A daughter gives her parents a very special gift--her best friend

Robert and I were coming home from a client dinner. Ami, our 16-year-old daughter was babysitting the younger children. She wasn't happy that she had to do this. Friday night was a night to go out and not staying in, especially if you're forced to watch the younger sister you've been fighting with all week.

The screaming match that ensued when we told her that she needed to do this was horrendous. She said many hurtful things to her father and me in hopes that it would change our minds about making her baby-sit. It didn't.

When we arrived home after 11 Robert was expecting another round of Ami screaming about how we ruined her life because she wasn't able to go to the most important party in the history of parties or something like that. That was what we were expecting, but that is not what we got. When we entered our house we found our beautiful daughter lying on the couch reading a book.

"Hey rents," she said when she saw us.

"Any problems?" I asked.

"Nope," she said.

There was a moment of silence and then she said, "I'm sorry."

I walked over to the couch, gave her a hug and said, "It's okay."

"I just really wanted to go to the party," she said. "And when you told me I had to baby-sit and couldn't go I just lost control."

"It's okay," I said.

"I didn't mean any of the things I said," she said.

Robert then joined us on the couch. He looked at her and said, "If you want to go to the party, you can go to the party."

He then tossed her the keys to his car and said, "Just no drinking."

She then tossed the keys back to him and said, "No thanks, I think I'm going to stay in and read,"

Robert looked at her strangely, then walked over started tickling her and saying, "Gail, I think Ami's been replaced by a pod person."

The only one laughing at Robert's joke was Robert.

"Mom," Ami said. "Why'd you have to marry a geek?"

"You know why she married me," Robert said as he pointed toward his junk.

"And because I love you," I said. "Let's go to bed."

I then looked at Ami and said, "Do you want to join us?"

"Maybe later," she said. "Oh before you go upstairs I got you a present to try and make-up for being a mega bitch earlier."

"You didn't have to do that," I said.

"Yes she did," Robert replied.

As he said that I lightly hit him.

"Owwww," he said sarcastically.

"I know I didn't have to," she said. "But I wanted to."

As we headed toward our room Robert said, "I bet she put it on my credit card."

"It's the thought that counts," I said.

“But how is it a present for me if I’m the one who’s paying for it?” I said.

“Let it go,” I said.

When we opened the door to our bedroom we saw Ami’s new best friend Astrid lying naked on our bed rubbing her pussy.

When she saw us, she flashed a smile and said, “Surprise.”

From the first time Ami brought Astrid over Robert had lusted after her. She is gorgeous 16-year-old Scandinavian looking girl, who’s family just moves to Scottsdale from Hopkins MN. She’s close to 6 feet tall, has blonde hair, weighs close to 125lbs and has beautiful natural DD breasts.

So how did she end up in our bed? It turns Astrid and Ami tell each other everything, including our little family secret. This turned Astrid on like nothing before. Ami later told us that every night when Astrid masturbated she would fantasize that she was our daughter and was able to play in our family games. Being her best friend Ami was able to turn her fantasy into a reality.

I shut the door behind us, smiled at Robert and joined Astrid on the bed. As Robert watched I turned her toward me, smacked her ass and started kissing her. I then explored her body with my mouth, starting with her neck, making a stop at her breasts and eventually working my way down to her shaved pussy.

As my tongue played with her clit, Robert lifted up my dress, slid my panties to the side and began to finger and lick my cunt.

Astrid was moaning loudly. I was hoping that the sounds weren’t going to wake the younger kids. Then it hit me, that’s why Ami wasn’t joining us. She was on guard duty, ready to run interference in case her siblings needed my attention.

While my mouth was sucking on Astrid’s clit I could hear her whisper, “Can I see Mr. Cohen’s cock?”

I took my mouth out of her pussy, turned to Robert and said, “It’s time for you to strip.”

I then joined Astrid on our bed as we rubbed each other’s twats while Robert did his “sexy”: dance. First his shirt went off. We both applauded. Then he took his socks off, then his glasses, and finally he took off his pants and underpants revealing his 10 3/4 inch long, 4-inch wide cock.

Astrid gasped in astonishment when she saw it. “Oh my,” she said. “It’s huge.”

Robert moved closer to the bed and said, "Go ahead and touch it."

She put in her hands and started stroking it.

I then said, "It's my turn to strip."

Robert joined her on the bed. She was stroking his cock and he was playing with her pussy as I seductively danced while removing my dress and panties.

As I joined them on the bed they started making out and I resumed licking Astrid's pussy.

Soon we were both sucking Robert's monster cock with great delight. It got me hot watching her try to get both hands around his thick piece of meat.

I then had Robert slide his cock between her huge tits and have her kiss his tip every time it touched her mouth. I watch and rubbed my wet box as they did this.

I then turned to her and asked, "Do you want to fuck my husband?"

She smiled and nodded yes.

I had Robert lay on his back as I sucked his cock. I had Astrid hovering above him rubbing her pussy. As she moved down closer to his cock, I grabbed a hold of it and guided it into her tight teenage pussy.

As he penetrated her, she screamed, "It hurts."

I moved next to Robert, whispered in his ear and said, "Be gentle."

I played with my clit as I watched her get used to Robert's cock being inside of her. She started to slide up and down it faster and faster until she screamed, "I'm cumming."

While she was having her orgasm, Robert continued fucking her hard, bringing her to yet another orgasm.

Robert then looked at me and said, "Your turn."

Before he could fuck me Astrid had me sit at the edge of the bed and Robert stand beside her. Robert

leaned down to kiss me as ate my pussy and stroked his cock.

She then got under me as I got on all fours and started licking my clit as Robert fucked me from behind.

Soon it was her turn again. She layed on her back as I climbed on her face and leaned down to rub her pussy as Robert's cock pounded it.

A few minutes later Robert was on his back. I was riding him as Astrid sat on his face. I leaned towards her, pushed her forward as I orally pleased her asshole.

After that she was riding him reverse cowgirl. I started kissing her and eventually moved downward. First I was rubbing her clit and then moved down to licking my husbands' balls and asshole.

I could tell my the way Robert was breathing that he was ready to cum. He started fucking her faster. He then let out a grunt as he shot his load into her cunt. Immediately afterwards he lifted her up, I positioned myself under her pussy as Robert's jizz dripped into my mouth, which I then promptly spit back into her mouth.

"Wow," she said. "That was awesome"

"Want to go again?" I asked.

"Is he able to?" she asked as she pointed to my husband laying in ecstatic bliss.

"I think he'll join us when he's ready," I said pulling her closer so I could kiss her.

As Robert watched us eat each other out I realized this is one of the best presents our daughter has ever given us. Maybe tomorrow she'll want to join us and play with her too.
