Sister-in-Laws Tune up

by Reeb

This story is about my very sexy and sultry sister-in-law, Deedee. Let me paint a picture of her beauty in your mind. She is in her early thirties, long beautiful dark black hair, dark complexion, dark brown eyes and a perfect heart shaped ass. Her boobs are a little small but very nicely shaped for a body that went through having two children. In my eyes, she reminds me of an Italian or Greek goddess who exhibits pure sensual sex. If I had to relate her to a sexy porn star, I'd say she reminds me of Angel Dark, except Dee has smaller breasts.

A few months ago, her husband just packed up and left her for some blonde bimbo. She was devastated and was really down on herself. She could talk to her family, but she confided in me to reassure herself of her sexuality. We talked a lot and sometimes our conversations really got erotic and sexual. I found out a lot of her sexual preferences and turn-on's. I told her I fantasized about her in red lingerie and told her I'd buy her some if she'd model them for me. We just laughed and I just thought I was helping her through her separation by making her feel attractive.

I'm into cars a lot and have a garage where I do some work on the side. Deedee calls me one day and tells me she's having some problems with her car as it's not running right. We agree she was to bring her car to my garage on Friday night and I'd tune it up for her. She was going out with some friends while I worked on her car and would come back for it later. My heart pounded with excitement as several sexual fantasies raced about through my mind. It always came back to Dee's fantastic ass bouncing off my thighs as I drove my cock deep inside her from behind. On Thursday night I decided to go out and buy her something to help her get through being without a man. I went down to the local adult store and bought her this pink vibrator about 6 inches in length including the batteries. Friday night arrives and Deedee drops her car off at my garage around 7PM. She was wearing these

sexy looking tight stone washed jeans, black blouse and a jean jacket. She really looked hot in this outfit. About 2 hours later, her friend dropped her off to pick up her car and her friend left. She came into the garage and we talked about her car, me describing how her spark plugs were fouled, all the while she was sitting on the edge of the hood of her car, I was picturing her naked as my cock was getting harder by the second. Our conversations always seemed to somehow turn to sex lately so I told her I had a gift for her. I pulled out the package and gave it to her as she was very surprised.

She slowly opened the wrapping, laughed and blushed when she realized it was a vibrator. I told her it was something to hold her over until someone came into her life who could appreciate what they had. She just smiled, got up and came over to me and kissed me lightly on the lips. I'm not sure what came over me but I put my arms around her, grabbing her ass and pulled her tight. We just looked into each other's eyes and then kissed as our tongues sensually chased each other. As we kissed, I caressed her ass cheeks and pulled her tight, grinding my hard shaft into her pussy. We again looked lustfully into each other's eyes and we both knew what we wanted.

"Holy fuck Dee, you are so hot!" I moaned out.

"Please make love to me. I need to feel a hard cock inside me so bad, please Ron." She begged softly.

"It's my pleasure gorgeous." I said as I moved toward her car.

I placed a blanket out of her car on the hood and moved her back so her ass sat lightly against the car. I slowly opened her blouse and to my surprise, I found this extremely sexy red-laced bra cupping her 34B tits. My cock was now hard as granite as I knew she purposely wore red lingerie for me. She removed her jean jacket as I unhooked the front of her bra exposing her breasts to my lusting eyes. The sight of her in a black long sleeved blouse, open to her waist with a bright red bra no longer holding her tits was pure beauty. Her nipples were standing out and swollen mounds on her orange sized breasts. I lowered my head and sucked on one nipple then the other, going back and forth. Her nipples were dark and very swollen as I rolled them between my lips. I took one nipple and raked my teeth across it as she shuddered with pleasure.

As she leaned against the car, I slid down and undid her belt pulling her zipper down slowly anticipating her red-laced bottoms. I pulled her jeans down and exposed these sheer red lace bikini bottoms, which I could see her black bush through. I slid her jeans down her tanned sexy legs and kissed the entire length of her legs, she slipped off her shoes and then her jeans. There she stood, opened blouse with her bra hanging down, tits exposed, in this sheer red bikini panties leaning on the hood of her car.

I stood up, kissed her deeply and slid her up onto the hood of the car. She lay back as I worked on her nipples for a few seconds then moved down to her pussy. I mouthed and sucked her pussy through her bikini bottoms for a few minutes, teasing her. As I grabbed the elastic band of her bottoms, she lifted her ass off the car and I slid off her panties. Her pussy had thick black hair, which

was neatly trimmed, but I will never forget the pure smell of sex from her cunt. She was so aroused and wet.

I lowered my lips to her wet cunt and softly traced light licks up and down over her juice covered labia. Her hooded clit was swollen and pushing out from under its sheath. As my tongue touched it the first time, she drew in a sharp breath of air and moaned with pleasure. I gradually increased the pressure of my tongue as I licked her wet opening top to bottom. She was moaning out obscenities as I tasted her slick juices, covering my face.

“Oh yes baby, that’s it, ummmmm, god yes, lick my pussy.....” she moaned out loudly as I began to taste her juicy pussy.

It drove me wild as I ate her pussy for nearly 10 minutes, bringing her close to orgasm 5 to 6 times. She was begging me to make her cum one minute, then next to never stop licking her. Her ass was bucking around as she threw her head from side to side in extreme pleasure. I then began working on her clit and she screamed. I had to grab hold of her hips, holding on real hard as she shook that sweet ass up and down, side to side. Soon she began to shudder and she quivered all over as she had a very intense orgasm.

“Fuck yes, oh fuck yessssssssssssssssssss!” Dee moaned loudly as juices flowed freely from her excited pussy.

“Here comes that hard cock you wanted Dee.” I said as I looked deep into her lust glazed eyes.

As I worked my way back up her body, I undid my pants, releasing my throbbing cock. I grabbed her hips and positioned myself at the opening of her pussy. She was still lying there with her eyes closed as she felt my cock head spread open her pussy. I looked down at my cock to see the head slowly disappear inside my sexy sister-in-laws pussy. Oh god, her pussy was so tight as I felt it gripping and quivering around my thick shaft. The heat of her insides was amazingly hot as our bodies finally coupled as one.

“Oh yeah, that’s it love, give me some of that thick cock my sister talks about, hmmmmmmmmmmmmmm!” she moaned out as my cock slid in deeper.

I slowly slid the entire length of my cock into her to the hilt and just paused there for a second. Her pussy was so hot and her clit was standing up looking for more attention. As I slowly moved in and out of her pussy, I massaged her clit with my left hand, holding her hips with my right. This direct stimulation on her clit brought her quickly to the edge of orgasm again. I kept rubbing her clit just enough to bring her close then I'd back off again. She was going crazy with lust as this went on for about 15 minutes or so, slowly thrusting inward, grinding hard against her erect clit and then slowly pulling out again, over and over, again and again.

She wrapped her legs around my waist trying to pull me in deeper as I slowly gave her the hard fucking she needed so bad. I was fucking her so slow, she was begging for it to be faster, harder as her body shuddered all over as she experienced waves of mini orgasms. The intensity of her sexual pleasure was building up from deep within her. Like a giant coil winding up inside her, tighter and tighter until she could barely stand it any longer.

“Oh my, oh fuck, please fuck me harder, shit, oh yes, ummmmmmmmmmm!” she was begging for me to make her cum now.

I started to gradually pick up the pace until I was pounding my throbbing cock deep inside her on every thrust. I pulled her hips from side to side, changing the angles to arouse new nerve ending inside her drenched pussy, the sounds of fucking her juicy pussy were so arousing as he fucked madly. I don't know how I kept from shooting my load as she was looking so fucking good. Finally I couldn't take any more and began to ram my cock deep into her. She was whimpering and grunting as she came again, shuddering and shaking all over, with me cumming just after her.

“Oh yessssssssss, fuck yessssssssssssss!” she moaned loudly as she experienced wave after wave of orgasmic pleasure.

I was so hot for her that my cock was still rock hard as I pulled out of her. I had her turn around and lean on the car hood. Her super sexy ass was sticking out to me as I got behind her and very slowly slid deep into her. She told me she loves it from behind which is something we both really get turned on by. The feeling of her soft butt cheeks against me was too much. I reached around her and again found her clit, rubbing it as my cock worked in and out of her cunt. I could feel my cock move in and out as I worked her clit harder and faster. We fucked like this for only a few minutes until we both shook with a strong climax. This was a fantasy come true and I was really aroused at the thought of fucking my wife's sexy sister.

“ Oh god Ron, that was intense. Let me take care of you now.” She said as she slowly dropped to her knees.

Deedee got on her knees and it was my turn the lean on the car. She gave me a blowjob I'll never forget as she was very good deep throating. She worked on my thick 8-inch shaft for what seemed like 15 minutes. I was so close to cumming so many times and each time she'd squeeze my cock so I wouldn't cum. Finally, seeing I couldn't take much more, she kept my cock in her mouth and working quickly up and down. It didn't take long and I was ready to shoot.

“Cum on my tits baby! Yeah, right here.” Dee moaned out as I reached down and stroked my cock. It took only two strokes and the first load of white hot cum splashed onto her sexy tits. The thick white cum against her dark tan and dark nipples was so erotic looking. This was my third orgasm of the night so I really had only one good spurt of hot cum for my sister-in-laws tits. I squeezed my down hard, from base to the head to force out every drop of hot cum I could. Dee rubbed her nipples with my thick cum before bringing her fingers to her mouth, tasting my juices.

“Ummm, tastes so good baby!” she moaned softly.

We stood up, looked into each other's eyes, smiled and embraced each other. As we kissed, I could taste my own cum on her soft lips. My semi-hard cock pressed between her legs, leaving trails of my juices across her juice covered pussy. Our bodies were sweat covered from the intensity of our passionate love making. As I cupped that perfect butt, my cock started to harden again. We looked at

each other and smiled.

“Let’s go to my house and take a shower. You ok with that?” she asked me.

“Are you kidding, I could make love to you all night but I think your sister might have something to say about that.” I replied.

“Yeah, she never was one for sharing.” She replied as we both laughed.

We got dressed and cleaned up. She thanked me for everything, including the vibrator, grabbed my cock lightly through my jeans and said "I'll see you next month for my tune-up. Meet you at the house."

She kissed me and walked to the door of her car. I just watched that perfect ass in those tight jeans as she walked away from me. My cock was getting stone hard once again as I imagined our hot shower together. I quickly closed down the garage and raced over to Dee’s house. As I drove over to her place, I didn’t realize that this hot sex with my gorgeous sister-in-law was going to lead to so much more, having sex with Dee’s hot little daughter, my sexy niece Leeza.
