Two Lush friends meet

Up way before daylight to go run another road race. This one is just a 5K so it should be fun. But the real reason that I am excited about this one is that I am going to meet Nathalie there. Nathalie is a woman that I “met” online on a website where people post erotic stories and chat. She has posted some really hot stories and we have been messaging each other back and forth for several months. She is a runner also and so we have decided to meet for real at this race. Neither of our spouses cares anything about getting up early and going to a race so this is perfect. It is about an hour drive from my home to the race site and almost that for her so we are meeting about halfway.

I get there a little over an hour before the start of the race and go to the designated meeting spot that I described to her. About 10 minutes later I see her walking through the crowd. I recognize her from her photos and she had described what she would be wearing. She sees me and jogs over. We hug each other like old lovers who hadn't seen each other in months. We chit-chat as we stretch and get ready to run. We talk about the Lush website and stories we've read and people we've come in contact with. There is a lot of touching and laughter as we talk and the race seems so secondary now. She looks much hotter in person! In her little running shorts and sports bra it is easy to see her great body. Fantastic ass and great runners legs, and her smile is just radiant. I find myself having to adjust myself in my shorts after watching her.

Race time is here and we line up in the crowd awaiting the starters gun. Just before we hear it, she pats my ass as she kisses me on the cheek and says “Good luck”. And we're off. No way am I going to leave her. I run right along side of her and most of the time drift back so I can get a good look at the fine ass as she runs. After a mile or so we both are starting to work up a good sweat and it sure looks good glistening on her body. I can see it starting to get her shorts wet around her ass and I'm no longer thinking about anything but how I want to get a hold of it. Thinking how I'd love to grab her hips as she bends over while I sink deep in her. Damn, I got to quit thinking about that. It's hard to run while having to reach down and adjust my hardening cock.

Well, here comes the finish line and I follow her across. A fun race and we finished in just under 23 minutes. We walk around trying to cool down, get some water and fruit that they are handing out. We

are both soaked with sweat, but DAMN she looks HOT and not temperature-wise. I grab her and give her a big hug. "That was fun you're a good runner," I tell her. The hug lingers on and her body feels so good pressed against me. Neither one of us want to end it. I'm wondering if she feels my hard cock against her. God, I just want to strip down right there in front of everyone and fuck her. Something about all that physical activity just increases the sexual tension. As the embrace ends she looks me in the eyes and I can tell from the look and her smile that she was feeling it.

"How about we go get some breakfast?" I suggest.

"That sounds wonderful." Nat replies.

I tell her "Let's just take my truck and I can bring you back afterwards, OK? I'm just parked over here in that parking deck."

"Sounds good to me".

We cross the road and go up a flight of stairs in the parking deck to where my Tahoe is parked. I unlock and open the passenger door for her and she climbs in. When I get in the drivers seat and close the door she reaches over for my face and plants a kiss on me.

"Oh wow, sorry I don't know what came over me", she said.

"Don't be sorry I have been wanting to do that since I first saw you this morning." I reply.

My hands reach up and cradle Nathalie's face and we continue to kiss. A long, deep tongue exploring kiss as sweat is still drip off of us. The moans murmuring from Nat tell me that she is as horny as I am. My left hand slips down and touches her breast. Her nipples are hard and I can feel it through her sports bra. Her hand is starting down my body also and she is rubbing my chest as she has lifted my t-shirt up. I pull her bra up and I'm lightly pinching her nipple. "Oh my God" I hear from her. As I go down to suck her nipple in I reach down to feel her pussy through her running shorts. She moves down in the seat and spreads her legs so as to give me better access. I move the shorts to the side and slip a finger in to feel her wetness.

With her clean-shaved pussy I have no problem finding her clit which is hard and waiting for me. As I rub it she begins to move her hips and hump my hand. She reaches down and starts rubbing my cock through my shorts. I rub her clit with my thumb as I slip a finger in her wet hole. Nat has reached in my shorts and is stroking my hard cock. I lift my ass up off the seat so she can pull my shorts down. As I am fingering her wet pussy she goes down and starts licking the head of my cock.

Nathalie looks at me and says with a little laugh, “ This is the best race I’ve ever ran in”. Then sucks my cock in her mouth. Her wet mouth feels so awesome on my cock. I look around to make sure no one is on the parking deck. I speed up my rubbing her clit and she responds with moans and her hips are moving as though she is fucking my hand. She has her tongue extended out going up and down on my stiff cock while her hand plays with my balls. She looks at me as she licks some pre-cum off the head.

“Mike, I need you to fuck me. I want this cock inside of me now”.

I pull her shorts off her and move my seat back. She climbs over on top of me in the drivers seat. She straddles me and grabs my cock. She rubs the head of my cock on her juicy clit. I’ve got both my hands on her ass cheeks rubbing and lifting her up and down. She sits down on my cock in one swift motion and impales herself on me. She has her arms around my neck and is bouncing up and down on my cock fucking me. And I’m fucking her back. Sweat from the run and from the passion in the truck is dripping down on both of us. The sound of her ass slapping down on my balls and cock as we fuck each other fills my truck along with the moans of lust.

From the corner of my vision I see a man and a woman a few parking spaces away standing there just looking at us. I could care less at this point but they both raise thumbs up to me as they get into their car. Nathalie is picking up the pace and I can tell that she is about to cum. “Oh Mike, fuck me”. I start pushing up to meet her pussy as she is bouncing on my cock. Her arms around my neck pull me tight and she holds on as I feel her pussy tighten and spasm. I grab her ass and hold her tight to me as I plunge my cock in her wet pussy as far as I can. My cock shoots my seed into her hot pussy as she is cums. My cock twitches and pulses and I feel her hot pussy quiver around my cock.

We just stayed in that position and held each other tight. Our breathing was heavy. We couldn’t speak. Sweat and the musky smell of sex filled the air. I could feel our juices running down to escape our union.

I lowered the seat back as far as it would go and we just stayed there holding each other cock in pussy.

It must have been 15 minutes or so later when we rose up from a little post-orgasm nap and looked at each other.

“I’ve got to have you in a bed, “ I told Nat.

“I want you anywhere I can get you,“ was Nat’s reply. “ But right now, I really need some breakfast. “
