Oh my god, you so should. Wait, can't you go to hell for touching yourself?

Fuck! *[Oh no what did I just say?]* I'm definitely going to hell – or I can just say a bunch of “Hail Mary’s” and I should be fine, don’t you think? Anyways I’m going to do it. I’ll be right back.

Hurry, I think I’ll go look at mine. I’ll keep an eye out for the button.

I’m still shaking; I sat on the floor in front of my wall length mirror. I was nervous at first, but I spread my legs slowly. My rosebud looks somehow redder, and puffier. I wonder why? Anyways, I slowly trailed my fingers on my inner thighs *[it tickled]* but it felt really good. I stood up and removed my tank

top and shorts, I took a while exploring my body, twirling and jiggling – memorizing every crease. My ass is huge, I found out I can my butt clap, isn't that hilarious? My breasts are also getting bigger, and my nipples get hard for no reason at all – does this happen to you Maria? Anyways I sat on the floor again and spread my rosebud like my brother did earlier it's so soft and pink inside. It almost looks cartoonish, I could feel and see it getting wet do you know why this happens? I don't but I stopped, I got scared.

Ellie what if you're sick or something? You should ask your mom, what if you punctured something inside of you. I'm starting to feel hot so I'm going to get some water. Hey guess what? Mr. Garcia was flirting with me today.

Isn't Mr. Garcia your math teacher? WOW he is hot, I remember last semester when he took those really snug Levis to school. I couldn't concentrate, he had this huge bulge and he kept standing in front of me almost resting the lump on my desk. I also remember his dark eyes, and salt and pepper hair; he is really sexy. Hey my dad told me that Uncle Frank is coming over tomorrow, I haven't seen him in years. Can I confess something? I snuck into Daniel's room again; I wanted to see him play with it for a second time. He wasn't home though, so I hid in his closet and well, I saw him completely naked. He is beautiful.

You slut! Describe him to me, I bet he is since you confessed something to me I guess I'll return the trust. I've had the hugest crush on your brother since the 2nd grade; I know I'm a loser; he could never like me... I'm not even close to being on his league. So Frank is going to your house, now he is not just hot, he is the epiphany of perfection. I heard my mom and my aunt Rosa talking about him the other day, I guess he took his shirt off at the football game and he had all the ladies drooling. Old

ladies are very funny, so come on spill it sister, what did he look like?

I know Uncle Frank drives all the ladies wild – you are such a dork, my brother would be lucky to have you! Ok, so I hid in his closet I knew he would be home from football practice soon, when I heard him slam the door and drag his feet up the stairs I almost started hyperventilating. I was sure he was going to catch me sitting there, spying on him. Anyways he came in and threw his bag on the bed, then turned the radio on, and removed his shoes. He was so sweaty, it was almost unreal, then he reached into his bag and threw his uniform on the floor, it landed near the closet door and the smell that came from it was fascinating. This mix of sweat, Old Spice body wash, and testosterone *[if that's even a smell]* it drove me crazy, I wanted to reach outside and pull the jersey in with me. Obviously I didn't, and then he pulled his shirt off, revealing a tanned torso, with just the faintest trace of a six pack. His arms though, now that's a different story; they are well defined and even the slightest movement made them swell to like twice their size. I think I was staring at him with my mouth wide open by this time. I was in a trance when his pants hit the floor – his muscular legs show the amount of time and work he puts into his physic, but what really caught my attention was that thing that dangled between his legs, I didn't get a good look though, he was out of the room before I had time to adjust my eyes...

Uhm damn I need a shower, talk to you tomorrow?

Maria, you are NOT going to believe what happened last night. I still can't believe it really - I mean I know it happened, but how, why, and HOW I just don't know. It just happened so fast, I'm still trembling. I was in my room getting ready to go to sleep when Daniel busted into my room, he told me he knew I had been spying on him and how he was going to tell my dad! He said he would make sure my dad knew the kind of dirty girl I was. I started crying uncontrollably, my dad was going to kill me,

he freaks out over the smallest things, imagine if my brother told him....? Just as I thought I would pass out from crying so hard Daniel told me there was something I could do - and honestly I was willing to do anything. He asked me to lay down on my bed, I did. Then he told me to spread my legs and I did. What happened next is a blur, I really don't know how his mouth ended up on my rosebud *[my belly felts like there was bunch of butterflies in it]* he placed my legs on his shoulders and his tongue was all over, I mean it was flickering against my button, and going in and out of my tiny hole. It felt awkward at first, but he said he was testing me to see if I was ripe... and then he reached up and started playing with my breasts, my nipples were so hard *[they actually hurt]* he started pinching them, and my rosebud started throbbing. Is your vagina connected to your nipples? Do you know? Well, he kept licking and sucking my mound until I started feeling like there was a bunch of little ants walking up and down my legs, then I felt my stomach tighten and I started shaking uncontrollably. I tried to push him away but he just held me closer - I think I had an orgasm *[I'm going to google it, see how it feels]* after that he stood up and kissed my forehead. He also said that it was my turn tomorrow, I wonder what that means.
