Lisa laughed, and all her worry went away. No matter what, she and Malcolm would be friends above all else; they got along too well for anything to mess up their friendship. She reached down to his lap and lightly ran her fingers along his shaft. "Destined to fuck huh? What naughty luck I have."

Malcolm's smile was replaced with a sexy gaze. His hand moved to cover hers and he wrapped her hand around his cock. "Don't tease me Lisa. Show me how much you want it. I know you do."

Lisa looked deeply into Malcolm's eyes and squeezed his cock, sliding her hand up and down his shaft slowly. She moved her lips just inches from his and flicked out her tongue. Malcolm flicked his tongue against hers, then sucked her tongue into his mouth, and kissed her deeply. They kissed hard, and Lisa felt Malcolm's cock throb in her hand. She stroked it a little faster, moaning at the feel of his warm hard shaft sliding in her hand. Malcolm broke away from her lips breathing harder. He kissed a path to her jaw and whispered in her ear, "I want you to suck it Lisa. Swallow my dick." He bit her neck gently, making her shiver.

Lisa scooted off his lap and kneeled in front of him. She licked a warm, wet trail from his neck to his base. Her tongue licked up and down his shaft. She traced the thick veins running up his shaft all the way to the tip; her tongue circling his ridge. Malcolm groaned loudly and leaned back against the sofa. His hands went to Lisa's head pushed down. The pressure made his head enter her mouth and sucked him in deeper, swirling her tongue around him. "Ohhhhh, fuck yes. Just like that." Malcolm moaned, his eyes shut, hips thrusting lightly to meet her lips.

Lisa was struggling to control herself. She wanted to suck him hard and fast, but going slow like this was more enjoyable for both of them. Everytime his cock throbbed in her mouth her clit throbbed in response. If he felt this good in her mouth he would feel great in her pussy.

Malcolm guided her head up and down his cock. He was surprised at how fast she had got him this close to cumming. He didn't want to cum just yet, so he pulled her up and off his cock. "Bend over," he ordered. Lisa didn't normally like to be commanded during sex, but coming from Malcolm it was hot. She bent over, spreading her legs wide, shaking her ass at him. Malcolm slapped her ass hard and gripped it. He yanked her panties down and spread her pussy lips open.

Rocking his hips forward, Malcolm rubbed his cock up and down her slit, coating his cock in her juices. Lisa moaned and pressed back into him. She looked back at him over her shoulder, "I didn't tease you, so don't tease me."

Malcolm nodded and said, "Yes ma'am," and thrust into her pussy all the way to his base, his balls tapping her clit. Lisa cried out as Malcolm entered her, she pulled all the way off of his cock and slammed back. Malcolm slapped her ass and said, "again," pulling out all the way as she got ready to slam back again.

They took a hard and fast pace. Malcolm snapped off Lisa's bra and used her tits to pull her onto his cock over and over again. Lisa gripped the table and used it to push onto his cock repeatedly. They cried out in unison as they slammed into each other; Malcolm driving his cock deep over and over. "Mmmm, fuck I'm gonna cum again," Lisa shouted, her pussy tightening even more around Malcolm's cock.

Malcolm thrust in harder, so close to his orgasm. "I'm gonna cum with you baby. Where do you want it?"

"I want to swallow it baby," Lisa moaned.

Malcolm reached down and pinched her clit hard, "Then cum for me now." Lisa had no problem obeying that command. She came hard and her knees buckled. If Malcolm hadn't been holding her up, Lisa would have fallen over. Spasms racked through her body as she came. Malcolm held completely still, he was so close to filling her pussy with his cum. "Lisa if you don't want a pussy full of my cum you need to get on your knees right now."

Lisa stood and pushed Malcolm down roughly on the couch. She swallowed him down to his base and sucked hard, moaning as his cock pulsed hard against her tongue. Malcolm grunted and his cum exploded into her mouth. He held her head down, filling her mouth. Lisa moaned and swallowed every drop. He tasted good; salty with a sweet edge. Malcolm collapsed as she sucked his cock until he finished cumming. He pulled her on top of him and held her tightly.

Lisa kissed Malcolm softly, enjoying the post-sex afterglow. “Damn, this is by far the best crappy movie Wednesday ever.”

Malcolm laughed and ran his hands down her body slowly. “I don’t know. That night you made those enchiladas was pretty awesome.”

Lisa laughed and punched his arm lightly, then laid her head on his shoulder, closing her eyes. “Maybe we should make crappy movie Wednesday hardcore porno Wednesday.” She could feel herself drifting off, and snuggled closer to Malcolm as he pulled a blanket over them.

As she drifted off, she heard Malcolm mumble, “Yea, who knows. Maybe we’ll make our own movie.”
