I woke up the next morning and stretched long and hard. My pussy and ass were still a bit sore but overall I felt much better. Then I glanced at the clock. Oh shit! It was 9am. I was late for school!

As I jumped out of bed the stickiness between my legs reminded me that I had to take a shower. Well, there was no help for it so I jumped in the shower. I was already late so the extra few minutes it would take to shower wouldn't make that much of a difference. I knew being late was a major issue and that our principle, Mr. Johnson, punished kids severely for being late. I figured since he was my uncle and that I had never been late before that it would not be a big deal. Uncle Kyle Johnson was my daddy's older brother and he and daddy could pass for twins.

I quickly showered and then dressed as fast as I could in my uniform. It was a typical school uniform with a red and black checkered skirt, white blouse and a man's tie that matched the skirt, a black blazer and black stockings with penny loafers.

I grabbed my backpack and ran out the door. I jumped in my car and sped all the way to school. The school was right across the street from my daddy's church so I didn't have that far to go. But I was breathless as I ran through the school doors and through the metal detector.

The security guard saw me and stopped me. "Um, Miss Ciara, the principal asked me to bring you to his office when you got here."

'Oh shit! I am in trouble now!' I thought as I followed the security guard into my uncle's office.

Uncle Kyle looked up as I walked through the door and smiled, "Ah good, Ciara. We were just talking about you. You can shut and lock the door sweetheart."

I gulped as I did as he asked and then walked further into the room. As I got closer to the desk my father stood up out of one of the wing backed chairs. I gasped, "Daddy, what are you doing here?"

Daddy looked at me and smiled, "Your Uncle Kyle was worried about you when you didn't show up for your first class so he called me to find out if you were sick. I told him what had happened this weekend and I assured him that you would be here and here you are."

My uncle walked over to me and lifted my chin. "I think it is very admirable that you are willing to do something like this for your mother but we can't have it interfering with your education, my dear. You know I don't tolerate tardiness, young lady, you will have to be punished."

I swallowed hard and nodded, "I-I know uncle and it won't happen again."

He gave me a small evil smile as his hands traced my tits through my blouse, "I'm sure it won't but you still have to be punished for this offense."

I could feel my nipples hardening under the caress of my uncles thumbs when all of a sudden he pinched my nipple hard. I groaned as a jolt of electricity went from my aching nipples straight to my quickly moistening pussy.

My uncle smiled again and started to untie my neck tie. He slipped the tie off my neck and placed it on his shoulder. Then he leaned down and whispered in my ear, "I think a slut like you will enjoy the punishment I have in mind."

He pushed my blazer off my shoulders and I let it fall to the floor. Then he kissed me hard and thrust his tongue into my mouth as his hands started to unbutton my blouse. He pulled my blouse out of my skirt and my blouse quickly followed my blazer to the floor. I then felt my daddy's mouth kissing my neck from behind. Uncle Kyle turned me around and undid the clasp of my bra and daddy slipped it off my shoulders and down my arms. Daddy was now in front of me and I saw that he was completely naked and his huge cock jutted out in front of him, hard and throbbing. The sight of daddy's cock made my pussy tingle.

Uncle Kyle brushed my hair off to one side and whispered in my ear, "Put your arms behind you and grab your elbows."

I obeyed and my arms went behind me and I grasped my right elbow with my left hand and my left elbow with my right hand. This pushed my tits out and daddy bent down and took one of my nipples into his hot mouth. I groaned as I felt him bite my nipple.

Meanwhile Uncle Kyle took my tie and tied my arms together tightly so that I could not use my hands at all. When I felt him starting to tie my arms I struggled a bit. I didn't like the idea of being tied up.

Uncle Kyle smacked my ass hard and growled, "Stop struggling, slut, this is part of your punishment for being late."

I gasped as his hand connected with my ass and even through my skirt and panties it stung. Daddy bit down on my nipple harder and even though it hurt I could feel my panties getting even more wet.

Uncle Kyle then pulled me over to a cushioned bench that I had only briefly noticed when I entered his office. It was cushioned and was long and narrow like a piano bench. The only difference was that it was taller; it reached almost to my pelvic area; and there were two sets of hand cuffs attached to the bottom of the legs of the bench, one on each side and two ropes were attached to the narrow ends of the bench just below the cushion.

Uncle Kyle placed me in front of the bench and then kneeled down behind me. He quickly stripped off my skirt and then started to rub my ass through the thin material of my little pink panties. Daddy also knelt in front of me and he was rubbing my tummy and slowly sliding his hands down the front of my panties. I groaned as daddy's hand reached my soaked slit and he rubbed his fingers over the outside of my pussy lips, slowly spreading the moisture.

Daddy slowly lowered my panties and kissed each bit of flesh he exposed. Soon my smooth and slick pussy was fully exposed to my daddy's questing mouth and I felt his tongue dart into my slit tasting my nectar. I groaned again.

Daddy had stopped pushing my panties down my leg and had buried his face in my drenched pussy. Uncle Kyle took my shoes and stockings off my legs and then finished taking my pink panties off. Then he knelt behind me and started licking my asshole just like daddy was licking my pussy. Both men had very talented tongues and I could feel my knees get weak as they lavished my slit from both ends.

Daddy lifted one of my legs to his shoulder and then plunged two fingers in and out of my dripping love hole. He curled his finger up and very quickly found my G-spot. Uncle Kyle started to push two fingers into my ass and soon they were both finger fucking me.

I could feel an orgasm starting to build in my tummy and I bit my lip trying not to scream from the intense pleasure they were giving me. Uncle Kyle saw me biting my lip and whispered, "Go ahead and scream, sweetheart, I spent my own money to soundproof this room."

As he said that he pushed his fingers deeper into my ass and I screamed from the intensity of the orgasm that washed over me. I felt my pussy convulse and a rush of liquid gushed out and soaked daddy's face. My knees buckled and both men held me tight as my body jerked and twitched.

After my orgasm passed, daddy stood up and moved off to the side and then I felt my Uncle Kyle force me to bend over the bench on my tummy. The bench was narrow enough that only my flat tummy was on it and my tits hung down in front of me. My Uncle forced my legs apart and placed my feet on the outside of each leg and then placed the handcuffs securely around each ankle. This effectively bared my ass and pussy for my uncle's punishment.

I tried to stand up but daddy pushed me back down and quickly took the ropes and tied them over my back just below my bound arms and then told me to open my mouth. I did and he rammed his huge hard cock down my throat. His hands became buried in my hair as he started to fuck my mouth. He pushed his cock so deep down my throat that I started to gag. He let me up for a bit so I could catch my breath and then rammed his nine inch cock into my throat again. While I was sucking on daddy's cock I heard my uncle taking off his clothes.

Soon I was taken completely by surprise when I felt a leather strap strike my ass hard. I gasped and jerked forward which effectively pushed daddy's cock deeper into my throat and I started to gag.

Daddy pulled out to let me catch my breath and a string of saliva hung between my lips and the tip his engorged cock. All of a sudden I heard the whoosh of the strap and a harsh pain as the leather again connected with my ass. I gasped again as the pain was intense.

My Uncle rubbed my burning ass and said, "Your ass bounces so nice when I hit it, sweetheart. It is also starting to turn nice and pink. It is so fucking hot!"

Daddy pushed his cock back into my mouth just as my uncle's strap connected again. This time it struck a bit lower and I felt the pain on my exposed pussy lips. I groaned again and I could feel tears starting to form in my eyes. But even though the pain was intense, my pussy was responding by dripping more and I could feel the blood thickening my nether lips and making my clit very hard.

The strap stung my ass and pussy yet again and I felt myself push my hips up, begging for more. Uncle Kyle laughed, "Kev, your daughter is a natural slut. She is begging to get spanked some more!"

Daddy pulled out of my mouth and bent down and looked into my red face. "Do you like your uncle spanking you and do you want him to do it more?"

Through the tears streaming down my cheeks I nodded. Uncle Kyle grabbed my hair and yanked my head up to look at him. "Beg for it, whore! You love this punishment, don't you?"

He roughly pushed three fingers deep into my sodden hole and I screamed again as another orgasm

hit me hard. Kyle added a fourth finger and was fucking my convulsing pussy hard as I squirted all over his hand. I heard the splattering of my juices as they hit the hard wood floor and I groaned again.

Uncle Kyle pulled my head back again and looked into my watering eyes. "Beg for your punishment to continue, sweetheart!"

I pushed my hips up by arching my back and begged, "Please spank me more Uncle."

He pushed my head back down to daddy's hard and saliva slicked cock and gave another evil laugh. "I'm going to make sure your ass is bright red and stinging. Finish your dad off, you cunt!"

He let go of my head after pushing it toward my daddy's engorged cock and took up his strap again. Daddy pushed his cock into my throat again and I felt the hard lash of the belt hit low on my ass. It struck low enough that it hit my exposed pussy and a pain shot through my lower extremities. I groaned around daddy's cock and pushed my ass out for more.

I had gotten used to daddy's cock pushing deep into my throat so I was no longer gagging as he grabbed my hair and pushed my face into his pubic hair. His cock was all the way in my throat. Daddy groaned and then started fucking my mouth hard and fast.

Uncle Kyle laughed again and started spanking me hard. Swat after swat landed on my ass and exposed pussy and I heard myself moaning almost constantly. After about another ten hard strokes my uncle dropped the lash and positioned himself behind me. Then I felt his huge ten inch cock plunge deep inside my pussy.

Just as my uncle plunged his huge cock into my soaked love hole daddy groaned again and said, "Oh fuck! I'm going to cum!"

Then I felt daddy's cock expand and jerk in my throat as he let go and squirted his jism deep into my esophagus. With each spurt of sperm his cock twitched in my throat and I moaned. I loved the feel of daddy ejaculating down my throat.

Daddy finished feeding me his love potion and pulled out of my mouth. He collapsed onto the leather couch behind him and watched as his brother pounded my little pussy. My eyes were still watering and some of daddy's cum was dripping off my chin as my uncle grabbed my sore ass and sawed in and out of pussy hard and fast. My titties were bouncing up and down in time with my uncle's thrusts. My ass and pussy felt as if they were on fire but I loved every minute of my punishment.

My uncle slapped my sore and red ass hard and a scream erupted out of my throat as the pain

caused another huge orgasm to wash over my body. I looked at daddy while Uncle Kyle fucked me and saw that daddy's cock was fully hard again and he was slowly stroking it as he watched his brother thrust in and out of his little girl's pussy. Uncle Kyle grunted as he ground his huge erection deep into me and erupted with his own orgasm. I felt rope after rope of his hot jism flooding my fertile womb and another scream was torn from my throat.

My uncle collapsed on top of me as our orgasms passed and then slid down to a kneeling position behind me. His head was resting on my lower back as he tried to catch his breath. I understood how he felt because I could hardly breathe either.

After a few minutes he untied the rope holding me to the bench and unlocked the handcuffs that bound my ankles but he did not untie my arms. He pulled me up to a standing position and gently tilted my chin up. He looked me in the eye and said, "I loved that! You have a very hot, tight pussy. I will have to make use of it more often!" Then he kissed me and thrust his tongue into my mouth while his fingers pinched my nipples.

Then he guided me over to the couch where daddy was sitting and told me to straddle daddy's lap. I obeyed and soon I was face to face with daddy. He tilted my chin up and gently kissed me and then whispered, "I love you sweetheart and I love fucking you. You know how to swallow cock very well."

I smiled as my heart melted, "I love you too, daddy and I love the taste of your cock!"

Uncle Kyle knelt behind me and told me to rise up. Then he took a hold of daddy's big cock and gently guided it into my sloppy love canal. As I sat on daddy's pole I could feel my uncle's jism drip down my inner thighs. My uncle scooped some of it up and used it to lube my little brown asshole. Then he squatted behind me and pushed his renewed sex toy into my tiny shit hole.

I groaned as I felt both cocks invading my body. I was being stretched tight and I felt so full. They both started to move in and out slowly. Soon they started to speed up and developed a rhythm. When daddy pushed into my dripping pussy my uncle pulled out of my ass and then when my uncle pushed in daddy pulled out.

My uncle had his hands on my sore ass cheeks and was spreading them wide as he sawed in and out of my tiny back door and daddy held me around my waist as he pushed in and out of my sloppy cunt. I could hear the sloshy sounds of my wet cunt being fucked and it made me want more. I groaned as they both fucked me hard. This was my first DP and I loved it!

I started to feel my orgasm build in my tummy and I begged, "Fuck me faster and harder, please!"

The two men obliged and soon they plummeted my depths with their huge cocks. I groaned and started to convulse as my orgasm washed over me. Sweat coated my body as I screamed and squirmed on top of daddy.

I could feel my pussy convulsing as it started to milk daddy's cock and then he groaned loudly, "Oh fuck! I'm cumming again!"

I felt his cock become just a bit larger as he pushed as deep into me as he could. He ground his pelvis bone against my mound as I felt hot jets of sticky cum coat my insides. Within seconds of daddy's orgasm, my uncle started to pump his seed into my tight little ass. Their orgasms made mine even stronger and my eyes rolled back into my head as my body convulsed and shook in my daddy's arms. It felt as if it went on forever but I'm sure it was only a minute or two and then I felt myself relaxing.

My whole body went limp as I came down from the strongest orgasm I have had yet and I sagged against daddy's hard and sweaty chest. I think I may have lost consciousness for a few moments because the next thing I knew my arms were untied and daddy was stroking and kissing my face. "Are you okay sweetheart?"

I smiled at daddy, "I feel wonderful daddy. Thank you. That was the best orgasm I ever had."

I saw daddy's eyes light up and a huge smile lit his face. "Well thank you sweetie. I loved it too."

My uncle came up behind us and knelt at daddy's feet and slowly and gently spread my ass cheeks. Then I felt a warm wet cloth slide through my tender slit as he gently washed me. "You took your punishment very well, Ciara, and I am proud of you."

I smiled back at my uncle, "I enjoyed it Uncle Kyle. I would love to do it again."

He groaned as he looked at my father, "She takes after her mother doesn't she; a natural born slut?"

Daddy nodded and smiled, "But that's what makes both my women so great."

Then Uncle Kyle stood up and strode to his desk completely naked. He sat in his desk chair and pulled up something on his computer.

Then he looked over at me, "Well, my dear, I have your schedule for the semester right here and it looks as if you have lunch at 11:30 and then study hall at 12:30. Is that right?"

I gingerly got off daddy's lap and walked to the desk. "Yes, uncle, it is."

Uncle Kyle made a few clicks with his mouse and then said, "From now on you will report to my office at 11:30 and be prepared to fuck for the next two hours. I'm sure Mr. Langdon won't mind if you spend your study hall with me now will he?"

I gulped and shook my head. My uncle was going to fuck me for two hours straight Monday through Friday. I looked at daddy and he just grinned and shrugged. "You know your mother has said the more often you have sex the more likely you are to get pregnant and you know she wants a baby very badly, Ciara."

I nodded and then looked back at my uncle, "Okay, I will be here every day from 11:30 till 1:30."

My uncle flashed me a dazzling smile and said, "Excellent! I will have a chat with Mr. Langdon today. I don't see having a problem. So you can dress and I will see you tomorrow sweetheart. Your daddy can take you home and you are excused from any other classes today."

Daddy and I both dressed and he drove me home. My body was tired but my mind was racing. I now would be getting fucked on a regular basis by my daddy, my two twin brothers and my uncle. Could I handle all of them? As I thought about it my pussy began to tingle and I knew that yes I could handle all four of them!
