The next morning I ran downstairs for breakfast still feeling on a high from the new sensations I had experience the night before.

I had a pair of shorts on and a loose T shirt, Grandpa was sitting at the Table in his Robe and Granma was making Toast in her nightie.

Let me briefly describe them both for you.

Grandpa:

57 yrs old, 6'.0" Tall, Medium firm Body around 147lbs, full head of dark Brown hair no grey at all, big biceps and what could be called footballers legs.

His Cock is about 7" long and about 3" thick. Pubes neatly trimmed and his huge ball sack is smooth.

Granma:

54 yrs old she was a young mum, 5'2" Tall, Slim to medium build about 120lbs, Long Black hair, slimmish tummy, Tits about 34C and from my view last night still fairly firm, Nipples like football studs which her left one is pierced, her pussy has a small strip of short pubic hair, and a small tattoo of a red rose just to one side.

Her ass though not solid still has a good shape, and her legs look amazing.

"Good morning Tim, how did you sleep last night?"

"Great thanks granma"

"I bet you had another little wank when you got in bed" Laughed grandpa

"Aww Leave him alone Pa" said granma

I sat opposite grandpa and blushed a little.

"His Blushing, I am right Tim, am I not you did wank?" He laughed again

"Yeah alright I did, I could not get that film or you sucking my cock out of my head" I replied

"Not anything to feel ashamed about you know, Ma gave me a great blowjob when we went bed because we got her so hot, and I fingered her pussy till she cum" he went on

"I don't think he really wants to know what two old buggers get up to Pa, you'll put him off his breakfast" It was granma's turn to laugh.

"No it's.....It's ok" I stuttered, "I really am interested in what you do and want to know more, and also would like to know more about when you played with my dad"

My cock was stirring again in my shorts, I was glad no-one could see.

“Well maybe later after we have been shopping, you head down to the beech for a few hours and relax Tim, ok?” said grandpa with a smile.

The beech was literally a 3 minute walk from the back garden of my grandparents house, it was a naturist beech as that’s how all the family like to be as often as possible so the house could not be better situated.

I found myself a nice sheltered area, lay my towel down and my bag, looked out to sea and stretched, then removed my T shirt and as I was pulled my shorts off I noticed a towel blow across the sand towards me. I grabbed the towel looked up and saw a girl running towards me to rescue it, she looked great, her boobs bouncing in all directions they was quite big, her pussy was hairy nothing like granma’s or the girls I had touched before.

“Thankyou” she said holding out her hand for her towel

I was mesmerised by her big tits

“Erm Thankyou” she said again

“Oh I’m sorry, here” I blushed, I know she saw me looking at her

“It’s ok, this your 1 st time here?” she asked

“No my grandparents live just up there” I pointed up the sand dunes

“Wow how lucky is that” she replied “I only get here twice a month if I’m lucky, I love it, being so free and all that, the feel of the warm sun kissed breeze over my body makes me feel good”

“You here alone?” I asked

“No my mom and dad are just over there” she pointed towards some rocks a little way down the beech.

As I looked I could see two figures with their backs to us.

“Would you like to join us?”

“Not just yet, if that’s ok, I’d like to just take a swim then lay here for a bit, but maybe later if you want me to?”

“Ok great, I’ll pop back later, my names Chloe” then she ran off looking back and shouted thanks again, her ass was almost as bouncy as her tits, she must have been about 16 or 17 years old I guess.

I ran into the water which was bloody cold to the naked skin at first but once I dived in and had swam a little it actually felt really nice.

I swam around for about ten minutes then walked out onto the beech looked towards where chloe had gone and saw her laying on a towel her parents had gone somewhere maybe for a swim themselves.

As I got back to my towel I needed a pee, so I clambered up over the sand dune behind me and stood there with my cock in my hand beginning to pee, when I heard a noise close by, I finished peeing gave my cock a shake and decide to find out what the sound was as I could still hear it.

The sound got louder, it was just over the next dune so I climbed up and peeked over the top, I could not believe my eyes, and there was a woman on her knees sucking a cock while stroking another one, there was a guy kneeling behind her massaging her tits and pulling on her nipples.

In no time at all my own cock was stiff and begging for attention so I took it in hand and began to stroke up and down my 6" cock, while watching the great hot steamy scene in front of me.

The guy getting the blowjob said he was about to cum, the guy behind her said "good let the whore have it all in her throat"

He must have started to cum straight away as his butt cheeks sucked in and paused then relaxed & sucked in again, he pulled his cock from her mouth backed up and said Thankyou as he walked away, the woman now guided the cock in her hand to her mouth and began to suck it, then I saw the guy behind her take his cock and line this up with her pussy and thrust forward, the woman let out a moan as he did so, she matched her sucking with the thrusts of her fucker who was now building up a hard fast rhythm.

I saw the man in front of her buckle slightly at the knees and then he shot his cum into her mouth, pulled out and again he said goodbye and thanks as he walked away.

The guy who was fucking her just continued to ram his cock in and out of the woman who was moaning louder and louder with each thrust, "Fuck Helen I'm cumin" he shouted

"MMM yes my darlin fill my pussy with your seed"

With that he slapped her arse and said "Right you fucking whore take this" and grunted as he came, it was at that point I began to cum myself biting on my lip so as not to make a noise.

I moved backwards then when I could not see them anymore headed back to my towel.

While I sat there cleaning myself with some wet wipes from my bag I saw chloe's parents return, "No way no how, surely it was not her parents I just watched" I thought to myself, giggling.

After about 30 minutes I noticed them all get up get dressed and walk away, then thought to myself it was time I headed back too.

When I walked into the house my grandparents were back from shopping and was both sat naked in the front room watching the some documentary.

"Hi sweetie, how was the beach" asked Granma

"Well it was hot, the sea was freezing to start, the sand dunes were even Hotter!" I laughed

"Oh yeah, go-on" said Grandpa now turning to listen to me.

Well I explained the day's events and as I did I could see grandpa's cock stiffening and feel my own reacting as I recalled all that I saw.

I finished my story and excused myself to take a shower to get the sand off me, then returned down stairs some twenty minutes later in just a pair of shorts as I entered the living room my mouth hit the floor, granma was on her knees with grandpa behind her pulling on her long hair while his cock slid in and out, I could here a wet squelchy sound with each of his thrusts.

In no time at all my cock was hard and pushing against my baggy shorts, grandpa looked over at me.

"your story got us both so hot Tim" he said

Granma now looked at me and winked with a smile, "Mmm nice tent" she nodded towards my erect cock

"Come here let me help you with that" she continued

I walked over to her and removed my shorts, she reached out her hand and wrapped her fingers

around my shaft, her french polished finger tips just meeting each other, she slowly began to work her hand back and forth, she pulled me closer and began to lick at the tip as she pumped my hard stiffness.

“Mmm you was right Pa he tastes so sweet and fresh”

With that she took my whole cock into her mouth and now was sucking up and down on me pushing her tongue against the underside, every now and then I felt her teeth make contact, grandpa was still going at a steady rhythm only know he was also pushing a thumb into granma’s ass, she let out a low moan of pleasure as he wiggled his thumb.

“I’m gonna cum granma” I said as I felt my seed surge in my throbbing vein.

“Oh god yes let me drink your fluid baby”

My body jerked and my legs wobbled as my sperm left the eye of my cock into granma’s mouth, she swallowed and continued to suck until I had nothing left to give her, then a strange over powering feeling flooded through my body with a desire to pee, I had to pull my cock out but she was sucking that hard on me it was a little difficult.

It was just then grandpa pulled out his cock and shot his load all over granma’s back the first jet even managed to land some on my leg.

“Fetch me a towel sweetie there’s a good lad” asked granma “pointless asking Pa to clean me up when he shoots over my ass”

I fetched the towel and wiped the sticky mess off granma, we all sat there looked at each other and without speaking all three of us began to laugh.

“I think we are going to have a lot of fun this summer” giggled granma

Well that will be another story but for now have fun cum lots and please leave any comments.
