Kristi and her Dad

Chapter 1;

As Kristi sat in the living room in her dad's roomy house/studio she contemplated her young life, She had just turned nineteen, a full fledged woman and living with her divorced thirty-nine year old father. Her married brother Bob lived in a nearby town with his drop dead gorgeous wife, Chloe. She adored her dad and would do anything for him. She had even had fantasies about him from the time she knew what sex was all about. Her dad was a professional photographer and since she turned fourteen, he would occasionally take her along to assist She would help carry the equipment and load film, and he would even let her take some of the photographs, she liked that When he did sexy girl shoots, she would also tag along to observe, Her dad was always a professional at his job, laughing and joking, but always professional that's why he was the most popular photographer in his part of the state. Models from all over came to him because his photos were always superb. Kristi loved helping him and was so proud when she heard praises of his work Although lately she had felt a tinge of jealousy when some of the beautiful models would flirt with him while wearing skimpy lingerie or real sexy bathing suits, She knew her daddy and knew he would never do anything with any of those girls, If for no other reason, he could jeopardize his career, which he spent the last 20 years building, And Tom, he loved his only daughter. She was *his* pride and joy, at just over five foot seven and one hundred and twenty pounds, Strawberry blond with a flawlessly beautiful face; she sported a pair of high firm breasts that every boy in her high school had tried to get to. Along with these perfectly rounded breasts (with upturned nipples) came a just as firm ass and long legs that any showgirl would kill for. And He knew it, and made sure Kristi knew what to look out for in these boys,

Kristi was waiting for Chad, her date this evening, She wasn't looking forward to it because she knew it would go just like most dates with boys her own age, After taking her to dinner and a movie, he would figure that he paid for a trip to the pleasure chest. Kristi wound up hating these dates because she never got to see a whole movie, She usually ended up removing what seemed like hundreds of hands from roving over her luscious breasts and creeping up her smooth thighs to her new silk French cut panties, Chad was a nice boy, but just that, a boy,

It wasn't that Kristi was cold or not interested in sex, she definitely was not a prude having lost several types of virginity quite a while ago at a party her friend was giving, She could remember it like it was just yesterday when in fact it was almost a whole year ago. Kristi had just graduated from high school and also turned eighteen and was at the party with Amy and Bobbi-Jo, flirting with the captain and star quarterback of the football team. Everyone there was drinking beer and having a good time dancing and kissing and Kristi was not to be left out of the fun. After her third, or was it her fourth beer, she decided that it was time to find out if Todd, the star quarterback was as good with his hands off the field as he was on. She had been not so innocently flirting and teasing him for about an hour by breathing on his neck and rubbing his leg, stopping just below a very large bulge. Now the time for teasing was *over*. She walked over to him and suggested they take a little walk by the pool. Todd looked over at his beautiful teenager and casually put his arm around her, lightly brushing over her right breast. Together they walked out the pool area and over to one of the comfortable reclining lounge chairs. Todd sat on the cushion and gently pulled Kristi onto his lap. She willingly sat on his lap and wiggled her cute, firm and round ass over the ever growing bulge between his legs, Todd had no trouble reading her message as he reached around her firm flat tummy and reached into the sweater and up to her breasts, The first touch of the boy's hands sent shivers up Kristi's spine and the proof was the stiff nipples that protruded into the material of the sweater. With a swift smooth movement, Todd lifted the sweater over her head and casually dropped it to the ground, Turning Kristi around in his lap; he fastened his lips to the first and nearest nipple. This action immediately caused her pussy to melt, sending her syrupy fluids right through her panties. As Todd's free hand reached up her skirt and past the edge of her panties, all Kristi could think of was seeing and hold her first real cock, Up to this point, all she had to relieve her sexual frustrations was a rubber cock that her friend had given her. In the flurry of her new found passion, she reached down and unbuckled the boy's belt, yanking down the zipper and fishing for the cause of her curiosi- ty. As she pulled Todd's cock out of his pants she noticed that is was really only semi-hard and about five inches long. After she pulled it all the way out, she began to experiment with her hands and found that within seconds it grew harder and longer. It was all of a sudden over seven inches long and a full two inches around. All of a sudden, Kristi got a little nervous and wondered how she was to fit this piece of meat into her tiny honey-coated slit. Not quite sure of what to do next, Todd suggested she move down a little and touch the tip of his hard missile with her tongue. Kristi had heard of blow jobs from her friends and had even practiced with the lifelike dildo. Now she had the real thing in front of her hot young mouth. Very carefully, she moved her face toward the cause of her own wetness and slowly, tasting the pre-cum and feeling the texture of the teenage boy's cock lowered her open, hot, wet mouth over the cock head. Upon the first taste, Kristi knew she would enjoy this type of moment forever. Although tech-nically, this was her first blowjob, she had tried different techniques on the dildo she kept hidden in her bedroom; looking forward to the day she had a real cock to tryout. She tried applying suction and found this drove Todd right out of his mind. Kristi could tell Todd was enjoying her first attempt a sucking cock by the moans and hip action he was providing. Every time she lowered her head onto the hard cock, he would react by pushing her head down and at the same time thrust his hips up to force more and more of his cock into her mouth. After about five minutes, she knew some-thing was happening because his breathing was becoming erratic and he was applying more pres-sure to the back of her head. All of a sudden, and without warning Todd Screamed---"I'M COMMMMMMING" and let loose with a barrage of cum that almost took off the back of the novice cock suckers head,

Almost in a panic and not expecting the results of her expert blow job, the barely nineteen year old started swallowing, and swallowing, and swallowing, She thought it would never end, and judging by the pleasant taste, that wasn't a bad thing, When the eruption was over and the football stars cock had softened slightly, Kristi lifted her head to Todd's satisfied smile, She thought to herself that this was good!! And wondered what would be next. After all, she had just given her fellow former high school senior a wonderful, complete blow job. Not to mention the fact that the entire time he was playing with her very hot, very wet, and very ready pussy. Now it was her turn, and she was ready to rumble, All of a sudden, she heard some commotion around her and with a start, turned around towards the house. To her horror, there stood three more of her fellow students, also members of the football squad and friends of Todd. They had heard Todd's scream of ecstasy and came out to see what the commotion was about. Although they only saw about a minutes worth of action, they had seen enough. What he knew was that in front of them stood one of the cutest girls in their class, almost completely naked and in an aggravated state of horniness, Kristi didn't know what to do and started crying into Todd's broad shoulders, she didn't want a reputation of being easy or being a whore or anything like that, she was a good girl and only got curious after drinking, Todd and the other boys surrounded her and comforted her, assuring her that they would never tell any-one what they had seen if she would be nice to them too.

Todd suggested they move inside the nearby pool house so no one else would catch them. Kristi felt a little weak, so a couple of the newcomers gently picked her up and carried her into the nearby structure. Once inside, they placed her on the day bed that occupied *the* center of the room. Todd's cock was at half mast, after all, he had just given her a massive amount of cum, so he acted as co-coordinator of the upcoming event Kristi sat and watched as the other three boys quickly removed their shirts and pants. After removing their shorts, Kristi took a good long look at the objects of desire on each of the boy's and almost fainted when she realized what was imminent. Out of the four, Todd, was second largest Gary, a junior had the body of someone who obviously works out a lot, and a nice cock to boot. About six inches long and not quite as big around as Todd's was. Jack's was about six inches long also but very thin and had a funny curve to it that pointed up in the air when he was hard, and he was very hard. Jim-----now this made her blush and lose her breath. Jim stands about six foot three and about two hundred and fifty pounds. He doesn't have an ounce of fat and Kristi has always had a crush on him. Looking below his handsome face and muscular body, Kristi saw what she thought was a baseball bat. Ten inches long and it looked to be three across; she wondered how he could walk without falling over. The feeling of being scared was back, this cock could kill a horse, what the hell was she supposed to do with it. This would be a definite challenge, one she was up for. The more she looked at the array of cocks, the hotter she got "I want cock, lots of cock. Gimme cock" she cried, losing all senses and not caring who was first. Although she hoped Jim would be gentle, and she really wanted to try him, he still made her a little nervous. She decided this is the cock to break her cherry, before she could really say anything; Gary walked over to her and wagged his impressive boner in front of her mouth. She tentatively stuck out her tongue and started to lick up and down the underside and all around the head. Gary moaned with pleasure" While this was going on, Jack stepped up and took one of her hard nipples in his mouth while he stroked his cock Kristi's found

and replaced his hand with hers and helped him jerk off. Todd was enjoying just sitting back and watching the action take place, his impressive dick almost back at the ready, he figured to just relax and watch--for a while. Jim stood in front of the girl and removed the wet, sticky panties from the girl's long firm legs. While she was enjoying sucking Gary off and jerking off Jack's cock, she still hadn't gotten any personal pleasure for herself. Jim was about to change all that He grabbed a loose pillow and tossed it on the floor before the hot horny girl. Kneeling down, he reached over and spread the lips of her sweet smelling pussy. He found that her pussy was baby smooth except for a narrow patch of very soft reddish blonde hair. With one finger, he gently reached right into her hot love box and without so much as a how-do-you-do, Kristi's body stiffened and she screamed in orgasmic delights---no small feat with six inches of very hard cock in your mouth. With her first real man caused cum out of *the way*, Kristi made it known she wanted more. She started sucking; varying between Gary and Jack's cock like a real slut Todd stepped over to her and got into the action by straddling her tummy and sticking his cock between her firm milky white tits. By this time, Jim was gently licking the inside and outside of the girl's pussy, enjoying the flavor of woman cum. Like a little cock, his tongue stabbed in and out of her pussy and then started flicking back and forth on her little clit. As soon as he found her clit, another climax hit Kristi and she thought she would die right there, right then, and she didn't care. This was amazing and it wasn't even over. Jim was sucking her pussy like a madman, not even lifting his head to breath. Todd was fucking her tits like there was no tomorrow and Jack and Gary was taking turns in that delicious mouth. All of a sudden Jack yelled and stuck his skinny, spit coated prick in Kristi's mouth as he shot a load of cum that made him go weak in the knees. He stumbled backwards and landed on a chair totally exhausted. Kristi drank his cum greedily, noting it had a ropy, salty taste, but still good to the last drop. As soon as he had finished, it was like a chain reaction. No sooner has she finished gulping Jack's slime than Gary groaned and shot his load, hitting Kristi all over the face and chest. Gobs of cum now sat over her cheeks, neck and tits, where, by the way, Todd was about to send another load, ---Jim was still enjoying his oral manipulations on the girl who has now worked herself into a sexual frenzy. With a mighty "ARGHHHHHHHHH!!!!" Todd let loose with his massive cannon of cum. Kristi caught as much of it as she could in her mouth), but there was too much, too fast. Cum was everywhere, and she still wasn't finished. Jim's tongue had worked her into a state she had never knew existed, much less ever dreamt about She looked down at his handsome boyish smile and simply said "Fuck me Please. I need it now, I can't stand it. I want you to be the first NownownowNOW." With that, Jim stood between her legs. Before doing anything else, he wiped about a gallon of cum off her face and bent down and kissed her. Then he ever so gently eased the tip of his ten inch cherry popping weapon into the opening of her steamy wet pussy. With as much control as he could muster, and he really had to control the urge to simply ram the monster to the hilt, he entered her. First two inches and all of the boys present witnessed her eyes grow to the point that they thought they would pop out of her head. "Oh God , I don't know about this" she cried, maybe we should wait a little while. Please wait, Oh God" -another inch or two went in-Jim now oblivious to her new found fear. "Please-Please wait a minute" she cried and caught his attention by reaching over and pinching his nipple, Jim stopped dead. Not proceeding, but not backing out either. "Relax" he said, using a very calm and reassuring tone, "It will only hurt if you let it", slowly, he proceeded. He felt the membrane that was about to burst still with control, but anxiously, Jim pushed hard with another two inches, feeling the thin membrane making up her cherry burst. A warm flood of fluid swept over his cock and once again he stopped. Kristi let out a low yelp of pain and then went limp. She sobbed weakly and told Jim to keep going, determined to finish what she started. Jim

started pumping in and out of her newly womanized pussy, first slow: then fast to help the girl get use to the fucking she was getting. Within a minute the pain was gone and was being replaced by pleasure, lots of pleasure. She immediately determined that she liked what was happening to her. She liked it a lot. Her pussy was leaking and bubbling like a geyser, she was in an almost constant state of orgasm. "More Jim, give me more of your cock, I want it all, shove it in". With a mighty thrust, Jim shove his entire telephone pole hard cock as far as he could, not stopping until his balls were slapping against her ass, Like a locomotive, Jim pummeled her insatiable sex hole, reacting to the sexual frenzy which was at this point, unbelievable. Down in the recesses of his balls; Jim knew his time was coming, and he was determined to give Kristi the most intense orgasm of her life before he did. He all of a sudden started to move his buried cock in circles and up and down, all kinds of movements until he found what he was looking for Her G-Spot The elusive little spot that drives all women over the top. He found it and when he did, they could (lave heard her scream in the next town, Her orgasm hit so hard, she thought she was having a heart attack, and she didn't care, with that reaction, Jim couldn't hold off any longer, so with one final lunge he started squirting his love juice first inside her sopping wet steaming pussy, and then outside, ail over her tummy, ass, legs, and tits, As Jim moved away from the cum loaded girl, Kristi sat up and leaned over to him, not hesitating to take his still half hard cock into her tired but willing mouth. She could taste the mix of Jim's and her own cock, and just wanted to make sure she got all there was to offer from the strapping youth. After sucking as much of his massive meat as she could, she was rewarded with a small, but flavorful additional load of his offering. She swallowed what he gave her and collapsed back on the lounge, exhausted. There was cum everywhere. After this ordeal, everyone was totally exhausted, not to mention sweaty and all of them reeked of the smell of sex. They couldn't go back to the party like this, so they grabbed some bathing suits and jumped in the pool to freshen up and so ended the initiation to sex for Kristi. And no one else would know- Or would they.

End Chapter 1:

Chapter 2

So, Anyway-Here she was, sitting in the living room waiting for her date with Chad, but in reality she was thinking of someone else, Her brain knew that she shouldn't be thinking of her father In this way, but she loved him and couldn't help herself,

She started thinking of last night, when she got home from her college cheerleading practice She was suppose to spend the night at Barbi's house with some of the other girl's to practice cheers and gossip, but at the last minute decided to go home and get a good night's sleep. She knew her dad

had a date with a new girlfriend and would probably be out late, so when she got home at Ten O'clock, she was surprised to see his new four by four in the driveway. She also didn't recognize the sports car in the driveway. She quietly entered the house and immediately heard noises from upstairs. She went into the living room and turned on the TV, but the noises she heard from Dad's bedroom began to affect her in strange ways. All of a sudden, she felt tingling between her legs, followed by a definite wet spot in her panties. She sat there trying to ignore it, but it was pretty obvious that the feelings weren't going to go away.

Since she couldn't concentrate on the television, she decided to check out what the noises were all about. She slipped off her shoes and tiptoed up the stairs, stopping just outside of *her* father's bedroom door. She really didn't have to be as quiet as she was, because with all the activity going on in the bedroom, they probably wouldn't have heard an atomic explosion. Kristi could feel! *The* color of her cheeks going flush and felt her breath quicken as she heard what was quite obviously a very active sex scene just beyond the rattling door. .

Tom and his date, Beth were indeed having a good time and the possibility of them hearing Kristi was greatly diminished by the fact that they were currently engaged in a lustfully intense sixty-nine. Their date started innocently enough with a home cooked meal and a good bottle of wine. After dinner, they settled in on watching a little TV and some conversation. The conversation soon turned to sex, with Michele jokingly harassing Tom about the fun he must have with his models, posing various parts of their bodies and so on. Within minutes, she leaned over and whispered to Tom that he could pose her if he wanted to. The hot breath and teasing tongue of this gorgeous woman was sending definite signals to him, Tom smiled and took her by the hand, telling her that he had a better idea. He led her upstairs to the bedroom where he gently pulled her to *and she* melted as their lips met in a soulful, deep knee weakening kiss. Michele's 34C firm breasts pressed against Tom's muscular chest and he could feel her nipples harden, even through her bra. Before he knew what was happening, Michele had unbuttoned his shirt and was slithering down on her knees in front of him. She gasped when she looked into the front of his jeans at the size of the bulge under the stressed out zipper. Without a word, she unbuckled his belt and pulled down his zipper, exposing an extremely large bulge covered only by the silk boxers he was wearing, getting hotter and hotter Michele started licking and sucking his steel hard cock through the soft silk, the heat of her mouth going through him like an electric jolt. Moaning loudly, Tom couldn't believe the involuntary reaction to her teasing mouth. Normally a very cool and calm man, He just wanted to grab the back of her head and shove eight inches of steel into her throat. With one hand, she began reeling the massive set of balls hanging under his cock. All the while she was teasing him, he couldn't even move, the feeling being like nothing he had ever felt before, Michele couldn't stand the wait any longer with her free hand she began fishing the 8" long, 2-1/2" diameter cock out of his shorts. As soon as he was free of his clothing. She took the purple headed prick into her hot, ready mouth. Tom yelled in immediate pleasure, and at this point, his nineteen year old college daughter couldn't stand listening through the door without seeing what was going on, Quietly she turned the doorknob of her father's bedroom door and inched it open just enough to see the king size bed, What she saw made her gasp almost loudly and she didn't want the participants to hear her. She also couldn't help but reaching up under her skirt and into her panties to

feel tier extremely wet, young pussy There was also no problem as she found her little clit, already stiff with anticipation of relief by her own hand, In the room she watched as her dad's date knelt in front of him, Michele and Tom were obvious to their new audience, and even if they knew, it was doubtful they could stop the activity. Michele was licking the hard cock all over, concentrating mainly on the head and quickly felt drops of pre-cum leaking out of the more than ample mouth-filling Purple-headed warrior. Almost painfully slow, Tom felt her take his now hurting cock deeper and deeper into the moist cavern, feeling her tongue circle the head and the underside of his pleasure center.

He still doesn't know how she did it, but somehow the sucking machine named Beth had managed to take his entire cock into her mouth, He felt the tip of the head reach right into her throat and she didn't even gag, He was now taking control of the situation and wanted to show her how much he appreciated her obvious talents, Without losing a stroke, Tom slid the girl onto the bed and was able to turn himself around so his mouth was directly under her overheated, wet pussy. Michele felt the movements but didn't really pay attention, her mouth filled to overflowing with the giant cock. She loved to suck cock, and this one was a real challenge, She really didn't care if she was sucking on a small one, big one, thin one, or fat one, as long as it 'was willing and able to slide into her mouth. Of course she loved to fuck too, but sucking on cocks, sometimes more than one at a time, was her favorite, With Tom on top of her, he could not fuck her mouth like a pussy and they both liked that. As soon as his dick started sliding in and out like that it felt like he grew another two inches, Both Tom and Michele knew he wouldn't last much longer, and Tom wasn't through with her. He quickly flipped up the short skirt she had worn and found that he didn't have to worry about trying to remove pantyhose, because she had worn a very sexy pair of thigh high stockings with lace tops" Tom liked that. He also liked the very sheer silk panties that she was wearing, He immediately notices a very large wet spot on her panties, right between her legs, He bent over the spot and took, a deep breath, He loved the smell of a woman in heat. Tom started licking and sucking at her pussy right through her panties and Michele went crazy, coming without him even entering her, With his teeth, he moved the panties aside and started licking at his object of desire and her needs" As soon as his tongue entered her steamy love slit, She screamed In orgasm. Tom smiled because his favorite was also oral and he loved it when a woman responded like this, He placed his mouth over her entire pussy and seemed to be sucking the life out of her, all the while reminding that his cock was about to burst Sure enough, thirty seconds later, they both felt his cock swell even more and then burst. To Tom, it felt like a golf ball went through a garden hose, he kept spewing love juice down her throat To Michele, it tasted like a glass of fine wine, just sweet enough, and not too tart He shot like a cannon into her throat and she swallowed as much as possible, but she could only hold so much at a time a little leaked past her tongue and out of her mouth, Not one to waste, she scooped the remaining cum and licked it like ice cream, All she needed was his cum and she was herself ready. Tom kept on licking and sucking on her overflowing pussy and soon after he came, felt her thighs tense and her breath quicken. With an intensity that could be recorded on the Richter scale, she came and actually shot a stream of woman cum into Tom's mouth. Neither she nor he had ever experienced that phenomenon but they both enjoyed it. Jim found that he really enjoyed the taste of female ejaculate and looked forward to tasting more in the future.

The sight and sounds of Kristi's dad coming so violently in Michele's mouth was too much for the teenager, As soon as her Dad and the girl carne, she began to shake and almost lost consciousness with the intensity of her own cum. She had to back away from the door, knowing that if 811e had stayed there, she would have surely been discovered, and was fairly certain that would not have gone over well with her daddy, She almost laughingly imagined him discovering his little girl in this position and taking her over his knee, pulling up her skirt to give her a 'Nell deserved spanking, and finding her panties soaking wet from her enormous self inflicted cum Actually, the more she thought about this scenario, the hornier she got She always loved her daddy and seeing him in this new light started to give her some very different ideas about how much she loves him.

Meanwhile, back in the bedroom, with all of the heat and passion that was being generated between the two of them, both Tom and Michele knew they weren't done yet. Without losing a beat, Torn turned around and positioned his still hard cock directly in front of her seething pussy, Almost like a vacuum cleaner, his cock seemed to be sucked right into the depths of her womb. She screamed as he grunted and cried "OH **JESUS** you're so fuckin' tight." "Give it **to** me", Michele cried as Tom lunged with all his might He felt he pussy lips give way and envelope his engorged muscle with renewed strength and the stamina of a bull in heat, Tom slid easily in and out of Michele's greedy pussy. It seemed to both of them that the cock sliding in and out of her was going all the way up to her throat, and they both were in a heated frenzy that couldn't be stopped in any event. After about five minutes and at the pace of a speeding train, Tom and Michele both felt the imminent. In unison, the both yelled at the top of their lungs and came together. Torrents of cum Shot out of the hard prick, first spraying inside of her steaming pussy, and even when he pulled out, still more of the white goo shot all over her flat tummy and hard nipple tits. Michele first felt Tom's scum and then hers mixing and then leaking out of her well satisfied pussy. All the while, Kristi sat outside of the bedroom in awe. Not one to be left out, she once again stuck her hand in her panties and actually came even harder than the first time when she witnessed her dad and the girl coming together

Soon after, Tom rolled off the bell and turning to Michele, told her that he loved her. He then picked her up in his arms and carried her to the adjoining bathroom for a refreshing shower together, At the same time, Kristi snuck away from the door, totally satisfied , weak, and she realized a little jealous, into her bedroom where she fell asleep, dreaming of how to get closer to daddy,

End chapter .2

Chapter 3:

Later that week Tom had a location shoot for a swimsuit manufacturer This particular manufacturer

specialized in bikinis and other sexy types of swimwear obviously made for the girls who had what it takes to be able to wear this type of suit Tom really liked this type of job, and usually had a hard time hiding the fact that he walked around with an almost constant hard on. He would be working with about six models, most of whom he had worked with before. Because it was at school vacation time, Kristi had no problem convincing Tom that she should go with him to assist After all; she had helped him at other times. And besides was in the age and type bracket that the company was marketing for and she would be able to give a firsthand opinion of the suits being modeled

They arrived at the location at 5:30AM because the early morning light was the nicest as far as photographers were concerned. After setting up his lights and reflectors, Tom and Kristi were ready for several hours of photographing some of the most beautiful girls around. When the art director arrived, Tom was told that one of the girls called in sick at the last minute, and they didn't have enough time to fill the now vacant slot Hearing this, Kristi almost jumped out of her chair to volunteer filling in for the missing model. Tom was a little hesitant in allowing his baby girl to model in such skimpy clothing until she reminded him that these were the types of suits she and her friends were wearing all the time. That and the fact that she would be paid a whopping thousand dollars for one day's work. After she slid over to her daddy's side and hugged him, she knew he couldn't refuse her request, and she was right Tom was a sucker for her hugs and recently noticed that his cock was beginning to react to this very sexy teenager, As a matter of fact, he realized that even at home, he was beginning to react to her body when he saw her walking around in her bath towel or when he caught glimpses of her in her panties and bra while dressing, He was unaware that Kristi planned for him to catch sight of her. He had to constantly remind himself that she was young enough to be, and as a matter of fact indeed was, his daughter and these thoughts had no place in his mind.

The model director took all the girls to the changing area and in about ten minutes, they started filing out. Most of the guys on the set almost stopped breathing when they caught sight of the girls, each one more striking than the last. The first two models were Debbi and Anji. Debbi was about 5'7", long blonde hair with legs to match and a firm round ass. Anji stood at 5'9" with short chestnut hair and tits that would have given a hard on to a dead man, He worked quickly while sporting a hardon of his own, but remained totally professional Tom's policy was to have an assistant at all sessions, especially if working with females, That didn't mean he didn't want to get his hands on them, he just tried to put business before pleasure, The girls he worked with always appreciated his professionalism, but also were attracted to his rugged good looks and personality More than once, after the photographic sessions, models would ask Tom out for a drink and Whatever, and usually none were disappointed in the outcome,

After photographing Debbi and Anji and then Naomi and Stacey, who were every bit as gorgeous as the first two, Tom had a hard on that he was having trouble hiding, The last two models were Suzy and of course, Kristi He worked quickly with Suzy because first the morning light was beginning to fade and the hot sun would soon be upon them causing unwanted harshness and shadows in the pictures, Secondly, he wanted to finish because he was extremely horny after looking at these

gorgeous almost naked women and wanted to get home to Michele, He was saving his daughters photographs for last simply for the reason he could let down his guard because after all, he was photographing his daughter and how much trouble could he get in taking pictures of his own flesh and blood,

Unfortunately, Tom hadn't seen Kristi in a two piece bathing suit in a long time, He didn't realize how much she had grown into a woman in the last couple of years, Kristi, and like the other models had been able to choose their bathing suit she wanted to model. After looking through all of the different styles, she chose a pure white silk top that barely covered her nipples and a bottom that caused her to shave to show some of the hair around her mound, with a thong back, When Tom saw her in the suit, he almost died, At first he didn't realize it was his own daughter and his cock grew at the sight of his absolutely beautiful girl. When he realized it was Kristi he quickly composed himself as best as he could to finish the job he had, Kristi glanced down at the front of her father's tight jeans and smiled when she saw the reaction her father had to her appearance, This is the reaction she wanted, and helped her to convince herself that he would not be as difficult to seduce as she had thought

It took Tom a couple of minutes to compose himself and he had to try harder than ever to keep the lovely sight out of his mind, It took another two minutes to realize that he couldn't keep from looking or thinking about the nineteen year old beauty in front of him, She stood there almost naked, body glistening with the oil the art director spread over her already tanned body, Even when he was looking at her, he could have sworn that his daughter was flirting with him, He was cursing himself for even thinking about those things and proceeded to continue with the job at hand

Tom took one of his cameras and started photographing the young Kristi in earnest. He soon found that she took directions like a pro and knew by looking through his camera that these would be the hottest photographs of the day, After watching her dad, Kristi had a pretty good Idea on how to pose and position herself to show off the suit, and her body, She also knew that all the men watching were almost drooling at how she looked. She liked the reactions from the guys, especially the involuntary one from her father He photographed her in several poses, and even had her pose lying in the water and let the waves wash over her body. It was so hot a photograph that Tom discovered that he had started to cum in his pants, Kristi noticed it too, and just by looking at that she started to cum herself... When he finished that sequence, Kristi stood up and everyone discovered that the skimpy bikini turns almost transparent when wet. Tom got a bird's eye view of first her hard dark nipples, and then the slit he decided he would like to devour.

Because she was the last to be photographed, Kristi decided to take a shower in the cabana. Just about everyone else had left by the time she got out and she found her dad sitting in the room feet up and drinking a cold soda. She came out of the bathroom wrapped in a towel that covered almost as

little as the bathing suit she modeled. The sight of him startled her a little and in surprise, she dropped the towel, Dad looked up in surprise and gasped at the sight of her father staring hard at her hard firm body, Tom blushed and stammered his apologies as he tried to stand up and leave, Kristi quickly regained her composure and insisted he stay right there and relax, After all he had seen her naked when she was a baby and growing up and besides, he had worked very hard under grueling circumstances and needed to relieve the stress. I have an idea, she said to dad after she had rewrapped the towel around herself. She walked behind him and started to rub his shoulders and back.

Tom sighed in pleasure, giving into the relaxing feelings of her long fingers and the fantastic rubbing of her digital manipulations, He immediately began to relax and forgot all about the feelings he had discovered earlier. He didn't even give it a thought when she reached around and unbuttoned his shirt, explaining that it would be even nicer rubbing against his skin. Since the session was over, all the other models and staff had left, leaving only Kristi and her dad at the isolated beach house, It had been rented for the week and Kristi knew no one else would be around until the following days scheduled shoot She knew it would be now or never to institute her devious plan,

She continued massaging his back and innocently suggested that he move over to the bed where she could get to his whole back, Tom didn't think anything of it because she had given him many massages before to help him relax after a long day in the camera room, He moved groggily over to the bed and flopped down on his back. Kristi made a move before he had a chance to roll over. She jumped on top of him, straddling his mid section and started innocently rubbing his manly, muscular chest and arms. She reached over to the table and took the bottle of baby oil. The massage was so relaxing that Tom fell asleep within minutes, Kristi noticed while rubbing him down that the bulge in his jeans kept growing. She also noticed that the spot between her legs got wetter and wetter... She was enjoying just sitting there over his hard encased cock and rubbing her ready pussy over the huge lump, but figured it was time for more, she got up and knelt down next to the bed, not wanting to wake up her dad, she gently unbuckled her dad's belt and unbuttoned his jeans Then, with the skill of a safe cracker, she slowly started to pull down the zipper that was holding back the item she longed to touch. Her breathing sped up and she could feel her pulse race as she came closer and closer to freeing the massive piece of manhood. Finally, the zipper was all the way down and she felt the need to lean over and simply smell the hardened love rod. The aroma was overwhelming and after looking up to make sure he was still asleep, she reached over and licked the prick through his underwear. She shivered with anticipation as she then reached over and ever so gently pulled down the top of his ever tightening boxers... There it was, finally, the purple colored knob stuck out, leaking like a faucet, steaming like a rocket ready to fire. Not being able to control herself any longer, Kristi reached down and licked the tight skin covering the hard cock. Tom let out a moan as she swirled her tongue all over the tip of the cock, then working down as far as she could, stopping where the silk boxers were. At the same time she was working on his cock, she was also stuffing two fingers in her own ready pussy, She knew she wouldn't last long, and wanted to enjoy her father's cum bath before she finished. Slowly, like a surgeon, she managed to work the pants down a little farther, allowing her to now get to his entire length and even his huge set of balls, Tom was starting to stir and moan, after

an, who could sleep under these circumstances. Kristi didn't care anymore; she had to have this cock. She quickly dropped the towel that was just hanging anyway and moved in right between his legs. Lovingly, she leaned down and took the hard prick into her mouth, gobbling an inch at a time, enjoying it like she was sucking a lollipop. She also reached down and felt the soft sac under the pistoning cock. She could feel the tiny eggs inside contract and expand with each suck, Tom's groaning was growing louder and Kristi knew he would soon be fully awake and probably would be very upset. She knew at this point, she couldn't stop and figured if she was going to get into trouble, she might as well go all the way... Quickly, she moved around so her sopping wet pussy was directly over her victim's face ... She had a plan to take care of his complaints, She hoped it would work, because if it didn't, she also knew that she would probably have to live somewhere else.

She didn't have long to wait, because the pleasure was just too much for Tom to bear, at least while asleep. As he opened up his eyes after the relaxing nap, *he* was greeted with the sight of soft curly blonde pubic hair. A funny thing happens when you wake up to an amazing hot blow job. You tend not to think about who, just about the amazing pleasure. Without thinking, he simply stuck out his tongue and started returning the oral pleasures he was receiving. Tom stabbed his tongue into the mysterious sweet smelling pussy and reached out to the pair of firm tits that were bouncing off his chest Taking the very hard nipples, *he* started to rub both of them in his fingers, it didn't even take thirty seconds for Kristi to flood his face with her cum, She never missed a beat of her sword swallowing and when she screamed in orgasm, she kept the cock all the way in her mouth, Torn had never felt anything like this in his life, with his cock all the way down her throat, the vibrations of her deep throat screaming set him off like a rocket He sent four full shots of cum down her throat and then collapsed under her.

The two of them stayed like that for a full five minutes before either of them had the strength to move. Only after Tom started to come down to Earth did he start to realize that something was not right. Trying to piece together what had just happened, he suddenly thought of where he was, and who the only other person in the room with him had been. With sudden fear and confusion, he rolled the nineteen year old off him and jumped off the bed like he had just been bitten by a snake, He looked at his daughter lying on the bed like what had just happened was not out of the ordinary, He started yelling and rambling things like "What have I done" and "I just made love to my daughter" when Kristi jumped up and hugged him, telling him it was alright. Her dad was very confused and just hugged her back, telling her that he was sorry and he felt so ashamed, Kristi laughed and said, look at me, does it look like I didn't want what just happened, or what is about to happen, Tom looked at her puzzled as she got back down on her knees and put his now deflated cock in her mouth, Tom sputtered and tried to pull her off him. But for all his strength he couldn't budge the girl. Kristi kept the now hardening cock all the way in her mouth, sucking it like it was giving her life, just as it had nineteen years ago, Tom's brain went into overtime, giving in to the fact that his daughter was giving him a second blow job, and that it was even more intense than the first. Kristi took her mouth of the steaming log just long enough to look up at Tom and say "You want this as much as I do Daddy, I Love you," That was the breaking point for Tom, He gently lifted the sexy, willing young girl up and carried her to the bed. He knew it was wrong, but his brain wasn't allowing him to think anymore about the possible

consequences, As he laid her down, Kristi looked back up at him, smiling and said "I need you now Daddy, Please Fuck me." Tom's cock got so hard upon hearing that that it hurt. It had never been this hard, and he could swear that it even got longer. Kristi reached down and took hold of the hardened piece and guided it into her waiting, steaming pussy. When she first saw the approaching cock, she gasped at the size. She had taken on a large prick before, but it had been a while, thinking back to her experience with Jim the year before. For the briefest of seconds, she had second thought whether she could accommodate such a beautiful prick, but the lust and need was too great. As soon as her daddy's cock touched the lips of her waiting pussy, she could feel the flow of juices wash over the blood-filled cock head, Both Kristi and Tom lost themselves at that moment and Tom took over like a man possessed, He started sliding in and out of the dripping pussy like a man who hadn't eaten in weeks, Kristi's reactions were to yell in pleasure at the top of her lungs. As she got her wits about her, she leaned down and started to bite Tom's hardened nipples, Bolts of electricity went through the madman as he lunged into the young girl, slamming his cock all the way into her and feeling his bails slap against her responding ass, "CUM DADDY, CUM IN MY PUSSY" Kristi yelled passionately as Tom kept up the pace a twenty year old would be proud at'. Tom's body glistened in sweat as he looked down at his little girl and told her he wanted her to cum first. "TOGETHER", she wailed as she felt the first wave of orgasm hit her, Her pussy tightened around his cock like a vise as she dosed her eyes tight and started the most intense cum she had ever felt Tom felt tier cum and his ready prick responded in kind, All of a sudden, with a roar like a hungry bear, Tom let loose With his second major load of sperm in an hour.

Together, their cum juices mixed and seemed to flow unending, Tom's cock started to deflate after the exhausting workout and as they held each other tightly their lips met for a deep loving kiss that said neither one of them was sorry The only thing they didn't count on was the fact that someone had come back to the house ..

Michele had come out to the cabana to surprise Tom and was just outside the patio doors when she heard the unmistakable sounds of sex. She tiptoed into the room and hid behind the curtains and watched and listened in shock to everything that occurred. Shocked and dazed, but, totally mesmerized at the remarkable sight, she knew she couldn't let them know she was there, she just stood there getting very horny, afraid to even touch herself for relief for fear of exposing her voyeurism. She snuck back out the door and very hurried to her car where she stuck her hand into her panties and reliving the sights and sounds she had just witnessed, brought herself off in minutes.

After flooding over her own fingers; she had to laugh because something that really turned her on was multiple partners, especially when the third was a female, Tile thought of having Tom and his daughter sent her mind reeling, and her pussy started to spasm making her feel especially nasty, and she couldn't wait until it became a reality.

Things around the house for the next couple of days were quiet with Tom throwing himself into his

work, trying not to think about the events of the other day. Kristi, on the other hand, could think of nothing else, and was in a constant state of readiness, All she wanted to do was hug and cuddle with daddy and make love all day and night He made her feel like no other could and knew there would be more for the two of them in the future. She was also aware that their special relationship had to remain very quiet, if her mother or anyone else found out about it, Tom would be ruined, and she would have to move out. During this period, Tom tried to hide his feelings, hoping that they could go back to being father and daughter, but realizing that those feelings weren't going to succeed with him or with Kristi. Just last night, he awoke to the unmistakable feeling of a warm soft body next to him and found Kristi cuddled up tight to him, He turned over and gave her a kiss on the forehead before sliding out of bed to the bathroom, where he started to jerk off rather than wake his sleeping princess, In about two minutes, He felt the tightening in his nuts that he knew was the prelude to shooting his load all over the bathroom floor, However, it wasn't to be. As he closed his eyes for the last thirty seconds of his solo sex act, he felt a hand over his and then the warm moist tongue of his little girl. As his cum raced towards the tiny slit on the end of his cock, Kristi removed his hand, saying, "it's mine", and engulfing his entire cock into her warm cavern, Seconds later, Tom and Kristi felt the overflowing stream of cock juice race into her mouth, over her tongue., and into her throat When he was finished, Kristi stood up, shaking her finger at him in mock anger, "There's no need for that any more, young man, anytime you feel the need, you come and see me, Is that understood," With that, Tom laughed and grabbed the teenager, holding her tight and whispering to her "I Love You, Baby, Are you sure you want this .. " She hugged him close, looked at him and sighed. "I have never wanted anything else but this, Daddy,"

After this episode, Tom and Kristi took time and sat to talk about the new twist in their relationship. After much discussion and several reality checks, they agreed that they shouldn't, but would remain lovers, but will also see other people, Tom certainly didn't want to keep Kristi from having her own life, and knew that someday she would find someone to spend her life with. Someone her own age and who could provide a comfortable living and children, Tom actually was looking forward to the time when he could play with his grandchildren, Kristi also realized that her dad might find someone else in his age range to share his life with, and promised him and herself that she wouldn't stop him or get in their way. After all, she wanted her daddy, and her lover to be as happy as possible.

End Chapter 3

Chapter 4

Saturday night was approaching and Tom had worked hard all week. He had several jobs due and had to work sixteen hours a day to make all his deadlines. Kristi had resumed the day life of a nineteen year old, Going to classes and cheerleading practice, hanging out with her friends and such,

At night, rather than party her friends, she would make the excuse that she had to help her father with his jobs. Although she did start the evening helping him sort negatives and photos, she inevitably ended up in a suck and fuck fest, finishing off with a tremendous orgasm and then falling asleep in each other's arms,

On this Saturday night, Michele had arranged to make Tom dinner at his home, with the hopes that Kristi might be there, She had a plan, but was afraid that it might backfire, One of two things would happen, By the end of the evening, either there would be no more relationship with Tom, or there would be a new relationship with all three, She was hoping for the latter. It was all in the timing, she hoped, She started the day by calling Tom on his private line in his office, As soon as Tom answered, she acted like she was one of those sluts on the sex phone services, In her sexiest voice, she told him over and over what she had planned to do to him, even planting the fantasy of him having two beautiful women at the same time. Tom reacted as any normal man would react.

He immediately started dreaming of the possibilities of her sexy conversation and his cock started to grow in his tight jeans. He started to reach down to rub himself off, when she made him promise not to do anything until she got there, Mockingly complaining, he promised to be a good boy and when they hung up, he had to take a cold shower to comply with her demand of no self abuse, He was also glad that Kristi was gone for the day, heading out to the beach with her friends, As he sat back at his editing table, Tom couldn't help but imagining several different scenarios, in one of them, He envisioned Kristi at the beach with her friends, He knew her friends and everyone of them was a knockout. He mentally envisioned Kristi and one of her friends coming home and attacking him unmercifully. He could almost feel their mouths and pussies all over his body, He had to stop thinking like that or he would shoot off without even touching himself. He looked forward to this evening's activities and then went back to work, trying not to think of the activities that were causing his hardening cock to leak in anticipation of Michele's threats and promises.

At about four O'clock, Tom decided to take a shower and relax for a little while before Michele came over. He didn't know what Kristi's plans were for the evening, but assumed that she would be going out with her friends, They had been having sex every day, at least twice a day, and neither one was getting the least bit tired of the other. In fact, their love was growing more and more. Still, the both knew of the need to see others, and amazingly enough, there was no jealousy felt by Kristi when Tom told her that Michele was coming over that night. She had liked Michele from the first time they met, and even felt strangely bonded to her As a matter of fact, when Kristi heard the news, she wondered to herself if she would be able to catch them in the same manner as last time, She also secretly fantasized about walking in on them, wondering what Dad's reaction would be, Kristi got home while her Dad was in the shower and without thinking, decided to surprise him by joining him under the spray of hot water. When she got into the shower, Tom almost jumped out of his skin, He was standing with his hands against the wall, letting the water hit him and cascade over the back of his head and onto his neck, He was daydreaming and didn't hear the horny teenager get in, and when she simply reached around and grabbed his cock, he let out a yell in surprise, He quickly turned

around and was face to face with the firm tits he had been enjoying all week, He smiled and leaned over to give his little girl a kiss that was definitely not fatherly in nature, He then kiddingly yelled at her and told her to get out so 11B could wash up for his date. Kristi answered by taking the soap and lathering up his flat stomach and then his cock and balls, Tom lost all thoughts of throwing her out with this action, Suddenly, Kristi instructed him to turn around so she could wash his back.

When he did, she knelt down, lathered up and totally cleaned out his brown puckering asshole, Tom almost buckled with the feeling of the soapy water and hands sliding all over this very sensitive area. Before he knew it, he felt something other than her hand between the crack; Kristi was now sliding her hot tongue in and out of his ass. Gently rubbing up and down the entire crack and then concentrating just in back of his balls. The activity behind him was definitely having an effect on him; His cock was rising at record rate. Before long, it was at full mast and as he turned around to stop her, she took him deep into her mouth again. One thing about Kristi, she took advantage at every chance. At that point Tom suddenly remembered his promise to Michele and pushed Kristi's head back gently, but firmly. His hard cock popped out of her mouth sounding like a cork on a champagne bottle, He tried to playfully throw her out of the tub and Kristi reacted by lunging at him, actually pinning him against the wall. They laughed as he reached over and pinched her hard nipples. Kristi moaned delight and reached down to grab at his ready manhood, Finally, Tom yelled "Enough, give me a break little girl, or I'll have to spank you," I have to get ready for my date with Michele, so get the hell out of here, you little nymph. Kristi looked up at him and exclaimed "I'm a nymph only for you, daddy dear." As she exited the tub, she reached over and turned off the hot water. Tom yelled in surprise as the previously steamy water suddenly felt like ice, Kristi laughed and ran from the bathroom. Tom finished his shower and proceeded to get dressed for what he thought was a regular evening with his girlfriend,

Kristi did have plans for the evening, She had told her dad that she was going to the movies with some friends, and spending the night at Bobbi-Jo's, she turned and told her dad not to do anything she wouldn't do and went laughing out to her car, Michele was pulling into the driveway just as Kristi was leaving and they each gave a friendly wave to the other. They were also both thinking the same thing "see you later", although neither one knew of the others plans.

Michele grabbed the groceries and her overnight bag and went into the house, where she found him still drying off in the bedroom. She put everything down and ran into the bedroom, charging at Tom like a raging bull, knocking him over onto the bed. Before he even could say a word, she kissed his mouth hard and long, and then just as fast jumped up, gave his unsatisfied hard cock a squeeze and then went merrily on her way into the kitchen. When Tom came out a few minutes later, he slapped her playfully on the ass and reached around grabbing her tits, noticing her nipples were already hard and sensitive. No, she said, maybe later, if you're a good boy. Now get out of here and let me get dinner ready. Scowling and talking to himself, he said he'd be in the garage changing the oil in his

car. As soon as he left, she dashed into the bedroom and stripped off her jeans and blouse to reveal a new pair of silk, crotchless bikini briefs and matching bra. This is the most she planned to wear for the rest of the evening. She proceeded to fix a delicious dinner for the two of them, setting up candles and incense and putting some romantic music on the stereo. When Tom came back in the house and saw what she was wearing, all he could think of was grabbing the sexy sight, throwing her onto the floor and fucking her right then and there. As a matter of fact, that's what he tried to do, Michele felt his strong hands come around her and turning around, hit him with a spatula right in the forehead, not hard, but just to get his attention... Her plan included making him crazy, but not allowing him to complete anything. Tom backed away, not knowing quite what to do, when she walked up to him, placed her hands on his hard cock, and simply told him later. Tom was beside himself with lust, after the episode with Kristi in the shower, he didn't know how much longer he could hold off. If she played this too long, he was afraid he'd be so horny, he'd fuck a watermelon. Michele told him to go into the bedroom and put on the clothes on the bed, Tom walked away shaking his head and picked up the clothes Michele put on the bed, She had bought a pair of silk boxers and a new robe, He slipped off his jeans and briefs, releasing his hard missile, His cock was so hard, it hurt and he was afraid to even touch it for fear he would shoot his cum all over the place. He managed to change his clothes and went out to the living room to try to relax for a while. Michele brought him out a beer and sat on his lap, just to make sure his cock was still hard, Tom felt her hot wet pussy and realized that she was wearing crotchless panties, He reached over to grab her, trying to desperately get some relief for his much teased prick. Not yet, she laughed as she jumped up and went back to the kitchen.

Tom and Michele sat for dinner, but eating food was the furthest thing from Tom's mind. As he glanced over at Michele, he knew that this evening was going to be the hottest he ever had; He was also realizing that *he* was torn between two women. Normally, this could be easily overcome by simply deciding on one, but what do you do when the other woman is your daughter? Even with these mixed up feelings, Tom knew he loved Michele, and hoped that Kristi and she would become close, He had no idea how close either Michele or Kristi planned on getting,

As they finished dinner in record time, both were breathing like they had run a race, Tom looked over at Michele and watched as her pert breasts heaved as she breathed, As he looked down, he could swear that he could see her soft curly pussy hair get wetter and wetter. Michele looked *over* at the bulge in his shorts and knew that tonight would be unforgettable; Tom stood and walked over to Michele, bending down and kissing her gently on the lips. Michele melted with the feeling of love she had for him and just fell into his waiting arms, Tom picked her up and carried her into the bedroom, telling her that he has waited long enough. He gently laid her on the bed and without waiting, put his tongue against her waiting, willing pussy. He could feel her shake and gasp as his tongue entered the lips of her wet pussy; Michele reached down and pulled Tom's face even further into her. She pushed him so far into her that he thought she was trying to push his whole head inside. Within seconds, she burst into her first orgasm and with a scream released a flood of cum into Tom's waiting mouth. It took a couple of minutes for Michele to come back down to Earth. When she did, she pulled Tom on top of her and begged him to stuff her pussy full of his massive cock meat. He was only too happy to oblige her as he slid his once again steel hard prick into her wet sloppy vacuum.

He slid easily into her and because of all the teasing activity he knew he wouldn't last long, He moved in and out of her like a locomotive, thrusting his cock deep into her pussy until he could feel his balls hit against her firm ass, Michele thrust up with each movement to meet his and it seemed that every time he thrust all the way in, she had a mini orgasm As the sweat began to pour off him, he could feel the cum start its journey from his hardened balls.. With a final thrust, he sent the head of his searing prick into her belly, followed by a torrent of cum. It seemed like he came for hours as the fluid kept pulsing through the veins and into the willing Michele. As he started to cum, she wrapped her arms and legs around him and held on for dear life. She could also feel his cock swell just before he came, and that brought another massive cum for her. They both collapsed in a heap, kissing and rubbing each other tenderly, Tom slid down a little and took one of her hard nipples into his mouth, sucking it tenderly. Michele put her hand around the back of his head and held it in place. They loved each other very much and hoped the other felt the same way.

While all this was going on Kristi and her date Jim had come home from dinner, Kristi told Jim that she had forgotten something and just wanted to run in and get it. She had hoped that what she would get was another view of the other day. When they got to the house, Kristi invited Jim in, telling him she wanted him to meet her dad. He readily agreed, not suspecting anything else and they both walked up to the house, Kristi told him she forgot her key and they should go to the back door. When they got to the patio doors, they both heard the unmistakable noises of passion, Jim started to blush and suggested they leave the introductions until another time, Kristi turned to him and grabbed his cock through his jeans, The enlarging bulge told her his suggestion was out of being polite and not what he would really like to do, She leaned over and kissed him passionately, whispering to be quiet She unzipped his pants and fished his hard meat out, holding it like a handle. Leading him into the house, he started to protest, but she ignored him, and holding his cock tighter. He was at her mercy, only being able to follow her quietly into the depths of the unknown.

As they got closer to the sounds of passion, Jim became more willing to be led by the sexy girl. He didn't really know what she had planned, but what the hell, you only live once. When they got to the bedroom door, Kristi put her finger to his mouth, indicating that he should be very quiet. The one thing both of them wanted was not to get caught the sight like that of Kristi's dad and his girlfriend was something that Jim had never seen before. He was riveted to the spot outside the slightly open door and couldn't have moved if he had to, Jim stood by the door, peeking in at the sight while Kristi knelt down beside him, Her plan was unfolding nicely, She could watch her father, her lover having raw passionate sex while having some fun herself. She turned to Jim , his cock jutting out his pants menacingly and leaned over to give it a little lick, Jim felt her hot tongue and grabbed the blonde's head, forcing his own hardened piece of steel into the back of her throat. The sudden action of the football player caught Kristi by surprise and she almost yelled as she gagged. She caught herself and quickly adapted to the intruding piece of meat. After a minute, she pulled herself off Jim's cock and told him to quietly take his pants off. Since she was wearing a miniskirt and no panties, she was already set for her next action, She quickly got on her hands and knees in front of the boy and

wiggled her cute firm ass and pussy in front of him, She wanted a hot fuck while she watched her dad and Michele fuck only fifteen feet in front of them. The biggest challenge for the two young people was not to make any noise, Jim took one look at the hot pussy and ass in front of him and immediately dipped his willing tongue into her waiting asshole, Not expecting this, Kristi inadvertently let out a little yelp in surprise. Catching her breath, she looked up and saw that the copulating couple in the next room didn't hear her. At this point, she really didn't care because what Jim was doing to her was making her melt into oblivion, The pleasure was so intense that her hot pussy started leaking all over the hall carpet, and it was all she could do to keep from screaming in pleasure, She reached behind her and Silently let Jim know what she wanted, She wanted to Fuck, and she wanted to be fucked now. Not wanting to disappoint a lady, Jim slid in behind her and fed her his eight inch pole. Inch by inch, he slid it into her until he could also feel his balls slap against her ass, He didn't dare go too fast for fear that he would either cum with a yell, or alert her father to their presence, He wasn't sure, but he didn't think her dad would appreciate what was being done to his little girl And since he hadn't even met her yet, his first impression wouldn't be a good one, Jim was also remembering how good he felt, and couldn't resist reaching over and fondling the teenagers firm tits. Her nipples were hard as nails and as he tweaked them between his fingers, he could feel her pussy flood over his cock. She let out another moan, this time a little louder. Also, this time, the participants in the other room heard her.

Neither Kristi nor Jim noticed that both her dad and Michele looked over in the direction of the unexpected sound, Tom removed his face from Michele's luscious tits and started to roll off her to investigate the noise outside their bedroom Michele grabbed him to hold him back a little, indicating that he should be very quiet. Since it was dark out, it took a minute for their eyes to adjust to the darkness in the hallway outside the lit room. Soon, it was quite apparent that there was action just outside their door similar to the action they had just enjoyed. Tom felt a pang of jealousy which quickly went away, and then felt a very curious as to who was with Kristi. Michele was just plain horny, thinking back to peeking in on Tom and Kristi earlier, and enjoying the fact that someone has been watching them, Michele looked down at Tom as he quietly rose off the bed and noticed his recently flaccid cock had started to grow. They both crept toward the door of the bedroom and saw one of the most erotic sights either one of them had ever seen. Kristi was facing the door on her hands and knees, eyes closed and the look on her face said she was in another world. They really couldn't see Jim clearly behind her, but it was quite obvious that whoever it was knew how to please daughter. Jim also had his eyes closed and was slamming his big cock in and out of the girl with wild abandon, Tom and Michele backed away from the door so as not to disturb the fucking couple.

They were having too much fun watching the hot action. Just the sight and sound of Tom's daughter made his cock seem like it had radar. The more they saw, the larger and longer he got. Michele decided to entertain herself while watching the copulating action in front of them. She looked over at Tom's cock, pointing like an arrow at his daughter, and slid onto her knees in back of Him. Tom was so mesmerized with the kids' activity that he didn't even realize what Michele was up to until he felt her hot wet tongue slide up his tight ass. He let out an involuntary yelp in surprise, which in turn let Kristi and Jim know they had been found out At that point, no one involved was real concerned, in a

loud whisper, Kristi gasped "Oh Daddy" as she witnessed her father's hard-on pointing straight at her, Seeing Michele behind him, she also knew what was going on. Jim didn't know what to do, so he just kept pumping away at the uninhibited girl. Michele realized that everyone knew about everyone at that point so she popped her head around Tom's muscular leg and said "hi" in a cheery tone. That simple statement put everyone at ease; Jim was getting close to cumming and started to breathe harder and faster as his massive meat slid easily in and out of Kristi's boiling pussy. Tom watched the two youngsters in awe and then realized that Michele was nudging him closer to his daughter, Not sure of what she was doing, Tom moved closer toward his blonde daughter's mouth. Kristi saw Tom's hard salami moving toward her and her automatic reaction was to open her mouth and accept the leaking cock. As soon as her tongue touched the cock, she tasted and smelled something she had never tasted before. Another woman's cum was all over her Dad's stiff prick and she loved it. The fact that she was tasting Tom and Michele sent her over the edge so hard she screamed and fainted, letting go of Tom's hard meat and falling off Jim's cock just as he spewed his cum, He shot a load that managed to go all over Kristi's ass and back. Michele saw this and couldn't control herself either. As soon as she saw the huge cock and what was happening, she dove over and swallowed as much of his cock as she could, filling her mouth full from the unsuspecting teenager's shooting prick, Tom, so hot he couldn't think straight, went right for Michele's waiting pussy while she was still sucking off Kristi's date, He lasted all of ten seconds and then it seemed like his cock split in two as he shot a load into her sucking pussy, setting Michele off in her own massive climax

Four participants in the unexpected group grope were totally spent and simply collapsed in a heap on each other.

They all slept in a human pile for over an hour when Tom and Jim started to stir. They groggily got up off the pile of cum covered tits and pussy and rolled onto the carpet as they raced each other, all they could do was laugh and extend their hands in greeting. Jim introduced himself to Kristi's dad, hoping that Tom wouldn't just reach over and strangle him Tom just smiled at the boy and asked him if he would like a beer. Naked, the two men walked out into the kitchen where they popped a couple of cold ones and started to get to know each other. They decided to let the girls rest a while before anything else happened. Jim was still a little nervous with the fact that he had Just fucked this man's daughter, not to mention his girlfriend, But then again, he witnessed Tom fucking Kristi's willing mouth, and that helped him relax a little, Tom assured the boy that everything was alright, that if Kristi let him get that close, *he* must be worth it They also discussed how the girls were going to react to each other. Neither man wanted the girls to feel jealous or upset with anyone. They hoped they could all sit down and discuss the entire evening calmly and intelligently. After sitting and drinking a couple of beers, they heard some noises in the other room, Curious, they walked over and stopped dead in their tracks, As they peered into the bedroom, they saw Kristi lying on top of Michele in a Sixty-nine position. Both girls were sucking each other off in wild abandon. Tom and Jim looked at each other, shrugged their shoulders and laughed, confident that their worries were unfounded. The girls realized they weren't alone and Kristi lifted her head off the pussy she was munching on, telling the men to sit back and relax, that this was the girl's time to themselves. This was fine for the men, because with all the activity earlier, they felt that their cocks would fall off if they even thought about more sex. The

boys just stepped back and sat on the bed to watch the horny women satisfy themselves.

Chapter 5

Kristi and her friends---to be continued
