*A man's aunt needed a place to crash, what happened may not have been what he signed up for*

I'm Stan, I'm 5'9 with black hair and brown eyes. My Aunt Angie has brown hair and eyes. She also had a nice DD rack as well. One night she came to my apartment because she needed a place to crash while her apartment was being fumigated. She never had any luck in the dating world. My mom had met my dad when they were in high school and they got married when they were in college, but my aunt Angie, on my mom's side, never had any luck finding Mr. Right. She only dated a handful of guys and unfortunately they all turned out to be duds. So she had to come over to my apartment since I lived closet to her and I had a couch she could sleep on.

"I'll only be here until tomorrow, I promise. I know having your aunt being here won't put the girls in the mood," Angie said as she came in.

Her big rack was one little perk I guess. It was weird to admire her boobs, but I was still 25 and had a sexy 35 year old woman crash at my place. She put all her stuff down and gave me a hug.

"Don't worry about it, shit happens," I replied.

"Well, do you mind if I take a shower real quick?" Angie asked.

"Sure," I replied.

"Thanks, and just so you know, you are my favorite nephew," Angie said just before she kissed me on the cheek.

"Even though I'm your only nephew?" I asked.

"Smart ass, I'll be out in a bit," Angie replied.

Then she went to the shower, but actually began undressing on the way to the bathroom. By time

she got to the door, she was just in her bra and thong. I never ever saw her in just her undergarments before like that and I got an erection seeing her like that. She was only 10 years older than me, but was my aunt, how could I get a hard on from looking at my aunt? I noticed that she didn't close the bathroom door all the way, it was open about a foot or so as she turned on the water.

"Is she fucking baiting me?" I whispered to myself.

I had no idea, but it got me horny, and when I'm horny, I make gutsy choices. So I slowly went over to the door to take a quick peak in there. She had her back to the door and didn't even have the shower curtain out covering the shower. So I saw her bare butt and then I got a huge hard on. I knew it was risky, but I kept watching for a minute. I saw her washing herself all over and it turned me on to no end. I was a little ashamed getting turned on watching my aunt in the shower, but I couldn't help it. I grabbed my cock and stroked it through my pants.

"Oh shit aunt Angie," I whispered.

But before I came, I chickened out and went back to the couch. I never ever thought of her or anyone other family member like that before, but it just happened with my aunt. About 20 minutes later she came out in nothing but a robe.

"So, how was the shower?" I asked.

"Really good, I'm surprised I got out. You have a really good shower head," Angie replied.

"Well, it's not really mine, but thank you," I said.

Then she sat down with me and had her robe slightly open. I could see the top of her breasts, but that's it. I couldn't help but take a peak.

"So, no date tonight?" Angie asked.

"I took the night off," I replied.

"You took it off? I thought you were booked solid with dates?" Angie asked trying not to laugh.

"Not as booked as I would like, in fact not booked at all. I don't know what's going on honestly, I think I might be in a rut," I replied.

"Well, chin up, things should bounce back. You never know what could happen," Angie said as she

put her arm over my shoulder and her robe opened a little more.

I got another hard on, I couldn't help it, and I was hoping she wouldn't notice.

"Well, it's getting a little late now, we should hit it sense we both got work tomorrow," Angie said as she leaned back away from me.

"Yeah, you are right, just let me get a blanket and a pillow so I can sleep out here," I replied.

"What a sweetheart, you are gonna let me have the bed?" Angie asked.

"Yes, unless you think it's unnecessary," I replied.

Then she gave me a tight hug.

"You got a big bed in there, we can both sleep on the bed, it's not weird to sleep with your aunt is it?" Angie asked.

"No, not at all," I replied nervously.

I was more than a little nervous truth be told, but I was turned on and she wanted to sleep with me.

"Well, I just gotta brush my teeth, and I'll be in there," Angie said.

"OK then," I replied.

So she went to the bathroom and I went to the bedroom. I usually slept naked, but sense she was gonna be sleeping with me, I stayed in the clothes I was wearing, but about a minute later, she came in the room in her robe still. She got right in front of the bed and took it off letting me see her completely naked.

"Do you mind if I sleep in the nude?" Angie asked.

I just starred for a minute, I was embarrassed, but I couldn't help it.

"Hello, anyone there?" Angie asked.

"No, it's cool if you wanna sleep in the nude," I replied very nervously.

“Hell, you can sleep naked too if you want,” Angie said as she got in bed with me and kissed me on the cheek.

Was she baiting me once again? Either way, I was horny, and if there was the slightest chance of something happening, I was taking it. So I stripped and she got a good look at my hard cock.

“Oh my, someone is horny,” Angie said.

I didn't know what to say, I just threw something out.

“I was masturbating just now before you came in,” I replied.

She laughed for a minute and then she got an idea in her head.

“Wait, are you horny because I'm naked?” Angie asked.

I debated on telling the truth or lying for a few seconds, but I knew she'd see right through me if I bullshitted her.

“Yes, I think so honestly, does that make this weird?” I asked.

“I think that ship sailed when you were spying on me in shower,” Angie replied.

Then I laid down and hid my face with a pillow. She laid down with me and took the pillow off me.

“Don't be embarrassed Stan, you are a guy, I get it. So you wanna feel them?” Angie asked.

I didn't answer, she knew she had me horny, so I just put my hands right on her tits. Being DDs, they felt great, and the fact that they belonged to her didn't hurt. That's when my cock got really hard.

“Wow, you must really like this. Your dick is looks harder than a diamond,” Angie said.

“Thank you,” I muttered.

Without asking, she grabbed onto my very hard dick.

“Wow Stan. I've never ever felt such a hard cock before,” Angie said.

I began squeezing her boobs a little and she began stroking my cock as well. We were both making

each other feel good, but were we just horny or what exactly?

“So we've established we both like this, so why don't you fuck me already Stan, you know you want to,” Angie said.

I came to the conclusion that we both were horny, but we both really wanted it as well, so I got out a condom, opened it and put it on. Then I got on top of her and inserted my cock into her slowly.

“Now thrust that cock into me like I'm all of your past sexy girlfriends all rolled up into one,” Angie said.

I slowly started thrusting my dick in and out of her, even just going in and out very slowly got my heart rate way through the roof, I was actually making love to my own aunt.

“Well, it would be weird for you just to put your dick inside me and didn't kiss me, so give your sexy aunt a kiss,” Angie said.

We kissed each other once on the lips for about 5 seconds.

“You are a good kisser, why haven't I gotten you to kiss me in so many years?” Angie asked.

“I know better next time,” I replied.

“OK then, now pound me or else,” Angie said.

So I started to pound her, I pounded her nicely and she let out some moans.

“Oh shit my nephew, that's good. Get that really nice cock into me as deep as it will go. How long is your cock?” Angie asked.

“After tonight, probably 9 inches I think, but I got every inch of my 8 inch cock inside your tight pussy right now aunt Angie,” I replied.

“Give your aunt another kiss,” Angie said.

So I kissed her again, we both wrapped our arms around each other and she belted out some more moans as I started thrusting my dick in and out of her as quickly as I possibly could.

“Shit Stan. Yes, I fucking love you,” Angie said.

"I love you too my sexy aunt," I replied.

I really wanted to make her moan and make her pussy sore, so we switched to doggie style after a few minutes

"Come on take it Angie, take it," I said.

"I'm taking every single inch of your rock hard cock Stan. Get it in there deep," Angie replied.

I began spanking her softly as well, I thought it would be kinky.

"Spank your aunt hard. Show her how much you want to fuck her," Angie said.

I started spanking her very hard, so hard that I started to leave some marks on her ass, but she loved it though. She began moaning once again as I was thrusting slowly. I wanted to feel her tits once again though, so I brought her up with me and held her with me as I had my hands on her DD boobs.

"Holy shit aunt Angie. You have the best breasts on the planet, bar none, they are fucking spectacular," I said.

"I know, thank you though," Angie replied.

She turned her neck and we kissed multiple times. We both had our eyes closed, so obviously it was more than lust. I had my hands on her boobs and I squeezed them tightly.

"Wow Stan, you must have a lot of breast grabbing experience. Just be careful with my nipples though," Angie said.

So I pinched her nipples as well.

"Ow, I said be careful with those," Angie said.

"Sorry, but you have perfect tits though," I replied.

She kissed me once again as I put my right hand down onto her wet pussy, and it was soaked. I rubbed my hand all over it and all of her juices got all over my hand.

“Wow, you have a tight and wet pussy, just how I like them,” I said.

She laughed for a minute and took my hand to lick all the juices off my fingers.

“Wow, this is kinky,” Angie said.

“You could say that,” I replied.

“So, have you had a lot women sucking on your cock?” Angie asked.

“I’ve had a few chicks go down there,” I replied.

“Any chicks deep throat you though?” Angie asked.

“Maybe once I got a lady to do that for me,” I replied.

Then she got down on her stomach as I was on my knees. She got right in front of my cock and took off the condom off. She threw it in the trash I had in my room and took my cock into her mouth. I immediately started to belt out some moans.

“Oh shit aunt Angie, that feels so damn good,” I said.

“Good, I haven’t given head in a while now,” Angie replied.

I laughed a little and she took my dick back in her mouth. I put my hands onto her head, and just as I thought she would, she started to deep throat me. She had the whole thing in her mouth for a couple minutes, but then she had to take a break.

“Shit Stan, you got a big dick,” Angie said.

“Well, you are only gonna make it bigger now, so keep blowing your nephew and make him cum an ocean everywhere,” I replied.

She started stroking my cock a little as she blew me. She had really soft hands, so it felt absolutely amazing. A couple minutes later, she was really getting close to making me cum as she did her best to look up at me.

“Have I ever told you that you are my favorite aunt?” I asked.

“I’m your only aunt,” Angie replied.

“Oh yeah, that's right. I'm sorry I forgot,” I said.

Then I just felt so good that I lost my balance and fell to my side.

“Whoa, I know you were enjoying that, but damn my sweet nephew,” Angie said.

She got over me and dangled her boobs right over my face. So I took her boobs in my hands and licked her nipples a few times.

“Yes, lick your aunt's nipples. Titillate me Stan,” Angie said.

So I did just that, although, she was a sexually experienced lady, so maybe I'd have to pleasure her even more to get her to have an orgasm.

“Wow, you have some tongue, but I think you need to use it somewhere else now Stan,” Angie said.

She laid down on her back and I got right over her pussy. I slowly leaned in and started eating out my aunt. I sucked on her clit and she really started belting out the moans.

“Oh yes Stan, fuck me with that tongue, stick it in there and give your aunt a huge orgasm,” Angie said.

I was of course more than determined to make sure she came like a fountain, so for about 5 minutes straight, I didn't take a break. By then I licked her pussy so much that my tongue started get really tired, but I wasn't gonna stop until I gave her an orgasm. It looked like there was gonna be fireworks coming as she started moaning really loudly.

“Holy shit Stan, yes, move that tongue inside my sore pussy and hit my g-spot,” Angie said.

I spread out her pussy lips and in addition to my tongue being in her pussy, I put my fingers inside her nice pussy as well. That made her moan really loudly, I'm surprised the neighbors didn't bitch at us.

“Shit, I've never ever had a man eat me out so fucking well before Stan,” Angie said.

“A man?” I asked.

“Maybe a woman or two has gotten down and dirty with me,” Angie replied.

That turned me on even more, just the idea of it would got my dick really hard, she was talking about her being with another lady? Then I was more than determined to eat her out and make her cum. I stuck my tongue in there very deep and hit her g-spot.

“Shit!” Angie screamed.

She came all over my face a few seconds later, and it was nice.

“Wow,” Angie said.

“Your pussy is like a waterfall,” I replied as I got on my knees.

She leaned up once again and took my dick into her mouth. I put my hands on her head again as she went back and fourth really quickly and my cum quickly made its way out.

“Shit, I'm gonna cum,” I said.

Then she took my dick out and stuck her tongue out. I came all over her face and tongue as well. As we both had cum soaked faces, we laid down together and kissed each other numerous times.

“Wow Stan. Good thing I needed a place to crash for the night,” Angie said.

“You could say that aunt Angie,” I replied.

“So, did you enjoy making love to your aunt?” Angie asked.

“Yes, I've always thought you were really sexy honestly, and with those DDs you got there, it's not a fair fight,” I replied.

“Well, it's not like you wanted a fair fight either, and I wasn't lying when I said you had some cock,” Angie said.

We kissed once again and I put my hands on her tits.

“Well, I should crash over here more often, but we can't do it all the time, or your parents might start asking questions,” Angie said.

“Well, you wanna sleep here in the bed with me tonight?” I asked.

“Maybe, are you gonna stay naked?” Angie asked.

“I can do that,” I replied.

Then we both cuddled for a while. That was the best sex of my life bar none, so we hook up every now and then, I can't wait until this weekend, I'm gonna ask her about the few times that she was with another woman, the bedroom may even get hotter, we'll see.
