My Mother, a Pole Dancer?

By Reeb

In my early years growing up, I always knew my mother was attractive by the comments my friends made about her. When I was 16, that was when I really began to take notice. My friend's made comments like, "You're mom is so hot." Or "Jeez, your mom has nice tits." Or "God, Ronnie, your mom has a great ass."

I guess after hearing things like that all through high school, you tend to look and take notice. My mom and I live alone as my dad was killed in a race car wreck when I was around 8 years old. He drove an alcohol drag funny car and was killed in a racing accident. Since then, my mother has shielded me from that life style.

Mom never remarried and she didn't date too often either. We had received a very good pay off from dad's life insurance policy and mom was making really good money, sometimes over \$3 grand in a week. She didn't need a man to support her so she made taking care of me and her job her two most important priorities in life.

Mom earns a lot of money as a dancer at this high rollers club in Las Vegas. We live in the suburbs just outside of Vegas. I never asked her exactly what she did but she managed to earn a good dollar at doing whatever she did. I guess I assumed she was like a show girl line dancer or something like that. Well, for my eighteenth birthday, I had my eyes opened up to the reality of my mother's world.

Now let me describe my mother to you. Mom stands about five feet four inches tall, has jet black shoulder length wavy hair, gorgeous blue eyes, always has a dark tan and weighs around 110

pounds. She has some Italian in her blood as she always has a dark complexion. Mom doesn't have an ounce of fat on her 36 year old body and she doesn't look a day over 25 years old. Mom looks like the actress Kate Beckinsale, only hotter. She is simply stunning.

Mom has these gorgeous breasts that are almost too large for her small frame. I checked her bras out and they are a 35C cup size. I've gone through mom's underwear drawer many times as she has the sexiest panties and such you could imagine. She is always buying stuff from this Victoria's Secrets place as we get their catalogs in the mail every month. I look forward to those catalogs as they are one of my favorite masturbation tools.

I also stumbled upon my mother's secret sex toys while snooping around in her bedroom one day. I remember being very surprised and I got very aroused when I found a huge eight inch life like flesh colored cock shaped dildo, a smooth pink seven inch vibrator and this small little egg shaped thing. I pulled out my hard cock and masturbated on my mother's bed thinking about those things actually touching her sweet pussy.

Next to mom's gorgeous breasts is her absolutely perfect legs and ass. Looking at her butt always gives me an instant erection, no matter what she's wearing. Now living alone with my mom, I'm treated to many glimpses of her gorgeous body in all types of clothing. She'll ask me to zip up the back of her dress which gives me the chance to look at the top of her panties, her butt or her sexy smooth back and shoulders.

We are very open with each other as we feel free to enter the bathroom when the other is in the shower stall taking a shower. Our shower stall has frosted glass from the neck down so you can see a naked silhouette but that is it. You just can imagine that every, and I mean every time mom was in the shower, I found a reason to use the bathroom.

In the last few months, it seemed like mom was always in my bathroom when I was taking a shower too. I kept getting braver each time she was in there as her attire kept getting sexier and more revealing. The last time she was washing her face at the sink with her back to me and she was only wearing her bra and a pair of sheer white panties. I could clearly see her perfect globes of pale white butt flesh through her panties. My cock hardened at the sight of her sexy body.

I stand about six feet tall, muscular build, 195 pounds with black hair and blue eyes just like my mother. I'm like my mom in so many ways as I tan easily and also have a dark complexion. I'm into sports in school, football, basketball and baseball consume my mother's and my free time. I'm set to go to college with a baseball scholarship after high school.

Back to my mother while she washed her face, her natural breasts jiggled as I stroked my young cock

to its full length. I stared over the frosted glass at my mother's gorgeous butt and seeing the side swells of her huge breasts. Her bra was also very sheer, so much that I could see her dark nipples and the pale white mounds of breast flesh in the mirror.

What I failed to realize was that mom could see me in the mirror as I stroked my thick cock. She couldn't see exactly what I was doing behind the frosted glass, but she knew by my movements and the fact that I was staring at her ass, that I was masturbating. What I also didn't realize was that my mother was getting sexually aroused watching me as her pussy juices flowed and were absorbed by the lining of her sexy panties.

As soon as mom left the bathroom, I thrashed my hard cock quickly to one of the most intense orgasms of my life. My cock head was swelled up so huge, a huge purple knob as the first rope of white hot cum exploded out hitting the shower wall, followed by two more huge spurts of my hot seed. My heart was pounding, all over seeing my mother's panty clad butt.

I also noticed that in the past few months, my mom would walk around the house in only a pair of panties and a t-shirt. She had never done that before and it was driving me mad with lustful thoughts about her. She did so many things, almost like she enjoyed getting her 18 year old son sexually aroused. My cock seemed to stay hard all the time any more.

Just the other morning, I was eating my cereal at the kitchen table when mom came downstairs. My cock instantly began to swell as she entered the kitchen. She was wearing a pair of yellow lace panties that only covered about half of her sweet butt cheeks. As if that wasn't bad enough, her top was an old thin white t-shirt that was cut off, exposing her hips, belly and tight abs muscles with no bra holding her sweet globes of breast flesh.

Her nipples were standing out at full attention, hard buttons pushing through the thin fabric covering them. My eyes were glued to her perfect butt as she reached up in the cupboard to get a bowl for her cereal. As she sat down, she acted like it was no big deal but if she looked under the table, my cock was stretching my shorts to the point where it was nearly unbearable.

So you can understand how nearly all my sexual fantasies were about my mother. I found myself spending more and more time with her and less and less with my buddies. Finally my 18 th birthday arrived and two of my new rich high school buddies I met as a senior, decided to take me to this high dollar club in Vegas where they said the girls are all extremely hot and sexy.

We made the short drive to the club, entered and sat there having a few drinks. I was amazed at how many gorgeous women were dancing all about the club. There must have been over thirty girls at various small stages all over the club. Every girl could easily grace the pages of Playboy, they were

that hot and good looking.

The girls would keep rotating about every 25 or 30 minutes, from stage to stage. We were sitting at a smaller stage back in the corner of the club. We were spending tons of money on drinks and lap dances. Every girl was wearing sexy lingerie or just panties and pasties covering their nipples. They all were so fucking hot, it was just crazy, the amount of hot flesh exposed in this place.

Girls of all types, tall, short, thin, curvaceous, gorgeous blondes, redheads and brunettes, one after another they swung around the pole in front of us, sticking their breasts, asses and pussies in our faces trying to get our money. The dollar bills, 5's, 10's and 20's, were flying around everywhere. For \$50.00, you could get a sexy lap dance where only the girl was allowed to initiate the physical contact.

If you got out of control, some 300 pound bouncer quickly escorted your ass out the door. So we all maintained ourselves and spent tons of money as we got shit faced. We were on about the 5 th or 6 th rotation, totally enjoying ourselves, hooting and hollering having a great time. I think I had a lap dance with each girl that passed by us. I'm sure all of us had raging hard-ons by this point, I know I did.

Suddenly my friend Joe said, "Holy shit guys, look at that babe!"

We all turned and you could imagine my surprise as the hot gorgeous girl Joe was looking at was my mother. I couldn't believe it, my sexy mother. Luckily, these two guys had never met my mother. I quickly looked the other way, not knowing what to do as our stage was the next in her rotation. As she took the stage, she grabbed the pole and began to swing around as she started her routine.

There were only the three of us at this small dance area and as she made eye contact to each of us, you can imagine to look of surprise in her eyes as our eyes locked upon each other. Her surprise quickly turned into a seductive smile as she continued with her dance routine. I'm not sure, but it seemed the energy level of her routine increased as she was really doing some awesome moves.

I dared not tell my buddies this was my mother and the fact that I kept that from them, seemed to arouse me even farther. She moved her gorgeous body in ways I never could have imagined, only stopping for one of us to slip a bill into her red thong panties. At one point, she bent down towards me and squeezed her huge breasts together, covered only by a sheer lacey red bra, until I slipped a \$20.00 bill into her soft sexy cleavage.

This was the first time my fingers actually felt my mother's soft breasts as she let me linger my fingers there a few seconds, enjoying the feel. I could see her dark nipples were hard and erect, pushing the

sexy material outwards. God, she was so fucking gorgeous as she gave all of us much more than any of the other girls did for our money.

We each asked her for a lap dance, Joe first, then Matt with me going last. I couldn't believe it as my mother pressed her tits and ass all over my buddies. Teasing their cocks as she rubbed her soft ass on top of their laps, all the while we had to keep our hands at our sides and not touch the gorgeous woman gyrating on our laps.

Finally it was my turn as mom slid over onto my lap. I felt her soft ass press down hard against my hard throbbing cock. I knew she could feel it as she raised her eye brows while looking into my eyes as her butt caressed my hard cock. She put her arms on my shoulders and pressed her soft tits into my face. I couldn't help myself as I mouthed one of her hard nipples.

"HmMMMM, this ones a bad, bad boy." She said laughing.

Just as she was ready to move on, she whispered into my ears, "We'll talk about this later. Tell your buddies that you're going home with me. I get done at midnight."

I just looked into her gorgeous eyes and nodded ok. I wasn't sure but it seemed like I was in trouble as she seemed a little pissed off. The rest of the night, my mind raced, chasing all kinds of thoughts in my mind where I couldn't think of anything but my mother. My mind kept seeing her sexy body gyrating and dancing in front of us. My cock was rock hard for my mother, in a place filled with gorgeous pussy. I was so confused.

As midnight approached, I told my buddies that I was going home with one of the dancers. They thought I was fucking with them until my mother came out wearing tight blue jeans and a sexy red tee shirt, tucked her arm under mine and we walked out the door. Not knowing she was my mother, they were yelling for me to go for it as we exited the club.

"What the hell are you doing here? You know I told you not to come here. What the fuck were you thinking?" she scolded me as we walked towards her BMW.

"Mom, I had no idea which club you worked in, you never told me the name of *your* club." I explained.

"And besides, Joe and Matt wanted to take me out for my 18 th birthday. They were paying for everything." I added.

"Alright, alright, but what if they find out I'm your mother, for Christ's sake!" she replied sternly.

“Mom, I just met those guys my senior year. They have no idea what you look like. Relax, ok. I’ll have to make sure they don’t find out now.” I replied in a cool manner as I stepped into the passenger side of her Beamer.

The ride home was very quiet. I could tell she was deep in thought while she was driving. My eyes began to take in every curve of her body, imagining her in her sexy red lingerie again. My cock was once again rock hard. I rubbed my cock very slowly, just a small light touch, almost undetectable to my mother as she drove us home.

I’m not sure how, I guess she looked over just at the right instant when we passed under a street light as she saw my finger touching my hard cock through my jeans. Her eyes got real big as she looked at my cock a second time before I could move my hand.

“What the hell are you doing there Ronnie?” she asked me sternly.

“Uh, nothing mom.” I replied hoping she would change the subject.

“By the size of that, it looks like more than nothing.” She said pointing to my hard cock.

“Really Ronnie, you guys shouldn’t have been there. You shouldn’t have seen me like that! I imagine.....I gave you that, right, didn’t I?” she asked very sternly, waiting for my answer.

I was in shock, not knowing what to say when I suddenly just blurted out, “I’m so sorry mom. It’s just you’re so beautiful. I can’t help but get hard when I look at you. I’m sorry.” I said as I hung my head.

“Well, you should be, having those nasty thoughts about me, your mother of all people!” She replied as angry as she could sound.

“We’ll discuss this when we get home young man!” she shouted but inside, she was flattered, her son found her attractive and she felt her pussy tingle.

Now it was complete silence the rest of the way home. As soon as we pulled into the driveway, I headed upstairs to my bedroom. Mom was quick to tell me that she was getting a shower and then we were going to talk. I was very nervous sitting in my room. I heard her walking down the hall from her bedroom to the bathroom. I didn’t dare to find a reason to enter the bathroom while she was showering tonight.

I changed into my bed clothes, which was only an old pair of gym shorts as I always slept in the nude, and laid back on my bed waiting for her to get done with her shower. I expected her to rip into me

about this and that, about staying out of places like that as all those girls want is your money. I really didn't know what to expect.

I was listening to some music lying on my bed thinking about all the events of the night. As I pictured my sexy mother pole dancing, my cock began to get hard again. I was lightly stroking my cock through my shorts when I heard the shower water stop. I froze with my hard throbbing cock in hand as I listened intently to hear my mom walking down the hall and enter her bedroom.

I quickly sat up and pulled my extra pillow over my crotch to hide my hard-on. No matter how I tried, my woody just wouldn't go away. I was almost panicking as I wondered what her reaction would be to catch me with a hard-on a second time tonight. God, I was torn as to what to do, how was she going to react? What was she going to do?

It was only a few minutes later that I heard a soft knock on my door as mom entered my bedroom. She looked absolutely gorgeous, even having just gotten out of the shower, with no make up, damp hair standing there in her terry cloth bath robe. Against my will, my cock throbbed and got harder under the pillow.

"We need to talk young man!" she started out sternly.

She moved over and sat down on my bed, her robe opening just enough to expose her gorgeous tanned thighs and the sexy cleavage between her huge breasts as she said, "Ronnie, I'm sorry I yelled at you earlier tonight but you know I asked you to stay out of those places. I guess I should have told you where I worked so we wouldn't have happen what happened tonight."

"I'm sorry mom, I'll never do it again." I replied with my head down as I looked at her luscious legs.

"Ok, so we are in agreement, no more going to any dance clubs, right?" she commanded.

"Ok mom, I promise." I replied back softly looking up into her blue eyes with tears building in my eyes.

Seeing my eyes water up, her heart suddenly warmed up as she pulled me towards her for a hug and said, "Its ok baby. Let's just put this behind us and move on, alright honey."

As she hugged me, my head was pressed into the soft flesh of her breasts. The clean womanly scent of her freshly showered body consumed me. My breathing became heavy as I could feel her soft breast flesh against my cheek. My hands were wrapped around her just above that perfect ass of hers. My cock was stone hard now, throbbing madly underneath the pillow.

As we broke our embrace, she laughed and grabbed the pillow and tossed it at my face. I turned to avoid the flying pillow but when I looked back, mom was staring at my huge thick cock inside my gym shorts. My cock, when hard is a good nine inches long and very thick. There was no way to hide the reaction my body was having towards my own sexy mother.

What happened next was the most erotic thing yet in my young life. It was like mom was in a trance, staring at my throbbing cock as she reached out her right hand and just ran the tip of her index finger up and down the length of my hard shaft. Her breathing was getting very heavy as it appeared she was trying to decide what to do about her son's raging hard-on, a hard-on created because of her.

As she rested the palm of her hand on my cock, running her hand softly up and then down my thick shaft, she looked deep into my eyes. I could see years of pent up lust in her eyes as she softly rubbed my cock. We stared into each others eyes for what felt like minutes but only seconds. The sexual tension in the air was so thick as she caressed the length of my rigid member.

"Ronnie honey, can I see it? Show me your cock baby." She asked softly as she moved her hands to the elastic waist band of my shorts as I raised my butt off the bed.

In one smooth quick motion, mom pulled my shorts down my legs and I was completely naked in front of her. As she moved back to my side, her eyes devoured every inch of my throbbing cock as it stood straight up in front of her pointing towards the ceiling. My cock was as hard as it's ever been in my life and I think it was bigger than I'd ever seen it. Mom had me so fucking aroused my head was spinning.

She reached out with her right hand and her small fingers softly circled the base of my cock. Her small hand made my cock look even larger as I sat there waiting mom's next move. Slowly her hand slid up my huge cock, over the veins of my shaft until only my huge purple cock head remained uncovered. A large drop of pre-cum formed at the slit on my cock head.

"Ummmm, baby has such a nice big cock." Mom said softly.

Mom took her index finger and stuck it in my pre-cum and smeared it all over my cock head. The feelings were so intense that I nearly lost my breath. Her next move surprised me as she put her finger in her mouth to taste my juices. Seeing that, another huge drop of pre-cum oozed from my throbbing shaft.

"Oh my, baby tastes so good." Mom moaned out as she licked my cum from her fingertips.

Feeling brazen and bolder, I said, "Suck my cock mom, please?"

She looked deep into my eyes, lust filling both our eyes, as she stood up and opened her robe, letting it drop to the floor.

“My god mom, you’re gorgeous!” I moaned out as my mother stood nude in front of me.

My cock actually ached as I gazed upon the complete and utter beauty of my sexy mother. My imagination did absolutely no justice as to how beautiful her naked body actually was. She sported a dark tan with very sexy tan lines. The contrast of her pale white breast flesh and pussy mound in comparison to her dark tan was amazing.

Her nipples were huge, dark and very puffy looking, sitting on top of the most beautiful natural hanging breasts. Her deep dark tanned belly forming a vee as it ended at her pale white pussy mound. Her pussy was hairless except for a dark patch of hair just above her labia. I could see her juices glistening on her pussy lips, giving away the high state of her sexual arousal.

I was amazed at the gorgeous curves of her hips, her thighs and calf muscles as I took in every inch of her long sexy legs. I had seen her dressed so many ways but I never could have imagined she looked this good. Only seeing her at the club tonight, gave me an idea just how sexy and gorgeous my mother really was.

“I’m glad you like honey. Now let me see what I can do about that beautiful cock of yours.” She said as she made me sit on the edge of the bed and got on her knees in front of me.

I couldn’t believe what was happening as I watched my mother’s sexy lips part and glide over my huge cock head. Her tongue swirled around and cleaned off the remainder of my pre-cum. As she pulled her head back off my cock, she stuck her tongue out leaving a trail of pre-cum back to my cock head. She laughed as she slipped my cock head back inside her mouth.

My heart was pounding as I felt my mom’s throat open as she took every inch of my cock inside her mouth until her nose touched my pubic bone and nestled in my cock hair. Off she pulled until only my cock head remained inside her mouth, her tongue thrashing about wildly. I had my cock sucked before but nothing compared to the ability of my mothers cock sucking.

As mom’s head bobbed up and down, side to side all over my thick cock, I reached down and cupped and caressed her soft breasts. Her nipples were huge and puffy as I rolled them between my fingertips. She moaned, with my cock deep in her mouth as she loved the attention I was giving her nipples. I would find out later that you could give her an orgasm by just sucking or squeezing her sensitive nipples.

The vibrations of my mother moaning, sent sexual jolts of energy through my cock which radiated throughout my body. Her mouth was so hot, her tongue softly caressing the underside of my shaft as she slid my cock in and out of her mouth. I was getting close to orgasm when sensing this, mom slowed to almost an unbearable speed.

“Ah fuck mom, that feels so good!” I panted out.

I could see her smile with my cock still in her mouth. Her head swiveled from side to side so slowly it was driving me wild with lust. Mom had me so close to cumming four or five times as she licked and sucked my hard cock. Finally she was sucking hard and fast, head bobbing up and down as my orgasm approached quickly.

As she pulled off my cock, she said “Cum on my tits baby!”

I grabbed my cock and aimed at her gorgeous breasts. In two strokes my cum was erupting up my shaft and shot out so hard that I accidentally hit mom straight in the mouth, trailing down onto her right breast. My second huge spurt of white hot cum landed on her left breast and into her deep cleavage. My third huge spurt of cum splashed across her right nipple and into her cleavage. I had never cum so hard or so much in my life as I did that night.

Mom laughed as she licked my cum from her lips, “Was my baby just a bit excited?” as she began to rub my cum all over her breasts.

With my heart pounding in my chest, I watched my mom rub her nipples between her cum soaked fingers. She pulled and squeezed her nipples so hard I thought she was going to tear one off. Still on her knees, she rolled her head back and a deep moan escaped her mouth as her body began to shudder and tremble all over.

I couldn't believe my eyes as I watched my gorgeous mother succumb to her orgasm right before my eyes while only squeezing her swollen nipples. Her thighs squeezed together as her right hand dropped, still covered with my cum, cupped her pussy and her thumb strummed her swollen clit. It was such an erotic sight to behold.

“Ummm fuck yessssssssss!” she moaned out as orgasm swept through her sexually charged body.

I just sat there, holding my still rock hard shaft, stroking it lightly as I watched my sexy mother's body shudder and twitch around experiencing waves of sexual pleasure. When she was done, her head was resting on my thigh, just inches from my throbbing shaft.

As she looked up, my cock towered above her eyes as she smiled. "Is my baby ready for more?" she said seductively.

Mom got back up on her knees and gave my cock a few soft kisses and licks, cleaning up the rest of my cum. She stood up and grabbed my bed sheet, wiping her breasts clean. I moved back on my bed, lying on my back with my rigid shaft pointing straight up at the ceiling. Mom climbed on my bed and straddled me, guiding my cock toward her opening as she looked deep into my eyes.

"Does baby want to fuck his mommy?" she asked softly.

All I could stammer out was "Yessssssssssss!"

In one slow downward move, I watched my huge cock head spread open my mother's pussy lips. She held me there as she rubbed my cock head against her erect clit. She threw her head back and moaned as she pushed her clit from side to side with my cock head. She looked so hot hovering there just above my cock.

I could feel her pressing down harder as my cock head disappeared inside my mother's pussy. She looked deep into my eyes as in one slow downward thrust, my cock was soon buried deep inside my mother's tight cunt. I couldn't believe how tight her pussy held my cock deep inside her. With my cock buried inside mom's hot pussy, she leaned forward, pressing her huge breasts into my chest as her soft lips found mine.

We kissed deep and passionately, like lovers locked in the heat of passion. Our tongues thrashed and chased each other as my cock throbbed inside her tight pussy. I could feel her pussy muscles gripping around my shaft. Finally I felt her hips move ever so slowly as we continued kissing. Slowly her hips moved more and more until finally only my cock head was still inside her.

She was fucking me agonizingly slow as she moved slowly downward until I was once again deep inside her. She held me there and moved her hips from side to side. I never had sex at that point of my life with the girl on top. Usually I was on top just pounding away but this was so different as she controlled our every move. I liked it, I really liked it a lot.

We fucked so slow I could hardly stand it. I tried to flex my hips to speed things up but she would just stop everything and hold me there. I could feel her hot juices running down and soaking my crotch. I finally realized, mom was going to control our first fuck so I figured I'd just lay there and enjoy it.

Soon mom's hips were bouncing up and down and I was thrusting my hips up to meet each of her

downward thrusts. At times she pushed her hips from side to side to a point where I thought she was going to tear my cock off. For a small woman, she was very aggressive and strong in bed.

Finally she was leaning back and bouncing up and down on my thick cock. I watched my huge cock slip in and out of my mother's sexy pussy. It was such a beautiful sight to behold. I reached up and cupped both her large breasts, my fingers pulling hard on her nipples until she started to scream out loudly.

"I'm cummingggggggggggggggggggggg!" she moaned out loudly as her second orgasm ravaged her body.

I watched her face be consumed with sexual bliss as she shuddered and quivered on my cock. I could feel her pussy muscles gripping, squeezing and convulsing all around my shaft. My hands continued to squeeze and cup her huge tits. God, I loved her sexy breasts. So huge and soft yet still firm.

My crotch was completely soaked with her juices but I didn't care. As I watched mom coming down from her orgasm, I rolled her over where we were both laying on our sides. My cock was still hard, slick and covered with her juices. I couldn't believe how beautiful she looked.

Mom looked down at my hard cock, "My god baby, you're still hard."

"Can't help it mom. You're so fucking sexy!" I replied.

"Mom, can I fuck you from behind?" I asked her softly.

"Sure baby, how ever you want to do it. I'm ready for that gorgeous cock of yours any time." She cooed softly.

I watched as my mom got onto all fours in front of me, her head on my pillow, her back arched and her perfect ass pointing up high in the air. I got on my knees and moved in behind her. As I did, I looked at the most erotic sight in my life so far, my mother on her knees, legs spread, ass high in the air and her sweet sexy pussy waiting for my thick cock.

As I held my thick cock, feeling heavy in my hand, I looked down at the sensual curves of my mother's body. It was the perfect hour glass look, starting at her wide shoulders, down her tanned back to her tiny waist and then her sexy hips flaring out, ending with the smooth lines of her heart shaped ass. God, she was so fucking beautiful.

I moved forward, pressing my huge purple cock head into her opening, spreading her labia as I felt the heat of her pussy envelope my cock once again. Her cunt was like a tight sheath around my thick shaft. I pushed inward until I felt her soft butt cheeks touch my thighs. Oh what a glorious feeling it was as I looked down at my mother impaled on my cock.

“Ummmmmmmm yes honey, ummm, yes, that feels so good baby!” mom moaned out softly.

“Do you like my cock mom?” I asked sternly.

“Oh yes baby, mommy loves your cock.” She moaned again.

“How do you want your son’s cock mom? Tell me!” I commanded her.

“Fuck mommy’s pussy hard baby, fuck me hard.” She moaned out louder.

As I held her hips firmly, I pulled out, holding my cock head inside, then I thrust into her hard and deep as she moaned out, “Oh god yes baby, that’s it, fuck mommy’s pussy good and hard. Ummmmmm yesssssssssss!” she moaned loudly into my pillow.

Hearing her encouraged me to start fucking her very hard but slowly. I thrust my cock in deep, held it there as I pressed her hips from side to side, and then pulled out slowly. I continued doing this, gradually building up speed, gradually increasing our pleasures as the friction of our sex intensified to blissful levels.

Soon mom was pressing back to meet every one of my forward thrusts. I was pounding her tight pussy from behind. She was moaning out obscenities into the pillow as my thick cock ravaged her pussy from behind. The sounds of my cock gliding in and out of her juicy cunt filled the room. You could smell the sweet scent of a man and woman having glorious sex.

“Oh god baby, yes that’s, oh yes, fuck mommy’s pussy, ummmmmmmmm yes, harder, harder, yessssssss, ummm, faster baby, oh my!” mom moaned out uncontrollably.

“How’s it feel mom? How’s it feel to have your son’s big cock fill your pussy?” I panted out loudly as my cock pounded inside her.

“Aaaaaaaaahhhhhhhhhhhhhhhh my god!” she screamed into the pillow.

As I thrust my cock deep into mom’s cunt, I reached around her with my right hand and rubbed her swollen clit. Almost instantly, her body began to shake all over, her pussy gripped and convulsed

around my cock as she had her third orgasm of the night. It was an unbelievable sight, so fucking hot that I pulled my cock out of her hot pussy and began to shoot my hot cum across her tanned back and all over her gorgeous butt.

My first spurt of white hot cum shot clear up to the back of her head, hitting her hair, leaving a trail from her head to her sexy ass. The second spurt was up to her shoulders and leaving a trail back to her sweet butt flesh. I never had cum so much in my life as a third, fourth and fifth spurt of my hot seed landed on her ass and lower back. I was completely spent, sexually drained by my sexy mother.

I knelt there behind her and panted as I gasped for air. I was taking in what I had just done with my gorgeous mother. My white hot cum was all over her dark tanned back as I leaned forward, resting my softening cock in the crack of her soft buttocks and began to rub my cum all over her body. It was so fucking hot, seeing my mom's sexy body covered in my cum, her only son's cum.

She rolled onto her right side and I slid right in behind her, spooning as I felt my sticky cum touching my body between us. I can't explain why, but that really turned me on, so much that my cock began to harden once more. Mom felt my cock getting hard again and rolled her head to the side.

"Baby, you and your cock are going to keep mommy very happy for a long time." Mom said as we kissed softly.

"Anything for my gorgeous mom." I replied as I moved my hips down, then upwards as I slipped my hard cock into her wet pussy one more time.

"Oh yes baby, mommy really does love your cock!" she moaned again.

From that night on, I became the man of the house and shared a bed with my gorgeous pole dancing mother. I would come to watch her dance, get horny as hell, and then we would come home and fuck all night long. Clothing became an optional thing in our house after that night.
