I have always been daddy's girl as long as I can remember. My mom passed away and I moved away and left daddy alone. He wanted me to get out on my own and enjoy myself. I was gone for about a year and I invited him to come and visit. I had an extra bedroom and thought it would be good for him and me. During that time I had had a couple of boy friends but all they wanted to do was fuck. So I was ready for a change of company even if it was for only a couple of days.

When dad arrived he got settled in. I lit the gas fire place and we sat there with a glass of wine and we just talked. He told me he was tired from his long drive and wanted to take a shower. While he was showering I got up to get another wine. The bathroom door was about half way open and I could see him standing there drying off. When he turned and faced the door my mouth fell open and all I could do was stare. He had the longest cock I have ever seen and a set of balls that looked like they belonged on a bull. Just then he looked up and saw me standing there, smiled and asked what I was looking at. Then he said, "What's the big deal? I know you have seen guys naked before, I know you are not a virgin." I responded with something like, "You don't see one like that very often."

I went and got my wine and refilled his glass while I was at it. I had always wondered what it would be like to have sex with my dad. I went in my room and changed for bed. When I came back to the livingroom he was sitting there sipping his wine. My boobs jiggled under my night gown as I walked to my seat. That's when I asked him how his love life was. He looked at me and said, "What love life?" He said that he and mother Palm and her five daughters were very good friends. We were listening to music and an old slow favorite of his came on and I asked him to dance. We were dancing close and I could feel his pole start to rise and force its way out the front of his robe. It found its way between my legs and I could feel it rubbing against my pussy through my night gown. It was so big and so hard. I sighed because it felt so good and I began thrusting my hips back and forth.

He dropped his robe to the floor at the same time I let my night gown fall. I stared amazed at the size of it, so long and so thick. We dropped to the rug in front of the fire place and coupled. I had never been so full in my life. I got really excited and started thrusting hard. He was in me so deep and when he started to cum his whole body quivered. After that night we did it every chance we had.
