*My affair with niece was about to get out of control.*

<http://www.lushstories.com/stories/incest/my-niece-my-lover-chapter-three.aspx>

I was pussywhipped by Annie, my 16-year-old niece. I was addicted to her sweet nubile pussy and she knew it. She had me wrapped around her finger.

The events of the night before when Annie and her 16-year-old friend Brandy teased me. They promised me, that if I was good I'd be able to fuck them both. This morning, before they left for school I gave Annie and Brandy \$1000 each and told them to go on a shopping spree.

As I sat my desk, all I could think was how the girls would thank me for such a generous gift. I couldn't concentrate on anything. When clients came into my office to discuss wills I pretended to listen, but all I could think about was fucking Annie and Brandy.

The drive home was torture. Anticipation of how I imagined the events would flow filled my mind. I was hoping, praying that I would come home to them already going at it on my bed. They would invite me to join them, as I tasted their sweet young bodies. My cock was so hard.

I arrived home hornier than I'd ever been before. I heard sounds coming from the family room that broke my heart. It was the sound of the TV. I walked into the room and saw Annie and Brandy lying on the floor watching TV. Annie was wearing a jean skirt and Brandy a plaid one. My niece ran up to me, gave me a hug and a peck on the cheek. Brandy looked over waved and resumed watching TV.

"We're going to watch a movie Uncle Mark, wanna watch it with us?" Annie asked.

"Sure," I responded in a sour tone, "It's not I got anything else to do."

She ran out of the room and I slumped down on the couch.

She quickly returned with a porno DVD.

"I found your secret hiding place," she said.

Since I started fucking Annie, I stopped watching porn. She put it in the player. The movie started. She used the controller to flip from scene to scene until hit a threesome. She then turned to me and said, "Were you expecting a threesome?" She then lied back on the floor on her chest and started staring at the TV.

Why was she teasing me like this, I thought to myself. I was going crazy. I moved to lie down on the couch to start jerking off. As I changed my position on the couch I caught a glimpse up Brandy's skirt and noticed she wasn't wearing any panties. Something inside me snapped. I walked over to Brandy, picked her up, sat her on the couch, spread her legs and started eating her pussy. It was so wet. She moaned as tongue kissed her swollen clit.

Annie joined us on the couch. She spread her legs revealing that she too wasn't wearing any panties.

"Do you want to eat my pussy too Uncle Mark?"

I did something I never thought I could do, I ignored her and continued eating Brandy's sweet pussy. I stood up and demanded that she get on her knees and suck my cock. Brandy did as she was told.

Annie was savagely rubbing her pussy. I could tell she was jealous as her best friend was sliding my cock in and out of her mouth.

Annie scooted over to where we were; she looked at me with sad puppy dog eyes and asked. "Can I have a turn?"

God I wanted to let her suck it, instead I pushed her away. I had to show her that I was still in charge. She looked startled as she landed on her ass. Almost instantly she resumed playing with her pussy. She started pleading how badly she wanted my cock.

I looked down at the beautiful Brandy as she continued sucking. I moved her hair away from her face. She looked so beautiful. I then looked at Annie as she continued to play with her pussy. "Please, Uncle Mark," she begged. To make her even more jealous, I looked down at Brandy and asked, "Are you ready to fuck?"

She stood-up and kissed me passionately. I looked over at Annie, who at this point was savagely rubbing her pussy. She watched intently as I put Brandy on all fours and entered her pussy from behind.

“Your cock is so big,” she screamed as I put into her tight pussy.

“Fuck me,” she screamed.

I looked over at Annie once again. “Please,” she begged.

I continued to give Brandy all of my attention.

“Please, Uncle Mark give me your cock.”

Between Brandy’s ass, Annie playing with her pussy and all the teasing and mind games of the past 24 hours my cock was ready to explode. I looked over at Annie and asked, “Do you want my cock?”

She flashed the biggest smile and exclaimed, “Yes please.”

I took my cock out of Brandy’s pussy. Stroked my cock as I made the short walk to Annie. As I approached she yelled, “Give it to me.”

“Open your mouth,” I yelled.

She did as I came all over her face. My love juice squirted all over her. She looked so beautiful covered in my cum. I went over to Brandy grabbed her by the hair, walked her over to Annie and demanded that she lick every inch of cum off of her. She looked up at me and quietly said, “Yes daddy.”

I sat down on the couch touching my soft cock as Brandy started licking the cum off Annie’s face. As she reached her lips they started kissing. “Your not licking it off. Finish licking before you two play,” I exclaimed. She moved down to her breasts, where some droplets had landed. Annie was now squirming and moaning with delight. Seeing the look of ecstasy on her face, started to get me hard. I went from touching to stroking it.

Brandy was finishing licking the cum off her stomach. She sat-up and shouted, “Done.”

I looked at Annie as she continued to squirm. She was once again rubbing her pussy. I could see that she needed some extra attention. “Brandy,” I said, “I think Annie’s pussy needs some special attention.

She started rubbing it and turned to me and said, “It’s so wet daddy.”

Hearing Brandy call me that got me even harder. It was so hot watching her eat Annie out. And the happy look on Annie's face as she let out moan after moan, turned me on even more. I got off the couch, stroking my cock as I walked over to Annie. Without even asking I put it in her mouth. She started sucking away.

It felt so good. Brandy wanted another go at my cock. For the first time in my life I had two beautiful girls sucking on my cock. Each one licked one side of my cock in unison and when they reached the top they kissed for a second before starting over again. I was in heaven.

After 10 long minutes I ordered Annie to sit on my cock. I laid on the carpet. Annie climbed on top and started bouncing. Brandy positioned herself between my legs so she could lick my balls. Every few thrusts into Annie she would grab my cock and lick it for a few seconds before putting it back in her. As much as I enjoyed that, I knew I'd enjoy it more if she was sitting on my face, and that's what I ordered Brandy to do.

Her Betty Page type body bounced on my tongue as Annie rode my cock.

"Do you like the way my pussy feels on your cock Uncle Mark?"

I mumbled yes as Brandy's pussy covered my mouth.

Brandy then yelled, "My turn."

Annie got off my cock. Brandy laid on her back. Annie sat next to her and made out with her as I started fucking her. Annie looked up at me and said, "Do you like fucking my best friend?"

"Yes, I do?" I responded.

"Fuck her faster."

I did as I was told.

Brandy was screaming, "Fuck me faster daddy, fuck me faster."

Annie then sat on her face. She leaned toward me and we kissed.

Annie then got on all fours. She wiggled her ass as Brandy sucked my cock. Annie yelled for her to put it in. She guided it into Annie's wet pussy. Annie moaned with delight. Brandy was hugging me around my ass and pushing me into Annie.

I ordered Brandy to get on all fours next to Annie. I then went from pussy to pussy. I watched them kiss each other as I did this. I could feel the cum ready to escape my cock. I maneuvered my cock back into Annie's pussy and let it explode.

We then all collapsed on the family room floor where we kissed and I fondled the two girls. Annie innocently looked at me and promised that she would never tease me again.

We would have probably gone a third round if Brandy's mother didn't call her on her cell demanding that she come home.

The next few months with Annie were amazing. Our relationship had gotten even more intense. We rented a cabin and we're able to pursue our relationship away from interruptions and potential prying eyes. There we talked about running away together when she turned 18, to a place where no one knows and we could live out in the open as lovers.

As great as it was between us things were about to get complicated.

It started on an early April morning. The phone rang. Half awake I answered it, my ex-wife Joan was on the other end. She called to talk about our eldest daughter Lydia, who was now 16. In the 8 months that Annie has been staying with me Lydia had blossomed into a beautiful young woman. She's 5'6, probably weighs 120-125, very athletic build, and if I had to guess, when I've seen her in bikini, she probably is a b-cup.

But I digress; my wife was on the phone and demanded to talk. While she was going on about all the things Lydia was doing wrong Annie awoke in a mischievous mood, moved back the covers, took my cock out of my pajamas and started sucking. As much as I wanted to scream out in pleasure, I had to continue talking to my ex. Annie's mouth felt so good. She got up and jumped on my cock. Oh god she felt so good. I handed Annie a pillow to put in front of her face to keep her from yelling. I was in heaven fucking Annie and hell having to listen to my ex bitch and moan. Annie put the pillow down for a second and whispered, "Do you like the way I bounce up and down," into my ear.

I said, "Yes."

On the other end of the phone said, "I'm glad you agree be here in an hour." She then hung-up.

I was now able to concentrate on Annie. She was now able to moan at full frequency.

I put her on all fours.

“Give it to me,” she demanded as she backed into my cock.

I slapped her ass.

:”Make my fuck hole loose with your big cock.”

In and out my cock went.

She then climbed back on top. As she rode my cock I played with her asshole. This drove her wild. I could feel her spasm as she came. This was too much for me so I came in her sweet pussy. She collapsed on my chest and said, “I love it when you do nasty things to me Uncle Mark.” I kissed her forehead and stroked her hair as she rested on my chest.

An hour later I was at Joan’s’ house. Her and her new husband, Reverend Jason greeted me and ushered me into the den. I met Joan in a college church group. She was always religious and conservative, but back then so was I. The first time I had sex with her was on our wedding night. Over the years we started having different beliefs, she couldn’t handle that and ended our marriage. It seems now that Lydia was having different beliefs. She told me that they caught Lydia kissing a boy. In Joan’s house all dates had to be chaperoned. No kissing until marriage. Holding hands was the only acceptable form of showing affection. I can’t believe I ever loved this woman. After they caught her kissing a boy a screaming match ensued and Joan decided Lydia could no longer live in their house.

This was going to mess things up with Annie.

While Lydia was packing I went out to my car to call Annie.

“When are you coming home Uncle Mark, my pussy is aching for your cock.”

“Lydia and I will be there soon.”

“Why’s Lydia coming over?”

“Joan kicked her out, she’s coming to live with us. So you need to move out of my room and back into yours.”

“But were lovers Uncle Mark.”

It broke my heart to utter the next words that came out of my mouth, "For a little while you have to go back to being my niece."

I guess she didn't like the news because the next thing she did was hang-up on me.

The car ride to my house was weird. I tried cracking jokes, but she wasn't laughing. She said, "Daddy, you know I didn't do anything wrong."

Sarcastically I said, "You kissed a boy, oh no the world's going to end."

That made her laugh.

"So what's his name?"

"Dave."

"How do you know him?"

"From school?"

"How old is he?"

"He'll be 17 in August."

"So, when you're a junior in the fall he'll be a senior?"

"If I'm still living with you it won't matter, we'll be going to different schools." She looked so sad as she said that.

When we arrived home, Annie ran out to greet us. She gave Lydia a big hug and dragged her inside, while I brought her luggage into the house.

The next few weeks were rough. Sex with Annie was sporadic at best. A quickie while Lydia was in the shower. Playing hooky from work and fuck while Lydia's in school. It was tough. Another issue arose. I was now noticing Lydia in a non-fatherly way. The way she looked in running shorts started to make me feel like I needed to make a pit stop and jerk-off before I continued my run. I'll admit it, I spent several nights stroking my cock and thinking about fucking Lydia and Annie.

It was a Saturday, three weeks to the day that Lydia moved in. The doorbell rang; I went to answer it,

to discover the object of my daughter's affection, Dave on the other side. He looked like a surfer dude.

"Is Lydia home?" He nervously asked.

"She's out by the pool. I'll show you the way." I responded.

When we walked out to the pool, Lydia ran excitedly ran over to greet him with a big hug and attempted to kiss him. But he backed away.

"It's okay, Hhe's nothing like my mom," she said.

I got a little jealous as they kissed.

She grabbed him by the hand and walked him over to where Annie was sitting and introduced him to her boyfriend. She actually used those words. It was obvious that Dave was checking out Annie. It was even more obvious that Lydia realized that, because she had the look on her face that she always got when her younger sister got something she wanted. She whisked Dave away from her cousin.

"Well, I'm going to go upstairs and take a nap," I said as I graciously excused myself.

I opened the blinds in my room (which overlooks the pool), opened the window and peered down at the kids. Lydia and Dave were making out. He kept on trying to put his hand down her bikini bottom, but she kept removing his hand from that area. I then looked in Annie's direction. She pretended that wasn't paying any attention to them but I could see her squirming in her chair. This got me hard. She got up and said, "I'll give you guys some privacy. As she walked inside she added extra wiggle to her walk. I could tell that Dave was checking her out.

Dave then looked around and pulled his cock out.

"What are you doing?" Lydia asked.

"It's obvious," he responded.

"I don't do that," she said.

He started to stroke his cock in front of her.

At this point Annie entered my room.

“I knew you were up here stroking it,” she said.

She joined me at the window and started stroking my cock for me. We both watched Dave stroke his cock in front of Lydia,

“His cock is so small,” Annie said. It’s kind of funny that cock is the biggest one she’s ever seen.”

Lydia moved her bikini bottom slightly to the right revealing her pussy. She started to rub it.

“Can I stick it in?” Dave asked.

“No,” Lydia responded.

He started stroking faster.

Annie started stroking faster.

“Can I see your tits?” Dave asked.

Lydia nodded yes and took off her bikini top. She then put her hand on Dave’s cock and started stroking.

“Am I doing it right?” she asked Dave.

At this point I opened the blinds a tad, closed the window so we could no longer hear them and vice versa. I put Annie in a position where we could both look out the window as I mounted her pussy from behind.

We then witnessed Lydia taking the cushion off the one of the chairs by the pool. She got on her knees and started kissing Dave’s small cock.

I started pounding Annie’s pussy even harder.

Watching Lydia suck cock was a major turn-on.

“Your daughter looks so hot sucking cock Uncle Mark,” Annie squealed.

I slapped her ass.

“I bet you wish it was your cock,” she said.

I was pumping faster and faster.

Dave unleashed his load all over my daughter. Seeing her put it on her finger and then taste it for the first time took me to the tipping point and I came so hard in Annie’s pussy. She stood up as my cum dripped out she caught some with her fingers and tasted it. She then kissed and whispered, “No more hiding our relationship, if you ever want to fuck me again you need to fuck Lydia.” She gave me one more kiss and walked out of the room.

I looked back out the window, watched Lydia and Dave make-out in the pool and made the decision that I was going to fuck my daughter, I just needed to figure out how to make that happen.
