They knew from now on their relationship as cousins would never be the same after what they were doing, and neither seemed to care.

"Are you OK babe?" he asked, stroking her cheek and kissing her neck.

"Yeah, fuck that has never happened before. Now, fuck me David, fuck your little cousin." She moaned into his ear as she moved her hips up and down.

David slowly began working himself in and out, taking it out to the tip then thrusting all the way back in, gaining more speed each time. He could feel her firm breasts bouncing up and down against his chest with each thrust. He adored the look of pleasure on her face as her eyes closed, feeling her hips return each thrust, sending him deeper into her, to the point he was hitting her cervix with each thrust as his balls slapped her firm ass.

Soon they had worked up a simultaneous rhythm, and he was soon pounding into her like she had never been fucked before. Both knowing the fact they were doing something so wrong which yet felt so right intensified the feelings they were experiencing.

She must have climaxed 3-4 times, knowing by now the table, as well as her thighs and his balls, were soaked with her cum and juices. He continued thrusting in and out of her, causing screams of pleasure to escape her lips. The fourth time, her pussy clamped down on his thick shaft so much that the feeling of her warm wet pussy squeezing around his dick became too much, and as he felt himself getting to the brink of exploding, he began to withdraw.

"No, no don't take it out David, I don't care if you cum in me! Just keep fucking me like you are baby. Please, just don't take it out." She groaned wrapping her legs firmly around him and pulling him back in.

Who could say no to that?! So he just continued pumping her pussy, but this time he began doing so with abandon, knowing he was so close, and that he would be filling his hot sexy young cousin with his cum, sent him over the edge as he plunged into her as hard and as deep as he could. He groaned loudly as he felt his balls begin to empty into the very depths of her young pussy. He shot load after load into her, as she groaned once more at the feeling of his hot seed spraying inside her pussy like a fire hose. She thanked god that she was on the pill as she could feel him filling her up to the point it gushed around his dick as she climaxed yet again.

He collapsed on top of her, nuzzling her neck before lifting himself up slightly to look into her eyes, which were filled with pure pleasure and love as they kissed.

They stayed there for a few minutes, enjoying the afterglow of what they had just done, before he slid out of her, lifting her off the table then carrying her to bed.

He phoned his parents at the party, and told them he had taken Stacey back to his for the night as she was tired and not feeling well. He told them to also inform her parents so nobody would worry about where she had gone. Whilst on the phone he stroked her body from neck to thigh as she looked at his naked body next to her, still able to feel his cum deep in her, and yet it made her smile even more knowing that it was his.

After he hung up they cuddled up on the bed and simply fell asleep in each other's arms, naked and skin to skin. They both had the best nights sleep they ever had.

The next day they didn't even bother getting dressed as they walked around. (Well, what would be the point in getting dressed, after what they had already done together. Right?)

David couldn't help but occasionally walk up to her and slide his hand between her legs, feeling her hot young pussy in the palm of his hand as she jerked his cock.

They had something to eat as they discussed how they could keep this little incident secret, and how they could continue to do it without their families knowing. As they both knew from then on, they would be doing it as often as possible, and that they now had a deeper love for one another, much more than just being mere cousins, they were now lovers.
