My hands in your hair, I pull and kiss you deep  
And my devouring mouth says I am yours to keep

Taking control making you bend to my will  
Reaching deep within you and taking my fill

I watch as your lustful eyes catch fire  
When I push your skirt up higher

Running my firm hand over your wanting need  
You are dripping and ready for me to feed

My tongue licks your swollen breast  
Blowing on nipples that stand erect in hot protest

Laying back watching my mouth work down your spot  
Just one lick has you so incredibly hot

You can no longer sit still  
I drink you in slowly, freely within

I keep looking up at you as you loudly moan  
Your body wishes I would just bring it on home

You pull me up so you can pull me down  
Now it's your turn to go to town

Ready to have your lips put my cock on curfew

You whisper, "Lay back and enjoy the view."

Watch as you lick the tip and take it down whole  
But, not too much you can't have me losing control

Just a quick fix before you climb on top of me  
Exquisitely full as your pussy accepts me free

I grind deep, fingers in your hair  
There are no other feelings that can compare

Passionate sexual heat is freely invoked  
Mixed hot sweat has our bodies soaked

The sweet release of desire just within sight  
Thundering heat bellows through you as our climax takes flight

Arching up against me as I pull you close  
Exploding in the clenches of this erotic overdose
