“What the hell is going on here?” daddy asked.

Rob almost passed out from all the excitement happening at once. Poor Rob, he couldn't stop cumming and he finished as our dad stood in the door way and watched. I could tell that my father wasn't mad but more confused than anything.

“Rob, honey, can you give me and dad some privacy?”

Rob just nodded and got up. His clothes were in his room so he had to squeak past dad totally naked. Once he was past dad looked at my naked body revealed to him and he started to blush.

“Shouldn't you cover yourself up, princess?” he asked.

The covers were on the floor and I didn't want to cover up so I pretended not to hear him. I patted the bed beside me and dad came over and sat down. He was trying so hard not to look at me but he wasn't doing a good job of it. His eyes kept stealing glances at my nakedness.

“How long has this been going on?”

“Over two months now, daddy,” I said and placed a finger on his leg and made a circular movement with it.

“Why did you want me to come home for lunch if you two were having sex? I mean, it's almost like you wanted me to catch you.” It was then it hit him. He seemed stunned for a moment. “Why did you want me to catch you?”

“Well, daddy, Rob is leaving tomorrow and I have gotten used to getting laid every day,” I started to give him my pouty look, “so I was thinking I needed someone to replace him.” I started running my finger up and down his leg. Dad was starting opening at my body now.

“Uh...princess...I’m not so sure about this.”

“I love you, daddy, and I know mom doesn’t take care of you like she should. Besides, I’m going to have sex, if not with you, who I really want to have sex with, then with some stupid school boy who will only brag to his friends and make me look like a whore to the whole school.” I took dad’s hand in mine and brought it down to my breast. He didn’t resist and gently started to feel me up.

“I couldn’t stand it if people thought you were a whore, princess.”

“I can be your whore, daddy,” I said and started to remove his shirt. Dad’s resistance was gone now. I took off his shirt and undid his belt buckle. Dad stood up and removed his pants and boxers together. When he rose back up I saw his cock for the first time. It was longer and bigger around than Rob’s. I got up on my hands and knees and crawled over to the edge of the bed. I wasted no time in getting daddy’s cock in my mouth. It was amazing. The only thing better than sucking off your brother is sucking off your dad.

After a few minutes he pulled me up. The look in his eyes told me he needed to be inside my pussy. I couldn’t wait. I lay on my back and spread my legs for him.

“Do you need a condom, daddy?”

“No, princess, but before we go any further you need to know something. Daddy doesn’t use condoms and daddy doesn’t pull out either. So if you are not on the pill this is your last chance to back out.”

The thought of daddy’s cum filling my young fertile womb made me hotter than ever. I didn’t say a word but instead I reached up and grabbed his arms and pulled him on top of me. Dad kept his hands around my back and slid his cock into me. I was so wet it slid in easily. His cock was bigger than Rob’s and it stretched me to my limits. I love it.

He pulled back to where he was almost out completely and then drove himself back inside me. He stared into my eyes the entire time. Daddy’s cock felt so good, I knew this was something that was going to last a lifetime. I also knew daddy hadn’t had sex in a while and I wanted to make sure he enjoyed this. I ran my hands up and down his back and squeezed his ass. Dad was only forty years old and still looked great. I kissed his neck and chest while he pounded his cock into me.

After several minutes he picked up the pace and I could feel his cock growing bigger inside me. I wanted to make him cum hard and I knew exactly what to do.

“Daddy, I’m not on the pill and I’m very fertile right now,” I said. “Knock me up, daddy. Put your baby inside me.”

With that daddy tensed up and pushed his cock deep inside me and released all his sperm. I could feel daddy’s hot cum shooting in me. Dad kept pushing and thrusting in me to all his cum was spent. He collapsed on top of me and kissed me on the lips. It was the most amazing kiss I had ever had.

“Are you okay, princess?”

“I am now, daddy.”

“You know what this means, don’t you?” he asked. I shook my head, not knowing what he meant.

“You are daddy’s whore now, princess.”

“I’ll always be your whore, daddy.”

Rob was relieved that he wasn’t in trouble like he thought he would be. Mom didn’t get off work until five and between now and then I got Rob to cum twice more, two shy of my goal, and dad went off in me three more times that day.

That was two months ago and I haven’t had another period since then. A lot has happened in those two months. The biggest thing is dad found out mom was having an affair with her boss and they got a quickie divorce. Which is great for me, I get to fuck dad every night without worry. Rob now finds his way home every other weekend which, again, is great for me.

“Princess, Uncle Joe and Uncle Gary are coming over this weekend. I hope you make them feel at home.”
