I was excited and nervous about Lana coming over. Only less than 24 hours ago my relationship with my gorgeous mother had completely changed for the better, and now I was going to fuck her sexy friend. This was beyond my wildest dreams and fantasies and a bit too much to digest for my young mind, but hey, I was not complaining!

I was laying on my mom's bed and watching her getting ready for the night. Just watching her, carefully putting her make up on and brushing her beautiful golden hair gave me another throbbing hard on. 'Baby before you take a shower we need to shave your balls. They're so hairy for your age!', she said as she was fixing her eye shadow. When she was finally done with her make up she got up and went to her bathroom. She came back with scissors, shaving gel, razors and a towel. She laid the towel under my ass and told me to relax. She then got on the bed and spread my legs with her pretty face right in front of my cock. She pushed back my hard shaft with her fingers and with her right hand started cutting the hair on my balls. I knew that she was taking her time and doing this as slowly as possible to make a hot erotic game out of it. Then she put some shaving gel on m balls and my asshole, and started shaving me gently. When she was done shaving, she wiped my balls with the towel. 'Done....smooth as a baby's butt. I just need to test it now!', as she said that she put her nose on my balls and started rubbing gently up and down. Then she took out her tongue and licked my asshole two or three times. I was going crazy with the sensation of her hot breath on my balls and her cute little tongue on my asshole and started moaning. 'Now don't get too excited baby...go take a shower. Lana will be here any minute now.', she said with a playful tone and got up. And I went to take a shower like a good boy.

Mom was wearing a black bra, black suspenders and black stockings. No panties! She looked and smelled like heaven as she opened the door and Lana walked in. Lana was about five years older than my mom. She was a pampered, rich, beautiful and very classy woman who always wore the latest fashion and took care of herself by regularly going to the gym and spas. Her green eyes and black hair gave her a unique beauty that turned heads every where. I was standing there all naked, looking like a dork with a huge hard on. I was surprised to see that Lana had her pretty hair in pigtails with cute pink ribbons on them, and wearing a rain coat! She looked at me and then at my mom and said, 'You were not fucking kidding me then! It's fucking true! Oh Blondie...you are such a slut!'. Blondie was her nickname for my mom. 'Thank you. You look adorable with those pigtails baby. May I

take your coat?', said my mom and moved behind Lana to take her coat. As the coat came off I realized why she was wearing it. She was wearing a pink half cup bra, pink suspenders and pink stockings. Again...no panties. Her black bush looked wet and ready to fuck. My mom grabbed one firm medium breast from behind her with one hand, put her other hand on her wet pussy and started gently kissing the side of her neck. Lana's eyes became dreamy with lust and with a shaky voice she said, 'I thought since I am fucking your boy I'd try to look like a little girl myself!' My mom took her hand and rushed her towards me, then put her hand on my throbbing cock and said, 'You look fucking adorable. Look how hard my son's cock is for you.' Lana grabbed my shaft and pulled on it and said, 'Yummy...your good enough to eat baby. Can't wait to have you banging my pussy. Let's get on with it. I want this cock NOW!'

In my mom's bedroom, Lana got on the bed and spread her legs. My mom positioned herself between Lana's legs with her face right above her pussy and told me to lay down right next to her. She kissed my lips and said, 'Baby now look how I do this. This is how she likes being licked.', and she gently started licking Lana's clit. Then she put her thumb on her clit and started rubbing it as she darted her tongue into her pussy. She stopped, kissed me again and said, 'Your turn baby.' I did the same as my mom and Lana started moaning loudly, 'Oh fuck. Shit you're a natural. Lick my fucking pussy.' I started licking her harder as she got more and more excited. Her juices flowing into my mouth and she started humping her heated pussy against my face. My mom got up and sat on my butt, humping me with her wet pussy and pushing my face into Lana's cunt from behind. Both women were moaning loudly now. 'Oh fuck I'm going to cum on your ass honey. Lick her harder. Make that bitch fucking cum!' My jaw was starting to hurt, but I knew that Lana was going to cum soon. My mom was riding and humping my butt like crazy now. Then I felt her juices flowing on my butt cheek and she collapsed on top of me. 'I'm fucking cumming in your mouth. Fuuucck!', and Lana came too.

A few minutes later, I was laying on my back in between these two gorgeous, sex hungry women. Each had one of my nipples in her mouth and sucking forcefully. My mom had her middle finger up my asshole and fucking it hard as Lana was stroking my cock. 'Oh shit...ah mommy that feels so fucking good.', I said panting. 'Hold his cock up for me baby. I'm going to ride his cock!', said Lana to my mom and positioned her pussy above my cock. My mom took my cock and rubbed the tip of it against her friend's pussy a few times before guiding it to her hole. Then Lana lowered herself on my cock. Her pussy was wet and hot. I almost could not feel my cock anymore. She started riding me slowly and each time she came down she rubbed her swollen clit on the base of my shaft. Then she rode me faster and harder. 'Oh my little boy. Look you're fucking her pussy. You're my little man now!', said my mom and started French kissing me. 'Come and suck my nipple you fucking slut. I'm going to cum so hard on your son's cock.', Lana yelled at my mom. My mom went to her and put her arm around her sexy friend. She held her tight and started sucking on her stiff nipple. Lana's thrusts became lower and deeper. As I felt my cock explode inside her, she screamed and collapsed on top of me.

Now my mom was between me and Lana. I was sucking on her hard nipple like there was no tomorrow. Lana was sucking on her other nipple and rubbing her clit fast and hard with her fingers. I had my hand on my mom's warm and sexy inner thigh. 'You know blondie....I think I want us to do this with my son too!', Lana said as she continued playing with mom's clit. 'I thought you said your son was gay! God damn....don't stop....shit...rub my clit baby!' Lana kissed my mom's mouth and said, 'Well...we'll know for sure if he is or not. If he doesn't want to fuck you, then he is gay!' My mom lifted her head and almost screamed, 'Ok baby...we'll find out...I'M FUCKING CUMMING!'
