Your blindfold fantasy

You walk into the kitchen and stand in the middle of the floor. I look up slowly and I see a black blindfold draped over your little finger, held out to me at chest level. You are smiling slightly waiting for me to acknowledge you. It takes several seconds for me to process what I am seeing and then I look at you, I smile and nod. Your smile widens and you say, "Give me 25 minutes!" and you are gone. 25 minutes, 1500 seconds, I busy myself cleaning the kitchen; I wander around picking up random items, moving them around. I look at the clock again. I am trying to be calm and patient, trying to suppress the passion mounting inside me. I know what you are doing upstairs, I have watched you prepare before, watched you prepare to be taken. This, however, is a slightly different scenario, a different fantasy. 25 minutes, almost half an hour has passed, only 35 seconds remaining. I smile as I see the stairway light turn off. I know you are ready. I wait a bit longer, stretching the 25 minutes into 30, waiting as long as I can, wanting you to wonder, listening for my footsteps, your arousal increasing with each second I remain downstairs. I can't hold back any longer. I walk slowly upstairs; I see all the lights are off, the upstairs in pitch black. As I mount the top of the stairs I see a soft light glowing in the bedroom. I round the corner and am met with a vision straight from my wildest dreams. There is a single candle burning on the bedside table, casting just enough light to allow me to appreciate your loveliness. You are face down on the bed, totally naked, knees spread wide but tucked under you, your belly flat on your upper thighs. In this position the candle highlights your amazing round ass and your beautiful pussy. Your spread knees cause your ass cheeks to spread, drawing your pussy open. I approach slowly, no words will be spoken, no familiarity suggested. You are wearing the blindfold; your arms are out in front of you holding onto the other side of the bed. You want to be used tonight; you want to be fucked, filled, and defiled. You want an unknown and unseen cock in your ass and a stranger's come filling you. I can see your asshole clench involuntarily as you hear me approaching, I can see your pussy spasm slightly, juices already dripping down your leg and onto the sheets. I noticed the light silver chain across your back and know you have applied both nipple clamps. A bottle of lube sits beside the candle. I slowly remove my clothes and position myself behind you; I bend down and extend my tongue, flicking your little rose bud. It clenches again and I

hear you gasp. I lick around and around, slowly probing into your ass, your musky taste filling me. The heat from your pussy is building; the wetness is flowing freely as you become more and more aroused. I will only stimulate your asshole tonight; no other part of your body will feel my touch. I push my tongue deeper into you, fucking your ass with my tongue. I can hear your gasps and feel your breathing become rapid and shallow. I lube up my hand, making sure my fingers are covered. I stand up and touch your ass now, rubbing around the edges, circling left then right, pushing and probing. I now push my finger slowly into your ass. As deep as I can, slow, slow, allowing you to adjust to the size. Removing it entirely I rub around the edge again and back inside. I am fucking you with one finger, slowly and deeply. I push a second finger into you. You cry out and push back against me. The time of the slow build is gone. I fuck you with two fingers, deep, very deep the way you like. Now I add a third as you buck against me. Your grunts come each time you push back against my hand, trying to get my fingers even deeper inside. I wonder how long you can go like this without coming but I know what you are waiting for. I remove my fingers and your ass clenches rapidly, searching for something to fill it, something to stimulate it. I squeeze more lube into my hand and apply it to my hard cock. I take a few seconds to stroke myself, watching your ass clench and your pussy spasm. I move forward to position my cock against your tight little hole and I hear you gasp, knowing I am going to fuck you, wanting it inside, deep inside. I push slowly allowing your ass to stretch to accommodate my cock, I move my hand to the chain on your back, waiting. As the head of my cock pops into your ass you come, you always come immediately as I enter your ass. My cock is squeezed tightly as your orgasm overtakes you. I pull slowly on the chain. The nipple clamps pull slowly and painfully from your nipples as you scream out. The clamps snap as they slip off entirely and I push my cock all the way into your ass. You are still coming. I wait, my cock deep in your ass, for the spasms to subside. I start to move my cock around and you scream out, "Fuck me, oh god please fuck me!" I am slamming into your ass now, stroke after stroke, I know I will not last long but I try to hold out until I can feel your next orgasm approaching. Soon enough I hear you cry out, "I'm coming again!" I let myself go and fill your ass with come, stroke after stroke, and spurt after spurt I unload inside you. I pull out slowly now and watch your orgasm finish; your pussy gaping wide, juices dipping out. Your ass is still gaping, clenching rapidly, I can see my come dripping out and down your leg. Without a word I leave the bedroom. I go downstairs and have a quick shower. I walk slowly upstairs, the lights are on and you are in a cotton top and are reading a magazine. You look at me and say, "Where have you been? I asked you to come up after 25 minutes!" I smile, kiss you on the cheek, turn off my light and lie down, snuggled into the curve of your hip. I can smell the mixture of lube, pussy, come and sweat on you and know you are content.
