A man in a family of women

<http://www.lushstories.com/stories/incest/fucking-my-relatives-part-1.aspx>

December 20th this past year was when it all started; I had my first sexual thought about my mom.

She's a hot 42 year old, and has raised me and my sister single handedly. She's also kept her sexy physique. She has nice firm breasts and an ass with perfect curves. My sister, who I have wanted to screw for a couple of years, is a younger and tighter version of my mom. My sister is 18 and I'm 21.

I was eagerly awaiting Christmas so I could see all my cousins and aunties. None of my mum's sisters had ever held on to a husband. I had eight cousins and surprisingly they were all girls. Me being the only man in my family, I was always looked up to by my cousins. With my muscular body and height I was told that I looked like my dad, who'd passed away shortly after my sister was born.

The day wore on and I was just sitting watching TV when my sister went out to a friend's place while my mom wasn't home. I decided to take advantage of being home alone and watched some porn.

About an hour later I was still watching porn so I didn't hear the front door open. My cock was fairly large, standing at eight inches, and was at full mast.

I heard a woman gasp in shock; it was my mom.

"Deacon, what the hell are you doing!" she shouted at me.

"I... Uh.... I was...." I stammered while trying to hide my stiff pole.

"If you want to masturbate do it in your room!" she shouted again.

Mom then looked at the porn that was playing on the computer screen. It was incest porn, of a guy plowing his mom. My mom then looked back at me; she stared with a cheeky smile, then walked away. The rest of the day I was avoiding my mom as best as I could, but when dinner was coming

around the phone rang. It was my sister, Chloe.

"Hey, Deac, is mom there?" she asked.

"Yeah, but I think she's doing the washing or she would've answered the phone," I replied.

"Well when you see her can you tell her that I'll be staying and Laura's place tonight," she said.

"Sure, I'll tell mom, see you tomorrow," I said.

"Okay, bye Deac," she said then hung up.

After that call I went searching for mom for two reasons; one was to find out what was for dinner, and the other was to tell her Chloe wouldn't be coming home tonight. I searched all over the house for her, then when I went upstairs I saw mom's door was closed.

As I slowly walked toward the door and was about to knock I heard a moan, a moan of pleasure, I listened closer and I heard another moan. I slowly pushed open the door and saw my mom playing with her wet pussy, it was nice and shaved and she was moaning loudly.

"Oh, Deacon, fill my pussy with your hard cock!" she moaned out.

I was shocked, but also really turned on by mom masturbating while thinking of me; my cock stiffened in a second. I pulled my purple headed soldier out and started pumping it. I was getting off to my mom's moans. I stepped into her room and to the side of mom's bed while I kept pumping my manhood, then I heard my mom shriek.

"Oh my god, Deacon, what are you doing?!" she cried while trying to cover herself.

I mustered all the courage I had, then I said as confidently as I could to my mom, "I heard you moaning and thought you might need a hand."

To my surprise mom was staring at my stiff rod. She looked at me and said cheekily to me, "Well if you're offering, I guess I could use some help, so hurry up and get those clothes off and get over here!"

I ripped my clothes off, threw them on the ground and walked over to my naked mom.

"Wow you're so sexy and have a big cock like your father," she said to me as I walked over to her.

I took her by the hands and stood her up, then I grabbed her by the neck and kissed her passionately. I groped her tits while my hard cock was prodding at her wet love tunnel. My cock was trying to find an opening, until I guided my cock to her pussy opening. Mom pulled a leg up to help me enter her, then I grabbed her tight ass, lifted her legs above my strong arms and had her bouncing on my cock.

"We should hurry, before Chloe comes home, for dinner," she said like she was out of breath.

"She won't be coming home, she's staying at Laura's house," I said out of breath back to her.

We fucked for the next hour. As I was about to climax along with mom, mom's pussy tightened on my cock and it sent me to a hard climax. I started to shoot rope after rope of hot cum inside her wet pussy while she was at climax. Her pussy started gushing her juices over my cock. Mom and I lay next to each other exhausted, and in a large amount of lust eventually we both fell asleep.

I awoke naked to an empty bed and the smell of sex and bacon and eggs. I got up and saw mom with her see through robe on over the stove cooking. I went over and grabbed my mom's firm tits and said, "Good morning, babe."

"Hey, honey, that was a great fuck last night," she replied.

"I have more for you this morning," I said poking my stiffening cock against her tight ass.

"Well maybe we can fuck after breakfast," she said in a naughty tone.

Before we finished breakfast Chloe came through the door, looking sexier than I had ever seen her before. She was wearing a tight black dress with her tits nearly bursting out and her ass partly visible without panties. My cock twitched as Chloe ran upstairs to get changed. Mom noticed me staring, it was like my eyes were going to pop out of my head.

"Chloe is looking sexy, isn't she Deacon?" Mom said.

"Yea... wait what?" I questioned.

"If you want to fuck your sister, that's okay, just don't get her pregnant," she told me.

I finished my breakfast, then went upstairs to my sister's room. Her door was open; I looked in and noticed again that her body was smoking hot.

She saw me and said, "We'll just don't stand there! Come and fuck me, stick your cock deep in my tight, wet, virgin pussy!" Then she bent over showing me her tight ass and pussy.

I pulled off my pants and walked over with my hard cock poking toward her.
