We always have a great time when my friend Jeff and his wife Molly come over to our house. We usually end up playing cards or some game and have drinks. The wildest thing we have ever done is play strip poker last New years when we all had a little too much too drink. Molly is a tall slender woman, long dark brown hair and brown eyes that can draw attention anywhere. She's very barbie like and is proud of her perky B cups. The strip poker game ended with all of us except me in our underwear I lost so my underwear had to come off as well as Molly's bra. Molly has always been the touchy feely type. My wife Renae, spotted it very early on but thought nothing of it because Molly grabs her breasts and butt all the time. My wife, renae doesn't really appreciate her grabbing my butt, but then again she does it to everyone. My wife Renae also has brown hair but is short and has a full figure. She has green eyes and very motherly type. She isn't in great shape but her body looks great naked and her breasts are D cups and amazing.

The other night would be a night to never forget. We had Molly and Jeff over for dinner and to sit in our new hot tub. So I told them to bring their suits. We had dinner and some drinks and I told everyone to change into their suits. The girls changed together and me and Jeff changed together. Jeff wore blue jeans and a black button polo. He brought a tight fitting boxer brief speedo looking suit that made his package stick out. As he was changing I made a comment about the swim suit; or fact if it really was a swim suit. Jeff proceeded to pull the front down and show me the liner and exposing his manhood to me. Jeff was well hung. A rough around the edges guy that sold insurance. I was surprised of how much larger his penis was than mine. As we made small talk and went to check on the girls they both came out in 2 pieces, both fighting to keep their breasts in the tiny top that was tied around their neck. Renae mentioned Molly grabbed her breasts when she asked her to tie her top. I smiled and knew that was par for Molly.

As we got into the hot tub I poured everyone drinks. Molly got a little zealous with the bubbles and poured too much. As we sat there talking and listening to music as we talked, we fought to see over the bubbles that have formed. At one point we were engulfed in bubbles and my wife reached over for a kiss and a package squeeze. Jeff and I sat on one side and Molly and Renae sat on the other. My wife slowly slides her toe up my swim suit and rubs my balls with her foot. I smile at her and she smiles back. She continues to move to my penis and rub that until i am fully erect. As I reach under the water and all the bubbles I rub her leg and ankle. Then she pulls it back. After a few minutes I

said that was nice hunny, and laughed. She replied..."Do you remember that song?" I looked at her with leading eyes and she didn't pick up on my cues. As we talked a few minutes later her foot finds my penis again. My wife reaches behind her to grab her drink of the cup holder and I realize she couldn't be rubbing my penis and turning around at the same time. I glance over at Molly and she gives me a wink. I give her an uneasy smile and grab my drink. I lay back a little more and feel myself pumping more blood to my penis. I feel her foot rub my balls and then push against my butt. I feel her toe penetrate my but and then rub my balls again. Molly looks over to Renae "This is just great, this hot tub is so nice." Renae smiles Molly looks at her husband as he smiles back. Molly continues "Is everyone getting really hot or is it just me? I feel her other foot stroking my penis. I lay my head back and speak..."man, this is great" Jeff looks over "You and Renae don't do anything dirty in here do ya?" and laughs I laugh back half-heartily and Renae responds.."No not yet?" Jeff looks at Molly "Babe, you think if we had one of these we would be able to restrain ourselves.?" Molly smiled "probably not?" I would go crazy wanting to try it?" Jeff laughs and whispers "Molly is a freak sometimes." I look over sweating, knowing the hot tub covers up my nervous sweats. Jeff looks again "Ah hey man, you alright? You getting a little drunk or what?" I look around the room as I wonder if anyone knows Molly is stroking my cock with her feet like she has done it before. I give Jeff a half smile and respond "Yeah , tired and getting a little buzzed." I'll grab us another beer. Jeff stands up and his swim trunks hug his package and out line the head of his penis. Molly laughs "Jeff why did you wear that swim suit? everyone can see your junk?" Jeff ignored her as I look at Renae and Renae is laughing. I feel myself thrusting my hips with her feet. My wife looks over at me "Are you O.K.?" She slides closer, "Are you on a jet?" I look at her with her questioning eyes.."yeah, right on my lower back." "Looked like it, your back sore..I can rub it..this hot water should help." "NO, I quickly respond as she slides closer...I feel myself on edge...10minutes of Molly rubbing stroking my dick and I can't take any longer I feel myself cum..."awwwwww Shit....I hear myself out loud....these jets feels great...." Molly feels my penis jerk as she slows her stroking.. My wife looks over "God, hunny that was a little excessive..." I sat there as Jeff comes back Molly slides over next to me to grab the drinks from Jeff. I feel her grab my half hard dick and then slide over to Renae. "Renae if I had a hot tub I would be naked in here all the time." Renae laughed and said "yeah Dan has mentioned he wanted to but I didn't think guests would appreciate knowing we were naked or anything else in here." Molly laughs...."Yeah, just don't tell." I feel myself soft enough to stand up. "well I think I am getting out for a bit and head to the back yard. Molly and Renae agree Jeff heads to the bathroom and grabs us all towels and asks if I have a pair of shorts he can borrow. I find a pair, and he asks "Is it all right if I commando it?" " I'll wash em before I give them back.." I shook my head Molly comes back with a white Santa Monica , CA shirt with no bra on. The wetness was enough to draw the shirt to her breasts pushing her nipples against the shirt to clearly see her erect nipples through the shirt. I glance and can't help but to stare. My wife saves me by coming out in a light blue shirt with the same effect. Yet her breasts are much larger and nipples more obvious to see. "geez.." Jeff says "Women don't believe in bras no more?" I look over at Jeff and catch a view down his shorts to see his penis next to his left leg and his balls resting below. I walk back to the bathroom with my towel wrapped around me

I pull my swim suit down and rinse it off. as I turn it inside out I see a patch of cum that stayed in my swim trunks. I washed it out and hung it over the towel bar with the rest of the swim suits. I walk into the bedroom and find a pair of shorts as well and pull them up with no underwear. I figure shit....no one else seems to mind. I through a a t-shirt and head back into the living room. We begin to play a few games and around 3am we decide to call it a night. We all agree Molly and Jeff should stay and leave in the morning. As my wife and I are standing in the bathroom brushing our teeth Renae says "Molly asked me if she ever wanted to switch it up and swap husbands sometime.." "I was really weirded out about it at the time, but it does sound kind of hot...I mean not jeff but...never mind you know what I mean right?" I looked at Renae and said nodded. the next morning I was first up and made coffee and started to make breakfast. I walked into the bathroom to find a change of clothes on the lid of the toliet. I hear a slight knock..as I open it its Molly.."Sorry, my clothes are in there I was going to take a shower, just set them on the counter for me." I grabbed her towel and then her jeans and shirt. As I was moving them her pink bra and a pink thong fell to the floor. I check the size in curiosity...32 B I pick up her thong and hold it for a minute I caught myself bring it up to my face and give it a quick smell. Mmm i thought smells great. I took a pee and headed back into the kitchen Jeff came out and grabbed a cup of coffee and walked toward the 4 season room. As we finally got all set down for breakfast I grabbed the bacon from the stove as Molly was coming out from the shower. She walked past me and whispered..."I see you got your swim suit all cleaned out." I looked at her briefly and smiled....We ate our breakfast and said our goodbyes...

Renae smiled and said she was exhausted, and mentioned "Molly seems like shes horny all the time...I bet Jeff has his hands full keeping her happy." "Can I tell you something that won't get back to Molly or Jeff?" Yeah of course" I said.. "Well when we were changing Molly asked me if I masterbated and she told me she does it atleast times a day." "When she took her clothes off in our bedroom she was standing in the mirror butt naked and spread her pussy lips and she asked me if I thought she had a nice pussy?" "She was all shaven except for a little patch above her pussy." "I just glanced at it as and said yeah...but then she asked to see mine..and I was kind of taken back by that" I responded "I'm sure a lot of women have that girl talk." "did you show her yours?" Renae looked at me and knew I wanted to know for my pleasure.."She smiled yeah in fact I did I was sitting on the chair and I spread my lips so she could see it" "you are such a pervert" she laughed and walked out of the bedroom

I yelled down the hall "we will have to have them over again it was fun though don't you think?" Renae yelled back in sarcasm... "yeah, maybe we can do the switch spouse thing too..."
