As the door opened behind us, I heard my mom's heels hit the laminate wooden flooring. She was the one to discover me with a pussy full of my granddad Jim's seed. I braced myself for what I thought would be a deafening shriek of shock and horror coming from my mom, but all seemed quiet and calm. She looked at us, then shrugged her shoulders and wandered into the kitchen along with my grandma. This left me utterly confused. Why didn't my mom flip out at me? I mean I had just milked my granddads cock dry.

Puzzled by what had just happened, I sat up, letting his flaccid cock slap against his belly as it finally escaped my pussy's clutches. I felt it was only right to pull my dress back on as I went to confront her about what had just happened. I entered the kitchen where my grandma and mom were just chatting as nothing had ever happened. It was like they were trying to repress the image of their sixteen-year-old angel being nailed.

"Mom, why didn't you flip out at me?" I asked timidly.

I knew my mom was a very difficult lady, but even this was difficult for her, as she just shrugged her shoulders and continued talking to my grandma. I carried on nagging her to tell me why she hadn't gotten angry as soon as she saw us piled on one another. Each time her response was the same until she had cracked. She began to tell me a story of when she was my age.

I stood there, mesmerised by my mom's story. Just the thought of Granddad Jim pounding her deep and hard was enough to get my pussy soaked again. As she continued to talk about what happened to her, Granddad Jim walked in and joined us. His hands began to stroke every inch of my body as my mom kept talking, getting me wetter and wetter. My mom moved in whispering her story seductively in my ear, as I succumbed to the pleasures of my granddads hands. Her hand began to rub my clit as she kept on telling me what he had done to her when she was sixteen.

Her head began to move away from my ear and to my face. She leaned in and began to make out with me. Her tongue started swirling around my mouth, as her fingers rubbed my tiny, young clit. I closed my eyes as she wrestled my tongue, hers been the victor of the battle. After what she had told me, I just submitted my body to both her and my Granddad, letting them do what they want to me freely. I felt my dress lift as my Mom continued to make out with me. Both of my Granddad's hands crept up my body until they were firmly set on my small perky tits. He began to play with my nipples as my Mom pierced her fingers up into my pussy, making me squirm with pleasure, as they used my body.

As we broke the kiss, my eyes opened and were immediately set on Grandma. She was giving signals to both of them as they played with me. Mom began to lift my dress over my head for the second time tonight, leaving my small tits exposed, to the cold draft in the kitchen. They hardened even more from the cold, as my granddad kept on playing with them. I leaned back and began kissing him passionately as my mom and grandma watched on. Whilst I made out with Granddad, Mom quickly stripped down to her bra and panties, revealing her lovely motherly figure. My eyes went back to my mom. Here she stood in front of me, half naked.

She kissed me once more, as Grandma came in behind her to unclip her bra. Her beautiful tits were released as her bra fell to the floor. Her nipples coloured the same shade of pink as mine. Though her tits were much bigger than mine, she was a DD cup which is amazing for a woman of her size. Grandma's hands began to motion the same as Granddad's, as she placed them on my mom's chest whilst we kissed. They kept rubbing our tits whilst our tongues danced with each other. My grandma then dropped to her knees and began to slowly caress each of my mother's ass cheeks, kissing and squeezing them, before slowly sliding her black g-string thong down her long tender legs. As my mom stepped out of the thong, my grandma buried her face into my mom's ass, licking her entire crack with a lot of velocity.

With her ass being eaten to the fullest, my mom pushed my grandma's head down a bit so that she could get a taste of the sweet, nectar like cum oozing from her pussy. She began to slurp my mom's juices, as Mom wiggled her hips on grandma's tongue making it go deeper and deeper into her. Mom stopped kissing me and began to move ever so slightly backwards so that she could bend over. She licked down my body until her tongue met the top of my slit. Her tongue began to circle my clit, as I made out with my granddad once more. She let out a loud moan as my grandma pushed her face into my pussy, making her tongue go deep into my already cum filled hole, letting her taste mine and my grandfather's juices, together.

I closed my eyes again and continued making out with Granddad Jim whilst he grabbed my tits. Immense pleasure trembled around my body as an orgasm built up from the stimulation caused by

my granddad and mom. I erupted vigorously as a powerful orgasm was unleashed on my mother's tongue. She lapped up every last drop of my sweet teen cum, before licking back up my body. I quickly switched my mouth from my granddad's to my mom's tasting my own cum accompanied with Granddad's cum. It had a very sweet but also salty taste, which I loved for some strange reason.

Grandma stopped eating my mom whilst we moved back into the living room, the living room being warmer than the kitchen. It was mine and my mom's turn to give Grandma and Granddad pleasuring. They sat on the couch and gave each other a smooch as we took our positions. Mom began to slide Grandpa's boxer shorts down, showing off his erect, cum covered cock. The cum I had milked from him. With both of his hands on her head, he guided her mouth onto his cock. Her cheek bulged with his dick as he gasped with pleasure, feeling his daughter's mouth encase his dick. He pushed her head up and down getting her as low as possible on his shaft. As I watched her suck his cock with gratitude, I took a deep breath and gave my clit a quick rub.

I pulled my grandma's jeans down, revealing a rather unexpected pair of black silk panties. I began to lick at the shape of her pussy through the panties before peeling them down. Her pussy wasn't how I imagined it either; it was just like my mothers with a little strip of black hair above the clit. I began to run my tongue through the hair ever so gently, making her want more. I started licking her clit, teasing it immensely, before going lower. She told me to wait as she unleashed her enormous tits from her bra, they fell so effortlessly. I resumed in licking her pussy, my hands creeping up to her tits. I began to dip my tongue into my first ever pussyhole, it tasted pretty damn good if I must say so.

My tongue darted in and out of her hole, making her moan whilst she held my head. Mom and I kept taking intervals from giving them a good mouth and tongue fucking to make out and exchange juices between one another. She must have been a great giver of blowjobs as I heard my granddad gasping and moaning whilst she deepthroated his cock. Then again I seemed to be a great pussy eater as my grandma was the same way. We continued to give oral to them for a good ten minute before my mom had had enough. She clambered to her feet and planted herself on my granddad's lap with her tits in his face. She let out a loud moan as his cock filled her snatch.

As she rode Granddad, I moved a hand from Grandma's tits to her ass and hesitated a bit until Granddad pushed my finger into her tight asshole. She gasped as I entered her, making me more aroused. I stopped licking my grandma's pussy and moved up her torso, feeling my tits on hers. I began to make out passionately with her. Granddad replaced my finger with his as I began to straddle my grandma's lap. My bald pussy was tickled by her landing strip as I grinded on her. Just as I had done, my mom put her hand on my ass cheek before slipping it inside. I squirmed as she fingered my ass deeper and deeper.

I moaned as loud as ever as my pussy rubbed on Grandma's and my mom fingered me. I began to

make out yet again with Grandma. I couldn't believe this was happening, a whole family orgy in our front room, it was truly incredible. As my mom started to fatigue from all the riding, it was my turn to step up to the plate and wear Granddad out with my pace and energy. I have to admit, I ride cock a lot faster than my mom does, but I can bet her pussy is just as satisfying. I shuffled off of Grandma and onto Granddad, sliding his dick inside of me for the second time this evening. I began to show my mom how fast I truly was at riding. My ass began slapping against his balls and thighs as his cock fucked me deeper than ever before.

I was riding that hard and fast that I had failed to see that Mom and Grandma had climbed onto the carpet in front of the fire and were now in a sixty nine position with my mom on top. I spun around on my granddad's cock so that I could watch as these two women, my mom and grandma go at one another. It was an amazing sight to see whilst having my granddad's cock deep in my vagina. My grandma's fingers probed my mom's ass once again, making her gasp with pleasure from all of it.

I watched on as I felt the usual feeling of Granddad's dick tensing, I always knew before he knew that he was cumming. I immediately hopped off, letting the others know that he was going to shoot his load. He stood up, whilst we positioned ourselves on our knees in front of him. We opened our mouths as he let out a mighty grunt, shooting his load all over us, his three naughty girls.

As the cum stopped squirting from his cock, we began to take turns sucking the excess off, whilst the other two made out sharing what cum they had collected in their mouths. I guess we'll be seeing a lot more of Grandma and Granddad now...
