I discover that I had unknowingly fucked my son and his black friend, and do it again.

It would be helpful if you read Part One of this story to better understand the characters and the context of the story. But following is a summary paragraph of what happened in Part One.

In Part One we learned that I am Sarah, a 40 year old woman living near Mobile, Alabama, married to a man named Ed who had lost interest in sex. I have always had a high sex drive and even fucked my neighbor for a while. I agreed to be a chaperone for a hayride, and my costume was the Mystique character from the X-Men movie. I looked amazingly sexy in that outfit with a full face mask, and it showed my big DD tits and prominent camel toe. My son Josh and his friend Jeremy, who is black, were both 17 years old and they told me that they were taking dates on the hayride. I didn't tell Josh that I was going on the trip. Two boys in full costumes on the hayride, an alien and a Wookiee, were hitting on me and giving me some of their hard cider to drink. I ended up getting woozy and fucking both of them in the dark on the truck, not knowing that it was Josh and Jeremy. As it turned out, the coach who was driving our truck saw me under the blanket with the boys, and convinced me to suck his cock while he was sucking the boy's cum from my pussy. At the end of Part One I had gotten home after the hayride and changed out of my Mystique costume, and was waiting for Josh to come home.

Part Two:

I finally heard jingling keys and the front door opening, and I called out, "Hi Josh, is that you honey?"

Then I heard his muffled voice, as he turned the corner from the foyer into the living room saying, "Hi Mom, yes it's Josh."

I sat there speechless as I saw the alien costume enter the room. I didn't remember seeing anyone else in a costume like that at the bonfire, and was horrified at the realization that I might have fucked my own son and his black friend on the hayride. He removed the mask and sat down on the couch adjacent to me. I struggled to regain my composure, and was hoping that there might have been someone else with that costume that I didn't see. I wanted to confirm my suspicion so I sheepishly

asked, "So did you and Jeremy have fun with your dates on the hayride tonight?"

Then my heart sank when he responded, "Well, our dates cancelled on us so Jeremy and I just went together."

I mentioned previously that Josh and I were very close and he was not embarrassed to be sexually explicit with me about his successes and failures with girls, so I nervously said, "Oh I'm sorry honey. I know that you were looking forward to taking a date on the hayride and maybe getting into her pants. You must be very disappointed."

He paused for a few moments before answering, as if he was deciding whether he should tell me about his evening, and then he asked, "Mom, if I tell you something pretty kinky and amazing about the hayride, do you promise not to be angry with me?"

I was now almost certain what he wanted to tell me, but instead of feeling even more guilty about it, I was getting a tingling feeling in my pussy. I knew that he would confirm that I had unknowingly fucked him and his friend, but I was surprised that it excited me instead of disgusting me. So I said, "Go ahead and tell me Josh. You know that you can tell me anything and I won't judge you."

Then he said, okay here goes, "Well, when Jeremy and I got to the hayride, we saw this gorgeous girl in a Mystique costume. Her body was full and voluptuous, and she looked much sexier than even Jennifer Lawrence did in the movie, and she almost looked naked in that costume. I don't know any girls in our school that have a body like that. We watched her for a while and learned that she was actually the chaperone on our truck. She had to be one of the student's mothers, but we couldn't tell who she was. She also had a sexy Southern accent and very alluring perfume. So since we didn't have dates, Jeremy and I decided to see how far we could get with her. You're not upset with me for doing that with one of the mothers are you Mom?"

My pussy was really getting wet now, hearing my son describe how sexy I was, but still not knowing it was me, and how he was going to try to seduce me. I was still surprised that I wasn't ashamed at what I had done, and I wanted to encourage Josh to tell me more. And I could also see his cock bulge growing in his costume as he described what happened, and I wanted to see it get bigger. So I smiled at him and replied, "I have to admit that this is quite a different situation than usual, since it is about you and Jeremy and the mother of one of your classmates. But I'm not upset with you honey. If a mother dresses that way and is receptive to you boys, then she must have wanted to have sex with you and is just a slut. So please tell me more."

Josh seemed relieved that I wasn't upset about it, and continued, "Thanks Mom, I was hoping that you would understand. So Jeremy and I sat with her on the way to the farm. She said she wanted

us to treat her like one of the girls, and we convinced her to drink some of the hard cider that Jeremy had hidden in his Wookiee costume. By the time we reached the farm, all of us were a little woozy. Then we enjoyed the bonfire activities, but Jeremy and I stayed close to her and kept giving her drinks of the cider, hoping that we could get into her pants. After about an hour she wanted to go back to the truck to get her sweater, so we went with her. She was pretty tipsy by now, so we helped her onto the truck, and convinced her to just get under the blanket with us instead of putting on her sweater.”

I wanted him to tell me more so I smiled at him and teased him a little saying, “You boys were so bad getting a mature woman woozy like that. Don’t you think you were taking advantage of her?”

What Josh said next got my pussy even wetter. He smiled at me and winked and said, “I don’t think we took advantage of her. In fact it was pretty clear that she was hot for some sexual attention from us boys. We sandwiched her between us and started rubbing the sides of her boobs, and then Jeremy convinced her to let us unzip her costume so we could feel her tits in the flesh. She asked us to call her Susan instead of ma’am since we were getting so intimate. Then she let us suck her breasts, and they were so huge and firm and tasty, and she also started rubbing and stroking our cocks. Her pussy smelled wonderful, and that’s when we discovered that she was also wearing perfume that smelled almost exactly like a wet pussy. But then we heard the other kids coming back to the truck, so we zipped up and snuck back and joined the crowd so they wouldn’t suspect anything.”

I was still trying to encourage him to tell me more so I said, “That must have been disappointing for you guys to get that far and then have to stop. Oh my, it’s fun hearing about you guys with a slut mother and sucking her boobs and her stroking your cocks. So what happened next?”

Josh was obviously pleased that I was so receptive to his story and he continued saying, “Wow Mom, I was hoping that you wouldn’t be mad, but instead you seem to be almost supportive of my having sex with one of the mothers. But I’m tired and don’t want to drag this story out too long, so here’s the short version. We got back under the blanket with Susan after all of the other kids were settled in the hay for the ride home, and we all immediately unzipped again. We were soon sucking her tits and fingering her pussy again, and she was stroking our cocks. Then I whispered to Susan that I wanted to put on a condom and fuck her, but she told me that she was on birth control and wanted me to fuck her bare. Oh Mom, that was my first experience at having sex without a condom, and it felt so wonderful. She was wet and tight and it felt so good shooting my cum into her unprotected pussy. Then Jeremy climbed on and had his turn. She told us afterwards that she just loved our big cocks.”

Then I said, “What a great experience for you two, having sex with a mature woman like that, and not

having to worry about any of the ramifications. Are you sure that no one else saw you guys under the blanket fucking her? And how did you leave it with her? Did you talk about trying to meet with her again?”

Josh smiled and said, “When I was on top of Susan I peeked under the blanket and did see Coach Reynolds looking back through the rear window of the truck cab, but I’m sure he couldn’t have actually seen anything. And as far as seeing Susan again, I know it’s a long shot, but we told her that we were going to a Halloween party tomorrow night, and asked if she could come by at about 11:00 pm after most of the other kids left. I gave her our address but didn’t tell her that it was my house because I wanted to remain anonymous, just in case. So I’m hoping that she’ll stop by when the party is starting to break up. I have asked Jeremy and my other friend Todd to sleep over with me tomorrow night, but they will need to leave early Sunday morning for a special football meeting that Coach Reynolds is having. So if Susan comes we might be able to have some more fun with her. How would you feel about that?”

I saw this as my opportunity to plan how I could exit the party without raising suspicion and then return as Mystique. So I said, “Wow, the thought of you boys bringing a married woman into our home to fuck is pretty exciting. I’m just wondering how a married woman could leave home at that time of night. But if she does make it, I’ll just plan on going to my room and staying there until you let me know that she is gone. This is a small town, and I doubt that she would want to risk having a parent see her and possibly recognizing her, and knowing that an adult woman was at a party with kids. How would that work for you?”

Then Josh said, “Thanks for being so understanding Mom, I think that will work well. She told us that her husband was out of town working and her kid was going to another party and sleeping over there, which is why she can get out so late. If she shows up, I plan to take her down to the basement with us, and we can fuck her on the couch or futon. I’ll come up and let you know when she leaves, but just in case she stays late, please don’t come into the basement until I let you know that she is gone. But I need to get to bed now Mom. Thanks again for being supportive on this great opportunity.”

Josh and I had been talking for about an hour and it was getting very late, so I also wanted to go up to bed. But I couldn’t help thinking about how much I enjoyed it tonight when Coach sucked my cum-filled pussy, and I thought I’d make a suggestion to Josh. He and I had never talked much about oral sex, and I don’t remember him saying that he had done that with a girl yet. So I said, “Wait just a minute honey, I want to ask you something if you don’t mind. You didn’t mention anything about having oral sex with that Susan woman, and I am just a little curious. Did you guys have any oral sex with her?”

He seemed a little embarrassed at the question, but he answered, “No Mom, we didn’t have oral sex

with her. Why do you ask?”

Then I said, “Well, sometimes mature women really like to be eaten out both before and after they've been fucked, and many of them also like sucking cock. So I was just wondering if that happened with you.”

Josh then replied, “It probably would have been hard to shift our positions in that truck without drawing attention to ourselves, and Susan never mentioned it. And besides, I've never done that and I'm not so sure I'd want to do that with a woman who was fucking two or more guys. Are you suggesting doing that even if she has fucked other guys?”

I was excited that he was at least willing to talk about it, even though I did feel a little evil at trying to convince my own son to do something bisexual like that. I continued, “You might want to try it sometime. I think you would get great enjoyment at the taste and wetness of giving a woman oral pleasure and it shouldn't be a big deal if she has cum in her pussy. Lots of women, and even men, have eaten cum, and it is not harmful at all. I'm just suggesting that if you get the chance, you might want to try it. But it might be best for your first time to eat her out before she fucks anyone. If you think that pussy scent was good, I know you'll love the taste of it. So just think about it.”

Josh looked like he was thinking about it and shrugged his shoulders and said, “Okay Mom, that sure sounds kind of nasty to me, but I'll think about it. It might just depend on how aggressive Susan is about it and the circumstances, assuming that she even shows up. But I need to get to bed now, so I'll see you in the morning.”

I also went up to bed and tried to sleep, but I couldn't stop thinking about how I had fucked my own son and his black friend, and how wonderful their big cocks felt in me. Even though Josh and I talked openly about his sexual experiences, I had not seen his cock since he was a little boy. I had no idea that his cock was that big, and I could hardly wait to feel it in me again and again. I masturbated myself to two orgasms before I finally fell asleep, just thinking about the way Josh was telling me about wanting to fuck a mother, not knowing that it was me.

My pussy was tingling with anticipation on Saturday as Josh and I set up the decorations for his party and went to the store to get the refreshments. Time seemed to pass very slowly, but finally it was 7:00 pm and the kids started to arrive. I was wearing jeans and a sweater, and I must say that my boobs looked huge in that sweater. The kids were all wearing great costumes, a few of which I recognized from the hayride, and most of them had masks covering their faces. I tried my best not to be an interfering chaperone with the kids and stayed in the background helping replenish the refreshments and cleaning up some of their messes. Then at about 10:45 pm all of the kids had left except for Josh, Jeremy and Todd, and Josh came over to tell me that it was time for me to go to my

room.

I went up to my room and quickly put on my Mystique costume and the yellow contact lenses, as well as a heavy dose of that special vulva scent. I was very proud of how sexy I looked in that costume, and it really did look like I was naked. My huge tits were full and round, and my nipples and prominent camel toe were visible even through the scaly material. I knew the boys were in the basement so I quietly went down the stairs and out the back door, locking it behind me. Then I walked around the house to the front door and quietly knocked on the door. The boys were obviously waiting for my knock because they immediately came back upstairs to answer the door, and I was only out in the cold for a couple of minutes.

They opened the door and Josh was in his alien costume, Jeremy was still dressed as a Wookiee, and it had to be Todd who was dressed in a Superman costume with a full mask. Then Josh said, "Welcome Susan, I was afraid that you might not come tonight. Please come in and we can go right down to the basement. And since you now know where one of us lives, we might as well give you our names. I'm Josh and my Wookiee friend is Jeremy. And you haven't met Superman yet, but his name is Todd. And my oh my, we can really smell your seductive perfume."

Then using my Southern accent I said, "After the fun we had last night, of course I would be here tonight, and it's nice knowing your names. I want to try a couple of things that we didn't have the chance to do last night. But, what about the parents? It wouldn't be good for them to see a grown woman coming to a party with you boys."

Josh replied, "Well, the father is out of town on business and the mother has gone up to bed for the night. She agreed not to interfere with us, and we'll have plenty of privacy in the basement. And tonight we can take off our costumes, although I'm sure that you'll want to keep your mask on so you remain anonymous. So let's head on down there."

We went downstairs and Josh had unfolded the futon flat, making it into a nice bed. Then the boys started taking off their costumes as I unzipped mine. And they were also taking off their masks. I guess they felt that I had the most risk in this situation. When they saw my big tits come into view they were mesmerized. Jeremy said, "Holy shit Susan. We couldn't see you in the dark very well last night, and you are simply gorgeous. I've never seen tits that big and full and round, and your whole body is so firm and voluptuous."

The boys were almost totally undressed when I pulled my zipper all the way down and started peeling the costume off of me, but leaving my full mask on. They were staring at my fat, hair-covered vulva and full ass, and I could see their cocks starting to harden. I was right in estimating that Josh's cock is a little over eight inches long and very thick, and Jeremy's is at least nine inches long, and

even thicker than Josh's. No wonder he was stretching my pussy like that last night. Then I saw Todd's cock, which wasn't quite as long as Josh's, but it was uncircumcised and even thicker. One other thing I liked was that all of the boys had large, low-hanging balls that looked very tasty. All of the boys were pretty lean as you would expect for 17 year olds, and Jeremy and Todd were also very muscular from working out and playing football.

They gathered around me and started rubbing my tits and pussy, and I thought I'd better get things started by being aggressive about what I wanted. And I wanted to follow up on my conversation with Josh and let him experience tasting my clean pussy. I said, "Come on over here and suck my pussy Josh, while I suck your big cock. I missed doing that last night, and I can't wait to feel your lips on my pussy and your cock in my mouth. So just lay back on the futon and I'll climb on top in a 69 position."

Josh immediately got on the futon and I was a little surprised that he would so willingly suck pussy for the first time, especially after expressing his reservations last night. I climbed over him and pushed my wet pussy to his lips as I enveloped his thick cock in my mouth. I could feel him sniffing me and licking a little, and then he covered my vulva with his mouth and started sucking. It felt so good having my son sucking my pussy, and I just loved the taste and feel of his cock in my mouth, and I could already taste his precum.

We continued sucking one another for a few minutes and I could hear the other boys talking about how hot it was seeing us eat pussy and cock, how great my body looked, and what a total whore I was. I had unknowingly fucked Josh first last night, and now I wanted him to cum in my mouth for the first time tonight. And I also wanted to encourage him to eventually suck my pussy clean of the cum of the other boys. He had never given me any indication that he might be bisexual, so I thought I would test him a little. I paused in my sucking for a moment and said to Jeremy, "Come on over Jeremy. Get behind me and fuck me while Josh sucks my pussy and clit. I've just got to feel your big, black cock in me at the same time I'm being sucked. And Todd, you can lie down beside us and suck my tits while I'm being fucked and sucked."

Jeremy immediately got behind me and started pushing his massive cock into my vulva. I could feel Josh struggle a little at having that cock so close to his face, but he kept sucking my pussy, moving down to my clit to make room for Jeremy's cock. After Jeremy bottomed out on my cervix he started slowly fucking me. He said, "Oh fuck Susan, this is even better than last night. Your pussy is so tight and wet, and I can even feel Josh's lips moving on my cock and balls. It's so exciting fucking a mature woman who knows what she's doing."

I was having orgasm after orgasm with Jeremy fucking me, and I know that Josh was getting a mouthful of my juices and probably some precum from Jeremy, and he was enthusiastically sucking me. I was pleasantly surprised that Josh was taking to his more submissive role so naturally. After

just a few more minutes I could feel Josh's cock stiffen more and start to pulse, and I was rewarded with a flood of his hot, incestuous, teenage cum as his cock continued to flex and spew his load. Then Jeremy pushed all the way into me one last time, and I could feel his cum shooting right into the mouth of my cervix. He was in the midst of a huge orgasm and he moaned and cried out, "Oh fuck, what a hot piece of white cunt. I can feel it sucking the cum right out of my big, black cock. What a fucking slut mother you are to be fucking teens like us!"

Jeremy held his cock in me for a few minutes and then started to slowly pull it out. This was the moment of truth now for Josh to see if he would continue sucking my pussy, or if he would pull away in disgust. I wanted to encourage him so I continued sucking Josh's softening cock as Jeremy's big cock finally plopped out of me, and Josh again covered my hairy vulva with his mouth and started sucking. I could feel Jeremy's semen pouring out of my pussy and into Josh's mouth, and I know that he had to be swallowing it. Then Jeremy said, "Oh damn man, look at Josh suck down all of my thick cum. He loves the taste of that pussy so much that he's willing to eat my seed. And if he'll do that I'll bet that I can get him to clean my cock for me too."

Josh continued sucking me for several minutes until I was clean, and then I rolled off to the side. Then Jeremy moved forward and pushed his slimy cock against Josh's lips, and I was totally surprised when he opened his mouth and started licking and sucking that black cock clean. I had not intended for things to go this far so soon, but I quite frankly saw no harm in my son developing a taste for bisexual encounters, especially if I was involved. Josh finally pulled away from that cock and Jeremy said, "Damn man, that was hot. It's going to be fun having you around to clean us up when we fuck this white cunt."

We all laid back on the futon for a few minutes to rest and talk, and the boys kept fingering my pussy and sucking my tits as I stroked their cocks. They just loved my body, and of course I also loved their bodies and hard cocks. Todd was still hard as a rock and I knew that I had to give him his turn in my pussy soon, but then I had an idea to spice up the conversation. I said, "Boys I just love fucking you, and we can do this all night long if you want to, but I have a question for you. I know that you love fucking me even though I am the mother of one of your classmates, and I have to admit that I like it when Jeremy calls me a slut for liking teenage cock so much. But how would you feel if I was your mother? How would you feel about fucking your own mother and shooting your sperm into the pussy you were born from? Would you think she's a slut too? Would you fuck her as enthusiastically as you're fucking me?"

Jeremy spoke up first and said, "No offense Susan, but I don't think my mother would ever be a slut like you. She gets plenty of big, black cock from my dad. And besides, she's not nearly as attractive and sexy as you are, and I doubt that I could get it up for her anyway."

Then Todd said, "I feel the same way as Jeremy, and I don't think I could disrespect my mother like that. She's fairly attractive, but I certainly wouldn't want her fucking a bunch of kids like you're doing. But don't get me wrong. I am very happy that you are a slut, and I can hardly wait for my turn in your pussy."

Everyone then looked over at Josh for his answer and he said, "Well, I don't think that I could actually go through with it even if she offered, but I have been attracted to my mother for a long time. She has a killer body, just like Susan's, and we have always been very close and able to talk about anything and everything having to do with sex. She even encouraged me to try having oral sex with a woman, and I guess I got a little carried away by also cleaning your pussy and his cock after Jeremy ejaculated into you just now. But she was right that pussy tastes wonderful, and I have to admit that the cum tasted pretty good too. Don't get the wrong idea about me liking boys either. I just like everything about sex so long as a woman is involved."

I was so happy with Josh's answer, and decided to push the conversation a little further. I said, "Wow Josh, it's wonderful that you feel that way about your mother. But how do you know that she has a great body like mine? And have you ever masturbated thinking about her?"

Josh seemed a little embarrassed, but continued saying, "I don't really like talking about it, but I have seen my mother naked a few times when she was in the bathroom and the door was open slightly. And yes, I have to admit that I have masturbated many times while thinking about fucking her."

I decided to tell a little white lie just to spice things up a little and said, "It's now easy for me to see why you had the desire to make a move on me last night. And I've often wished that my son would show an interest in me. I haven't seen his cock since he was little, but after the experiences I'm having with you boys, I'd sure like to experience his cock no matter how big it is. But for now, I want to feel Todd's thick cock in my pussy."

We all shifted positions and I lay on my back as Todd moved into position and pushed his cock into me. He had the thickest cock of all, and he was stretching my pussy so much that he was constantly rubbing my clitoris. We were just getting into a rhythm when Jeremy got on his knees over my face and lowered his big balls into my mouth. I sucked hungrily on his scrotum sack and balls as Todd continued fucking me, and then Jeremy said, "That's it you nasty cunt. Suck my black balls and warm up your next load of cum. Your white mouth is almost as sweet as your pussy, and I know that you just love black cock."

After feeding me his balls, Jeremy moved back and shoved his now-hard cock into my mouth. I started sucking his meat and I could smell and taste my pussy and his cum remnants from the first fucking he gave me. But then Todd stiffened up and pumped my pussy full of another load of cum

saying, "Oh fuck, oh fuck, fuck, fuck, this is the first time I've been able to cum in a woman's pussy without wearing a condom. Take my cream you fucking whore, and I really do hope that you are on the pill so we don't make a baby tonight."

It's hard to explain how I liked being verbally abused by the boys, but I also noticed that Josh did not use that kind of language with me. I guess my training still influenced him to be a gentleman with girls and women. Josh cleaned my pussy of Todd's load, and then he took his turn between my legs and fucked me for about 15 minutes, being his second load. From there the boys took turns fucking my pussy and mouth for most of the night, with periodic rest periods. Josh continued being the clean up man, and I felt such great love for him when he was between my legs sucking all of that cum from me, including his own cum.

I think we all fell asleep at about 5:00 am in a tangled mass on the futon, and it was almost as if I was in a dream when Jeremy and Todd got up at about 7:00 am to give me a goodbye fuck with their big cocks, before leaving for the football meeting. Josh instinctively moved down to clean my pussy of their cum, and then he cuddled next to me, casually sucking my breasts.

Somewhere during the night of constant sucking and fucking with the boys, I had decided to let Josh know my real identity as his mother. But I wanted to show him that it was me just before he was ready to ejaculate, so he wouldn't be likely to recoil at the idea of it all. I thought that if he found out just as he was having a big orgasm, he would feel better. So I leaned down and kissed his cheek as he was sucking my tit and then said, "Come get on top of me and fuck me again Josh. I just love your big cock and big loads of cum."

Josh rolled over onto his back and looked at his watch and said, "Oh fuck, look at the time. We need to get you out of here before Mom wakes up and wonders what's going on down here."

Then I said, "Okay baby I understand, but I need you to fuck me one more time. We can be quick and your mother will never know."

So Josh rolled on top of me and pushed his hard cock into me in one thrust. My pussy was a little sore from the night of sex, and I must have been fucked at least 12 times, not counting the loads I took in my mouth. Josh was being very loving and actually kissed me while we were fucking, which had to be a little strange since I was still wearing my mask and yellow contacts. He fucked me lovingly with slow strokes for about 15 minutes before he started to speed up. I knew that he was almost ready to ejaculate, so I looked him in the eyes and said, "Oh baby, I just love your thick cock in me, and I want to fuck you as often as we can. You are so polite and gentle with me compared to those other boys, and I want to reward you by taking off my mask and showing you who I am."

That seemed to excite him even more, and I could feel his cock starting to swell, stiffen and start to throb as I reached up and pulled the mask off of my head. His eyes got wide as I started feeling his spurts of cum against my cervix, and he said, "Oh fuck, oh fuck, Mom it's you. Oh fuck, I love you so much, and I've dreamed about fucking you for so long. And this might sound strange, but knowing that you also fucked my friends makes me love you even more."

I also had a huge orgasm and we stayed in that position, with Josh slowly moving his softening cock into and out of my cum-filled pussy. We kissed like teenagers and he hugged me as he pushed his tongue into my mouth. He then rolled off of me and we continued hugging on our sides, with his cock still moving slowly in my sloppy cunt. Then he said, "Mom, please tell me how this all happened. And when did you realize that you were fucking your own son?"

I told Josh the whole story of how his father, Ed, had very little interest in sex, and how I was so horny most of the time, and even that I fucked the neighbor. Then I explained how I didn't know that it was he and Jeremy that I was fucking on the hayride, at least not until he got home that night wearing the alien costume. I even told him about having oral sex with the coach, which gave me the idea to coax Josh into sucking my cum-filled pussy too. Then I asked, "Are you upset with your old Mom for being such a cock-hungry slut? I just can't seem to help it honey, and I really enjoyed fucking you and your friends. So where do we go from here?"

Josh smiled teasingly at me and said, "I could never be angry with you Mom, and that's not just because you have drained my balls at least a half-dozen times in the last two days. I just love you so much and how sexy you are, and it makes me so happy that other boys and men find you irresistible. I don't know of any male who wouldn't get a hard on when you're wearing that Mystique costume and pussy scent. And I'm also happy that you coaxed me into sucking your cum-filled pussy. I know that I'm not gay and attracted to boys, but at the same time I know that I won't mind sucking my friends' cocks from time to time if they want me to. You've opened up a whole new world for me to explore."

Josh and I talked for hours that day, as well as fucking three more times, and discussed how I would manage my lust for teenage cock and cum. With Ed out of town so much, we agreed that Josh would sleep with me in my bed when his father wasn't home, and we always had a lot of oral sex and fucked at least once every night. I would also continue to be my Mystique persona and attend any of the parties with Josh and his friends when the parents weren't home, and fuck all of the boys. But I would always wear my mask, and no one would know that I was really Josh's Mom. Finally, Josh liked the idea of me helping out Coach Reynolds and fucking the senior football players, and I continued that long after Josh went away to college.

We tried to keep all of my activities as Mystique fucking the boys a secret, but as you might guess, some of the boys talked and I soon became a folk hero in our small town, even though Josh was the

only one who knew who I was. I even heard some of my lady friends talking about the mysterious woman who was fucking the boys, and some of them even seemed a little jealous of Mystique. Some people eventually found out who I was, but they weren't from our town and it was never a problem for me.

I was visiting Josh at his college on a parent's weekend one time, and of course I took my Mystique costume along just in case. Josh had joined a fraternity, and for his initiation he agreed to supply the sexual entertainment for his friends. I arrived as Mystique and was fucking at least two dozen boys at their party. But when Josh took his turn between my legs, he was fucking me hard and about to cum when he shouted out, "Oh fuck Mom, I love you and your pussy so much."

His friends at the fraternity then knew that I was Mystique, and that led to many happy visits to see Josh and entertain his friends at college. I enjoyed my life, getting all of the young cock I could handle, and I had to thank Mystique for making it all possible for me.
