February 11, 2009,

Brian left today, his stupid job makes him travel a lot, I hate it! I am going to miss him so much, I wanted to continue to explore each other, I so desperately want to feel him inside of me. I gave him a big hug this morning, told him how much I loved him and would miss him. He told me the time would fly by really fast, and that he would be back before I knew it. I have decided to spend the next few weeks with Claudia, my best friend, she recently moved to California and I have never been. I hope I will have the time of my life.

Hopefully, Grace

March 15, 2009,

Well California was a huge waste of time. I spent the better part of my time stuck in Claudia's apartment, while she was gone meeting with talent agents. I just couldn't take it anymore, so I came home. Dad greeted me with a big hug when I got home this morning, he was very happy to see me and told me my brother would be home very soon. I was so excited to hear that, I can't wait to see him! Daddy and I played a few games of cards, ate dinner and then he headed to bed. I am sleepy as hell, but I can't seem to fall asleep, I can't get Brian out of my head.....

Very tired, Grace

March 29, 2009,

Wow, today has been the most exciting in a while. Brian came back, I missed him so much. We got up early this morning ate breakfast, showered and headed down to the pond. Before we left I decided

not to wear a swim suit, I wanted to skinny dip and I wanted to show my brother my completely naked body. I just threw on a pair of cotton shorts and a tank top, grabbed a towel, then walked across the hall and told my dad what our plans were. Dad was still asleep, so I nudged him, he just mumbled and rolled away from me. I left his room and walked downstairs, Brian was standing there in the livingroom waiting for me. He was wearing only a pair of swim trunks, he looked so sexy, I could really see the muscles in his chest and abdomen. Brian had been working out the last couple of months and it was paying off, I got wet admiring him.

Brian smiled at me and I followed him outside, closing the door behind me. Brian and I talked about what had happened in our lives over the last few week, expressing how much we missed one another. We walked into the woods, down the dirt path we'd created over the past several years, Brian and I loved swimming. I walked in front of him, he commented a few times about my cute ass and I was all the more happy with the attention he gave me. I swayed my butt a little more so I could show off, he was smiling when I looked back at him, his eyes affixed to my ass. I slowed down and waited for him to catch up to me, I grabbed his hand and held it while we talked and flirted, slowly walking towards the pond.

I told him I wanted to discuss our situation, I wanted to delve into the exciting new pleasures that were in store for us and make necessary arrangements. We approached the pond and Brian plopped his ass on the ground, then he pulled on my arm and sat me down next to him. He planted a huge kiss on me, sticking his tongue in my mouth and caressing the back of my head. Our tongues wrestled and goose bumps spotted my skin, he was a good kisser. Brian told me that we had to keep this "hush hush", that no one could ever find out what we were doing, especially daddy. I agreed with him and told him I could keep a secret, especially this one because I wanted it so bad. We stared at ach other for a moment, I looked into his eyes, I saw the want and the guilt. This was all taboo and I wanted it more than anything, more than I could imagine; I wanted my brother and I was going to have him.

I stood up and stripped my clothes off, I stood there naked, I could feel the warm sun kiss my skin. Brian just looked at my nude body, expressing how beautiful I was. He stood up too and took off his swin trunks, I stared him down for a moment, then grabbed his hand a dragged him down to the water. We both jumped in, shivering a bit when we came up for air. He swam over to me and threw his arms around my neck and started kissing me again, he did it with a little aggression that time. I kissed him back just as hard, putting my arms and legs around his body. I could feel his cock pressed agains my pussy, it felt so amazing, I wanted to slide it into me right then. Brian told me he knew I was a virgin and he wanted my first time to be as painless as possible, so we stayed in the water for a few more minutes and petted eachother.

I followed him onto a grassy area at the edge of the pond, I could feel the soft grass tickle my back

as I laid down. I could feel my pussy throb and ache, as I imagined the feeling of a cock in me for the first time. Brian laid on top of me, he whispered into my ear that it would only hurt for a second and all I would feel after was pleasure. I trusted him as I watched him grab his cock and felt him guide it to my waiting slit, I could feel the juices escape me. The head of his cock stretched me open as I felt the first inch or so slide in, he kept rubbing my head as he slowly forced the rest of his length deep inside of me. I felt a pop as he broke through my virginity, I grabbed a handful of his hair and let out a light moan of pain, as the pleasure slowly sank in.

Brian looked down at me, his cock buried deep in my cunt, the look on his face was of pure ecstasy as he smiled. He started licking my tight little nipples as his thrust became more aggressive. I could feel every inch of Brian, my brother deep inside of me, it was too much as the first hint of an orgasm came over me. My pussy clenched his cock and I grabbed his head, slowly grinding against him as my orgasm exploded, coming all over my brother's cock. He responded by pumping harder, he bottomed out with every thrust, I could feel his huge cock in my belly and I enjoyed it. He sat up and asked if I would be willing to do "doggie style" with him, I nodded, turned over and brought myself to my hands and knees.

Brian slowly entered me again, this angle hurt a little bit but all I did was moan. He grabbed my hips and slowly started pushing me back and forth over his cock, I reached up and started tweaking my nipples. My nipples were extremely sensitive, and it sent waves of pleasure to my pussy as I was fucked. Brian kept pumping in to me harder and faster, I could hear his moans of pleasure as he fucked me, my second orgasm on its way. I told him I was going to cum again, thrusting myself against his body, feeling his balls hit my clit. He reached down and rubbed my lips, finding my clit and staying there until I came. He let out a loud moan as I felt my brother's seed fill my cunt, he was pumping so hard that our cum started to run out of my little pussy and down my thigh. We collapsed next to each other, trying to catch our breath. He told me that was the most intense climax he had ever had.

We laid on the grass for a few seconds, smiling at each other when I heard a branch break behind us. It was our dad, standing there holding his cock. I saw his cum running from his cock onto his hand, then down his leg. My daddy watched my brother fuck me and didn't even stop us, he just jacked-off. Brian and I jumped up and stared at him, we wondered what he was going to say, but he didn't say anything. He walked over to me, pushed me to my knees and stuck his fat cock in my mouth.

It's dinner time, I will finish this story later!

Vary satisfied, Grace
