I watched my dad walk out of the room. I was kind of shocked about what had just happened.

"Well Lexs, I should probably head home and get showered up. Thanks for all the fun." She winked at me and gave me a passionate kiss.

After she kissed me, I watched her gather her things and walked her out the door to her car. I went back into the house, I walked by the bathroom on my way up to my room, I heard my dad moaning my name.

"Dad?" I asked.

I wiggled the door knob on the bathroom door.

"Yeah?" He replied.

"What are you doing?" I asked, curiously.

"Showering?" He replied again.

"Sounds like it," I laughed.

I knew how to unlock the bathroom door, so I did. Dad was completely surprised when he saw me walk through the door. Hewas sitting on the toilet andhad that deer-in-the-headlights look on his face, handwrapped aroundhis cock. Daddy was masturbating to the thought of me!!! I was kind of excited to witness this very moment.

"Ooo Daddy... This is very naughty." I said in a seductive manner.

Dad didn't reply to my flirty-ness. I walked into the bathroom, closed the door behind me, and locked

it.

I went over and put my vag on his left thigh, I was already wet from the thought of daddy masturbating to memories of me and him...and my best friend all having sex together. I started grinding his leg. I moved back and forth teasing his cock in the process. I was so focused on pleasuring myself that I almost forgot I was grinding my dad. I almost had an orgasm on my dad's leg. I finally stopped myself and I got up off of his legs, and kissed him.

"Daddy, I want you to fuck me again." I admitted.

My dad didn't reply to me, he just moved my hair away from my shoulder, and kissed it. I'm positive he almost gave me a hickey on my shoulder. I was moving my hands up and down his sides. I liked feeling his body. Finally dad moved up to kissing my neck and ear area. His hands were moving up and down my back and arse. I wanted him to make me his. I wanted him to fuck me, hard.

"Please Daddy." I begged.

Daddy still didn't say anything. He looked down and moved his right hand down to my soaking wet vagina. He played with the lips for about a minute. I couldn't take any of this. I was so close to an orgasm just from daddy's kisses and him teasing me!

"Daddy," I whispered. "Put your little girl on the counter and pleasure her... You don't want your little girl to be unhappy do you?"

"Daddy would never want his perfect little angel to be unhappy." He grinned.

I got off of daddy again and moved over to the counter by the sink. Daddy lifted me up onto the counter and put my legs up around his waist. I put my hands behind his head, right on the back of his neck.

"Shove it into me, Daddy!" I begged.

Daddy didn't say anything, he shoved his penis into my vagina and was thrusting like no other. I could hear the squishing of my own juices being moved around in my vagina. I was in heaven. I was already close to cumming.

"Daddy!! I'm gonna cum!!" I screamed.

He thrust faster and faster, in and out. He was obviously close to cumming as well. I tensed up and

lost control to my orgasm when I felt daddy shoot his cum up into my pussy. We were both out of breath and incredibly sweaty.

"Oh daddy, thank you." I said in between breaths.

"Any time princess." He said.

Daddy helped me off of the counter, and we walked over to clean ourselves up in the shower. I liked it alot even though Tahlyx couldn't be there to help.
