My girlfriend was away for the weekend so I had the place to myself. I was feeling incredibly horny so I went through her knicker drawer and decided to dress up (which I've enjoyed many times before). I put on a really tight, pink thong, black fishnet stockings and suspenders, and her black mini skirt. I looked at myself in our full-length mirrored wardrobes. God, I looked so sexy and couldn't control myself. I got on my hands and knees and pushed my ass into the air, letting the skirt ride up over my smooth cheeks. I started playing with my extremely hard cock and slowly fingering my tight ass. I get so horny watching myself like this that I forget about everything else around me. I heard a noise coming from downstairs but didn't think much of it, then I looked up and saw my mate, Dan, standing in the doorway to my bedroom. "What the fuck are you doing?" He said. I could have died right there, me dressed up in my girlfriend's kinkiest clothes, with my fingers in my ass. "Please don't say anything," I begged him. "Well don't stop on my account," replied Dan. "If u want to act like a slut, let's see how dirty you can really get" I didn't know if he was serious, but then he said that he'd been stood watching me for about five minutes and he'd taken pictures on his mobile phone. I was embarrassed but also very turned on. I asked Dan what he wanted me to do and he said to carry on fingering my ass while he watched. I felt really weird doing this to myself in front of my friend but I'd fantasised about this for a very long time. I longed to be someone's slut and be dominated. Dan then told me to suck his cock, I'd never been with another guy before so I didn't want to do it. "Get over here, you slut, and do as I say," he shouted, "And don't stop playing with your ass either. It turns me on seeing you like that." I took Dan's hard cock in my mouth and started sucking and licking his huge shaft. He forced it deeper in my throat and I gagged and nearly choked. "That's it, show me what a little slut you are. I am gonna make you do anything I want from now on," he growled. I was in my element. Then he made me lie on the bed on my back with my head hanging over the edge, he then stripped off and stood over me. Without saying anything he thrust his eight-inch cock straight into my mouth and started face-fucking me. I had cum and spit pouring down my face as I struggled to accommodate his huge cock. "Now I am gonna fuck you, like a cheap whore. Turn over and spread your ass," yelled Dan. I did as he said and then he poured what felt like a gallon of lube over and into my tight asshole and rammed his whole cock straight into me. He started fucking me faster and faster. I was in some pain but after a while I started enjoying it. He started pulling my hair and pulling his cock all the way out of me and then thrusting it all the way back in. "You like that, bitch?" Dan asked. "Now I want you to taste your own ass juices, so suck me off and make me come." I'd never done ass to mouth before

but I was feeling so horny and dirty, I'd of done absolutely anything at that minute. I took his cock in my mouth and sucked all my juices off him and he then let out a huge yell and came all over my face. It was pouring out of my mouth and onto my body. I was covered in his hot sticky cum. "You are a good little slut, aren't you?" Laughed Dan, as he went to clean himself up. "I'll keep my word and delete these pictures, but I want you to send me one of you dressed like a girly slut every day. Don't worry, I wont show anyone, it'll be our secret" " He then left, leaving me lying on my bed in my girlfriend's thong and stockings and suspenders, covered in a mixture of his and my own cum.
