Alice was now certain that she was not of human origin. But she felt so human, it was possible that she had been engineered from some nefarious DNA experiment.

Tonight both she and Gloria would be at the Corporate Headquarters party.

She had only been to one other and it was not a good memory at all. She had lost the lottery at the door and had to go to the performance room instead of the dance hall or one of the private rooms. The other girls had talked of the performance room and what they told her filled her with apprehension. There were rumors and hints of things like gang bangs and something called Bukake that she was totally unfamiliar with. She had not met a single girl that liked being selected for the performance room, but they put up a good front about how nice it was to be wanted by so many men at one time.

Alice was dressed in a very classy outfit. She had her hair swept up in a regal style bun with beautiful jewels to highlight her golden tresses. She wore a beautiful blue evening gown. It was strapless and her bare shoulders and deep cleavage were set off with seductive success. Short and flouncy, her black fishnet pantyhose made her legs look inviting and delicious to any heterosexual male. The six inch heels on the black patent leather shoes were sharp and pointed.

She knew she looked good and it gave her enough confidence to go into the room for her performance.

It did not take long for her to realize her fate as she saw that she was the only female in the room of some forty men in various stages of undress. She was motioned by the stage manager to sit on the chair in the middle of the room.

His only words of advice were,

"Keep smiling no matter how nasty they get."

Alice knew that she could handle it all. She was not at all worried about the outcome. Her only concern was for the safety of Gloria. She was afraid her performance was a punishment of sorts for asking too many questions and forming an attachment to her best friend and lover, Gloria.

The first load of cum went into her perfectly coiffed hairdo. The dribbles of cum oozed down onto her forehead and eyebrows adding to her humiliation at being a receptacle for the sticky stream of male juice.

Alice's head was pushed sideways and a long cock with seeping pre-cum was inserted into her mouth. At the same time another load of cum shot onto her cheek and more droplets of creamy cum hit her nose and the corner of her eye. The combination of the two robbed her of any dignity she had left and all she could do was sit and take it. She allowed her mouth to be fucked hard by the middle-aged man with a funny pot belly. Just as he was cumming, he pulled his cock out of her mouth and shot his load onto her lips and in between her eyes.

In only about fifteen minutes, Alice had been reduced from a classy party girl into a pathetic cum bucket waiting to receive creamy gifts from all of the participants. One after another, they deposited their offerings onto her head, her face, her mouth, her shoulders, and the tops of her full round breasts. Soon she looked like she was completely covered in male cum from head to toe. Her tongue tried to lick some of the jism from her sticky lips and teeth. The taste was overpowering. She knew she could never drink it all. It was just too much. Each time another load shot onto her, a cheer went up as if a goal had been scored. A couple of the men picked up her hands to have her jerk their cocks into releasing more cum into her sticky face. One horny old man pushed his meat into her soggy mouth to help make him hard again.

Alice kept smiling as she had been advised by the stage manager. It seemed to work well, as several of the men congratulated her on her efforts and her acceptance of their nasty play at her expense. They cleaned her off and when they used her mouth some more, it was gently and not a frenzied mouth fuck like before.

Gloria looked at Alice in the car on the way home. Alice could see the pity in her eyes.

"I must look a sight. Those guys were really hard on me. I was outnumbered forty to one."

"That is so unfair. Clem and I only had four guys between us and they were real pussycats."

Alice could not talk in the car, because she knew both Clem and Gregor had big ears and ever bigger mouths to repeat what they heard.

She winked at Gloria and let her hand fall accidentally right onto her soft pubic mound. Gloria jumped and automatically spread her legs in an inviting pose. Her pelvis raised just a little into Alice's hand. They both wanted it so bad, the thermostat went up a degree inside the car.

After the lights went out and everyone was asleep, Gloria tiptoed into Alice's room and sat on the edge of the bed. They whispered in very low voices to each other.

"Alice, When I was looking for the little girl's room, I accidentally went into the computer room. The guy there wanted a blow job so bad, I took pity on him"

Alice was confused and wondered exactly what Gloria's point was.

"Gloria, Why are we talking about a blow job?"

"Well, he went down on me too. The thing is, when he was busy, I took these reports. It was so strange, I saw our names on them, but I don't understand them at all."

Gloria pulled several documents from under her shorty pajamas. Alice noticed they smelled just like Gloria's pussy after a bath. She took the pages and scanned them. Her ability to read and absorb written material was highly refined and quite different from Gloria or Clem.

She was stunned at some of the details that jumped out at her from these minutes of recent activities.

Alice could see that both she and Gloria and 1,193 other young girls were victims in a money making scheme. Not only would she be personally putting more than 5 million Eurodollars into the corporate coffers, but they would get another 175,000 by recycling her body in less than 5 years. If she was lucky, she would wind up as a mindless DroneBot for another 20 or 30 years or until she was phased out due to obsolescence.

She decided then and there to find a way to escape this ignominious fate.

Gloria was stretched out on the bed and watched Alice read the material in silence. She knew Alice would be able to figure this all out and would take care of her. She felt safe with Alice. Her faith was strong that Alice would save them both.

She put her head in Alice's lap and inhaled the beautiful scent from her pussy. Alice was not wearing any panties under her babydoll PJs. Gloria's lips were inches away and she closed the distance in seconds. She slowly slurped Alice's puffed lips and pushed her inquisitive tongue inside her lovely wet pussy. Alice stirred at the gentle lovemaking.

"Yes, babygirl, right there. Mama needs your loving right there. Good girl. That's a very good girl. Lick nice and slow. Make me beg for it, honeybaby. Please. Please. Do it to me, sweet baby. Dig in deep. Oh...that is it. right there. You are so good. a good, good girl. Oh God, touch my nipple. Pull my nipple hard. Yes, You are making me do it right now. I am cumming. Open your mouth for me. My lovely Gloria....My good, good girl. Oh God...gotta cum now. cumming now....Ahhhh."

Alice felt her pussy squirt long and hard. She squirted her pent up joyjuice right into Gloria's pretty little mouth. In a semi-conscious state, she saw Gloria's face above her. She was her juice dripping

down her chin. Alice grabbed Gloria's hair and pulled her mouth down to her own. Their saliva and Alice's juice swirled all together and Alice swallowed hard sucking Gloria's tongue into her own mouth. She took Gloria's ass cheeks in her hands and gently kneaded them. Her fingers dug deep into her flesh and Gloria gasped her excitement.

"I want you to fuck my ass, Alice. I will be a good girl for you. Shove it in me real deep."

Alice gave a little chuckle at Gloria's request.

"I am a woman, Gloria. I have not grown a cock overnight."

With a very serious look of pure adoration, Gloria looked up at Alice and said,

"Have you never heard of a strap on, silly! You can ride me as hard as you want!"

Alice had to admit to herself, when it came to such things, she was a novice. She could see that Gloria and she would make a good team.

It was time to turn the tables on the corporate greed masters and show them how smart a woman can be.
