This is the story of two cousins who were left alone for the weekend together.

My cousin Kate and I were very close were the same age, we went to the same school, and we had a lot of the same friends. Growing up in a small town as we did, that was almost as expected. Our family used to joke that we were twins because of all the time we spent together and the fact that we looked alike.

Our parents were also close with each other so we were, so we were always going over to their house for dinner and holidays, or just to hang out on the weekends. One weekend last summer our parents decided to take a weekend trip together leaving the kids at home. So when that weekend arrived and our parents left, I wasn't surprised to get a text from Kate asking me to come over and hangout for the weekend. I quickly replied that I would be over soon and I went about packing my bag for the weekend. Then I jumped in my Dad's truck that he left me for the weekend and drove across town to their house.

I pulled in the driveway and I saw a note on the door saying that Kate was around back lounging on the deck sunbathing and that I should get changed and come join her.

I made my way through her house up to the spare bedroom got changed into a pair of shorts and a T-shirt then went out back to join her.

"Hey what's up" I said as I walked out the back door onto the deck.

I got no reply though, so I repeated myself a little louder but I still didn't get a reply. That's when I realized that she had fallen asleep while waiting for me.

Not wanting to pass up the opportunity to have some fun, I quietly snuck around to the side of the house and grabbed my uncle's garden house and the sprinkler attachment. I ran the hose up to the deck and placed it under Kate's chair then I went back around to where the control valve was and turned it on at full blast. I then ran back to the deck to watch my little show. I had just turned the corner when the water started to spray. Kate didn't know what was going on and she jumped up in shock and tripped over her chair, uttering every bit of profanity she could think of.

I was laughing so hard at my little prank that my side was starting to hurt.

“Kyle what the hell was all that about” Kate shouted at me

“Just a little fun, what’s wrong with that” I replied still chuckling

“I’ll remember that you little shit” Kate snapped at me

“I’m terrified” replied smugly

“Well you might as well get comfortable well I go change into some dry clothes” said Kate

Then she turned and started walking towards the door. It wasn’t until now that I had really noticed my cousin’s body and the way her wet bikini clung to her body left very little to the imagination. I could feel my dick start to grow hard in my pants as I watched her cute round ass sway back and forth until she reached the door and turned around and told me that when she got back she had better get the dry patio chair then she vanished into the house.

Oh my god did she see me looking at her ass I thought to myself.

Well Kate was getting changed I started to tidy up the hose but even while I did that all I could think about was Kate’s slim little body. It made me feel mad that one of the most attractive girls in school was my cousin. While all the guys I hung out with could stare at her impressive body all I could do was use my imagination. As I thought about her my dick was got hard as a rock, I had to do something to relieve myself so I quickly went inside before Kate came back outside, but I was too late as I passed her in the kitchen I tried to hide my erection but even with my best attempt she could still see it standing tall and proud in my bathing suit. I looked up at Kate and I could see an interested look on her face, but that soon turned to embarrassment when we caught each other’s eyes.

“What are you up too” Kate asked

“Just heading to the bathroom” I replied

“Oh, well you’re going to have to use the one up stairs because the one down here isn’t working right” she informed me.

“Ok” I said before I rushed out of the room, trying my best to avoid further embarrassment.

Now, in Kate’s house there were three bathrooms, one that attached between her room and the guest room, one on the main floor, and one in her parents room that no one was ever allowed to use.

When I got to my room I found the door locked so I went to try and get In through Kate’s room. When I was walking through Kate’s room I saw a pile of her dirty clothes and on top of the pile there was a little skimpy thong.

Oh my god, I thought, and forgetting what I was doing, I walked over and picked it up and held it in my hands; my cock was now pulsating I was so horny. I could see on the crotch a dried stain right where Kate's little pussy would have been rubbing against it. My heart was beating so fast now, I quickly checked the window and I saw Kate sitting back down outside soaking up the sun.

I couldn't hold myself any longer so I took off my swim trunks and laid down on Kate's bed and started to rub my hard cock well holding her thong to my nose, I was really getting into it I could smell Kate's perfume on her pillow now and mixed with the smell of her pussy, the aroma sent me over the edge as I shot my load all over my stomach.

That's when I heard a noise so I looked up and I saw Kate standing there at the end of the bed I was terrified, but Kate didn't look mad she was just standing there with a sexy grin on her face, oh my god I thought, what was going to happen next?

Part two coming soon
