First time with step Sister Pt 2

You should read first time with my step sister to keep up with where this story is going.

A little re-cap from part one. Me and my step sister had just had mind blowing sex for the first time. She came into my room and seduced me. The rest of the story continues from that.

The next day was like every other day around the house. Me and Lori were not around each other much so it was not uncommon for us not to see each other until night time. We went to different high schools, so we did not have to worry and about seeing each other there. But at night I found myself wanting my step sister to come back into my room. I would lay there in bed and wait and wait and see would never come back.

After a few nights of her not coming into my room, I started to think she maybe regretted what had happened and it was over. About a week went by when one night she came back into my room. I was sound asleep, and having an amazing dream. I was dreaming my step sister was sucking my hard dick. I could see her there on my bed with her head bobbing up and down on my cock.

I started to wake up as the pleasure kept building and building. As I slowly opened my eyes, I could make out a person. I was still half asleep. But I knew someone was there and they were going to town on my hard cock. I the haze cleared, there she was. Her hand was around the base of my erect cock, guiding it into to her waiting mouth. She just had the head in her mouth, swirling her tongue around it. I tried to sit up and she used her other hand to push my chest back down. I watched her as she looked into my eyes and sucked me deep into her throat.

I could feel the cum starting to boil in my nuts. I was getting harder and harder. I knew she could tell I was getting close. She would raise her head up off my hard cock, leaving her tongue pressed to the head and stroke me with her hand. She never took her eyes off of mine, she had the sexiest eyes, they were emerald green in color, and so deep. My cock was starting to throb, I wanted to cum so

bad and she knew it. She started to stroke my dick faster and faster, and licking the head of my dick. Just as the first spurt of cum shot out of my cock, landing on her tongue, she closed her mouth back over my dick, and sucked me dry. I could see her swallowing my cum as shot into her mouth.

She continued to suck on my cock after I had finished cumming, keeping me as hard as I was before. I pulled her off my cock, and kissed her deeply. I could still taste the taste of my sperm in her mouth and on her lips. I turned her over on to her back and pushed her legs apart. I dove my tongue into her pussy. She was soaking wet from sucking me off.

Her pussy was so juicy and sweet. She had the tightest little pussy. I would push my tongue into her pussy as deep as I could get it and then run it up till it flicked over her clit. I would just lap her pussy from bottom to top, always letting the tip brush against her clit. As she started getting closer to cumming, I would gently suck her clit into my mouth and flick it with my tongue. I could feel her body starting to shake. I kept her right there on the brink of cumming for as long as I could.

When I thought she could not stand in any longer I sucking her clit harder and licking faster. Her hips were moving all over the place and she had her hands on the back of my head. She wanted to cum, No she needed to cum. I could feel her pussy starting to pulse and knew she was there. She started cumming, she was moaning and grinding her pussy on to my mouth. I licked her till she calmed down.

I climbed up on top of her body, between her legs. I took my cock in my hand and aimed it at her pussy. Her pussy was soaking wet from the licking I had just given it. Has my cock made contact with her pussy, I pushed hard. Driving my cock into her in one fast motion. I covered her mouth with mine to keep her from screaming out. Her tight pussy felt so good, and help my dick deep inside her, as I kissed her.

I pulled my mouth away from hers and slowly pulled my cock out of her pussy. Leaving just the head in, I sank back down into her. Over and over again I would pull my cock out and drive it back into her. She wrapped her legs around me and pushed her pussy up to meet my thrust. She was getting ready to cum again. I could feel her pussy pulsing around my cock, getting tighter and tighter. She was sucking on my neck, and moaning into my skin trying to cover up her moaning.

I felt her body start to quiver and could feel her pussy just explode all over my dick. I held my cock inside her till she came down. Then I turned her over and told her I wanted her from behind. She got up on her hands and knees and I got up on my knees behind her. I aligned my cock up with her pussy again and pushed in. Her pussy felt incredible, it was like a velvet tube fitting perfectly over my cock. I slowly fucked her like this taking long slow strokes. I knew I would cum to fast if I started slamming into her. I loved the way her pussy lips gripping my hard shaft. You could see her moisture on my

cock as I pulled my cock out. Her pussy lips would pull out with my cock and then push back and up inside her pussy on the in strokes. I held her hips and fucked her as slow as I could.

She was pushing back against me with each stroke. She looked back over her shoulder at me and started telling me to fuck her harder. **‘ I need to cum again so bad, come on fuck me, Come on and fuck me with that big cock, Make my pussy cum again’** That turned me on so much, I started fucking her harder and harder. Deeper and deeper I was driving my cock in to her tight pussy. **‘ That’s it, Fuck me, FUCKKK MEEEE!!!’** she kept saying.

I reached up and grabbed her hair with one hand, and pulled her head back making her arch her back. I started asking her if that was what she wanted. **‘ Is this what you want??? You want me to fuck you hard and deep like this???? You like getting fucked hard don’t you??? ‘YESSSSS, YESSSS I love being fucked hard by you’** she would say. She was getting off on this; she liked being fucked hard and deep.

I pushed on her back and pushed her head down on the bed. I told her to spread her ass for me; she reached back with both hands and spread her ass apart. I started slamming into her, over and over. Deeper and deeper I drove my hard cock. I could feel my cock bottoming out inside her. She was cumming almost continuously now. Her pussy was cumming all over my cock, and she was so wet.

She kept saying **‘ God you have to cum, I can’t stand it, I can’t stop cumming’ Give it to me, Give it to me, I want to feel you cum, but god you can’t cum inside me, Cum all over my ass, CUM ON MEEEE!!!**

And that did it. As I felt the first spurt of cum start to shoot up my cock, I pulled my cock out. The first shot hit right on her little ass hole. And spurt after spurt kept hitting her all over her sweet little ass. She kept her hands back there pulling her ass cheeks apart as I came. Then she took her hand and started to rub my cum all over her own ass, massaging it into her skin. She turned around and took my cock back into her mouth and gently sucked and licked the combination of her pussy juice and my cum off my softening cock.

When she was done, she slide off my bed and looked back at me as she licked her fingers and said. If you want any more you know where to find me. I fell back on the bed and started to think of all the things me and my hot step sister would be doing from now on.
