The Light

By facsuper

Published on Lush Stories on 21 Jun 2011

Inspired by some one very special. My first try at writing .

The Light

The light of your face brightens my day

The light of your thoughts brightens my soul

The light in your eyes brightens my way

The light of you brightens my whole world

Your light brightens me so

The light of your words brightens my mind

The light in your kiss brightens my lips

The light in you hugs brightens my skin

My wish is to be your forever light

The light that brightens your whole life
