She was standing there, 5'8 short dark brown hair, 36c breasts, slim body, and the perfect ass I have ever seen. The first time I had my first experience with her is when I was 18 and she was 32 and had 4 kids, and married to my uncle.

I went over to her place one day after work and we were all alone as my uncle took my cousins to the lake for the weekend so we had all the time in the world. I have always admired my auntie. I always thought about her she always made me happy and giving her a hug. Every time I saw her it always gets me excited. I feel her breasts press against me, her smell- she always smelled like lavender. After she got me a drink and we sat down at the table and started talking (she was in the middle of cooking). I stayed and had supper, she is an unbelievable cook.

After supper, I was helping her clean up. She was wearing a tank top that made her breasts look so nice and she was not wearing a bra so her nipples were sticking out. I could not keep my eyes off of her, She was wearing tight blue jeans that made her ass just perfect and tight. I think she was noticing that I was checking her out all the time because she was moving like I never seen before. She was moving side to side up and down slowly making it look sexy. I could not resist anymore. I walked up behind her, wrapped my arms around her and slide my right hand up her shirt and grabbed her left breast. Softly she put her head back, I started kissing her neck. After a few kisses on the neck, I moved my left hand down her pants and I found that her pussy was warm and wet. I figured out that she was enjoying this. I was squeezing her nipples and rubbing her clit as she was moaning.

She turned around and lay me down on the kitchen table. She climbed on top of me and whispered into my ear, "I wanted this for a very long time..Fuck Me hard and fast." After she said that, I took her tank top off and there for the first time I got to see my auntie's breasts. They looked so nice. She had nipple sized nipples, I leaned up and kissed them, they felt so good on my face I did not want to do anything else. She started grinding on my cock and she could see it was turning me on because my penis was getting hard. She took off my shirt and ran her hands down my chest. I am an average guy, 6'1 athletic body, tanned. I knew she liked my body. She ran her hands down to my belt undid my belt and button and was slowly unzipping my pants.

She took my pants off and found out for the first time how big my cock was. She looked at me and said, "that's not going to fit." I told her its only 9 3/4 inches but the thickness was what she was getting at with a full 2 1/2 in wide. I guess you can say I had an okay size dick. She liked it. She took it in her hand and put her lips up to the tip and started kissing and licking sliding my cock inside of her mouth. I never thought my auntie giving me head would feel this good. After a few minutes, I just wanted to get her on the table and start fucking her but I knew I had to do more- get her excited even more for a good fuck. I lay her down on the table and took her pants off to reveal her light blue thong. As I slipped that off of her, I seen her pink wet pussy clean shaved. I licked my fingers and started rubbing her clit while I slowly kissed her leg from her knee to her pussy, Taking my tongue and licking her clit and down her lips she is shivering she said she was going to cum. She also said that she has not had this for a very long time, She was enjoying it. I took my cock and rubbed it on her pussy up and down getting her wetter.

I took the tip of my cock and put it in her. It was warm and safe feeling. I knew this is what I wanted to do, but I took my cock out she asked "what's wrong?" I told her "nothing" as I put the tip back in and out in and out. She was laying there with a faint pant in her breathing and I knew it was time. I took my cock and slid it all the way in in one shot. She leaned up, held me tight and started moaning and moaning. As I moved my cock back and forth inside her pussy, I started feeling her pussy restricting against my cock. It felt like a vice grip on my cock, getting tighter and tighter. I pulled out and she squirted all over me. I never once thought that my auntie was a squirter, I really enjoyed her squirting on me, I slid my cock back in so wet now going in and out moving faster and faster and again she squirted all over me. I told her that I am going to take her somewhere so I picked her up with my cock still inside her and placed her up against the wall in the hallway. Here I started drilling my cock into her, banging against the wall, seeing her tits bounce up and down. As we reached her room, she said that her husband will find out if we had sex in the bed. Instead, we went into the bath room the one place were I wanted to fuck her for a while. To have her in the shower was amazing- a dream come true.

We started the shower, got in and started kissing touching each other. I turned her around, bent her over and slide my cock inside of her, water running down our bodies. Having her tight wet pussy around my cock, I started feeling that I had to cum. I could feel it coming up my shaft. I told her I was going to cum. She took my cock out of her pussy and said, "I can't get pregnant,"and took my cock and put it in her mouth. As soon as she did that, I shot my load into her mouth. After she cleaned off my cock with her mouth, she opened up her mouth and it was a big load of cum in her mouth. It took her two swallows to get all the cum out of her mouth. After that we finished the shower, got dressed and went and laid down on the couch and watched a movie. She turned to me and said, "thank you- we will have to do this again."
