College guys are so easy. This is a story from Robert, the boyfriend.

A story from Robert: My girlfriend Jesse and I were sitting at the bar in the 40Watt Club. The band we had come to hear had just ended and the night was getting late. My name is Robert and I'll assume that if you're reading this story, you may have already read Jesse's two other submissions. So I won't go into detail on what she looks like or me, for that matter, since our photos are posted on our profile. Anyway, the 40Watt is a venue in our college town that hosts live music. And here we were, feeling completely buzzed, when I noticed this guy who kept looking at Jesse. And who could blame him? She was wearing a spaghetti strap summer dress and sandals with heels. He was the usual UGA frat-ish type dude. Neither of us had ever seen him before. He was about 6'2, 185 from what I could tell with blonde hair under a backwards baseball cap. And, as it turned out, he was not only a frat boy, but the president of his chapter. After a while I decided to go to the bathroom to see if he was going to make a move on her, which he did. When I came back he was sitting next to her chatting her up. He introduced himself as Steve and we ended up sitting and talking for quite a while. His eyes were all over Jesse's body. When last call was made we were busy talking and laughing. As the evening had progressed he increasingly but discretely put a hand on Jesse's shoulder, back, or knee when she said something funny. When the club closed we suggested to Steve he might want to grab one last round at our place before heading home. He lived off campus, like us but a little further away. He readily agreed to follow us back to our apartment. We sat around and talked and drank a couple of beers. When Steve had to use the bathroom I gave Jesse the eye—we knew exactly what each other was thinking. As Steve came out from the bathroom I was sitting next to Jesse and as we talked some more I began to caress her right breast through the fabric of her dress. Steve watched as her nipple grew and was pressing against the fabric. I pulled her dress up a little and spread her legs so Steve could get a glimpse of her pussy through her sheer panties. I then caressed her left breast until that nipple was hard as well. I reached inside her dress and pulled her right breast out letting it rest on top of the dress and began to gently squeeze her erect nipple. Steve looked mesmerized and I winked at him and told him to join me. Steve didn't have to be asked twice, he immediately came over, sat down and started caressing her left breast through the dress, then he too pulled it out and began to caress her naked breast and squeeze her hard nipple. Jesse closed her eyes, leaned her head back and enjoyed. Steve and I looked at each other and like on cue we both began to suck and

lick her tits and nipples and I could feel her body responding to all this attention to her tits and nipples. After a while I pulled off her dress and panties and laid her down. It was extremely erotic with Steve and me still dressed and her completely naked. We kept sucking and licking her tits and nipples and Steve started to move down towards her pussy letting his tongue glide over her belly and through her pussy hair down to her clitoris. He buried his head between her spread legs and began to lick and suck her pussy while I was sucking and pulling on both her nipples. I pulled off my shirt and got out of my jeans and as soon as Steve saw that, he did the same. I then took Jesse's hand and moved it over for her to grab his hard cock and begin to stroke him while I put my hard cock in her other hand. She then started stroking as well. With a hard cock in each hand and Steve and I licking and sucking her tits and nipples I could feel her body slightly twitching. At some point I told Steve to lean back and I got Jesse on all fours. I gently pushed Jesse's head down towards his cock. After gently pushing her head down so she completely swallowed his cock I moved it up and down and she began to suck him. Steve grabbed her tits and started to milk them and pull on her nipples. I then brought her hand up to stroke his cock while I gently pushed her head down to his balls and had her lick and suck them, after that she alternated between sucking his balls and his cock. She's amazing at licking and sucking cock and balls so it wasn't long before I heard Steve started moaning and I moved behind her ass and started to lick and suck her very wet pussy. I could tell she was sucking him really good because all of a sudden he pulled out of her mouth so he wouldn't come yet. He pushed her down on her back and moved down between her legs and I started pulling and squeezing her nipples while Steve spread her legs and began to lick and suck her pussy. She was sucking my cock and balls when Steve got up on his knees and I looked at him and nodded. He spread Jesse's legs wide and with his hand he slowly guided his hard throbbing cock deep inside her wet pussy. Her body stiffened slightly when she felt his cock slide inside her, as he began to slowly take her she relaxed and I could hear her enjoy being fucked in her pussy and mouth at the same time while I was squeezing her very hard nipples. After he had fucked her for a little while I asked him to lie down on his back. I then lifted Jesse up and lowered her over his cock steering it into her wet open pussy. When his cock-head was inside I gently pushed her down until she had him all the way inside her. I moved her up and down on his cock until he grabbed her hips and made her move faster. I then stood up and grabbed her hair and steered my cock into her mouth and Steve grabbed her bouncing tits and was holding them by the nipples. A little later he pulled out of her and with my cock still in her mouth he put her down on her hands and knees. He then grabbed her hips from behind and thrust his cock into her pussy and began to fuck her slow but hard while she was sucking my cock and I was squeezing her dangling tits. Just before he came he pulled out and turned her around and put her down on her back. He got between her legs and holding them by the ankles up in the air and spread very wide I saw Steve's glistening wet hard cock gliding deep into her pussy. He was now fucking her fast and hard and I could hear his balls slap against her ass. With my cock fucking her mouth while I was caressing her tits and squeezing her nipples hard she started moaning and I could feel her body start trembling. All of the sudden Steve arched his back and said "Jesus" as he started filling Jesse's pussy with his warm sperm. He kept fucking her pussy hard until he was done. He stayed still with his cock deep

inside her cum-filled pussy. I could tell she was really close to her orgasm so I quickly switched place with Steve who stuck his still somewhat hard cock in her mouth and began to squeeze her nipples while I fucked her extremely wet pussy hard and fast. As soon as she started her orgasm I couldn't hold back and emptied everything I had in her pussy. We collapsed in a pile of sweat and cum. Both of our loads leaking out of her well used cunt. Steve, doing as he should, got up, got dressed, thanked us for a most memorable evening and departed. It's really funny how we have never run into him again. But who knows, maybe he will read this story and look us up.
