The Blizzard by floridaguy2001 © My name is Matt I am 35-year-old married guy almost 6 feet and weigh 195 pounds. I am pretty solidly built. Been married 10 years to a wonderful woman and have 2 kids. I have a few friends I hang out with and we had been planning a weekend in the mountains without the wives. Mike, Tom, and Sam were all pretty excited about getting away, especially Mike. He had never seen snow and he couldn't wait to go on a snowmobile. Mike and I left early on Friday and Sam and Tom were going to follow later that evening. I went and picked up Mike and we headed to the mountains. It was a long drive and the closer we got the thicker the snow started to fall. Pretty soon we were in the middle of a blizzard. We were so close to the cabin we didn't want to turn around so we forged ahead. It was snowing so hard that we could barely go 10 miles per hour. We got excited when we saw the turn to the cabin. We were only 2 miles away. Our excitement quickly died. We hit a slick area in the road and our car spun out of control landing in a deep pile of snow. We were stuck, no matter what we tried we couldn't get the car out. We decided to walk to the cabin. We took along a flashlight but we left our suitcases in the car. We didn't walk to all the way to the cabin carrying them. We figured we could always come back in the morning. Because the road to the cabin curves around I told Mike we could save about mile if we simply crossed the field to the cabin. I had been to the cabin many times before and I knew the area well. So we headed off in the middle of the snowstorm. As we neared the cabin we walked near edge of the lake, mike's footing slipped and as he started to fall he grabbed me for support and managed to get us both falling into the freezing water. Luckily the water was shallow near the edge but we were soaked and freezing. We were only a few hundred feet from the cabin so we ran the rest of the way there. As we entered the cabin we were both shivering from the cold. It was pretty cold inside the cabin. We both headed for the bathroom. Mike started to argue with me that he wanted to jump in the shower first. "Come on matt, damn boy I am freezing." "No fucking way Mike, this was your fault. I am just as cold as you, besides you might use up all the hot water." Then I saw Mike quickly taking his clothes off. "Okay Mike screw it we will both get in, just don't tell anyone that we did this." Mike said " Yeah right like I am going to brag to anyone that I took a shower with you." As mike started to undress I couldn't help but notice how well

built he was. I had known Mike for a couple of years but I had never seen him naked. He looked quite impressive; Mike is about 6 foot 3 and must weigh about 225 pounds. Solid hard rock muscles were bulging everywhere. Then Mike took off his boxers and my jaw hit the floor, here was the biggest cock I had ever seen. I had been in a lot of locker rooms but Mike's cock was easily the biggest. It was longer soft than mine was hard. By the way did I forget to mention Mike is black and that ebony cock looked simply huge. Mike got a chuckle as he watched me stare at his cock. "Hey Matt, why don't take a picture it will last you longer" "Sorry dude, I didn't mean to stare, I have never seen a cock so big" "Don't worry about it Matt I get it all the time." "How big is it?" "Soft about nine inches, hard about 12 inches." "Damn how does your wife take it all?" "LOL I work it in very slowly." By now we were both in the shower, the hot water running down our backs. It felt great. We were so cold and the hot water was perfect. The shower was pretty small and we kept bumping into each other as we tried to warm up. I finally said. "Keep that snake away from me." Mike started to laugh, "I will do the best I can but I ain't making any promises." We were in there so long that we started to run out of hot water. We both dreaded getting out because the cabin was very cold. We dried off and I made a mad dash for the bed with Mike on my tail. The cabin is very small. It has a bathroom, a kitchen that opens to the living room and one bedroom. The guys were all going to sleep on the floor in their sleeping bags and I was going to get the bed, but since Mike left everything in the car we had no choice but to share the bed. We both got under the covers but the cabin was so cold and neither one of us wanted to get out of bed and start a fire in the fireplace. It was so fucking cold that Mike finally said dude "I am freezing my ass off." "Mike, man don't think I am gay or anything but we might have to sleep next to each other for body heat." "Matt I don't care if you were gay; right now I just want to stay warm. How do we do this.?" "Well we can sleep the same way I sleep with my wife we can spoon together." "Fine get your ass over here." I scooted over to Mike, my back to him; he wrapped me up in his arms. I have to admit it felt good. We both started to warm up. We drifted off to sleep. I woke up a couple of hours later, I am a very light sleeper and the slightest thing will wake me up. I thought I heard a noise outside but it was just the wind whistling in the trees. I turned my head slightly and I could see Mike's head buried in the pillow and I could hear and feel him breathing soundly. I could also feel his cock on my ass; it had wedged itself in my crack. I tried to move slowly to un wedge it but when I moved I felt Mike stirring. I must have woken him up. I didn't want to embarrass him so I pretended to be asleep. Mike whispered my name when I didn't respond he assumed I was asleep. I expected Mike to take his dick of my ass but he didn't. Instead I felt his hand on my ass slowly rubbing it. I couldn't believe my straight buddy for 2 years who was married and had kids was feeling up my ass. His big black hands were slowly working its way in between my crack. By now I was getting hard, it was so exciting to feel his cock growing. It felt like a bat. Mike grabbed his cock and slowly rubbed it all over my ass. He took his hand and slowly separated my cheeks and slipped his cock not inside my ass but in between my legs so his cock was rubbing my balls. It felt amazing. All I could think about was his massive cock. As he very slowly started to move it back and forth. I could feel heat of that massive cock as it passed my ass and rubbed my balls. He was so careful as not to wake me. He was slowly pushing back and forth as if he was fucking me. Mike then used his hands to rub my chest and I could

feel them slowly descend to my stomach. He kept going lower until I felt his hand rub the top of my cock. He slowly rubbed his hand over my entire cock, feeling its length. He then found my foreskin and I guess he found a new toy because he kept playing with it. I could tell he was really getting into it because he was pushing faster now. At one point he accidentally hit my hole and I moved. He stopped. He got scared and didn't move a muscle. I pretended I was still asleep but it didn't matter I had scared him off. We both fell asleep with his cock wedged between my legs. In the morning I woke up first and I was still nestled in his arms. I was enjoying the feeling of his cock next to my ass. I felt him start to wake up and I pretended I was still asleep. He slowly disengaged himself from me and got out of bed. Then I heard him curse. "Damn the clothes are still wet." I woke up and said "What?" "The clothes are still wet." "Well, what did you expect we left them in a pile? We were too much in a hurry to set them next to the fire. Just lay them out near the fire, they will eventually dry out. It's not like we can go anywhere till our friends arrive and help us pull the car out." "Your right what am I worried about we will just wait. Besides you probably want to keep staring at my cock anyway." Mike started laughing hysterically when he said that. "Ha ha very funny, I tell you what though. I wish I could have your cock for a day and see what it feels like to have one." "Wish I could help you out there buddy." Mike smiled as he said it. I grabbed the playing cards and said hey lets play some poker. Mike agreed and we started playing cards. I am a much better player then Mike but I kept getting distracted because we were playing on a glass table. Mike was sitting across from me and every time I dealt to him I was staring at his cock through the table. It was sitting right in front of my face. I kept having these strange thoughts wondering what it would feel like to suck it. I have never had any gay tendencies but Mike was sure bringing it out of me. I think Mike could sense it because every once in a while he either grabbed his cock to adjust it or he would simply just twitch it. He got up a few times to grab some water and he would make a point to get my attention by asking me something so I would look at him as he walked back to the table. It was very tempting to watch his cock swing between his legs as he walked back. We were fortunate that the last guest left some food behind in the fridge or we wouldn't have had anything to eat. As he shuffled the cards I got up to go make some hot dogs and as I walked away I could see Mike staring at my ass in the mirror. It sent shivers down my spine thinking about Mike ogling my ass. Soon the day turned into night and our clothes finally dried but since we had nowhere to go we decided to head to bed. The one bad thing the cabin was nice and warm so there was no reason for us to sleep next to each other. So we each took opposite ends of the bed. I waited until he fell asleep; I couldn't resist taking a better look at his cock. So I slowly lifted the blanket off him to expose it. We slept with the bedroom door open so more heat from the fireplace could come in. The warm glow of the fireplace gave me a nice view of his cock. Even soft it looked massive. I got my face right up to it. The head looked beautiful. He had a big mushroom head and I had this urge to suck on it. So I let my tongue lick the top of his head. I couldn't resist any longer I grabbed his cock in my hand and slowly brought it to my lips and I let it slip into my mouth. It felt so strange to have a cock in my mouth but at the same time it felt amazing. It was soft and spongy and I could get quite a bit of it into my mouth. I let my tongue swirl all around the mushroom head. I took it about half way into my mouth. I was sucking Mike's cock and loving every

told me to lie down on my stomach. He poured a little oil on his hands and rubbed it all over his body. He then got on top of me and gave me a body to body massage. It was incredible as he rubbed that cock all over my back. I could feel the heat between us. He then lifted off and poured some more oil on my butt, he rubbed his cock all over my ass then he inserted the head. It felt much better this time. I was prepared, I was relaxed and I wanted his cock badly. He slowly worked it in. Then he let his whole body weight on top of mine. Now I knew what a woman felt like when they were getting fucked by a man. I felt so secure and wanted as he slowly fucked my ass. It was a strange feeling, I was falling for him. How could I fall for a guy. All I knew is that I never wanted him to stop. He then did the strangest thing as he was fucking me he was kissing my shoulder and it felt so good. "Oh Mike I love your cock." "Matt your sweet ass is mine now." "Mike you can fuck me anytime you want. I love having you inside me." "Don't worry Matt, even when we go home I will keep fucking you every chance I get." I could feel Mike move his ass as he pushed his body into me, Mike started to fuck me faster and faster until he exploded inside me, He was about to pull out and I reached behind me and asked him to leave it in. He fell asleep on top of me with his cock in my ass. I woke up with the best dream in the world I was dreaming Mike was fucking me and sure enough I woke up to Mike giving me a nice deep slow fuck. "Good morning." "Good morning to you." "Mike I wished we had discovered this before about us." "Well we have plenty of time to make up for the past." "Mike get up a second." Mike got up and I grabbed a chair from the kitchen and pushed him down on it. I then put my legs on either side of him grabbed his cock and slowly let it enter my ass. I put my hands on his shoulders and he grabbed my ass cheeks as I slowly descended on his cock. I was riding his cock for all it was worth. I was bouncing up and down on it real good when out of the corner of my eye I saw a car pull up. I quickly got off and told him Tom and Sam were here. We scrambled for our clothes and got them on before they came through the door. "Hey what happened to you guys?" "The blizzard hit us before we could make it all the way up to the cabin so we got a hotel room. What happened to you guys?" Mike then grunted. "Don't ask! Suffice it to say we have to get the car out of the ditch." We spent the rest of the day trying to get my car out, we finally managed to get it out and we were all tired so we decided to relax and play a game of poker. Obviously it didn't have the same feeling as the night before. It was getting late and we all decided to get some sleep. Tom and Sam opened their sleeping bags and slept near the fireplace. Mike then said. "Matt I know I have my sleeping bag but I am so use to the bed you mind if we share it again?" "No problem just stay on your side lol." We headed off to bed and closed the door, we couldn't wait to get naked. But I told Mike "Man you have to keep it quiet tonight." "Don't worry dude I will, now come over here and give me some of that ass." Even though we both enjoyed me fucking him we both realized we each got more pleasure from him fucking me so Mike got behind me like the first night. But this night was oh so different. Mike slowly worked that cock into my ass. He fucked me it seemed like all night but in reality he fucked me for a good hour before cumming inside me. After he came he got between my legs and sucked the cum right out of my cock. We both put our boxers on and drifted off to sleep. The next morning we all gathered our belongings and headed back home. Even though Tom and Sam were following us home I grabbed Mike's zipper and pulled his cock out. Mike's car windows are tinted so dark you can't see anything inside. I slowly

jacked his cock as he drove. Mike reached for my head and I descended on his lap. I took that marvelous cock into my mouth I sucked his cock and this time I was determined to taste his cum. My mouth was swallowing his head as my hands pumped his cock. "OH yeah Matt suck it baby." As Mike whispered those words I felt his legs tighten and he grabbed the back of my head and held it to his lap as his cock erupted into my mouth. I felt the first wave of hot cum hit the back of my throat but I kept swallowing. Wave after wave of cum came and I took it all, in fact I enjoyed it, I couldn't get enough. Mike's cock went soft as I sucked it. I finally let it slip from my mouth. All the way home we took turns driving and sucking. As I dropped Mike off, he stated. "Hey Matt Linda is out of town till Tuesday." "Ok. When Julie goes to work tomorrow I will stop by." "Great I can't wait to fuck you again, this time I am going to fuck you in the Jacuzzi." I smiled as I drove away. Tomorrow couldn't come fast enough. I hope you all enjoyed my story. It has been a whole year since I wrote my last one. Hopefully if enough people like I won't wait so long to write a new one. I appreciate all your e-mails so let me know what you think of it and please don't forget to vote.
