Let me. . .touch it

Can you feel that?

Wait. . .wait. . .hmm

Slowly, slowly

There it is. . .you know you felt that

I felt *her* move

As the tempest of the evening past wakes up to our dawn (at last)

Legs draped, bodies tangled

Bed covers strawn about, clothing on the floor twisted and mangled

. . .As we lay

I feel your waking fire and

I . . .

. . .want

to. . .

. . .touch it

Let me touch it sweet butterfly

My fingers move slowly, sensually across and down your belly
I encounter the fine hair nestled here and there

Gentle textures, a softness like no other place upon your body
So anatomically unique, I am physically unable to speak
I am mesmerized. . .
Don't, don't, don't.....please

Just let me touch it

. . .As it quivers beneath my hand like pudding
Are you scared? Do you dare?
Is it just the maddening excitement building right there?
Gentle wind blowing, across those peach-fine hairs

You grasp my hand as I. . .touch it

Can you feel it baby?
Hold still- -right there. . .wait, wait

Mmmmm there it is. I didn't know you were so *close*

Your tender pearl, the warm juices begin to flow between those soft, plush lips oozing down along
your slit

I feel your heart beating, your flesh throbbing

Desire. . .I feel you. You want your man right there to stroke your feverish passion

If I could, I'd steal this moment like a thief
Something this good is beyond all belief. . .

. . .Only my finger wetly penetrates the temple where all your erotic pleasures await me

Your thighs are like. . .pretty butterfly wings.
Opening and closing in rhythm
That incessant tingle indicates only one thing

. . .As my fingers *touch* it. My love touches you baby

Such pleasure I choose to only share with you
How can you *not*. . .let me touch it?

Say yes. . .

. . .*Scream* yes! Let me. . .

. . .*Touch it*
