PLEASE I BEG,POST YOUR THOUGHTS ON THIS AS IT IS MY FIRST STORY AND ID REALLY LIKE TO GET SOME FEEDBACK FROM YOU READERS ON IT SO I CAN IMPROVE ON IT IF NEED BE !!!!!

It all started one hot summer day in July. My wife, Lilly and I were out with a couple of friends of ours, Amanda and Chase, to have a cook out and a few drinks. We had talked about the idea of inviting another woman into our bed for a for a couple of years - by talking about it, I mean we would talk about it while we were having sex - it always seemed to get us off fast that I could tell that Lilly really liked the idea. But I didn't really think she would ever actually do it, mainly because all we ever did was talk about it instead of actually planning it.

Anyway, we were all having a great time. Having known this couple for what seemed like all of our lives, everyone was becoming laid back and, as the drinks flowed so, it seemed, would my wife's inhibitions. The cookout site was at this beautiful little stream and our spot was at the base of a

twenty-foot waterfall. Well, after drinking for a few hours we all decided not to waste the hot weather and that we'd better go for a little swim to cool us all off. As it turned out my wife had forgotten to bring her bathing suit and had to sit out while the three of us took a swim.

After a few minutes in the water I decided to get out - it seemed a little unfair to be having fun splashing around in the water with our friends and her on the bank by herself.

After drying off we talked for a few minutes and I asked her, "Why don't you just get into your t-shirt and panties? Your panties will reveal less than your normal swimsuit."

This is when Lilly informed me she had on my favourite pair of fine lace purple panties. They would conceal nothing as they truly were entirely sheer lace.

We'd been drinking for a few hours so, knowing how horny my wife gets when she's had a few drinks, I said, "So what? No one will notice and, besides, your t-shirt will cover you up enough and you'll be in the water."

Needless to say she reluctantly agreed after a few more minutes of coaxing on my part. I told her how sexy it would be that only I would know she was running around in her panties in front of our friends. Also that I knew she thought was hot and that it would be our little secret.

After a few minutes in the water she decided she needed to get out and get another drink.

The sun was making us all drink more than we probably should have this early into the day.

She, being really buzzed after a few shots and a few beers, had forgotten that she was in her t-shirt and flimsy lace panties. So it was with surprise and delight that I watched her get herself a beer and sit down on a huge rock to watch us playing around in the water.

As I kept my eyes on my wife I noticed she started kind of fanning her legs as she always does when she's hot and drinking. At first I wasn't sure if anyone else had noticed that every time her legs parted she was giving one hell of a peep show of her beautiful pussy.

Knowing that my friend's girlfriend is kind of a freak - at least that's what she always let on like when we were partying with them - I was watching to see if she would notice. Sure enough, I caught her looking and then whispering to Chase. I was sure she was pointing out the fact that my wife was giving a free peep show. After a few more minutes I thought I'd let Lilly know she'd been showing off before she caught them looking at her, got embarrassed and wanted to go home.

To my surprise she quickly let me know that she knew they were watching and it was getting her hot as hell. Of course, with me being a man, I goaded her on in this display. The thought of my beautiful, innocent wife getting off by showing her pussy off like this was getting me hard as hell.

After a little while I decided I'd had all I could take and invited her to get in the water with me for a little swim. When we got to the waterfall I grabbed hold of her and pleaded with her to fuck me right there against the rock wall.

She said, "I thought you'd never ask and anyway, since we're under the water who can see?"

She pulled her panties to the side and my now rock-hard cock slowly slid into her. I must say the sound of the water fall mixed with the sounds of our fucking were driving us both into a heated state of bliss like were the only two people on the earth until... I heard Amanda giggling just feet from us.

It seemed we weren't as discreet as we thought. I didn't want to stop because I was so close to cumming so I whispered in my wife's ear that we had company and she said, "I know. I told her I was going to fuck you under the waterfall before the day was up." Apparently Amanda had said she didn't believe her and that if she did she wanted to watch.

Well this sent my mind into a frenzy just knowing that my Lilly had been daring enough to tell Amanda that she could watch. As I looked back up from my wife, I noticed Amanda slowly swimming up behind her.

Wanting to see just what would happen, I quickly looked down and pretended not to notice. Chase was right behind and I thought that, at the most, they just wanted to enjoy the feel and sound of the waterfall as they fucked as well. All of a sudden I felt a hand slide across mine on my wife's ass!

I couldn't believe it! Amanda and Chase were feeling my wife's beautiful ass and tits as I was fucking her.

As I looked up I saw Lilly wink at me and heard her whisper, "Do you like what you see?"

"What man wouldn't," I said.

She kissed me as deeply and passionately as I can ever remember then giggled and said she wanted me to take her from behind.

I knew this would put her facing our friends as I fucked her and the thought had me ready to cum right then and there. No sooner had she turned around than she had her hands all over Amanda and was

kissing her.

I was beside myself with pleasure, excitement - and also bewilderment! I couldn't believe what I was seeing! My beautiful Lilly of 15 years was now doing what we had talked about so many times while making love and, by the way she was kissing and touching Amanda, she was loving it.

All of a sudden I saw Chase ease toward my wife and I knew that she pulled him to her. Under the crystal clear water I could see her hands. One was on Amanda's pussy and the other was holding Chase's cock as she was moaning and pushing into my fast-swelling cock! Chase looked at me as if to ask, 'Is it ok?' and I nodded at him.

Immediately his hand found her tits and he leaned in to kiss her fully on the mouth! Well this sent her over the edge as she began pounding and crying out in what I took to be one of the greatest orgasms I'd seen her have.

It was incredible! She was gripping my cock so tightly that I couldn't take it any more and grunted as I emptied myself into her as I never have before!

I thought I'd never stop cumming.

As I finally collapsed over her back, our friends asked if we wanted to go have some more drinks at their place which was only a couple of miles away.

Lilly immediately said we would love to and they swam off to get dried off and get ready to leave. My wife turned around to me, then kissed me and asked if I'd enjoyed what I had seen. She asked if I thought I was up to going and having a few more drinks and a little more fun. Of course I said, "Yes."

This is part one of the story. Let me know if you all want to hear more? Ty
