You are all alone in the sheriff's office, which is quite unusual but a nice change of pace. You hear some moaning coming from the jail cells. You leave your office to investigate and find this gorgeous plus size woman handcuffed to the outside of the jail cell.

She has the most beautiful huge set of tits you have ever seen and her nipples are as hard as rocks. The only thing she is wearing is a spandex tube dress that hugs all of her abundant curves. It is purple and completely transparent so you can see all of her magnificent body. It is strapless and just barely covers her tits and then stops just below her nice large ass. She is moaning and seems to be very turned on. Her hands are handcuffed above her head as far as they can go.

The sight of her makes you hard in an instant and you know you have to fuck her. As you watch her move you unstrap your gun belt and swiftly remove your pants and boxers. The shirt comes next and as you move closer to her you are quickly intoxicated by the scent of her arousal.

She opens her eyes and sees you and whispers, "Please." She is begging for you to take her.

You kiss her and thrust your tongue into her willing mouth. She tastes wonderful. As you plunder her mouth, you slowly caress her tits. That makes her moan even louder. You slowly kiss down her neck as you pull the spandex dress off of her luscious tits. Then you take one large nipple in your mouth while your fingers find the other one and pinch it between your thumb and finger. They taste heavenly. Then you move down her body over her tummy till your face is level with the sweetest looking wet pussy you have ever seen.

She is so hot and wet that her juices are already dribbling down her legs. You slowly separate her legs and place her left foot on your shoulder so you can have better access.

All of a sudden something falls to the floor between her legs. You look down and realize that the reason she is so ready is because she had a vibrating egg up her pussy and it fell out when you spread her legs. What a turn on. This woman is begging to be fucked and fucked hard. You plunge

you tongue into her sopping wet pussy and drink your fill. She tastes divine and you could stay right there all day. You thrust two fingers into her pussy as you suck on her clit. It doesn't take long before she has a very strong orgasm and even more of her juices fill your mouth. You love the taste of her but after her orgasm passes you are very ready to plunge your thick cock into that wet hole. You undo her handcuffs and lead her into your office where you place her face down over your desk. Her ass is just right to grab as you plunge your throbbing cock into her.

After only a few thrusts she is cuming again and the convulsing of her pussy is almost too much to bear but you grit your teeth and refuse to cum just yet. You want to give her one more good orgasm before you take your pleasure. So you keep thrusting harder and faster until you feel her start to convulse one more time. As she starts her third orgasm you let go and unload into her. Rope after rope of hot sperm explodes into her pussy. It is one of the strongest orgasms you have ever had.

But you aren't done with this plus size beauty yet.

You withdraw from her pussy and tell her not to move. You open one of your desk drawers and pull out a tube of KY and an applicator. You move back behind her and slowly start to lube up her ass. You slowly insert the applicator into that tight hole and squeeze a generous amount up her asshole. As you work your fingers in and out of her ass, your cock has recovered and you hear her moan. Your other hand reaches into her thick pussy and you can tell she is still very wet. Slowly you spread her ass cheeks and press your hard cock into that tight little hole. She groans as your head penetrates her sphincter. God she is tight. But all the lube makes it a bit easier.

Slowly, inch by inch, you press into her ass until you are fully enveloped by her. She is moaning and is starting to move her hips so you start to move in her ass a bit faster. Soon you are plunging in and out as fast and hard as you can. She is moaning so loud and it is such a turn on. All of a sudden you feel hot liquid hit your legs and trickle to the floor. She just squirted all over you. That puts you over the edge and you start to cum in her tight ass. Your hot seed fills her ass and starts to run down her legs.

After your cock has been exhausted, you are wiped out and collapse on top of this hot mystery woman. All of a sudden you feel a hand on your shoulder and a voice saying, "John wake up."

You open your eyes groggily and find a co-worker standing over you. It was all a dream and the sheriff's office is just as busy as it always is. But wow, what a dream!!!
