SUMMER LOVE PART 1

(this is my first attempt at a story... tell me what you think please and be honest)

I walk past him, giggling to myself. This isn't the first time while we were at the beach I had walked past him in what our dad called my underwear. I was wearing my favourite, skimpy red bikini that covered almost nothing. My brother Will smiled in appreciation at my almost naked body.

Let me introduce myself. My name is Katalina... my friends call me Kat. I was 18 when this happened. My brother Will was 16. I know what we did is classed as wrong but we are in love, you can't help who you fall for.

As I was saying, it was summer and we were at the beach. Normally I'm all covered up but I was feeling daring and was finally happy with how I looked this summer. I walked into the ocean and watched as Will followed me. I knew he was up to something. I was stood waist deep in the water by the time he reached me. He stood behind me, pressing his rock hard 11" cock into my ass and I smiled. I knew I had won. He wrapped his arms around my waist and slipped his hand inside my bikini bottoms, slowly teasing my pussy with his fingers. I leaned against him for a little support as he played with my clit with his thumb while he slid two fingers in and out of my pussy. After a while I turn to face him, he slides my bikini bottoms off and dives under the water. As he gently pushes my legs open I gasp, realising what he is about to do. As he sticks his tongue into my pussy I moan. He comes back up for air and starts pulling me towards the beach and towards our hotel.

Since our parents didn't want to pay for three rooms we are sharing a room with two single beds. Will pushes them together and pushes me onto the bed and starts to lick my pussy again... I moan his name, forgetting that he is my brother. I pull away from his tongue and smile, moving towards him as he pulls off his shorts. I gasp as I see all 11" of him standing proud to attention. I take as much of his cock into my mouth as I possibly can, I manage about 5" sucking, licking and teasing. "Suck me sis" will whispers "make me cum" as he is about to cum I stop and make him lay on the bed.

I take off my bikini top smiling at him as I do. Then I slowly start running my hands over my body as he

watches me. Playing with my nipples, my clit and fingering my pussy. In the end Will cant take much more and he comes over to me, spreads my legs and pushes his cock deep into my pussy, pounding as hard as possible as he fucks me over and over in several positions, against the wall, bent over the bed doggy style, on hands and knees doggy style, up the ass, in my mouth... Cumming over and over and bringing me to orgasm more times than any other man ever has before. After several hours we are laying in 'our' bed, falling asleep as he kisses me softly but passionately, gently caressing my body as our lingering kisses come to a sudden stop. Will whispers he loves me as I fall asleep in his arms, knowing that I can't hear him
